	were visible: resident rights, community resources contact information, The Indiana Department of Health contact information, and the Ombudsman contact information. The previous annual survey information was not visible. During an observation, on 7/16/24 at 11:15 a.m., of the front lobby and hallway leading to the Cabin side, the following were visible: resident rights, Ombudsman contact information and a typed sign that indicated "Survey binder is in the work room. If you would like to view the binder, please ask a staff member for assistance" During an observation, on 7/16/24 at 11:24 a.m., of the facility work room, the door was locked. The Dietary Manager was present inside the room. He opened the door and searched the cabinets to locate the survey binder. He located the binder on a nearby desk. During an interview, on 7/17/24 at 1:08 p.m., the Community Relations Director, indicated the previous survey binder results used to be in the lobby, but had gone missing several times. During an interview, on 7/17/24 at 1:10 p.m., the Administrator indicated the previous survey binder results were kept in the lobby, but after several incidents of resident's moving the binder or taking it with them as they returned to their rooms, it was decided to have the results in a staff office or room. However, due to the resident population, all of the staff or employee rooms are locked. She indicated a resident or resident representative would have to ask an employee for assistance to be able to review this information. She was able to retrieve the survey binder from the work room.		this POC (employee work room, along with a sign indicating its location and how to access it in a public area) was implemented on the suggestion of a State surveyor in one of our Indiana sister communities; thus the expectation of the regulation is inconsistent in surveys. WRITTEN POC R042: Describe what the facility did to correct the deficient practice for each client cited in the deficiency. a **All residents had the potential to be affected by the alleged deficient practice. No residents experienced adverse reactions or distress from the deficient practices. Survey binder was relocated to an accessible cabinet in community bistro along with a label for identification of location.** 2 Describe how the facility reviewed all clients in the facility that could be affected by the same deficient practice, and state, what actions the facility took to correct the deficient practice for any client the facility identified as being affected. a **All residents had the potential to be affected by the alleged deficient practice.
