# LONG TERM CARE NEWSLETTER

**ISDH Long Term Care Newsletter**  
**Issue 2020-49**  
**July 2, 2020**

**Today's Issue:**

- **Indiana Long Term Care Dashboard**

---

Indiana is creating a public dashboard on COVID-19 and long term care facilities. Facilities will include both comprehensive care facilities (nursing homes) and residential care facilities (assisted living) and both licensed and unlicensed facilities. Data needed will be for resident and staff, timeframes of outbreaks, recovery data and facility location. The collection of this data will be done in a way that streamlines the current data collection and reporting processes from facilities to the state and federal governments and improve the consistency and accuracy of the reported data.

[Indiana Long Term Care Dashboard Information](#)

Facilities are required to submit historical COVID-19 positive case file including residents and staff members with positive COVID-19 PCR test results since March 1st in alignment with the attached data dictionary and [templated submission file spreadsheet](#) by July 14th at 6 PM. Please submit all historical files to the following link:
