Attendee Feedback

○
“It was wonderful being able to listen to all the presenters speak about their current happenings/research”

○
“I think the auditorium is a great place to hold it. The Government Center is a nice central location with parking. The speakers and segments were great!”

○
“Every speaker and segment were incredibly interesting. It was a day well spent!”

○
“I am becoming more educated regarding the Data and correlation of the social determinants of health. It was also beneficial for me to be able to understand what types of data are being collected to either identify additional gaps or identify if we are making progress and addressing the needs of each community.”

Great quality of topics.
