

Health Resources & Services Administration (HRSA) Service Definition:

Food Bank/Home Delivered Meals (FB/HDM) refers to the provision of actual food items, hot meals, or a voucher program to purchase food. This also includes the provision of essential non-food items that are limited to the following:

- Personal hygiene products
- Household cleaning supplies
- Water filtration/purification systems in communities where issues of water safety exist

Program Guidance:

- Unallowable costs include household appliances, pet foods, and other non-essential products.
- Nutritional services and nutritional supplements provided by a *registered dietitian* are considered a core medical service (Medical Nutrition Therapy).

Key Service Components and Activities:

Funding for **Food Bank/Home Delivered Meals** may include:

- The provision of actual food items
- Provision of hot meals
- Provision of nutritional supplements *not* ordered by a physician or resulting from a registered dietitian's assessment
- A voucher program to purchase food

May also include the provision of non-food items that are limited to:

- Personal hygiene products
- Household cleaning supplies
- Water filtration/purification systems in communities where issues with water safety exist

Appropriate licensure/certification for food banks and home delivered meals where required under State or Local regulations.

No funds may be used for:

- Permanent water filtration systems for water entering the house
- Household appliances
- Pet foods
- Other non-essential products
