1.3 Purpose of the Solicitation

The purpose of this solicitation is to select one or two respondents that can satisfy the State’s need for maintenance, operations, and enhancement services for the State’s two Enterprise Decision Support Solutions (EDSS) that provides data warehouse support, integrated data decision support, and business intelligence support.

1.4 Summary Scope of Work

The contracted vendor(s) will provide maintenance and operations (M&O) support and enhancements support for two EDSS systems: the Enterprise Data Warehouse (EDW) and the Cloud Analytic Environment (CAE).

EDW Scope Summary:

While State FSSA Division of Healthcare Strategies & Technology (DST) staff manages the EDW, they are supported by two incumbent vendors. The first vendor, at a high level, manages and supports the EDW’s Teradata and Informatica ETL infrastructure and OMPP Data Warehouse (OMPP DW) healthcare-oriented data extraction and reporting. The second vendor supports the Social Services Data Warehouse (SSDW), which is used by several program areas across FSSA, along with other agencies such as the Indiana Department of Health (IDOH). There is some overlap between the two vendors and they both have had roles in furthering the EDW with consolidated infrastructure and standard data warehouse-oriented tools. With the contract resulting from this RFP, the State plans to combine these responsibilities under one vendor (“EDW Contractor”) for the future state of the EDW.

CAE Scope Summary:

In 2021, FSSA deployed a hybrid cloud architecture and analytics environment that is fully integrated with the on-premises network and assets through a dedicated, private connection. The CAE added the necessary functionality to consume non-traditional Medicaid data sources and link these data sources in an effective and sustainable way. The Contractor shall scale the program as required.

A pre-proposal conference will be held at the date, time and virtual location specified in Section 1.24. At this conference, potential respondents may ask questions about the solicitation and the solicitation process. Respondents are reminded that no answers issued verbally at the conference are binding on the State and any information provided at the conference, unless it is later issued in writing, also is not binding on the State.

The pre-proposal conference provides an opportunity for potential Prime Contractors and potential Subcontractors to connect. The State strongly encourages potential Prime Contractors and potential Subcontractors to complete and submit **Attachment I** directly to rfp@idoa.in.gov no later than the time and date outlined in Section 1.24. Compiled company contact information will be posted to the solicitation website to allow networking to take place among the vendor community. Though **Attachment I** is not required, the State encourages its use.

1.7 Question/Inquiry Process

All questions/inquiries regarding this solicitation must be submitted by the dates and times outlined in [Section 1.24](#). Questions/Inquiries may be submitted in **Attachment G**, Q&A Template, via email to rfp@idoa.IN.gov and must be received by the times and dates indicated in [Section 1.24](#).

The subject line of the email submissions must clearly state the following:
“RFP 24-78424 Questions/Inquiries – [INSERT COMPANY NAME]”.

Following the Round 1 question/inquiry due date, Procurement Division personnel will compile a list of the questions/inquiries submitted by all Respondents, redacting the name of the company who submitted the question. The responses will be posted to the IDOA website according to the timetable established in [Section 1.24](#). Only answers posted on the IDOA website will be considered binding and valid by the State. No Respondent shall rely upon, take any action, or make any decision based upon any verbal communication with any State employee. If the Respondent has additional questions solely related to the State’s responses to Round 1 Written Questions, they may submit a Round 2 Written Question. Round 2 Written Questions may be submitted in **Attachment G**, Q&A Template, via email to rfp@idoa.IN.gov and must be received by the time and date indicated in Section 1.24.

The subject line of the email submissions must clearly state the following:

If it becomes necessary to revise any part of this solicitation, or if additional information is necessary for a clearer interpretation of provisions of this solicitation prior to the due date for proposals, an Addendum will be posted on the IDOA website. If such Addenda issuance is necessary, the Procurement Division may extend the due date and time of proposals to accommodate such additional information requirements, if required.

