

Project DELTA Download

Indiana Department of Correction

June 2022

Key Term to know:

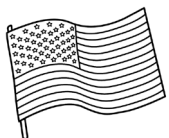

User Piloting

Essentially the dress-rehearsal of new system implementations, user piloting is when a **select group of individuals** begin **using the system** to help ensure that everything is **properly functioning in real-world situations** before the **system is fully launched**.

Moment of Thanks

With **Armed Forces Day, Memorial Day, and July 4th** being celebrated we would like to take a moment to **thank our staff and Project DELTA team members and their families who have served for their service and sacrifice.**

News to Know

Have you met your local Change Agents?

What is a Change Agent?:

Change Agents are an extension of the project DELTA team. They are tasked with **spreading awareness** on what our new system will bring and **answering questions** that fellow DOC staff may have. They are also responsible for **collecting feedback and sharing it with the project team**.

Where are our Change Agents?

Our **140 Change Agents** are **spread out across every facility & many parole districts**.

LaPorte Juvenile
