REPORT OF INDEPENDENT AUDITORS

Board of Trustees Henry Community Health New Castle, Indiana

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of Henry County Memorial Hospital d/b/a Henry Community Health (the Hospital), a component unit of Henry County, which comprise the consolidated balance sheets as of December 31, 2016 and 2015, and the related consolidated statements of operations and changes in net position, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of Henry County Hospital Foundation (The Foundation), a blended component unit, which statements reflect total assets of approximately \$42.8 million and \$37.8 million as of December 31, 2016 and 2015, respectively, and total revenues of approximately \$3.9 million and \$3.8 million, respectively, for the years then ended. Also, we did not audit the financial statements of HCMH Diversified Management Corporation (DMC), a blended component unit, which statements reflect total assets of approximately \$5.1 million and \$3.8 million as of December 31, 2016 and 2015, respectively, and total revenues of approximately \$21.6 million and \$20.7 million, respectively, for the years then ended. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, in so far as it relates to the amounts included for the Foundation and DMC, is based solely on the reports of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the Uniform Compliance Guidelines for Audits of Hospitals and State and Local Governments by Authorized Independent Public Accountants, issued by the Indiana State Board of Accounts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

Board of Trustees Henry Community Health New Castle, Indiana

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, based on our audits and the reports of other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Hospital as of December 31, 2016 and 2015, and the results of its operations, changes in its net position, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

CHANGE IN ACCOUNTING PRINCIPLES

As discussed in Note 2 to the consolidated financial statements, in 2016, the Hospital adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurement and Application and GASB Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. Our opinion is not modified with respect to these matters.

REPORT ON REQUIRED SUPPLEMENTARY INFORMATION

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

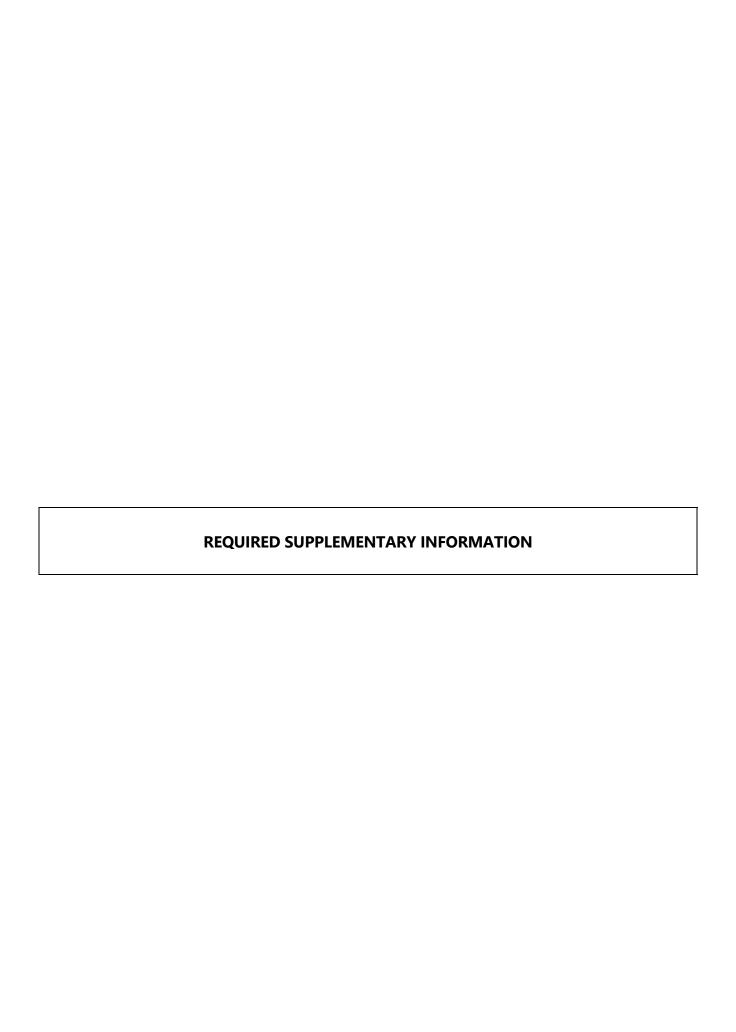

Board of Trustees Henry Community Health New Castle, Indiana

REPORT ON SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statement as a whole. The supplementary information listed in the table of contents is presented for the purpose of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations, and cash flows of the individual companies, and it is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, which insofar as it relates to the Foundation and DMC, is based on the reports of other auditors, the supplementary information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2016 (WITH COMPARATIVE TOTALS FOR 2015 AND 2014)

Management's discussion and analysis of Henry Community Health's (the Hospital) financial performance provides an overview of the Hospital's financial activities for the fiscal year ended December 31, 2016. Please read it in conjunction with the Hospital's financial statements, which begin on page 4. As mentioned in Note 1, the financial statements include the Hospital, as well as Henry County Hospital Foundation, Inc. and HCMH Diversified Management Corporation (DMC), collectively referred to as the Hospital.

USING THIS ANNUAL REPORT

The Hospital's financial statements consist of a Balance Sheet, a Statement of Operations and Changes in Net Position, and a Statement of Cash Flows. These financial statements and related notes provide information about the activities of the Hospital.