1.8 Due Date for Proposals

All proposals must be received through the Supplier Portal at the link below by the Procurement Division no later than the date and time outlined in [Section 1.24](#) Summary of Milestones. The proposal will be considered the official response in evaluating responses for scoring and protest resolution and may be posted on the IDOA website, <https://www.in.gov/idoa/procurement/award-recommendations/> if recommended for selection. The proposal must follow the format indicated in [Section Two](#) of this document. No other method of submission will be accepted. Unnecessarily elaborate brochures or other presentations, beyond those necessary to present a complete and effective proposal, are not desired.

Important notes:

Remember that you cannot update the primary contact's email address and use it to sign into the Supplier Portal on the same day.

No more than one proposal per Respondent may be submitted.

Responses may no longer be sent in on flash drives.

The State encourages Respondents to break down their proposals into small file sizes and use compressed zip files, where possible. Uploading large files may lengthen the time to successfully submit your proposal. Checking file sizes of the proposal documents by viewing file properties is also recommended to reduce risks when uploading files.

A bidder ID and password are required to submit a response. For more information on that process, visit: <https://www.in.gov/idoa/wbt/SupplierPortal/index.html>. Bidder ID and password issues are handled by submitting a request for assistance to the State of Indiana Office of Technology and are handled in the order in which they are received. IDOA is not able to assist with these types of issues and they are not justification to miss the submission deadline.

The State strongly encourages Respondents to allow plenty of time when electronically submitting their proposals. Waiting until the last day is not recommended. The Supplier Portal allows documents to be edited until the proposal due date. Therefore, documents could be loaded over several days. The Supplier Portal will not accept proposals once the proposal due date and time has expired, even if a Respondent has already begun uploading bid documents.

The State accepts no obligations for costs incurred by Respondents in anticipation of being awarded a contract.

1.9 Modification or Withdrawal of Offers¹

Responses may be modified by Respondents until the time and date the response is due. The Respondent's authorized representative may withdraw the proposal prior to the due date by sending notice to the address listed above in Section 1.8.

¹ Please note if the State elects to cancel the solicitation, all submitted responses would remain confidential, until the replacement solicitation is concluded, and an Award Recommendation made.

1.10 Pricing

Pricing on this solicitation must be firm and remain open for a period of not less than one hundred eighty (180 days) from the date of award issuance. Any attempt to manipulate the format of the document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk of being removed from consideration.²

Please refer to the Cost Proposal sub-section under [Section Two](#) for a detailed discussion of the proposal pricing format and requirements.

1.11 Proposal Clarifications

The State may request clarifications, in writing, on proposals submitted. These clarifications could include, but are not limited to, request for additional information, or request for Cost or Technical proposal revision. Additionally, in conducting clarifications, the State may use information derived from proposals submitted by competing Respondents only if the identity of the Respondent providing the information is not disclosed to others. The State will provide equivalent information to all Respondents which have been chosen for clarifications.

A sample contract is provided in **Attachment B**, and additional terms where relevant are provided in **Attachments B.1, B.2, and B.3**. Any requested changes to the sample contract must be submitted with your response (See [Section 2.3.6](#) for details). The State may reject any of these requested changes. It is the State's expectation that any material elements of the contract will be substantially finalized prior to contract award.

1.12 Best and Final Offer (BAFO)

The State may request best and final offers from those Respondents determined by the State to be reasonably viable for contract award. However, the State reserves the right to award a contract based on initial proposals received. Therefore, each proposal should contain the Respondent's best terms from a price and technical standpoint.

Following evaluation of the best and final offers, the State may select for final contract negotiations/execution the offer(s) that are most advantageous to the State.

² Making modifications to the Cost Proposal could result in the proposal being removed from consideration.

1.13 Reference Site Visits

The State may request a site visit to a Respondent's working support center to aid in the evaluation of the Respondent's proposal. Site visits, if required, will be discussed in **Attachment F.1 and/or F.2 Technical Proposal**.

1.14 Type and Term of Contract

The State intends to sign a contract with one or more Respondent(s) to fulfill the requirements in this solicitation.

The term of the contract shall be for a period of four years (4) years from the date of contract execution. There may be two (2) one-year renewals for a total of six (6) years at the State's option.

