Budget and Expenditures for Calendar Year 2010

<u>Category</u>	<u>Budget</u>	<u>Expenditures</u>
Office Supplies	\$ 500.00	\$ 135.58
Postage	75.00	80.01 *
Paint-Painting	1,000.00	363.97 +
Mileage	750.00	774.60 *
Landscaping	1,100.00	924.88
Tombstone Repair	12,000.00	12,350.00 *
Cemetery Maintenance	20,000.00	15,789.50 ++
Fencing & Gates	-0-	6,101.50 * & **
Board Members	1,004.00	1,004.00
Head of Department	5,773.00	5,772.78
Social Security & Medicare	<u>464.00</u>	<u>441.74</u>
Totals	\$ 42,666.00	\$ 43,738.56
Special Appropriation from Riverboat Admissions		
Tax for Fencing	<u>3,000.00</u>	
Total	\$ 45,666.00	

Unexpended Balance \$ 1,927.44

* Although this item was over individual budget, funds were transferred among accounts (++) to meet specific needs, while staying within our total budget.

++ Cemetery Maintenance costs were less than budgeted because of changes from contracted maintenance to a caretaker in some cemeteries.

+ Paint & Painting Costs were less than budgeted due to the use of county community service workers.

** See Special Appropriation.

2010 Activities

Monthly Meetings – Structured monthly meetings for board members.

Availability to the Public – We are available 10:00 – 3:00 p.m. first Friday of each month.

Cemetery Visitations – We incorporated with two of our monthly meetings, visitations as a board, to ten pioneer cemeteries. This was done to acquaint all members with the La Porte County cemeteries and to determine individual cemetery needs as an aid to determining priorities on maintenance, repair and restoration.

Historians/Liaisons Volunteers – Volunteers watched over our cemeteries and reported any act of vandalism or cemetery need.

Stone Restorations – Stone restoration was completed at Eahart Reed Cemetery, 1/3 of Hudson Lake Cemetery and stones repaired at Miller Griffin & Morgan Cemeteries and stones cleaned at Tuley Cemetery by Mark Davis of Stone Saver Cemetery Restoration.

Fencing – Phase #1 of the restoration of the wrought iron fence was completed and Phase #2 begun at Posey Chapel Cemetery by Rustic Fencing, Inc. Fences were painted at Nickel Plate and Rossburg Cemeteries.

Documentation/Photographs – We continued to photograph and document tombstones before they become illegible or vandalism occurs. We have also continued to seek out locations of old cemeteries not known to us previously and then research and document.

Written Reports on Cemeteries – Board members are assigned certain cemeteries that are to be checked by them for caretaking condition and other items throughout the year and they then report their findings on a Cemetery Inspection Report Record.

Request for Bids and Contracts – We revised and continue to use standardized forms for Request for Bids for Cemetery Maintenance and Contracts for Cemetery Maintenance as well as for Uncontracted Maintenance of Cemeteries and for Stone Restoration.

Cemetery Maintenance – Pioneer Cemeteries without any funding were maintained by a newly contracted firm who is doing excellent work. Others that had caretakers and/or some funding for maintenance were aided with funds budgeted by the Cemetery Commission. Springfield Twp. Trustee has taken over the maintenance of Rossburg and Shippeeburg Cemeteries.

Signage - New signs were installed at Hudson Lake, Maple Grove, Pike & Sauktown Cemeteries. In addition, a sign telling the history of Hudson Lake was installed.

2011 Cemetery Commission Plans

Monthly Meetings – Structured monthly meetings for Board Members.

Availability to the Public – Available to public 10:00 am – 3:00 pm first Friday of each month and otherwise by e-mail, phone or mail.

Cemetery Visitations – Continue to visit various cemeteries as a group to acquaint all members with the La Porte County cemeteries and to set priorities.

Historians/Liaisons-Volunteers – Continue to have volunteers watch over our cemeteries and report any act of vandalism or cemetery need. Encourage the continuation of transcribing all gravestones, photography, writing histories and identifying veterans graves with the aid of volunteers.

Discovery and Research – Seek out the locations of old cemeteries not known to us previously and then view, research and document, especially Allen Toney Family Burial Ground and Bowell Cemetery as well researching and documenting known cemeteries and the burials therein. Also survey of Miriam Benedict property lines and determine access to Miller Griffin cemeteries.

Continued Preservation of Our Cemeteries – Caretaking is extremely important in our cemeteries as it can affect the safety of individuals visiting the cemeteries.

1. Communication with sexton/caretakers to allow them to make the needs of their individual cemeteries known to the board and discuss ways to prevent vandalism. Enter into written agreements with them detailing the work to be performed in the cemeteries stating a specific amount to be budgeted for the work from Commission funds.

2. Contract with lawn care services for cemetery maintenance for those cemeteries who do not have caretakers. Seek aid of County Highway Dept. for needed removal of trees, etc. as well as grading entrance at Shippeeburg and placing wood chips there and entrances to Sharp and Roszburg Cemeteries.

3. Many of our tombstones are in need of repair. We have contracted for completion of repair and restoration of stones at Hudson Lake Cemetery and seek bid to begin Teeter.

4. Paint fences at Sharp and Day cemeteries.

5. Continue replacement of fence at Posey Chapel & others as funds permit.

6. Continue to replace signs at cemeteries as funds permit.

7. Continue to work with the LaPorte County Community Service to provide labor for fence painting, etc.

8. We have begun a program of historical research to install signs at the cemeteries telling about their history. We have installed signs at Eahart-Reed, Norton and Coulter and Hudson Lake and install others this year as research is completed.

Written Reports- Continue using the Cemetery Inspection Form, a written report for board members to report on the condition of our cemeteries throughout the year.
