

Indiana Tobacco Free Higher Education Institutions

Minimum criteria to be considered Tobacco Free: *Policy that prohibits the use of all commercial tobacco products (excluding products used for cessation support such as nicotine patches and gum) by all students, staff, and visitors in all campus buildings, campus housing, campus owned vehicles, and on all campus grounds (including parking lots and personal vehicles) at all times.*

TOBACCO FREE INSTITUTIONS

This list includes institutions that have **met the majority of the minimum criteria** to be considered tobacco free. Institutions whose policies do not explicitly state that the policy applies to **all students, staff, and visitors** but contain no exceptions to suggest otherwise have been included in this list and are indicated below. **These institutions are encouraged to revise their policy accordingly to fully meet the minimum criteria.** Institutions whose tobacco free policies explicitly prohibit the use of e-cigarettes are also indicated.
