Leadership Talking Points – September

What do I need to know this month?

- **Change Agent Network Updates:**
    - Change Agents received an overview of the key benefits that the DELTA system is bringing to the Parole Module from an IDOC SME. Change Agents will be sharing this information with their peers and facilities.
    - Change Agents received the September scavenger hunt to guide their continued exploration of the UAT environment.
- **DELTA Video Series:** Change Agents received an overview of a new video series that will launch in September and October and continue through the calendar year and into 2023 Q1. The video series will have a different theme each month and feature the following video formats:
    - **Technical Videos:** These are short videos, *created by Mi-Case*, that focus on a particular aspect of the DELTA system. They will showcase the system itself and its functionality. These videos will be the first to launch in late September, while the other two formats will launch later in the year.
    - **Experiential Videos:** These are videos that feature Change Agents answering common questions and conveying the benefits of DELTA in a conversational manor.
    - **Comparison Videos:** These are side-by-side comparison videos of a particular activity or process being completed in DELTA and the corresponding legacy system that is being replaced.

What actions can I take?

- **Continue to ask your facility or parole district's Change Agents for a demonstration of the DELTA System** and hear what they explored with this month's Scavenger Hunt.
- **Ask your facility or parole district's Change Agents** about the positive impacts and key benefits DELTA will have on Parole.
- Ask your facility or parole district's Change Agents about where to find the **DELTA Technical videos and help share them with your facilities.**