1.15 Confidential Information

Respondents are advised that materials contained in proposals are subject to the Access to Public Records Act (APRA), IC 5-14-3 *et seq.*, and, after the contract award, the entire solicitation file will be posted on the IDOA website and may be viewed and copied by any member of the public, including news agencies and competitors. The responses are deemed to be "public records" unless a specific provision of IC 5-14-3 protects it from disclosure. Respondents claiming a statutory exception to the APRA **must indicate so per Attachment J** which specific provision applies to which specific part of the response.

Please note citing "Confidential" on an entire section is not sufficient or acceptable.

The Public Access Counselor (PAC) provides guidance on APRA. Respondents are encouraged to read guidance from the PAC on this topic as this is the guidance IDOA follows:

- [18-INF-06; Redaction of Public Procurement Documents Informal Inquiry](#)

If the Respondent does not identify the statutory exception, the Procurement Division will not consider the submission confidential. The State also may seek the opinion of the PAC for guidance.

1.16 Taxes

Proposals should not include any tax from which the State is exempt.

1.17 Procurement Division Registration

In order to submit a proposal per [Section 1.8](#), Respondents must be registered as a bidder with the Department of Administration, Procurement Division.

At Bidder Profile Registration, <https://www.in.gov/idoa/procurement/supplier-resource-center/requirements-to-do-business-with-the-state/bidder-profile-registration/> the following may be completed.

- To register, follow instructions provided in Section 2.3.8.
- If registered, a Bidder ID # list is available to complete the Submission Form per [Section 2.1](#).

1.18 Secretary of State Registration

If awarded the contract, the Respondent will be required to register, and be in good standing, with the Secretary of State. The registration requirement is applicable to all limited liability partnerships, limited partnerships, corporations, S-corporations, nonprofit corporations, and limited liability companies. Information concerning registration with the Secretary of State may be obtained by contacting:

1.19 Compliance Certification

Responses to this solicitation serve as a representation that the Respondent has no current or outstanding criminal, civil, or enforcement actions initiated by the State, and it agrees that it will immediately notify the State of any such actions. The Respondent also certifies that neither it nor its principals are presently in arrears in payment of its taxes, permit fees or other statutory, regulatory, or judicially required payments to the State. The Respondent agrees that the State may confirm, at any time, that no such liabilities exist, and, if such liabilities are discovered, that State may bar the Respondent from contracting with the State, cancel existing contracts, withhold payments to setoff such obligations, and withhold further payments or purchases until the entity is current in its payments on its liability to the State and has submitted proof of such payment to the State.

1.20 Equal Opportunity Commitment

It has been determined that there is a reasonable expectation of minority and woman business enterprises subcontracting opportunities on a contract awarded under this solicitation.

Therefore, a contract goal of 8% for Minority Business Enterprises and 11% for Woman Business Enterprises has been established.

Failure to address these requirements may impact the evaluation of your proposal.

1.21 **Minority & Women Business Enterprises Subcontractor Commitment (MWBE)**

Indiana Code 4-13-16.5 and 25 IAC 5 governs the Division of Supplier Diversity program as it relates to the certification, oversight, and responsibilities around the certified Indiana Minority and/or Women Business Enterprises (MWBE). As stated in [Section 1.20](#), there is a commitment goal for this solicitation. The MWBE Subcontractor Commitment form is **Attachment A**. If the Respondent proposes for multiple Scopes, they will need to submit one Attachment A for each Scope. The Scope must be clearly labeled in the file name. The MWBE Subcontractor Commitment Form is to be submitted as a part of the Respondent's proposal. In order for the Subcontractor commitment to result in evaluation points for the Respondent, the entity must be on the State of Indiana Certified M/WBE list at <https://www.in.gov/idoa/mwbe>.

