WASHINGTON, Nov. 15, 2014 – City Line Foods Manufacturing Co., a Lancaster, PA. establishment, is recalling approximately 1,196,669 pounds of frozen pretzel hot dog products due to misbranding and undeclared allergens, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The products contain soy lecithin, a known allergen which is not declared on the product label.

The pretzel dogs were produced on various dates from February 14, 2014 to November 14, 2014. The following products are subject to recall: [View Label]

The problem was discovered by FSIS personnel during a routine labeling review. FSIS inspectors found that a releasing agent used on contact surfaces during production included soy lecithin, which was not disclosed on the product label.

FSIS and the company have received no reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify theircustomers of the recall and that steps are taken to make certain that the product is no longer available to consumers.