THE BALANCE SHEET AND STATEMENT OF OPERATIONS AND CHANGES IN NET POSITION

One of the most important questions asked about the Hospital's finances is, "Is the Hospital as a whole better or worse off as a result of the year's activities?" The Balance Sheet and the Statement of Operations and Changes in Net position report information about the Hospital's resources and its activities in a way that helps answer this question. These statements include all restricted and unrestricted assets and all liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Hospital's net position and changes in it. You can think of the Hospital's net position – the difference between assets and liabilities - as one way to measure the Hospital's financial health, or financial position. Over time, increases or decreases in the Hospital's net position are one indicator of whether the financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Hospital's patient base and measures of the quality of service provided to the community, as well as local economic factors to assess the overall health of the Hospital.

THE STATEMENT OF CASH FLOWS

The final required statement is the Statement of Cash Flows. The statement reports cash receipts, cash payments, and net change in cash resulting from operations, investing, and financing activities. It provides answers to such questions as "Where did cash come from?" "What was cash used for?" and "What was the change in cash balance during the reporting period?"

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2016 (WITH COMPARATIVE TOTALS FOR 2015 AND 2014)

THE HOSPITAL'S NET POSITION

The Hospital's net position is the difference between its assets and deferred outflows compared to its liabilities reported in the Balance Sheet on pages 4-5. The Hospital's net position increased by approximately \$7.2 million or 6.9% from 2015 to 2016 and increased by approximately \$10.4 million or 11.1% from 2014 to 2015 as you can see from Table 1.

Table 1: Assets, Deferred Outflows, Liabilities and Net Position:

	2016	2015		2015		2015 2016-2015 Change		2016-2015 Change		2014
Assets and deferred outflows										
Current assets	\$ 87,754,007	\$	79,430,261	\$	8,323,746	\$ 72,093,057				
Capital assets, net	46,691,872		36,493,019		10,198,853	31,852,451				
Other investments and assets	41,767,556		45,418,240		(3,650,684)	46,390,313				
Deferred outflows	-0-		-0-		-0-	131,932				
Total assets and deferred outflows	\$ 176,213,435	\$	161,341,520	\$	14,871,915	\$ 150,467,753				
Liabilities										
Current liabilities	\$ 47,926,887	\$	39,404,578	\$	8,522,309	\$ 38,160,859				
Long term debt, net of current portion	16,045,000		17,039,000		(994,000)	17,922,948				
Other long term liabilities	701,536		584,613		116,923	467,690				
Total liabilities	\$ 64,673,423	\$	57,028,191	\$	7,645,232	\$ 56,551,497				
Net Position										
Net investment in capital assets	\$ 29,652,872	\$	18,320,060	\$	11,332,812	\$ 12,773,712				
By donor - expendable - for capital acquisition	1,074,460		1,056,822		17,638	1,065,693				
Unrestricted	80,812,680		84,936,447		(4,123,767)	80,076,851				
Total net position	\$ 111,540,012	\$	104,313,329	\$	7,226,683	\$ 93,916,256				

The increase in current assets relates primarily to an increase in supplies and other current assets during 2016 with the continued expansion into long-term care. The increase in current liabilities relates to the Hospital's continued expansion into long-term care.

It should also be noted that there was an increase in total net position from 2014 to 2016 of approximately \$17.6 million or 18.8%, showing the stability of the Hospital and its operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2016 (WITH COMPARATIVE TOTALS FOR 2015 AND 2014)

OPERATING RESULTS AND CHANGES IN THE HOSPITAL'S NET POSITION AND CASH FLOWS

In 2016, the Hospital's operating revenues decreased by approximately \$6.8 million as shown in Table 2.

Table 2: Operating Results and Changes in Net Position

	2016	2015		2015		2015		2015		2015 2016-2015 Change		2014

Change in net position	7,226,683		10,397,073		(3,170,390)	11,451,232						
Net position beginning of year	 104,313,329		93,916,256		10,397,073	 82,465,024						
Net position end of year	\$ 111,540,012	\$	104,313,329	\$	7,226,683	\$ 93,916,256						

OPERATING INCOME

The addition of two long-term care facilities during 2015 substantially increased net patient service revenues. These facilities are leased and managed by various management organizations, which substantially increased other operating expenses during 2015. No additional long-term care facilities were added during 2016. During 2016, there were decreases in volumes, which attributed to declines in net patient service revenue during the year. In addition, health insurance expenses were higher during 2016 related to worse self-insured health claims experience.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2016 (WITH COMPARATIVE TOTALS FOR 2015 AND 2014)

NONOPERATING INCOME

Nonoperating income was primarily driven by an increase in investment income, with income of approximately \$1.8 million in 2016 and a loss of approximately \$.9 million in 2015. This can be attributed to improved market conditions in 2016 compared to 2015.

Table 3: Hospital Cash Flows

	2016 - 2015								
		2016 2015		2016 2015		Change			2014
Cash flows from activities									
Operating	\$	6,474,186	\$	22,225,616	\$	(15,751,430)	\$	16,808,054	
Capital and related financing		(16,764,185)		(11,089,102)		(5,675,083)		(6,241,473)	
Investing		5,506,995		(41,044)		5,548,039		1,477,892	
	\$	(4,783,004)	\$	11,095,470	\$	(15,878,474)	\$	12,044,473	

In 2016, the Hospital continued to generate strong cash flows from operations with approximately \$6.5 million generated in 2016 and approximately \$22.2 million generated in 2015. Cash flows used in capital and related financing activities relate primarily to the purchase of property and equipment.