If participation is met through the use of Subcontractors, the Respondent must provide the scope of work of the products and/or services to be provided by the Subcontractor(s). This must include explanation of whether the products and/or services are to be utilized directly by the Respondent and/or directly by the State, a description of the process through which the products/services will be received and applied to the benefit of the award, the deliverable requirements as agreed upon between the Contractor and Subcontractor, the certified UNSPSC that applies to the award, and the cost of supplies being utilized by the Respondent for this proposal. Respondents must complete the Subcontractor Commitment Form in its entirety. The amount entered in "**TOTAL BID AMOUNT**" should match the amount entered in the corresponding **Attachment D (D.1 or D.2)**. The MBE and/or WBE Subcontractor amount and Subcontractor percentage is based on the initial term of the contract for scoring purposes only. The overall committed Subcontractor percentage shall be sustained throughout the life of the contract including any time after the initial term.

Failure to meet these goals will affect the evaluation of your Proposal. The Department will verify all information included on the M/WBE Subcontractor Commitment Form.

Prime Contractors must ensure that the proposed Subcontractors meet the following criteria:

- Must be on the State of Indiana Certified M/WBE list at <https://www.in.gov/idoa/mwbe>, **on or before** the proposal due date.
- Prime Contractor must include with their proposal the Subcontractor's M/WBE Certification Letter provided by IDOA to show current status of certification.
- Each firm may only serve as one classification – MBE or WBE.

- A Prime Contractor who is an MBE or WBE must meet Subcontractor goals by using other listed certified firms. Certified Prime Contractors cannot count their own workforce or companies to meet this requirement. See 25 IAC 5-6-2(d))
- **Must serve a Valuable Scope Contribution (VSC). The firm must serve a value-added purpose on the engagement, as confirmed by the State.**
- Must provide goods or services only in the industry area for which it is certified.
- Must be used to provide the goods or services specific to the contract.
- National Diversity Plans are generally not acceptable.

MINORITY & WOMEN'S BUSINESS ENTERPRISES SUBCONTRACTOR LETTER OF COMMITMENT (MWBE)

A signed letter(s), on company letterhead, from the MBE(s) and/or WBE(s) must accompany the MWBE Subcontractor Commitment Form. If the Respondent proposes the same subcontractor for both Scopes, they will need to submit a letter from the subcontractor for each Scope. Each letter shall state and will serve as acknowledgement from the MBE and/or WBE of its Subcontract amount, the applicable scope, a description of products and/or services to be provided on this project and approximate date the Subcontractor will perform work on this contract. For scoring purposes, the MBE and/or WBE Subcontractor amount and Subcontractor percentage is based on the initial term of the contract. However, the Subcontractor commitment shall apply to the life of the contract including any time after the initial term.

The State may deny evaluation points if the letter(s) is/are not attached, not on company letterhead, not signed and/or does not reference and match the subcontract amount, subcontract amount as a percentage of the **"TOTAL BID AMOUNT"** and the anticipated period that the Subcontractor will perform work for this solicitation.

By submission of the proposal, the Respondent acknowledges and agrees to be bound by the rules and requirements of the State's Division of Supplier Diversity. Questions about those rules and requirements should be directed to: Division of Supplier Diversity at (317) 232-3061 or the Supplier Diversity website at <https://www.in.gov/idoa/mwbe>.

MINORITY & WOMEN'S BUSINESS COMPLIANCE (MWBE)

If awarded the contract with MWBE Subcontractor participation, the Respondent will be required to report payments made to Division of Supplier Diversity certified Subcontractors under the Contract monthly using the online audit tool, commonly referred to as "Pay Audit." The Contractor should also notify Subcontractors that they must confirm payments received from Contractor in Pay Audit. The Pay Audit system can be accessed on the IDOA Pay Audit System webpage at www.in.gov/idoa/mwbe/payaudit.htm.

Further, a copy of each Subcontractor agreement must be submitted to IDOA's Division of Supplier Diversity within thirty (30) days of the effective date of this contract. The contracts

may be uploaded into Pay Audit, emailed to MWBECompliance@idoa.IN.gov; or mailed to Division of Supplier Diversity Compliance 402 W. Washington Street, Indianapolis IN 46204. Failure to provide a copy of any Subcontractor agreement or failure to meet these commitments could be considered a material breach of this contract and result in sanctions per 25 IAC 5.

