TITLE

(X6) DATE

Any defiencystatement ending with an asterisk (\*) denotes a deficency which the institution may be excused from correcting providing it is determined that other safegaurds provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

Review of the home health aide visit notes during this certification period, the home health aide provided services approximately from 3.50 to 8 hours. The durations of hours failed to be patient specific and include the minimal hours per day for the home health aide to be in the home and who would determined the duration of hours in a day should the home health aide not be needed for the entire 8 hours. |                                                                                                                                    |                     |                                                                                                          |                                 |                            |

The skilled nursing visit notes indicated the interventions provided were teaching on new medication, diet teaching, disease process teaching and administered tube feedings. The visit note failed to evidence the type and amount of tube feedings.  B. On 4/28, 5/2, 5/17, 5/19, 5/22 and 5/23/17, the visit note indicated the interventions provided were the administration of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note indicated the interventions provided were the administration of tube feedings. The visit note indicated the interventions provided were the administration of tube feedings. The visit note sindicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were ducation and administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes failed to evidence what was educated in regards to tube feedings, the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | <u> </u>    | CTD FFT A        | ADDRESS CITY STATE ZIR CODE                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                 |            |
| AT HOME HEALTH SERVICES LLC  (X4) ID SUMMARY STATEMENT OF DEFICIENCES (ACATI DEFICIENCY MUST BE PRICEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)  1. The clinical record for patient #4 SOC (start of care) 4/ 26/17, was reviewed. The skilled nursing visit notes indicated the following:  A. On 4/27/17, the visit note indicated the interventions provided were teaching on new medication, diet teaching, disease process teaching and administered tube feedings. The visit note failed to evidence the medications, diet, and disease process that were taught and patient's understanding as well as the type and amount of tube feedings administered.  B. On 4/28, 5/2, 5/17, 5/19, 5/22 and 5/23/17, the visit note failed to evidence the type and amount of tube feedings administered.  C. On 5/3, 5/4 and 5/5/17, the visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes failed to evidence what was educated in regards to tube feedings, the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | NAME OF P       | ROVIDER OR SUPPLIER                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |             |                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                 |            |

| PREFIX TAG REQULATORY OR LSC IDENTIFYING BYPRECEDED BY FULL TAG REQULATORY OR LSC IDENTIFYING BYPORMATION)  1. The clinical record for patient #4 SOC (start of care) 4/ 26/17, was reviewed. The skilled nursing visit notes indicated the following:  A. On 4/27/17, the visit note indicated the interventions provided were teaching on new medication, diet teaching, disease process teaching and administered tube feedings. The visit note failed to evidence the medications, diet, and disease process that were taught and patient's understanding as well as the type and amount of tube feedings administered.  B. On 4/28, 5/2, 5/17, 5/19, 5/22 and 5/23/17, the visit note indicated the interventions provided were the administration of tube feedings administered.  C. On 5/3, 5/4 and 5/5/17, the visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were done in detail — i.e. tube feedings to have detail and patient/caregiver response, if MD was notified to evidence with a subministration of tube feedings. | TAG REGULATORY OR LSC IDENTIFYING INFORMATION)  1. The clinical record for patient #4 SOC (start of care) 4/ 26/17, was reviewed.  The skilled nursing visit notes indicated the following:  A. On 4/27/17, the visit note indicated the interventions provided were teaching on new medication, diet teaching, disease process teaching and administered tube feedings administered.  B. On 4/28, 5/2, 5/17, 5/19, 5/22 and 5/23/17, the visit note indicated the interventions provided were teadministrered.  C. On 5/3, 5/4 and 5/5/17, the visit note sindicated the interventions provided were the administration of tube feedings. The visit note sindicated the interventions provided were the administration of tube feedings. The visit note sindicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes failed to evidence what was educated in regards to tube feedings, the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | (X4) ID         | SUMMARY S                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | TATEMENT OF DEFICIENCIES                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |             | ID               | PROVIDER'S PLAN OF CORRECTION                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                 | (X5)       |
| 1. The clinical record for patient #4 SOC (start of care) 4/ 26/17, was reviewed.  The skilled nursing visit notes indicated the following:  A. On 4/27/17, the visit note indicated the interventions provided were teaching on new medication, diet teaching, disease process teaching and administered tube feedings. The visit note failed to evidence the medications, diet, and disease process that were taught and patient's understanding as well as the type and amount of tube feeding administration of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note sindicated the interventions provided were the administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes failed to evidence what was educated in regards to tube feedings, the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | PREFIX          | (EACH DEFICIEN                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | CY MUST BE PRECEDED BY FULL                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |             | PREFIX           | (EACH CORRECTIVE ACTION SHOULD BE                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | TE                              | COMPLETION |
| 1. The clinical record for patient #4 SOC (start of care) 4/ 26/17, was reviewed. The skilled nursing visit notes indicated the following:  A. On 4/27/17, the visit note indicated the interventions provided were teaching on new medication, diet teaching, disease process teaching and administered tube feedings. The visit note failed to evidence the medications, diet, and disease process that were taught and patient's understanding as well as the type and amount of tube feedings administered.  B. On 4/28, 5/2, 5/17, 5/19, 5/22 and 5/23/17, the visit note indicated the interventions provided were the administration of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit note failed to evidence the type and amount of tube feedings. The visit notes indicated the interventions provided were education and administration of tube feedings. The visit notes failed to evidence what was educated in regards to tube feedings, the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | TAG             | REGULATORY OR                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | LSC IDENTIFYING INFORMATION)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |             | TAG              | DEFICIENCY)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                 | DATE       |
