Aides Training Programs Update:

- **Ivy Tech CNA/QMA Testing Online Application Training and Demonstration Sessions**

Ivy Tech CNA/QMA Testing Online Application Training and Demonstration Sessions

Ivy Tech will host a Zoom Online Application Training and Demonstration on the next four Fridays. All four sessions will cover the same material. The training will demonstrate how the new online application system works, what you will see on the screen, how you can help your students, and more. Trainers will demonstrate both bulk and individual applications to answer the most frequently-received questions. There will be a Q&A as time allows.

Registration is not required. All program directors, instructors, clinical supervisors, office staff, etc. are welcome. Feel free to share the Zoom meeting link. If you think you might need to submit an application or help someone submit an application – this is for you! It will not be aimed at students or candidates. We are recording some short trainings for them.

The dates are:

- Jan. 26, 9 a.m.-Noon EST
- Feb. 2, 9 a.m.- Noon EST
- Feb. 9, 9 a.m.- Noon EST
- Feb. 16, 9 a.m.- Noon EST