Any changes to this information during the term of the contract must be approved by Division of Supplier Diversity Compliance at MWBECompliance@idoa.IN.gov.

1.22 Reserved.

1.23 Americans with Disabilities Act

The Respondent specifically agrees to comply with the provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 *et seq.* and 47 U.S.C. 225).

Section Two

Proposal Preparation Instructions

2.1 General

To facilitate the timely evaluation of proposals, a standard format for proposal submission has been developed and is described in this section. All Respondents are required to format their proposals in a manner consistent with the guidelines described below:

- Proposals will be disqualified if received after the Due Date listed in [1.24](#) Summary of Milestones.
- Each item must be addressed in the Respondent's proposal.
- The Executive Summary must be in the form of a letter.
- Each item, Executive Summary, and attachments must be separate standalone electronic files. Please do not submit your proposal as one large file.
- A Bidder ID is required. See [1.8](#) Due Date for Bid Responses.
- Please submit all attachments in their original format. Any attempt to manipulate the format of the documents that deviates from the current format will put your proposal at risk of disqualification.
- Confidential Information must also be clearly indicated in Attachment J, Attestation Form and a redacted file provided (See [1.15](#) Confidential Information).
- If the Respondent is submitting a proposal for more than one Scope, the files must be clearly labeled with the Scope letter or letters that apply (e.g., "Vendor Name -EDW Technical Proposal")

2.2 Executive Summary

If the Contractor is submitting a proposal for multiple scopes, a separate Executive Summary is required for each Scope.

The Executive Summary must address the following topics except those specifically identified as "optional." The Executive Summary is to be attached to the Submission Form by the response due date and Eastern time.

2.2.1 Summary of Ability and Desire to Supply the Required Products or Services

The Executive Summary must briefly summarize the Respondent's ability to supply the requested products and/or services that meet the requirements defined in Section One of this solicitation.

2.3.2 **Respondent's Company Structure**

The legal form of the Respondent's business organization, the state in which it is formed (accompanied by a certificate of authority), the types of business ventures in which the organization is involved, and a chart of the organization are to be included in this section. If the organization includes more than one (1) product division, the division responsible for the development and marketing of the requested products and/or services in the United States must be described in more detail than other components of the organization.

2.3.3 **Respondent's Diversity, Equity, and Inclusion Information**

It is the State's expectation that the final contract will be substantially similar to the sample contract provided in **Attachment B**.

Please review the contract and indicate per **Attachment J**, your acceptance of mandatory contract clauses. If a non-mandatory clause is not acceptable as worded, suggest specific alternative wording to address issues raised by the specific clause in **Attachment E.1 or E.2**. Depending on your proposed System, you could be required to agree to one or more of the following sets of Additional Terms and Conditions:

- Attachment B.1 - IOT Additional Terms and Conditions - Infrastructure as a Service Engagements (IaaS)
- Attachment B.2 - IOT Additional Terms and Conditions - Platform as a Service Engagements (PaaS)

Please indicate in your response below which of these sets of Additional Terms and Conditions you believe applies to your proposed System. It is the State's strong desire to not deviate from the Additional Terms and Conditions that are provided in these attachments and as such the State reserves the right to reject any and all requested changes. Any or all portions of this RFP and any or all portions of your response may be incorporated as part of the final contract.

In addition to your response below, Respondents are also required to review and respond to the questions included in Attachment L, IOT Cloud Questionnaire Form.

2.4 Technical Proposal

The Technical Proposal must be divided into the sections as described in **Attachments F.1 and/or F.2**. Every point made in each section must be addressed in the order given. The same outline numbers must be used in the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the Technical Proposal must contain a meaningful summary of the referenced material. **The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked.** If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State.

Each Scope has a specific Technical Proposal Template. Respondents need to submit a Technical Proposal for the Scopes for which they are proposing:

- For EDW, use Attachment F.1
- For CAE, use Attachment F.2

Any attempt to manipulate the format of the document that deviates from the current format will put your proposal at risk of disqualification.