CAPITAL ASSETS

During 2016, the Hospital's net capital assets have increased by approximately \$10.2 million. This compares to an increase of approximately \$4.6 million during 2015. The change in capital assets is outlined in the following table:

	 2016	 2015	 2016-2015 Change	2014	
Land and improvements	\$ 4,960,004	\$ 4,774,319	\$ 185,685	\$	4,739,593
Buildings and improvements	54,181,371	52,692,060	1,489,311		51,867,681
Equipment	64,999,727	57,270,784	7,728,943		53,358,150
Construction in progress	7,997,452	4,560,855	3,436,597		43,626
Total capital assets	 132,138,554	 119,298,018	12,840,536		110,009,050
Less accumulated depreciation	 85,446,682	 82,804,999	2,641,683		78,156,599
Capital assets, net	\$ 46,691,872	\$ 36,493,019	\$ 10,198,853	\$	31,852,451

Net capital assets have increased due to capital additions. The Hospital continually evaluates facilities and equipment to ensure that everything is upgraded as necessary. See the notes to the consolidated financial statements for additional information about capital assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2016 (WITH COMPARATIVE TOTALS FOR 2015 AND 2014)

DEBT

The Hospital has the following debt outstanding, which approximates \$17.0 million as of December 31, 2016:

- 2015 tax-exempt revenue bonds
- Capital lease obligations

More detailed information about the Hospital's long-term debt is presented in the Notes to the Consolidated Financial Statements.

BAD DEBT AND CHARITY CARE

Bad debt and charity care decreased in 2016 compared to 2015 experience due to the success of ClaimAid in helping eligible patients receive Medicaid coverage and due to the expansion of coverage under the Affordable Care Act.

	Bad Debt	<u>Charity</u>	<u>Total</u>	% Chg
2013	\$8,195,281	\$3,407,242	\$11,602,523	
2014	\$8,313,843	\$2,977,492	\$11,291,335	-3%
2015	\$5,448,009	\$1,991,900	\$7,439,909	-34%
2016	\$5,971,428	\$1,137,690	\$7,109,118	-4%

ECONOMIC OUTLOOK

Management believes that the health care industry's and the Hosptial's operating margins will continue to be under pressure due to a variety of factors including, but not limited to, uncertainty regarding health care reform, changes in payor and services mix, and growth in operating expenses that are in excess of the increases in contractually arranged and legally established payments received for services rendered. In addition, the adoption of high-deductible health plans by employers continues to occur and patients are increasingly being held responsible for more of the cost of health care. Consequently, the health care market place has been increasingly more competitive. The ongoing challenge facing the Hospital is to continue to provide quality patient care in this competitive environment, and to attain reasonable rates for the services that are provided while managing costs. The most significant factor affecting the Hospital is finding the balance in maintaining and controlling labor costs in the face of pressures on volume and pricing for its services in this increasingly competitive, retail-like environment.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2016 (WITH COMPARATIVE TOTALS FOR 2015 AND 2014)

CONTACTING THE HOSPITAL'S FINANCIAL MANAGEMENT

This financial report is designed to provide fiscal reporting to patients, county residents, suppliers and creditors with a general overview of the Hospital's finances and to show the Hospital's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Controller at Henry Community Health, 1000 North 16th Street, New Castle, Indiana 47362.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

1. SIGNIFICANT ACCOUNTING POLICIES

Organization and Reporting Entity

Henry County Memorial Hospital d/b/a Henry Community Health (the Hospital) is a county owned facility and operates under the Indiana County Hospital Law, Indiana Code 16-22. The Hospital provides short-term inpatient and outpatient healthcare.

The Board of County Commissioners of Henry County appoints the Governing Board of the Hospital (Board) and a financial benefit/burden relationship exists between Henry County and the Hospital. For these reasons, the Hospital is considered a component unit of Henry County.

On June 7, 1976, the Board of County Commissioners of Henry County, upon written request of the Henry County Hospital Board of Trustees created the Henry County Hospital Association. The Association was created pursuant to the provisions of Indiana Code 16-22-6 for the exclusive purpose of financing and constructing facilities for the Hospital. The Association has no assets, no liabilities and conducts no operations.

Pursuant to the provision of long-term care, the Hospital owns the operations of thirty-one long-term care facilities by way of an arrangement with the managers of the facilities. These facilities provide inpatient and therapy services. Generally, gross revenues from the operation of the facilities are the property of the Hospital and the Hospital is responsible for the associated operating expenses and working capital requirements. While the management and related lease agreements are in effect, the performance of all activities of the managers shall be on behalf of the Hospital and the Hospital retains the authority and legal responsibility for the operation of the facilities.

During 2012 through 2015, the Hospital entered into lease agreements with the long-term care facilities, collectively referred to as the Lessors, to lease the facilities managed by the Managers. Concurrently, the Hospital entered into agreements with the Managers to manage the above leased facilities. As part of the agreements, the Hospital will pay the Managers a management fee to continue managing the facilities on behalf of the Hospital in accordance with the terms of the agreements. These management fees consist of base management fees, subordinated management fees, and quarterly incentive payments. The terms of these agreements may be renewed at the end of each term for an additional period of two years. All parties involved can terminate the agreement without cause with 90 days written notice.

Blended Component Units

The component units discussed below are included in the Hospital's reporting entity because of the significance of their operational or financial relationships with the Hospital.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Henry County Hospital Foundation, Inc. (the Foundation) is a significant component unit of the Hospital. The Hospital appoints a voting majority of the Foundation's Board of Directors and a financial benefit/burden relationship exists between the Hospital and the Foundation. Although it is legally separate from the Hospital, the Foundation is reported as if it were a part of the Hospital because it provides services entirely or almost entirely to the Hospital.

