## Key Definition:

### Birthright Access

Birthright access is a term that refers to the system access that is given to all staff, *at an individual level,* for Go-live. It is based on your current role and the responsibilities you complete, thus allowing you to continue to do so when DELTA launches.

Following the launch of DELTA, you can request additional access by submitting a request to the DOC help desk. Additional information regarding this process will be shared at go-live. Please note: Requests for additional access will be reviewed by the DELTA project team and may require staff to complete additional trainings.

### Experience Lab

DELTA Experience Labs offer the opportunity for staff to request temporary access to the DELTA system in order to further explore & become comfortable with system functionality. The objective is to provide people with the

## News to Know:

### Pilot is March 27th – March 31st

All staff at Central Office, Rockville, South Bend, Wabash Valley, Logansport Juvenile, and Madison Parole District will participate in Pilot. Pilot is the last phase of testing that the DELTA system will undergo before its launch in April. During Pilot, staff at the locations listed above will complete their daily tasks in both legacy systems & DELTA. This helps the project team test the system and business processes mimicking day-to-day operations.

Specific information and resources for completing Pilot will be shared directly with staff who are participating. In addition, participants will receive an invite to a kickoff session where the DELTA Project Team will further address expectations and requirements.

Please reach out to the DELTA Inbox (ProjectDELTA@idoc.in.gov) with any question you may have.

## What's In It For Me?

*What's In It For Me Delta one-pagers* are support resources that highlight key information for each module*, including:

- What IDOC activities or processes are completed in that specific module
- The key benefits that the DELTA System brings
- What changes are coming to each module in DELTA
- What activities or tasks will remain the same (if applicable, some modules are completely new)
- What are some of the primary job roles that will be using each of the modules

 * As a reminder, the DELTA system is structured around modules, such as Case Management, Classification, Parole, Warrants, etc.

opportunity to re-fresh their memory of the system – particularly if they completed training in January - before DELTA's launch.

Our first Experience Lab session is currently underway with two more labs scheduled for:

- Session 2: March 20th – April 2nd
- Session 3: April 10th – April 23rd

If you'd like to join an upcoming Experience Lab session, reach out to your facility or parole district's Change Agent. The full contact list can be found here.

## DELTA Testimonials

"I'm excited for DELTA because it will allow our staff to have all of their information in one, easily accessible location."
*Toni Sperle, Division of Parole Services*

"I really appreciate that DELTA is flexible and intuitive, far more so than the legacy OIS system that I use today."

*Jennifer Farmer, Sentence Computation & Release*
