## LINE ITEM NO. 47 JACKET WITH HOOD

### Condor Summit Soft Shell Jacket

Ideal for cool climates, the Condor Summit Soft Shell Jacket combines comfort with high tactical utility. This jacket is made with moisture-wicking fabric that retains body heat to keep you warm and is treated with a water-resistant DuPont Teflon coating to keep you dry at all times. It also features underarm zippers for ventilation to help prevent overheating and a stowable hood for additional protection from the elements when the need arises. The multi-pocket design includes two shoulder pockets, a forearm pocket and two internal pockets for covert storage. Complete with a full-front YKK zipper with an easy-grip, double zipper pull, this jacket is as versatile as it is comfortable.

#### Features of Men's Condor Summit Soft Shell Jacket

- Outer layer: 100% polyester, four-way elastic, high-density fabric
- Mid layer: Breathable film membrane
- Inner layer: Lined with 150 g/m<sup>2</sup> 100% fleece
- Treated with DuPont Teflon for moisture, grime and stain resistance
- Fabric wicks away moisture and retains body heat
- Stowaway hood for additional weather protection
- Vented underarms
- Two shoulder pockets
- Two internal pockets with media port
- Two slash chest pockets
- Forearm pocket
- Full-front YKK zipper with easy-grip double zipper pull
- Drawstring waistband for a perfect fit
- NTOA member tested and recommended

HELMET TYPE IIIA TACTICAL BLACK  
PAGE 1

# BA3A™

## – BALLISTIC HELMET

The BA3A ballistic helmet is well suited for critical response personnel, security and mobile field forces. The BA3A helmet is available in a tactical-cut or a PASGT cut. The tactical-cut is a MICH-style design and the PASGT cut features a brim style helmet shell. Both of these cuts feature flared sides and extra wide eye port making them compatible with gas masks, communications and goggles.

### PRODUCT HIGHLIGHTS

- Meets NIJ Level IIIA ballistic threat protection standards (9mm)
- Shell is manufactured using advanced Thermoplastic Aramid and composites
- Accommodates field-mounted face shields
- Universal fit

### BALLISTIC PERFORMANCE TESTING

GLOBAL  
VISION

## LINE ITEM NO. 54 NIGHT VISION GOGGLES (PAGE 1)

# PVS-7

## NIGHT VISION GOGGLES

The PVS-7 is widely recognized for its unsurpassed dependability and ergonomic design. This U.S. Military-grade night vision goggle system has repeatedly proven its worth in combat, and is the highest-quality AN/PVS-7 B/D system on the market. The PVS-7 can be outfitted with high-performance Gen 2+ and Gen 3 image intensifier tubes (available in Green phosphor or P45 white phosphor).

The PVS-7 is equipped with Automatic Brightness Control (ABC) to adjust image brightness in changing light conditions to maintain image definition and clarity. The built-in infrared illuminator provides a light source beyond the visible spectrum to enable the user to operate in complete darkness without being detected.

Additionally, the PVS-7 has a bright light cutoff feature to protect the image tube from sources of intense light, and a flip-up shut-off feature that can be used with the optional helmet mount system. The PVS-7 has two LED indicators in the eyepiece for the IR illuminator on and low battery indicator.

Lightweight, tough, and versatile, the PVS-7 can be handheld, or mounted to the user's head/helmet. It is compatible with afocal magnifier lenses for superior long-range viewing.

- Compact, rugged design
- Waterproof
- Head or helmet-mountable for hands-free operation
- Ergonomic, simple, easy-to-operate controls
- Built-in Infrared illuminator
- Limited 3-year warranty

Equipment described herein is subject to US export regulations and may require a license prior to export. Diversion contrary to US law is prohibited.

## SPECIFICATIONS

Image Intensifier Tube	Gen 2+ or Gen 3
Magnification	1x
Lens System	27 mm; F/ 1.2
FOV	40°
Focus Range	0.2 m to infinity
Diopter Adjustment	-6 to +2 diopters
LED Indicators (in the FOV)	- Low Battery - IR On
Automatic Brightness Control	Yes
Bright Light Cut-Off	Yes
Infrared Illuminator	Yes
Battery Type	2 AA Alkaline or 1 Lithium (BA-5567/ U)
Battery Life (Operating)	Up to 60 hours at 20°C
Operating Temperature Range	-40°C to +50°C (-40°F to +122°F)
Storage Temperature Range	-50°C to +70°C (-58°F to +158°F)
Weight	0.68 kg (1.5 lb)
Overall Dimensions	162 × 152 × 76 mm (6.4 × 6.0 × 3.0 in)
Package Includes	Night Vision Goggles, Head Mount Assembly, Medium & Thick Brow Pads, Eye Cups, Lens Cap/Daylight Filter, Shoulder Strap, Lens Paper, Sacrificial Window, Demist Shields, Manual, Soft Carrying Case

