

Project DELTA

Hey! Did you know...

The new **DELTA** system includes various “*modules*” – each with a specific focus on an area of the work that we do across the Indiana Department of Correction?

Project DELTA - Module Spotlights

Each month we will **highlight the positive impacts the DELTA system will bring to each module** and in turn the benefits that staff will experience when using it.

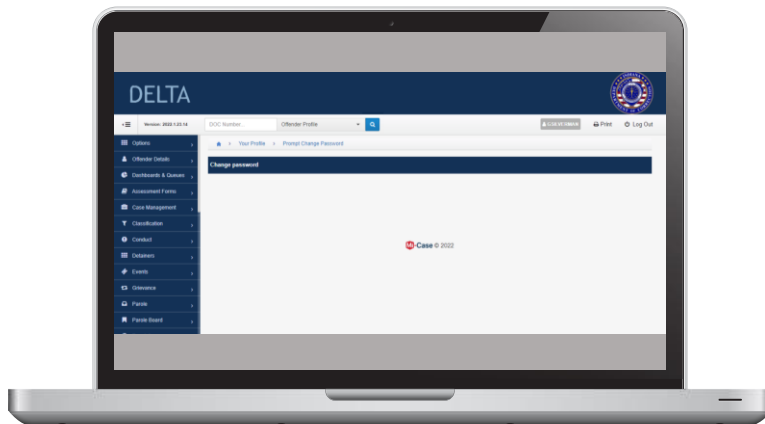

DELTA's Modules:

Investigations & Intelligence	Programs & Works	Case Management
Religious Services	Conduct	Classification
Detainers & Holds	Sentencing	Intake
Offender Grievances	Warrants	Movement
Parole Board	Visitation	Release
	PREA	Parole
	Property	Scheduling

This month, let's take a closer look at **Classification**

Project DELTA – Module Spotlight: Classification – *Part 1*

What benefits is DELTA
bringing in the
Classification module?

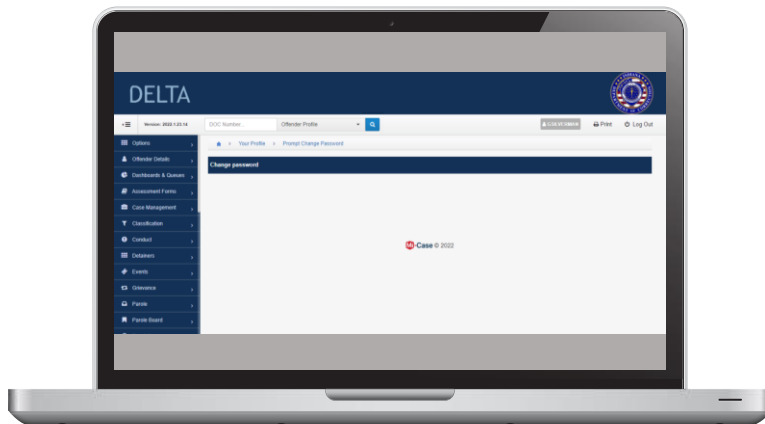

On the **Escape Screen**, users will have access to greater amounts of detailed information, in one location, on the type and date of escape convictions.

DELTA brings automated capabilities to the **Intake Report**, allowing for some items to auto populate, providing more information to users while taking less time.

Project DELTA – Module Spotlight: Classification – *Part 2*

What benefits is DELTA
bringing in the
Classification module?

The **Classification Hearing Report** has been digitized with DELTA. Classification ~~Click to add text~~ no longer have to fill out, keep track of, and file them on paper.

Juvenile caseworkers will receive **daily action queue** items for each of their juvenile offenders to prompt them to complete all of their required daily reviews all in DELTA.

Where can I learn more?

Ask Change Agents

Each facility / parole district has agent(s)

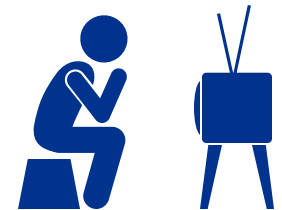

Learn about additional features of the Classification Module, ask for a demonstration of the DELTA System, and / or ask them questions about training.
