Adenosine Triphosphate (ATP) Luminometers Training

Effective July 31, a training webinar will be conducted every Wednesday at 2:30 p.m. EST for facilities that have received ATP machines. We encourage Directors of Nursing, Assistant Directors of Nursing, Infection Preventionists, Environmental Services, and other staff of your choice to attend the training.

You can select your date and register here:

For more information about the delivery and receipt of the ATP machines, see the Long-term Care Newsletter [2024-14](#).

If you have any questions, please contact Fallon Marsh at fallon@hygiene.com.

Enhanced Barrier Precautions Educational Resource

In collaboration with Viven Health, Qsource is providing a free, interactive educational model to aid in reducing the spread of multidrug resistant organisms. Available for all staff, this short program covering enhanced barrier precautions is:

- Scenario-based for survey preparation;

- Conveniently accessible on cellphone, tablet, or computer; and
- Intended to help a facility adhere to CMS guidance.

Notice of Transfer or Discharge Request for Hearing

When appealing an involuntary transfer or discharge, please ensure your residents or their responsible parties are using the most current Notice of Transfer or Discharge Request for Hearing form (State Form 49831) and that the Notice of Transfer or Discharge form (State Form 49669) is attached with their request. This will help ensure a faster and smoother process for the Office of Administrative Law Proceedings, facilities, and your residents.

For more information, your residents and their families can be directed to the IDOH [Resident Transfer and Discharge Information Center](#). They will find links to download the correct forms and answers to frequently asked questions.

Area 7 Supervisor

Amanda Garrison is the supervisor for Area 7 (east central Indiana). You can find the names of all the area supervisors, their contact information, and a map of the areas each supervisor covers [here](#).
