What's Happening Now?

Training: *Our SD&T team is partnering with Mi-Case & KPMG to develop training programs for DELTA*

Change Agent Network: *We launched a network of employees who act as a liaison between the project team and each of our facilities*

Security System Roles: *We are partnering with Module Owners, SMEs, Mi-Case and KPMG to determine access roles across each module*

System Testing: *We continue to test system functionality on an ongoing basis*
