Introduction

Thank you for your interest in applying to the Indiana Charter School Board (“ICSB”) for a new charter school. ICSB’s work is guided by five core principles:

- 1) Students First. When performing its duties, ICSB always assesses whether its actions will further the best interests of students.
- 2) High Expectations. ICSB expects the charter schools it authorizes to set high academic achievement expectations, develop strong plans for family and community engagement, and adhere to high ethical standards for students, staff, and board members. Similarly, ICSB establishes high performance expectations and ethical standards for itself.
- 3) Excellence in Leadership. Operating a high-performing charter school requires leadership from both the school board and administrative staff. ICSB authorizes schools that can demonstrate strong leadership at both the school governance and administrative levels.
- 4) Commitment to Innovation. ICSB is particularly interested in operators that show strong potential to accelerate student success through different school models, instructional strategies, uses of technology, staffing models, governance arrangements, family and community engagement strategies, and other approaches.
- 5) Rigorous and Transparent Accountability. ICSB holds schools accountable for performance through rigorous and transparent accountability mechanisms that uphold schools’ autonomy, foster excellence, and protect student and public interests.

Each application will be carefully evaluated for its alignment with ICSB’s core principles and compliance with applicable law. Only those applicants who can demonstrate the capacity to operate high-performing charter schools will receive charters from ICSB. The final decision on all charter school applications will be made by ICSB’s governing board in a public meeting.

Application Description

An applicant group should file a Charter School Replication Application if it is the governing body of an existing charter school seeking to replicate an existing educational program that has been successfully implemented in one or more existing schools. A school replication builds on the success, experience, and capacity of existing school leadership. The application focuses on the performance and effectiveness of the existing school(s), as well as the capacity of school leadership to broaden the scope and/or reach of the school without adversely impacting the original school(s). In alignment with national best practice, readiness for replication is defined by the following elements:

- A clear and compelling mission;
- A strong educational program with demonstrated effectiveness;
- Evidence of community demand for the new school;
- A solid business and financial plan;
- Effective governance and management structures and systems;
- Founding team members demonstrating diverse and necessary capabilities;
- Clear evidence of the applicant’s capacity to execute its plan successfully.

Additional information may be found on ICSB’s website: <http://www.in.gov/icsb/>.

Application References

ICSB makes every effort to ensure that all internal and external references included within this Application are accurate and up to date. As changes to specific external links and references are outside of our control, we try to keep them to a minimum, using high level links and search terms instead. Some guidelines:

- All references to the Indiana Code (“IC”) may be found at the Indiana General Assembly’s website: <http://iga.in.gov/>. Click on ‘Laws’ and then ‘Indiana Code.’
- All references to ICSB documents may be found here: <https://www.in.gov/icsb/>. The main navigation menu is on the left-hand side of the page and the search box is in the upper right corner of the page.
- All referenced to resources hosted by the Indiana Department of Education (“IDOE”) may be found here: <https://www.in.gov/doe/>. Links to frequently accessed information can be found at the bottom of the page and the search box is in the upper right corner of the page.

If you have any questions about the application, are unsure which application to submit, or cannot locate a referenced resource or link, please send an email to: charter-applications@icsb.in.gov.

Application and Submission Instructions

Application Process

ICSB's Application Timeline and Application Documents may be found on ICSB's website (<https://www.in.gov/icsb/>) under 'Apply for a Charter' on the left-hand side of the page.

Letter of Intent

An applicant group who wishes to submit a Charter Application may start the process by submitting a non-binding Letter of Intent to the following email address: charter-applications@icsb.in.gov.

Capacity Interview and Public Hearing

After submission and acceptance of a completed Charter Application, ICSB will reach out to the applicant group's designated representative to schedule a capacity interview. Only those individuals who are designated as part of the applicant group or as proposed or existing members of the governing board will be permitted to participate in the capacity interview. ICSB staff will use the capacity interview to address specific questions and concerns raised by the Charter Application, and to assess the capacity of the group to implement the proposed program effectively. The capacity interview is ninety (90) minutes long. ICSB staff reserves the right to ask for additional information to clarify and/or support specific answers given in the capacity interview.

As required by Indiana law, a public hearing will be held to allow for comments from community members about the school. ICSB hosts public hearings within the school corporation where the charter school is located which are attended by ICSB staff and Board members. The purpose of the public hearing is for ICSB representatives to receive comments from community members about the potential impact of the proposed school on the community.

In addition to, or in lieu of, attending public hearings, community members may submit public comments via email to the following address: charter-applications@icsb.in.gov. Please note that all emails are subject to Indiana's public access laws including the Access to Public Records Act ("APRA"), which may be found at IC § 5-14-3. Those submitting a public comment are asked to provide their name and the name of the charter school along with their comment.

ICSB Board Meeting

Approximately one (1) week prior to the ICSB application Board Meeting, ICSB staff will contact the designated representative for the applicant group to inform them of the staff recommendation for the proposal. At this time, the applicant group may choose to continue the application process and present to ICSB board members or to "withdraw" its application from consideration which means that, while ICSB board members will be provided with a copy of the staff recommendation, no discussion or vote will occur with respect to the application. Applicants who withdraw because

the staff recommendation is declination or who are declined by the ICSB board may amend the application and reapply to ICSB at a later date or may submit an application to another authorizer.