The activities of the Foundation may include capital improvements, educational programs, medical related research and initial capital for experimental health services related to the principal purpose of the Hospital. The Foundation also manages investments and rental property, provides equipment, grants scholarships for health careers, conducts physician recruitment and other medical programs as directed under the terms of a contract with the Hospital. The Foundation's separate audited financial statements can be obtained by contacting the Foundation.

HCMH Diversified Management Corporation (DMC) is a significant component unit of the Hospital. The Hospital is the sole shareholder and appoints DMC's Board of Directors and is able to impose its will. Although it is legally separate from the Hospital, DMC is reported as if it were a part of the Hospital because the two Boards of Directors/Trustees are substantially the same.

DMC provides pharmacy services to the surrounding communities. DMC's separate audited financial statements can be obtained by directly contacting DMC.

DMC owns New Castle Clinic, Inc., which operates a physician group practice. DMC's results within these financials include those of the Clinic for the years ended December 31, 2016 and 2015.

Separate financial statements related to the individual component units may be obtained by contacting Hospital management

All intercompany accounts and transactions have been eliminated.

Measurement Focus and Basis of Accounting

The consolidated financial statements are reported using the economic resources measurement focus and on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash held in checking, savings and money market deposit accounts available for operating purposes with original maturity dates of 90 days or less. The Hospital maintains its cash in accounts, which at times may exceed federally insured limits. The Hospital has not experienced any losses in such accounts. The Hospital believes that it is not exposed to any significant credit risk on cash and cash equivalents.

Patient Accounts Receivable, Net and Net Patient Service Revenue

Patient service revenue and patient accounts receivable are recorded at the net realizable amounts based on established charges when the patient service is rendered. The Hospital has agreements with third-party payers that provide for payments to the Hospital at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, discounted charges and per diem payments. Charges for services to patients are primarily based on the patients' ability to pay.

Patient accounts receivable are reduced by an allowance for uncollectible accounts based on the Hospital's evaluation of its major payor sources of revenue, the aging of the accounts, historical losses, current economic conditions, and other factors unique to its service area and the healthcare industry. Management regularly reviews data about the major payor sources of revenue in evaluating the sufficiency of the allowance for uncollectible accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for uncollectible accounts and a provision for bad debts, if necessary. For receivables associated with self-pay payments, the Hospital records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

During 2016, the Hospital's allowance for uncollectible accounts changed from \$7,000,000 to \$6,800,000. As of December 31, 2016, the allowance for uncollectible accounts of \$6,800,000 was comprised of approximately \$6,500,000 reserved for self-pay balances and \$300,000 reserved for third-party payor balances. As of December 31, 2015, the allowance for uncollectible accounts of \$7,000,000 was comprised of \$6,500,000 reserved for self-pay balances and \$500,000 reserved for third-party payor balances.

Any changes in net position in 2016 and 2015 due to the differences between original estimates and subsequent revisions for the final settlement of cost reports are immaterial to the financial statements.

Net revenues from Medicare and Medicaid programs accounted for approximately 27 percent and 39 percent, respectively, for the year ended 2016 and 27 percent and 38 percent, respectively, for the year ended 2015. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount.

Supplies and Other Current Assets

Supplies and other current assets consist primarily of drug and medical supply inventories, prepaid expenses, other reimbursement receivables related to long-term care services and various other current items. These assets are classified as current as they are expected to be utilized within the next fiscal year. Supplies and other current assets consist of the following at December 31, 2016 and 2015:

	 2016		2015
Drug and medical supply inventories	\$ 1,371,150	\$	1,381,076
Prepaid expenses	1,026,068		960,399
Receivables related to long-term care	21,110,657		10,149,909
Other	605,001		786,394
	\$ 24,112,876	\$	13,277,778

2016

201E

Inventories

Pharmaceutical inventories are valued at the lower of cost or market with cost being determined on the first-in, first-out (FIFO) method while medical and all other supplies are priced using the last-in, first-out (LIFO) method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Due from Related Parties

Amounts due from related parties consist of amounts owed from the Hospital's joint venture with St. Vincent Health. See footnote 15 for further information.

Investments in Debt and Equity Securities

Investments in debt and equity securities are reported at fair value except for short-term highly liquid investments that have a remaining maturity at the time they are purchased of one year or less. These investments are carried at amortized cost. Interest, dividends, and gains and losses, both realized and unrealized, on investments in debt and equity securities are included in nonoperating income when earned.

Assets Whose Use Is Limited

Assets whose use is limited are stated at fair value in the consolidated financial statements. These assets include investments internally designated by the Hospital Board for acquisition of property and equipment and debt service and donor restricted funds. These investments consist primarily of cash, money market mutual funds, mutual funds, and common stocks. Investment income (loss) is reported as nonoperating income in the consolidated statements of operations and changes in net position.

Capital Assets

Capital assets such as property and equipment are stated at cost and include expenditures for new additions and other costs added to existing facilities, which exceed \$1,000 and meet certain useful life thresholds. Contributed capital assets are reported at their estimated fair market value at the time of their donation. Maintenance, repairs and minor renewals are expensed as incurred.

All capital assets, other than land, are depreciated using the straight-line method of depreciation using these asset lives:

	Range of Useful
Description	Lives
Land improvements	5 - 30 years
Buildings and fixed equipment	3 - 50 years
Major movable equipment	3 - 20 years

Other Assets

Other assets consist primarily of the value of the split dollar life insurance policy on a key employee and investments in affiliates. See footnotes 11 and 15 for further information.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Investment in Affiliate

The Hospital has an equity interest in a joint venture. This investment is recorded on the equity method of accounting in the Hospital's consolidated financial statements. The total equity interest in this joint venture was approximately \$980,000 and \$922,000 as of December 31, 2016 and 2015. This balance is included within other assets on the consolidated balance sheets. See footnote 15 for further information.

Compensated Absences

Regular employees of the Hospital earn paid days off (PDO) at rates of twenty-three days to thirty-nine days per year, based on the length of continuous employment and regular hours worked. PDO is adjusted proportionately to hours worked for employees working less than full time. No limit exists on the amount of PDO that may be accumulated. Accrued PDO is paid to employees who resign, giving a two-week notice or in the event of death. All employees may elect to be paid for PDO accumulated in excess of ten days. This option is available twice during the calendar year. The Hospital tracks the PDO accrual computed on the hourly rate and PDO balance per employee, and the consolidated financial statements recognize this liability. Accumulated PDO is reported as a current liability in the approximate amount of \$2,304,000 and \$2,106,000 for 2016 and 2015, respectively, and is included within accrued wages and related liabilities in the consolidated balance sheets.

Other Long-Term Liabilities

Other long-term liabilities consist of the deferred liability for the salary continuation plan for a key employee that is due in over one year.

Net Position

Net position of the Hospital is classified in various components. Net position - net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. Restricted net position consists of noncapital assets that must be used for a particular purpose, as specified by creditors, grantors, or donors external to the Hospital, including amounts deposited with trustees as required by revenue bond indentures. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets, or restricted net position.

Restricted Resources

When the Hospital has both restricted and unrestricted resources available to finance a particular program, it is the Hospital's policy to use restricted resources before unrestricted resources.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Grants and Contributions

From time to time, the Hospital receives grants as well as contributions from individuals and private organizations. Revenues from grants and contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements, are met. Grants and contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as nonoperating revenues. Amounts restricted to capital acquisitions are reported after nonoperating revenues and expenses.

Hospital Assessment Fee (HAF) Program

The purpose of the HAF Program is to fund the State share of enhanced Medicaid payments and Medicaid Disproportionate Share (DSH) payments for Indiana inpatient providers. Previously, the State share was funded by governmental entities through intergovernmental transfers. The Medicaid enhanced payments relate to both fee for service and managed care claims. The Medicaid enhanced payments are designed to follow the patients and result in increased Medicaid rates.

During 2016 and 2015, the Hospital recognized HAF Program expense of approximately \$2,270,000 and \$2,000,000, respectively, which resulted in increased Medicaid reimbursement. The HAF Program was approved for extension in March 2014 by CMS for the period July 1, 2013 through June 30, 2017.

Operating Revenues and Expenses

The Hospital's statement of operations and changes in net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services—the Hospital's principal activity. Nonoperating revenues include contributions received and other nonoperating activities. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

Electronic Health Records (EHR) Incentive Payments

The Hospital receives EHR incentive payments under the Medicare and Medicaid programs. To qualify for the EHR incentive payments, the Hospital must meet "meaningful use" criteria that become more stringent over time. The Hospital periodically submits and attests to its use of certified EHR technology, satisfaction of meaningful use objectives, and various patient data. These submissions generally include performance measures for each annual EHR reporting period (Federal fiscal year ending September 30th). The related EHR incentive payments are paid out over a four-year transition schedule and are based upon data that is captured in the Hospital's cost reports.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

The payment calculation is based upon an initial amount as adjusted for discharges, Medicare and Medicaid utilization using inpatient days multiplied by a factor of total charges excluding charity care to total charges, and a transitional factor that ranges from 100% in the first payment year and thereby decreasing by 25% each payment year until it is completely phased out in the fifth year.

The Hospital recognizes EHR incentive payments as grant income when there is reasonable assurance that the Hospital will comply with the conditions of the meaningful use objectives and any other specific grant requirements. In addition, the financial statement effects of the grants must be both recognizable and measurable. During 2016 and 2015, the Hospital recognized approximately \$103,000 and \$646,000, respectively, in EHR incentive payments as grant income using the ratable recognition method. Under the ratable recognition method, the Hospital recognizes income ratably over the entire EHR reporting period when it is reasonably assured at the outset of the EHR reporting period that it will comply with the minimum requirements of the program.

EHR incentive income is included in other revenue in the consolidated statements of operations and changes in net position. EHR incentive income recognized is based on management's estimate and amounts are subject to change, with such changes impacting operations in the period the changes occur.

Receipt of these funds is subject to the fulfillment of certain obligations by the Hospital as prescribed by the programs, subject to future audits and may be subject to repayment upon a determination of noncompliance.

Risk Management

The Hospital is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental, and accident benefits.

Commercial insurance coverage is purchased for claims arising from such matters. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Costs of Borrowing

Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. There was no interest capitalized during either 2016 or 2015.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Federal or State Income Taxes

The Hospital is a governmental instrumentality organized under Title 16, Article 12, of the Indiana statutes. The Hospital is generally exempt from federal income tax under Section 115 of the Internal Revenue Code of 1986 as a not-for-profit organization under Section 501(c)(3). As a governmental entity, the Hospital is not required to file Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only.

The Foundation is organized as a not-for-profit corporation under Section 501(c)(3) of the United States Internal Revenue Code. As such, the Foundation is generally exempt from income taxes. However, the Foundation is required to file Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only. The Foundation has filed its federal and state income tax returns for periods through December 31, 2015. These income tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).

DMC is a for-profit organization incorporated in 1985 and the sole shareholder is the Hospital. DMC has filed its federal and state income tax returns for periods through December 31, 2015. These income tax returns are generally open to examination by relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).

