

Request to Renew Incentive Program to Attract New Mares to Indiana – 2022 Foaling/Breeding Season

Approved by Indiana Horse Racing Commission on 7/15/2021.

In December of 2019, the Thoroughbred Breed Development Advisory Committee implemented an incentive program to attract new mares to the state of Indiana for foaling purposes. This program provided a cash incentive to any owner who purchased a mare in foal at a public auction, and who then proceeded to register the mare and subsequent foal in the Thoroughbred Breed Development Program. An additional incentive may have been earned if that mare was bred back to a registered Indiana stallion after foaling and went on to produce an IHRC registered foal the following year.

Since the implementation of the program, 33 mares and 26 foals have been registered with \$26,000 in incentives paid.

We are requesting approval to continue this program for the 2022 foaling season. The cost to the Thoroughbred Breed Development Program will vary based on the number of participants, but we estimate that it will not exceed \$50,000. The proposed program guidelines are as follows:
