What do I need to know this month?

- **Change Agent Network Updates:**
 - Change Agents received several communication updates including:
 - Module Personas – one page “what DELTA means for me” documents for each Module that provide insights into that specific Module in DELTA.
 - Programs & Work Module Spotlight – ask for details and a demonstration of this Module (and others)!
- **DELTA Video Series:** December DELTA Videos are available! **New this month**, are comparison videos highlighting benefits of DELTA versus legacy systems. These feature activities being completed in the legacy system and in DELTA and can be found on the Microsoft Stream Site [HERE](#).
- **Train-The-Trainer:** Sessions for train-the-trainer have concluded with over 272 Instructors receiving training. **Training for all staff will begin in January of 2023.**
 - Training details have been shared directly with each staff member. Staff with specific questions on training should reach out to their Regional Dean (*list can be found on the next page*).
- **Pilot Testing Refresh:** Pilot testing is where select individuals will complete their daily tasks in both the DELTA system and the legacy systems that will ultimately be replaced to make sure everything is working properly. They will report any issues or bugs they find.
 - Pilot testing will begin in early February and take place at the following facilities / parole districts:
 - Rockville South Bend Re-entry Center, Wabash Valley, Logansport Juvenile, and Madison Parole District).

What actions can I take?

- **Continue to ask your facility or parole district's Change Agents for a demonstration of the DELTA System** and hear what they explored with this month's Scavenger Hunt.