DMC has federal net operating loss carry forwards to reduce future taxable income of approximately \$39,468,000, and a similar amount for state income taxes as of December 31, 2016. Including valuation allowances, DMC has a net deferred tax asset of \$-0- for 2016 and 2015. These federal and state carry forwards begin to expire in 2023. The valuation allowance is established to reduce the deferred tax asset to the amount expected to be realized when it is more likely than not that all or some portion of the deferred tax asset will not be realized.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Hospital, Foundation, and DMC and recognize a tax liability if these organizations have taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by these organizations, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying consolidated financial statements. The Foundation and DMC are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Charity Care

The Hospital provides care without charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy. Because the Hospital does not collect amounts deemed to be charity care, they are not reported as revenue. The Hospital maintains records to identify and monitor the level of charity care it provides. These records include the amount of services and supplies furnished under its charity care policy. The charity care charges provided during 2016 and 2015 were approximately \$1,138,000 and \$1,992,000, respectively.

Of the Hospital's total expenses reported, an estimated \$715,000 and \$1,250,000 arose from providing services to charity patients during the years ended December 31, 2016 and December 31, 2015, respectively.

The estimated costs of providing charity services are based on a calculation, which applies a ratio of costs to charges to the gross uncompensated charges associated with providing care to charity patients. The ratio of costs to charges is calculated based on the Hospital's total expenses (including interest expense) divided by gross patient service revenue.

Litigation

The Hospital is involved in litigation arising in the course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Hospital's future financial position, results of operations and cash flows.

Reclassifications

Certain amounts from 2015 have been reclassified in order to conform to the 2016 presentation.

Subsequent Events

The Hospital evaluates events or transactions occurring subsequent to the consolidated balance sheet date for recognition and disclosure in the accompanying financial statements through the date the financial statements are issued which is May 5, 2017.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

2. CHANGE IN ACCOUNTING PRINCIPLES

During 2016, the Hospital implemented Government Accounting Standards Board (GASB) Statement No. 72 Fair Value Measurement and Application. This Statement addresses accounting and financial reporting issues related to fair value measurements and provides guidance for determining a fair value measurement for financial reporting purposes. It also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. There was no impact to these consolidated financial statement disclosures as a result of adoption of this statement as these disclosures have been provided historically by the Hospital.

During 2016, the Hospital also implemented GASB Statement No. 76 *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. There was no impact to these consolidated financial statement disclosures as a result of adoption of this statement.

3. ACCOUNTS RECEIVABLE AND PAYABLE

Patient accounts receivable and accounts payable (including accrued expenses) reported as current assets and liabilities by the Hospital at December 31 are as follows:

	 2016	 2015
Patient accounts receivable		
Receivable from patients and their insurance	\$ 29,776,281	\$ 20,867,420
carriers		
Receivable from Medicare	19,947,643	12,156,082
Receivable from Medicaid	9,405,924	12,964,149
Total patient accounts receivable	 59,129,848	45,987,650
Less contractual allowances	(23,776,610)	(12,988,771)
Less allowances for uncollectible accounts	(6,803,203)	(6,978,484)
Patient accounts receivable, net	\$ 28,550,035	\$ 26,020,395
Accounts payable and accrued expenses		
Payable to employees (including payroll taxes)	\$ 3,256,272	\$ 3,554,103
Payable to suppliers	42,553,915	32,346,851
Accrued employee health benefit claims	584,330	663,313
Total accounts payable and accrued expenses	\$ 46,394,517	\$ 36,564,267

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

4. ASSETS WHOSE USE IS LIMITED

Assets that are required for obligations classified as current liabilities are reported in current assets. The composition of assets whose use is limited at December 31 is as follows:

	2016		2015
Board designated		_	_
Funded depreciation			
Investments	\$	10,516,237	\$ 16,688,709
Cash		263,705	195,973
Donor restricted assets			
Investments		1,074,460	1,056,822
		_	_
Total assets limited to use	\$	11,854,402	\$ 17,941,504

5. DEPOSITS AND INVESTMENTS

Deposits with financial institutions in the State of Indiana at year-end were entirely insured by the Federal Depository Insurance Corporation or by the Indiana Deposit Insurance Fund. This includes any deposit accounts issued or offered by a qualifying financial institution.

Net realized gains and losses on security transactions are determined on the specific identification cost basis. Funded depreciation investments consist of cash equivalents, mutual funds and common stocks.

The Hospital's investments generally are reported at fair value, as discussed in Note 1. As of December 31, 2016 and 2015, the Hospital had the following investments and maturities, all of which were held in the Hospital's name by custodial banks that are agents of the Hospital.

December 31, 2016

		Dec	.ember 51, 2011	0				
				s (in years)				
	Carrying		Less					More
	Amount		than 1		1-5		6-10	than 10

	100,010							-0-
	\$ 43,176,745	\$	43,176,745	\$	-0-	\$	-0-	\$ -0- -0-

Interest rate risk - The Hospital does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Credit risk – The Hospital's investment policy authorizes it to invest in interest bearing deposit accounts, passbook savings accounts, certificates of deposit, money market deposit accounts, mutual funds, pooled fund investments, securities backed by the full faith and credit of the United States Treasury and repurchase agreements. The policy also requires that repurchase agreements be fully collateralized by U.S. Government or U.S. Government Agency obligations.

Concentration of credit risk - The Hospital places no limit on the amount it may invest in any one issuer. The Hospital maintains its investments, which at times may exceed federally insured limits. The Hospital has not experienced any losses in such accounts. The Hospital believes that it is not exposed to any significant credit risk on investments.