# LINE ITEM NO. 57 BINOCULARS

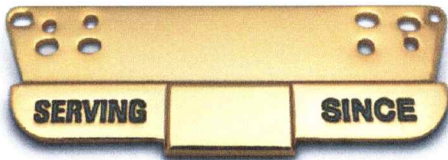

## BINOCULARS

- Finished in black and features 20x magnification for hunting, sporting, and more
- 50-millimeter front objectives let more light focus to your eye for viewing at dawn or dusk
- Ruby red anti-reflective lenses to assist with light transmission and a wide field of view
- Includes a lanyard, lens cloth, soft carry case with belt loop and user manual

The HUMVEE 20X50 Rubber Binocular features a black finish with 20x magnification for hunting, sporting, bird watching, space and sky observations and more. The front objectives are 50-millimeters in diameter and let more light focus to your eye for viewing at dawn or dusk. These folding binoculars use roof prism precision optics and ruby red anti-reflective lenses to assist with light transmission for a clearer more precise image. With a wide field of view from 58-meters at 1000-meters and 20x50 magnification, see more without sacrificing quality or magnification. HUMVEE has built its reputation on high quality optics and makes features such as one touch center focus and rubber armor coat standard on this model. The larger front objectives are perfect for the hunter, boater or fisherman who needs to see in dimmer lighting and the lanyard lets you wear the binocular around your neck. This product fits in your backpack or glove compartment when folded and includes a lanyard, soft carry case with belt loop, lens cloth, rubber objective protector and user manual. The HUMVEE HMV-B-20X50 Rubber Binocular comes with a limited 1-year warranty to protect against defects in material and workmanship. HUMVEE products are modeled after tools that have been tested on the field of combat and survived the most demanding situations.

**SERVICE BARS**  
**GOLD/SILVER**

## **SERVICE BARS**

Designed to hang on a clutch-back badges, these military service bars are the perfect add-on to badge orders. They are designed to be paint filled, not oxidized. A rotary cutter designed for stainless steel is recommended for best results.

**LINE ITEM 77  
HANDCUFF, CHAIN LINK  
NICKEL FINISH**

## **Model 700C Chain Link Handcuff**

### **Peerless Handcuff Company**

- Carbon Steel / Nickel
- Improved internal lock mechanism
- Spun rivet construction

The classic design is new and improved. The Model 700C features an improved internal lock mechanism for increased tamper resistance, smoother ratcheting action and greater durability. The 700C incorporates spun rivet construction, push pin double lock capability and nickel finish. Two keys supplied. The Model 700C is National Institute of Justice 0307.01 certified. Made in USA.

**LINE ITEM 79**  
**LEG IRON, NICKEL FINISH**

## **Model 703C Leg Iron**

### **Peerless Handcuff Company**

- All steel construction
- 15" chain
- 21 locking positions

The Peerless standard size Leg Iron now redesigned to be stronger and more tamper resistant. Features include all steel construction, spun rivets, 21 locking positions and push pin double lock capability. The 15" chain effectively limits range of motion. The Model 703C is made to meet or exceed the National Institute of Justice standards for workmanship, mechanical strength, tamper resistance and corrosion resistance. Two keys supplied. Made in USA.

**LINE ITEM 80  
OVERSIZE LEG IRON  
NICKEL FINISH**

## **Model 705C Oversize Leg Iron**

### **Peerless Handcuff Company**

- 15" chain
- Carbon Steel/Nickel
- 25 locking positions

The Peerless Oversize Leg Iron has been redesigned to be stronger and more tamper resistant. The Model 705C is designed specifically for larger individuals. It has a 3.2 inch opening and a maximum inside perimeter approximately 20% larger than the Model 703C Leg Iron. The Model 705C features all steel construction, spun rivets, 25 locking positions and push pin double lock capability. The 15" chain effectively limits range of motion. The Model 705C is made to meet or exceed the National Institute of Justice standards for workmanship, mechanical strength, tamper resistance and corrosion resistance. Two keys supplied. Made in USA.

**LINE ITEM 78  
HANDCUFF, OVERSIZE  
CHAIN LINK, NICKEL FINISH**

## **Model 702C Oversize Chain Link Handcuff**

### **Peerless Handcuff Company**

- Carbon Steel
- Nickel Finish
- Improved internal lock mechanism

The Model 702C is designed specifically for larger individuals or special security applications. This oversized cuff has a 20% larger inside perimeter than the Model 700C. The Model 702C features an improved internal lock mechanism for increased tamper resistance, smoother ratcheting action and greater durability. It meets or exceeds the National Institute of Justice standards for workmanship, mechanical strength, tamper resistance and corrosion resistance. Two keys supplied. Made in USA.
