WASHINGTON, June 15, 2011 - Big B Distributors, Inc., an Evansville, Ind., establishment is recalling approximately 5,160 pounds of burgoo soup because it is misbranded and contains an undeclared allergen. The product was prepared using a spice blend containing sodium caseinate, a milk protein and known allergen, which was not declared on the label, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The products subject to recall include: [\[View Label \(PDF Only\)\]](#)

- 16-ounce jars of "MOONLITE BAR-B-Q BURGEOO SOUP."
- 32-ounce jars of "MOONLITE BAR-B-Q BURGEOO SOUP."

The products subject to recall contain establishment number "EST. 1717" inside the USDA mark of inspection on the label. An identifying case code "2022141," "2022142," "2052171," or "2052172" appears on the lid of each jar. These products were produced on Feb. 24, 2011, and May 27, 2011, and were shipped to a distribution center in Kentucky. When available, the retail distribution list(s) will be posted on FSIS' website at www.fsis.usda.gov/FSIS_Recalls/Open_Federal_Cases/index.asp.

The problem was discovered by FSIS inspection personnel during a routine label review. At the time the product's label was approved by FSIS, sodium caseinate was not listed as a component of the spice blend. When the company began receiving the spice blend including sodium caseinate as an ingredient, the burgoo soup label was not changed to reflect the inclusion. FSIS and the company have received no reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and to ensure that steps are taken to make certain that the product is no longer available to consumers.

Consumers and media with questions about the recall should contact the company's Vice President, Richard Bonenberger, at 812-425-5235, ext 115.

Consumers with food safety questions can "Ask Karen," the FSIS virtual representative available 24 hours a day at AskKaren.gov. The toll-free USDA Meat and Poultry Hotline 1-888-MPHotline (1-888-674-6854) is available in English and Spanish and can be reached from 10 a.m. to 4 p.m. (Eastern Time) Monday through Friday. Recorded food safety messages are available 24 hours a day.

Ask Karen is available as an app for your iPad, iPhone, or Android mobile device, so you can take her with you to the grocery store, to the barbecue grill, or wherever you may have food safety questions. Go to m.AskKaren.gov on your mobile device's browser, or download the app for free from the Android app store.