During the meeting, ICSB board members hear ICSB staff recommendations, conduct a question-and-answer session with the members of the applicant group, and hold a roll call vote to approve or decline the application. Following the meeting, all decisions of the ICSB board are posted on ICSB's website. ICSB application meetings are open to the public and streamed live over the internet.

Submission Instructions

All submissions are final. Applicants are responsible for ensuring that the Application and all documents submitted as part of the Application are responsive and complete by the submission deadline. Applicants should carefully review the Application and all documents referenced therein, including ICSB's Charter Application FAQ, and use the Application Checklist as a guide.

ICSB reserves the right to reject all untimely or incomplete Applications.

Once an applicant group has submitted a letter of intent, the applicant group's designated representative will be provided with a timeline and submission instructions for the Charter Application and all attachments.

ICSB will stop accepting submissions at 11:59 p.m. ET on the date specified by ICSB staff and communicated to the applicant designee. The application must be complete and submitted before that time. For planning purposes, ICSB recommends that applicants access the system immediately and begin uploading the Application and all required attachments at minimum one day prior to the deadline. Combining the Application Narrative and required attachments into one Portable Document ("PDF") file may take some time, so this step in the application preparation process should commence well in advance of the deadline. No hard copy submission is required.

Specifications

The Application must be typed and single-spaced, on letter-sized paper, with 1-inch page margins and a minimum of 11-point font. The Application Overview and Narrative must be in either Microsoft ("MS") Word or PDF format. **PDF documents must be created electronically from the original document files and should not be scanned from hardcopy documents.** All Attachments must be numbered, clearly labeled, comply with the page limit requirements, and in the format specified in the Application Checklist attached hereto as Exhibit A. If a specific question does not apply to your application, please respond "Not Applicable."

In the event there is a dispute between ICSB and the applicant as to whether certain information is disclosable, the applicant must obtain an advisory opinion from the State of Indiana's Public Access Counselor supporting the applicant's position. The applicant and its representatives, employees, and agents acknowledge and agree that ICSB Board members and staff, and any official, agent, employee or representative of the State of Indiana shall not be held liable or legally responsible in any way for any such disclosure pursuant to APRA, and such parties hereby waive any rights to redress or claims of action pursuant to any such disclosure.

Charter School Application

Respond to the following questions, limiting your narrative response to sixty (60) total pages, excluding attachments.

Section I: Application Overview, Enrollment Plan, and Statement of Assurances

All documents referenced in this Section may be found under “Apply for a Charter -> Application Documents” on ICSB’s website.

A completed Charter Application includes:

- 1) This Charter Application, including all referenced Exhibits and Attachments;
- 2) The appropriate Enrollment Plan (either an Enrollment Plan for K-12 Schools or an Enrollment Plan for Adult High Schools); and
- 3) A Budget Projections Workbook.

Please answer each question completely and fully. If supplemental information is included either within the body of a question or in an Attachment, your answer should explain why such supplemental information is specifically relevant or important to your proposal. Please take the time to proofread all documents before submission to minimize grammar and spelling mistakes and to ensure that all references are accurate. Once submitted, your Application becomes a ‘public record’ and will be posted on ICSB’s website for any interested member of the public to review. Presentation is important!

Section II: Evidence of Need, Demand, and Community Support

- 1) Describe your targeted location (if known) or geographic area and your targeted student population.
- 2) Describe your plan for student recruitment and marketing that will provide equal access to any family interested in the new school. Explain how this strategy will garner the targeted enrollment.
- 3) Describe how you have determined that there is sufficient demand from student and families for the proposed school to meet enrollment projections. Provide any evidence of community engagement and support from community partners, including documentation of public forums held, or meetings with community leaders or other stakeholders (e.g., mayors, council members, neighborhood leaders).
- 4) If the replication is in the same area as an existing school, indicate if you have a current wait list? Does the replication provide current families with the option to enroll and have you

engaged interest with these families? Have you completed an internal analysis of how many of your current families would switch to another location due to proximity of neighborhood choice?

- 5) Describe, in list or table format, all other public schools, traditional and charter, within at least three (3) miles of the proposed school with the same or a similar grade level configuration. In the list or table, include the following information for each school: the distance from your proposed location, the most recent enrollment figures by grade level, and school level performance data for the most recently completed school year with valid data.

Some of this information may be found on IDOE’s Indiana Graduates Prepared to Succeed (GPS) website: <https://indianagps.doe.in.gov/>. More specific school level academic data may be found on IDOE’s regular website using the search term ‘data center and reports.’ When making comparisons between school performance, all performance data comparisons must use ILEARN data and be “apples to apples,” that is: 1) grade levels should be identical or very similar; 2) subgroup comparisons should be identical or within a close (~5%) range; and 3) categories of comparison, including SY, grade levels, academic subjects or tests (e.g., Math, ELA, IREAD), methods of measurement (growth or proficiency), and data types (scores vs percentages) should be the same.

- 6) Describe how you will engage parents and families from the new community in the school, starting from the time that the school is approved. How will the school build family-school partnerships to strengthen support for academic achievement and encourage parental/family involvement? Describe any commitments or volunteer activities the school will seek or offer to parents or the community-at-large.
- 7) What community resources will be available to students and parents? Describe any partnerships the school will have with community organizations, businesses, or other educational institutions. Describe any fee-based or in-kind commitments from community organizations or individuals that would enrich student learning opportunities.
- 8) If your replication would result in converting a traditional public school into a charter school, describe how you will communicate this to parents including the relevant family and community engagement strategies.
