LTC Update:

- **Ivy Tech Testing Fee Structure**
- **Protecting Residents Against Credit Card Scams**

Ivy Tech Testing Fee Structure

Ivy Tech Community College Testing Services has released important information regarding the fee structure for CNA, QMA, QMA-Insulin, and Home Health Aide-Tube Feeding exams.

Effective January 1, 2025, the fee structure for testing at Ivy Tech Community College Testing Services will be as follows:

- CNA Combined Written & Skills Exam - \$100
- CNA Written Only or Skills Only - \$90
- QMA - \$90
- QMA-Insulin - \$75
- Home Health Aide-Tube Feeding - \$75

Fees for testing have remained the same for several years and the increase is necessary to cover program costs.

Protecting Residents Against Credit Card Scams

Due to rising cases of misappropriation, the Office of the Attorney General has asked that the flyer, "Protecting Consumers – Credit Card Scams," be shared with long-term care facilities.

You can download the flyer here: [Protecting Consumers – Credit Card Scams](https://www.in.gov/attorneygeneral/files/Credit-Card-Senior-Protection.pdf)