Deposits and investments consist of the following as of December 31, 2016 and 2015:

	2016	2015
Carrying amount		
Deposits	\$ 34,257,889	\$ 39,040,893
Investments	38,370,825	42,980,772
	\$ 72,628,714	\$ 82,021,665
Included in the balance sheet captions		
Cash and money market deposit accounts	\$ 33,994,184	\$ 38,844,920
Investments	26,780,128	25,235,241

Total investment income (loss)	\$ 1,814,039	\$ (939,659)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Hospital has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015:

- Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.
- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds
 held by the Hospital are open-end funds that are registered with the Securities and
 Exchange Commission. These funds are required to publish their daily net asset value
 (NAV) and to transact at that price. The mutual funds funds held by the Hospital are
 deemed to be actively traded.
- Money market mutual funds: Generally transact subscription and redemption activity at a \$1 stable net asset value (NAV) however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

The Hospital's policy is to recognize transfers between levels as of the actual date of the event or change in circumstances. There were no significant transfers between levels during 2016 and 2015.

The following methods and assumptions were used by the Hospital in estimating the fair value of its financial instruments:

<u>Long-term debt</u>: The fair value of the Hospital's variable rate debt is based on current traded value. The carrying value of loans payable and capital lease obligations approximates fair value based on the variable nature of its primary debt and current fixed rates available to similar entities with similar credit ratings.

Construction in progress as of December 31, 2016 primarily relates to construction on the surgery suite, construction of the physician office building, and the power plant upgrade. The estimated cost to complete the projects as of December 31, 2016 is approximately \$17,300,000, of which all has been contractually committed.

(6,259) \$

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

8. LONG-TERM DEBT

During March 2015, the Hospital borrowed \$18,000,000 from the Indiana Financing Authority (the Authority) and issued Health Facility Revenue Bonds Series 2015 (Series 2015 Bonds) to refund the Series 2009 and Series 2012 bonds. The Series 2015 Bonds bear interest at rates as determined by daily, weekly, flexible, semiannual, or fixed modes, which was 1.58% as of December 31, 2016.

The Hospital and Authority then entered into an agreement with a Regions bank (Regions) whereby Regions purchased from the Authority all of the Series 2015 Bonds in a private placement. The agreement provided that Regions would hold the Series 2015 Bonds during the Bank Purchase Mode Period which runs through March 2030. During the Bank Purchase Mode Period, the Series 2015 Bonds would bear interest at the Bank Purchase Rate (1.17% plus 67% of 1M BBA LIBOR), reset monthly, with principal and interest payments determined using a 15-year amortization schedule. The Series 2015 bonds had an interest rate of 1.33% at December 31, 2015, and are collateralized by Hospital revenues.

The net proceeds of approximately \$17.8 million (after bond issuance costs of approximately \$200,000) were used to pay all outstanding principal and interest on the called 2009 and 2012 Series Bonds. These transactions created a deferred loss on the refunding of the 2009 and 2012 bonds, the effect of which is immaterial to these consolidated financial statements as a whole.

Annual bond payments for the 2015 bonds commenced during March 2016 and continue through March 2030 ranging from approximately \$961,000 to \$1,469,000.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

A summary of long-term debt borrowings, payments and balances at and for the years ended December 31 follows:

	D	Balance ecember 31.		Additional			Г	Balance December 31.		Current		Long-term

The Hospital is also required to meet certain financial and affirmative covenants. One of these covenants requires that the Hospital maintain a minimum of \$9.2 million in cash and investments with Regions. The Hospital believes it is in compliance with all covenants as of December 31, 2016 and 2015.

Scheduled principal repayments on long-term debt are as follows:

	Long-term debt							
Years Ending December 31,		Principal		Interest

	\$	17,039,000	\$	2,041,260				

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

9. NET PATIENT SERVICE REVENUE

Patient service revenue for 2016 and 2015 consists of the following:

	2016		2015
Inpatient services	\$ 60,329,127	\$	63,496,028
Outpatient services	158,015,562		153,084,748
Long term care	195,146,150		198,404,728
Gross patient service revenue	 413,490,839		414,985,504
Contractual allowances	146,504,355		143,067,951
Bad debts	5,971,428		5,448,009
Charity care	1,137,690		1,991,900
Deductions from revenue	153,613,473		150,507,860
	 _	,	
Net patient service revenue	\$ 259,877,366	\$	264,477,644

The Board of Directors approves the fee schedule, which is administered with the expectation that clients are to pay for services at a rate commensurate with their ability to pay. No clients will be refused services because of their inability to pay. Essentially, the Hospital's policies define charity services as those services for which a discounted obligation for payment is anticipated. In assessing a client's inability to pay, the Hospital uses an ability-to-pay schedule based on income and dependents. The Hospital also adjusts charges based on contractual agreements with third-party payors. The Hospital maintains records to identify and monitor the level of charges foregone for services furnished under charity care policy and contractual adjustments. The Hospital has agreements with third-party payors including Medicare, Medicaid and the State of Indiana and other commercial insurance carriers that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare

Payments for inpatient acute care services are made based upon the patient's diagnosis, irrespective of cost. The diagnosis upon which payment is based is subject to review by Medicare representatives. Outpatient claims are reimbursed under Ambulatory Payment Classifications, which are based on the procedures performed and are subject to review by the program. Medicare reimbursements are subject to audit by Medicare. Provisions have been made for the estimated effect of review and audits by the program.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Medicaid

Reimbursement for Medicaid services are paid at prospectively determined rates per discharge or per occasion of service.

Other

Payment agreements with certain commercial insurance carriers and other payors provide for payment using prospectively determined daily rates and discounts from established charges.

Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigation involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretations, as well as significant regulatory action including fines, penalties, and exclusions from the Medicare and Medicaid programs. As a result, there is at least a possibility that recorded estimates will change by a material amount in the near term.

10. PENSION PLANS

Plan Description

The Henry County Memorial Employees' Pension Plan is a defined contribution pension plan as authorized by Indiana Code 16-22-3-11. The Plan is administered by the Hospital and covers all employees who meet eligibility requirements as to age and length of service. The plan provides retirement, disability and death benefits to plan members and beneficiaries. The plan's provisions and contribution requirements were established by written agreement between the Hospital Board of Trustees and Meridian Investment Advisors, Inc. (Plan Administrators). The Plan Administrators issue a publicly available financial report that includes the financial statements and required supplementary information of the plan. The report is available by contacting the Hospital's accounting department.

Funding Policy

The contribution requirements of plan members are established by the written agreement between the Hospital Board of Trustees and the Plan Administrator. The Hospital is required to contribute at the Board approved rate.

The Hospital contributes 4% of an eligible employee's wages and matches 50% of an employee's contribution to the plan up to 2% of their wages. Hospital contributions to the plan for 2016 and 2015 were approximately \$1,434,000 and \$1,344,000, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

11. SPLIT-DOLLAR LIFE INSURANCE POLICY

The Hospital has a Split-Dollar Life Insurance Agreement (the Agreement) for a key employee that is recorded at contract value in Other Assets at approximately \$2,487,000 and \$2,381,000 as of December 31, 2016 and 2015, respectively. The Hospital is the sole and absolute owner of the related life insurance policy. The Agreement was used to fund a supplemental retirement benefit plan. In the event the employee remains employed by the Hospital at least until reaching sixty five years of age, or as is otherwise provided in the Agreement, beginning with the retirement date, the Hospital will pay an annual benefit, as is stipulated in the Agreement until the death of the employee. An annual expense is recorded for the death benefit and the salary continuation components of the agreement.

12. EMPLOYEE HEALTH PLAN

The Hospital participates in a self-funded health plan covering substantially all employees. Covered services include medical benefits. The plan has annual reinsurance coverage starting at a specific level of \$300,000 per individual with an unlimited specific lifetime maximum reimbursement per covered person and no aggregate limit. The financial statements include an estimated provision for claims that have been incurred but not reported. Total health claims expense was approximately \$5,515,000 and \$5,245,000 for the years ended December 31, 2016 and 2015, respectively.

13. NET POSITION RESTRICTED BY DONOR

Net position restricted by donor of approximately \$1,074,000 and \$1,057,000 at December 31, 2016 and 2015, respectively, consist of donor-restricted funds held by the Foundation primarily for Hospital construction projects.

14. MALPRACTICE INSURANCE

The Indiana Medical Malpractice Act, IC 27-12 (the Act), provides a recovery for an occurrence of malpractice and for any injury or death of a patient due to an act of malpractice in excess of certain thresholds. The Act requires the Hospital to maintain medical malpractice liability insurance on a per occurrence basis and in the annual aggregate for amounts below the thresholds of the Act. The Act provides for a maximum recovery of \$1,250,000 per occurrence (\$7,500,000 annual aggregate) with the first \$250,000 covered by the Hospital's insurance and the remainder by the Fund.

The Hospital is a member in a captive insurance company, Suburban Health Organization Segregated Portfolio Company, LLC, to fund the Hospital's required portion of the professional and physician insurance coverage pursuant to the Act as well as its general liability insurance and excess coverage.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

15. INVESTMENT IN AFFILIATES

The Hospital has an operating agreement with St. Vincent Health, Inc. to form Henry County Hospital St. Vincent Health Catheterization Lab Services, LLC (Cath Lab). The Hospital contributed \$1,800,000 to obtain a 50% equity interest in the new company whose purpose is to operate a cardiac catheterization laboratory within the Hospital. The agreement will continue until the Company is dissolved.

As a result of this joint venture, the Hospital recognized a gain during 2016 of approximately \$57,000 and a loss of approximately \$189,000 in 2015, related to changes in equity of the Cath Lab. The gain or loss is included within other operating revenue in the consolidated statements of operations and changes in net position. During 2016, both owners of the Cath Lab decided to cease operations and the net assets will be distributed equally to both parties during 2017.

The Hospital has investments in other joint ventures included within other assets in the consolidated balance sheets, which are immaterial to the financial statements as a whole.

Separate financial statements related to this joint venture may be obtained by contacting Hospital management

16. CONCENTRATIONS OF CREDIT RISK

The Hospital grants credit without collateral to its patients, who are primarily local residents and are insured under third-party payor agreements. The mix of receivables and gross patient service revenues from patients and third-party payors for 2016 and 2015 was as follows:

	Receiva	ables	Reve	nues
	2016	2015	2016	2015
Self pay	15%	22%	7%	7%
Medicare and Medicaid	50%	55%	69%	70%
Other commercial	35%	23%	24%	23%
	100%	100%	100%	100%

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

17. BLENDED COMPONENT UNITS

The Hospital's consolidated financial statements include the accounts of its Blended Component Units, DMC and the Foundation. The following is a summary of the financial position of DMC and the Foundation as of December 31, 2016, and a summary of the related statements of operations, changes in net position, and cash flows for the year then ended:
