**ILEARN Grade 3-8 Proficiency and Growth; IREAD 3 Proficiency (2024-25)**

In 2025, the Indiana General Assembly passed HEA 1498, directing the State Board of Education ("SBOE") to assign null or no letter grades to all schools for the 2024-25 school year. Proficiency percentages are students who attended 90% of the school year (162 days) and enrolled in grades 3-8. Growth percentages are determined for grades 4-8 only and represent the percentage of students meeting their growth target. More academic data for each school may be found on the school's School Performance Dashboard on the Indiana Graduates Prepared to Succeed ("GPS") Program Tool. IREAD-3 data Proficiency rates reflect best Spring/Summer result of first-time third grade cohort, including previous year 2nd grade proficient results. Previous year 2nd grade passers are assigned to corporation in which student was enrolled during the 3rd grade IREAD Spring Assessment Window. The percent shown is for majority enrolled for IREAD-3.

### SAT Proficiency, Graduation Rate, and Diploma Type (2024-25)

SAT replaced ISTEP 10 as the state mandated HS assessment beginning with the 2021-22 SY, and is required for all students in grade 11 beginning with the 2023 graduating cohort. SAT Benchmark percentages for EBRW and Math represent students tested in Grade 11 as first-time test takers and as the graduating cohort of 2026. Adult High Schools ("AHS") enroll students who are over the age of 18, under credited, dropped out of high school, and are typically out of cohort from their originally projected graduation year. Only those enrolled AHS students who elect a specific graduation pathway and intend to enroll in post-secondary education take the SAT as AHS do not have a "traditional" grade 11. Because graduation rate is calculated at the end of the school year regardless of the length of time a student is enrolled at a school, the graduation rate for an AHS is not comparable to the graduation rate for a traditional public high school. See the Adult High School results page for corresponding data.

### Adult High Schools (2024-25)

All Adult High Schools ("AHS") were placed in a "No Grade" category by SBOE; however, IDOE calculated a Federal Grade per 511-IAC 6.3. The number of graduates represents the number of graduates listed as part of the Federal Grade calculation. The State's adult high school ("AHS") accountability system calculates the grade of an AHS as the sum of the school's weighted graduation calculation score and its weighted college and career readiness score. The graduation calculation is made up of the school's graduation to enrollment percentage (the number of students who graduated during the school year divided by the school's within-year-average number of students, multiplied by four), the school's graduation rate, and the school's graduation qualifying exam passing rate. The College and Career Readiness ("CCR") Rate is the percentage of graduates in the school year who achieved certain AP or IB scores, earned dual college credit, or obtained certain industry certifications, multiplied by .8.

### ICSB Authorized Charter Schools: Student Enrollment Data

PE Enrollment data is obtained from IDOE's DOE-PE (Annual Pupil Enrollment Count) report. This report is used to determine demographic data. Beginning with the 2020-2021 school year, attendance reporting and calculation changed for all public schools across the State of Indiana. Student attendance data is now submitted DAILY to IDOE aligned to the reported school calendar and calculated by IDOE based upon individual student daily attendance and the 94% calendar threshold requirement. ICSB is reporting both the traditional average attendance rate for the school and Chronic Absentism Rate. Adult High School students over the age of 18 are not mandated to attend by state statute but do so to earn credits required to obtain their High School Diploma.

### ICSB Authorized Charter Schools: Audits

Charter schools are required to contract with a private examiner to annually conduct a financial, compliance and (if applicable) federal OMB Circular A-133 audit that complies with guidelines issued by the State Board of Accounts ("SBOA"). Audit Reports and Supplemental Audit Reports that have been reviewed and approved by SBOA may be found on SBOA's Audit Report Filings portal ( <https://secure.in.gov/apps/sboa/audit-reports/#/> ) under Unit Type select "Charter School" from drop down menu. The reports are organized in reverse chronological order.
