

**Indiana Early Childhood Collaborative**

# VISION

That children and families in Indiana would be prioritized and holistically supported, through access to care and education, so they have all that they need to be successful.

# MISSION

We maximize opportunities for children and families by fostering collaboration, sharing resources, partnering on opportunities, advising on implementation, and supporting sustainability.

# APPROACH

We see this Collaborative as a model for statewide collaborative efforts across multiple organizations, individuals, and families.

To accomplish our mission, the Collaborative meets together quarterly and regularly shares out resources between meetings.
