News to Know

Questions we've received surrounding the DELTA System:

Q: In OIS, the controlling charge isn't always obvious. Will DELTA make it clear what the controlling charge is for the sentence?
A: Yes. DELTA will display the status of each Case & Count (sentence) in the system as either active or inactive along with their Projected Release Dates

Spotlight Topic: Legacy System

Below is an overview of *some* of the systems that are currently in use today and where they fit in the new DELTA system.

Legacy Systems → **DELTA**

Term of the Month

Data Migration

Data migration is **the process of moving data from one location to another, one format to another, or one application to another**. The information from IDOC Legacy Systems is being migrated into the DELTA System for a seamless transition.