2.5 Cost Proposal

Each Scope has a specific Cost Proposal Template assigned. Respondents need to submit a Cost Proposal for the Scopes for which they are proposing:

- For EDW, use **Attachment D.1**
- For CAE, use **Attachment D.2**

The Cost Proposal must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk of disqualification.

Cost Proposal Narrative

The Respondent should provide a brief narrative (not longer than two pages) in support of each Cost Proposal item. The narrative should be focused on clarifying how the proposed prices correspond directly to the Respondent's Technical Proposal. For example, evaluators will expect detailed explanations of *Maintenance and Support* to correspond to *Maintenance and Support items* if described in the Technical Proposal. **Please compose and return this document in a PDF format, labeled as “Cost Proposal Narrative”.**

Cost Assumptions, Conditions and Constraints

The Respondent should list and describe as part of its Cost Proposal any special cost assumptions, conditions, and/or constraints relative to, or which impact, the prices presented on the Cost Schedules. It is of particular importance to describe any assumptions made by the Respondent in the development of the Respondent's Technical Proposal that have a material impact on price. It is in the best interest of the Respondent to make explicit the assumptions, conditions, and/or constraints that underlie the values presented on the Cost Schedules. Assumptions, conditions, or constraints that conflict with the solicitation requirements is not acceptable. **Please compose and return this document in a PDF format, labeled as “Cost Assumptions, Conditions and Constraints”.**

2.6 Attestation Form

2.6.1 Indiana Economic Impact

All companies desiring to do business with State Agencies must complete an “Indiana Economic Impact” form (**Attachment C**). This is not a separate evaluation item scored as set forth in [Section 3.2](#) but still a required form. The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the State. The amount entered in Line 16 “Total amount of this proposal, bid, or current contract” should match the amount entered in the corresponding **Attachment D (D.1 or D.2)**, Cost Proposal Template for the Scope the Respondent has submitted a response.

2.6.2 Reserved.

2.6.3 Reserved.

2.6.4 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this solicitation and shall not be relieved by the non-performance of any subcontractor. Respondent’s proposal must identify all subcontractors including those not submitted in **Attachment A** and describe the contractual relationship between the Respondent and each subcontractor. Per instructions in **Attachment J**, either a copy of the **executed subcontract** or a **letter of agreement** over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State and Federal statutes and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, **the Attestation Form, Attachment J, must include the identification of the functions to be provided by the subcontractor and the subcontractor’s related qualifications and experience.**

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State’s evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by

appropriate State officials, and such relationships must meet with the approval of the State.

The Respondent must list any subcontractor's name, address, and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this solicitation or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority Business Enterprise or Women's Business Enterprise under IC 4-13-16.5-1 and IC 5-22-14-3.5. See [Section 1.21](#), [Section 1.22](#) and **Attachment(s) A** for Minority and Women Business information.

Section Three Proposal Evaluation

3.1 Proposal Evaluation Procedure

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with solicitation requirements. All evaluation personnel will use the evaluation criteria stated in [Section 3.2](#).

The procedure for evaluating each Scope's proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to mandatory requirements, per Section 3.2, Step 1, on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration. Further any proposals not meeting the Mandatory Requirements listed in [Section 3.2](#), Step 1 and noted in **Attachment J** will be disqualified.
- 3.1.2 Each proposal will be evaluated based on the categories included in [Section 3.2](#). A point score has been established for each category.
- 3.1.3 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State may be selected by IDOA and the Family and Social Services Administration (FSSA) for further action, such as contract negotiations. If, however, IDOA and FSSA decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, the State may begin contract preparation with another Respondent or determine that no such alternate proposal exists.

3.2 Evaluation Criteria

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the solicitation in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 92). Negative points may be assigned in the cost score.

