Beacon's 23rd Annual Trauma Symposium continues the tradition of exploring the latest advances in the continuum of trauma care. Learn from national and local experts about a variety of topics ranging from prehospital care to recovery and gain valuable knowledge and skills you can apply directly to your practice. The symposium is designed for trauma surgeons, neurosurgeons, orthopedic surgeons, emergency physicians, anesthesiologists, intensivists, nurses, therapists, allied health, and EMS personnel involved in providing trauma care.
