

Town of Fishers CLEAN Community Program & Successes

Town of Fishers - CLEAN

- Five Pillars Overview
 - Establish a community recycling day
 - Carbon footprint calculator and education
 - Install “smart” road sensors for traffic management
 - Install water management infrastructure & fixtures
 - “Green” town meetings and reduce paper

Town of Fishers - CLEAN

- Establish a community recycling day
 - Identify a private recycling company to provide drop-off services for residents
 - Designate and reserve a Fishers park or public location to hold event
 - Secure all appropriate permissions for the park use and arrange police traffic management
 - Roll out marketing campaign through Town Talk, Fishers website, other avenues for event

Town of Fishers - CLEAN

- Two (2) events per year at parks
- As an example, one of the events in 2012 resulted in approximately 30 tons of items collected and diverted from landfills and/or water supply. Among the items collected were:
 - A 40 yard dumpster of cardboard, Styrofoam, carpet and random trash = 2000lbs
 - 15 bicycles
 - 25 mowers
 - 10 grills
 - 80 TVs
 - 100 CRTs (cathode ray tubes)
 - over 100 computers
 - hundreds of printers
 - over 1500 gallons of paint
 - large amounts of chemicals, open liquids, oil, etc.

Town of Fishers – Beyond CLEAN

- Tree Matching Grant
 - \$20,000 for homeowners or HOAs
 - Must be along roadways external to neighborhoods
- Town Clean Up Day
 - Once per year
 - Recycling, shred secure documents
 - clean up IT and offices

Town of Fishers – Beyond CLEAN

- Environmental Education & Outdoor Recreation (EEOR)
 - Three FT naturalists
 - 300 programs per year
 - Field trips, “celebrates,” registration programs, camps
 - Curriculum aligned with science standards for elementary schools
 - Outreach to schools and adult audiences
 - Expos, on-site programs, campfires/hikes, partnerships with Conner Priarie