Additionally, there is an opportunity for a bonus of two points if certain criteria are met. For further information, please reference [Section 3.2.3](#). If any one or more of the listed criteria on

which the responses to this solicitation will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded, and the responses will be evaluated and scored without considering such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	50 available points
3. Cost (Cost Proposal)	30 available points
5. Minority Business Enterprise Subcontractor Commitment	5 (1 bonus points are available, see Section 3.2.5)
6. Women Business Enterprise Subcontractor Commitment	5 (1 bonus points are available, see Section 3.2.5)
Total	90 (92 if bonus awarded)

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. The Mandatory Requirements are:

- Executive Summary and required content
- **Attachment C** Indiana Economic Impact Form, completed;
- **Attachments D.1 and D.2** Cost Proposal, **Attachments E.1 and E.2** Business Proposal, **Attachments F.1 and F.2** Technical Proposal, unaltered and complete with all requested supporting documents.
- **Attachment J** Attestation Form, complete with all requested supporting documents

Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that fulfill the Step 1 Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. All proposals will be ranked based on their combined scores for Criteria

2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be further evaluated.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, and/or demonstrations focused on cost and other proposal elements. Step 2 may include additional “short lists” at the State’s sole discretion.

Step 3

The short-listed proposals will then be evaluated based on the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short-listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

3.2.1 Adherence to Requirements – Pass/Fail

Respondents passing this category move to Phase 2

The following 2 categories cannot exceed 80 points.

3.2.2 Management Assessment/Quality

50 available points

3.2.3 Price

30 available points

Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 30 points. The normalization formula is as follows:

- *Respondent’s Cost Score = (Lowest Cost Proposal / Total Respondent’s Cost of Proposal) X 30*

3.2.4 Reserved.

3.2.5 Minority Business Subcontractor Commitment – 5 points⁵

The following formula will be used to determine points to be awarded based on

⁵ Required documentation must, of course, be provided to receive points as described.

the MBE goals listed in [Section 1.20](#) of this solicitation. Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-points, scale. Points are assigned for respective MBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent’s commitment percentage is less than the established MBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts. Rounding will be calculated based on the Sub-Contract Amount, divided by the Total Bid Amount.)

If the respondent’s commitment amount is greater than \$0 but the commitment percentage is rounded down to 0% for MBE participation the respondent will receive 0 points.

If the respondent’s commitment amount is \$0 and thus the commitment percentage is 0% for MBE participation, a deduction of 1 point will be discounted on the respective MBE score.

The respondent with the greatest applicable VSC participation which exceeds the stated goal (“exceeds” defined herein as a commitment percentage that is equal to or greater than 9% before rounding) for the respective MBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the respective MBE category both firms will receive 6 points.

3.2.6 Women Business Subcontractor Commitment - 5 points ⁶

The following formula will be used to determine points to be awarded based on the WBE goals listed in [Section 1.20](#) of this solicitation.

Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-point, scale. Points are assigned for WBE participation based upon the BAFO meeting or exceeding the established goals.

If the Respondent’s commitment percentage is less than the established WBE

⁶ Required documentation must, of course, be provided to receive points as described.

goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%	9%	10%	11%
Pts.	0.45	0.9	1.35	1.8	2.25	2.7	3.15	3.6	4.05	4.5	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 3.15 pts., 7.50% will be rounded up to 8% = 3.6 pts. Rounding will be calculated based on the Sub-Contract Amount, divided by the Administrative Bid Amount.)

If the Respondent's commitment amount is greater than \$0 but the commitment percentage is rounded down to 0% for WBE participation the Respondent will receive 0 points.

If the Respondent's commitment amount is \$0 and thus the commitment percentage is 0% for WBE participation, a deduction of 1 point will be discounted on the WBE score.

The Respondent with the greatest applicable VSC participation which exceeds the stated goal ("exceeds" defined herein as a commitment percentage that is equal to or greater than 12% before rounding) for the WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the WBE category both firms will receive 6 points.

3.2.8 Qualified State Agency Preference Scoring

When applicable, pursuant to Indiana Code 5-22-13, a qualified State Agency submitting a response to this solicitation will be awarded preference points for Minority or Women's Business Enterprise equal to the Respondent awarded the highest combined points awarded for such preferences in the scoring of this solicitation.
