

# Project DELTA

**Hey! Did you know...**

## **The Go-Live Date Has Been Extended!**

Based, in part, on your feedback and in order to provide time for testing & piloting of DELTA the Project DELTA Leadership team has decided to extend the **go-live of DELTA to Monday, April 24th** (from Monday, March 27th).

# What Staff are saying about DELTA:

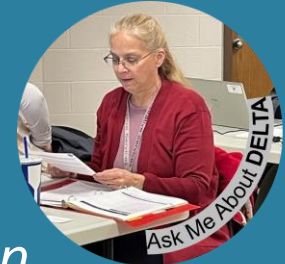

"DELTA is all inclusive but different than what we've been using. You'll be able to navigate and find everything you are looking for."

*John Hosler, PD3,  
speaking on the  
DELTA system*

"With DELTA you'll be able to print out and pull your own reports for commonly requested information."

*Rhonda Brennan,  
ISP, speaking on  
the DELTA System*

# Project DELTA - Module Spotlights

Each month we will **highlight the positive impacts** the DELTA system will bring to each module and in turn the benefits that staff will experience when using it.

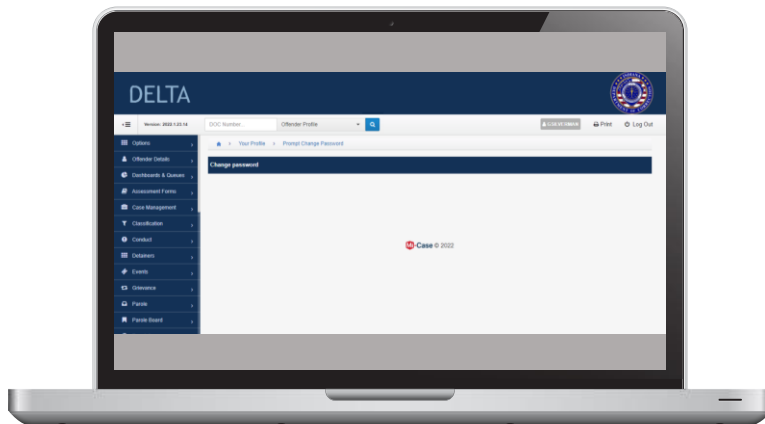

## DELTA's Modules:

Investigations & Intelligence	Programs & Work	Case Management
Religious Services	<b>Conduct</b>	Classification
Detainers & Holds	Sentencing	Intake
Offender Grievances	Warrants	Movement
Parole Board	Visitation	Release
	PREA	Parole
	Property	Scheduling

This month, let's take a closer look at the **Conduct** Module!

# Project DELTA – Module Spotlight: Conduct – *Part 1*

What benefits is DELTA bringing in the Conduct Module?

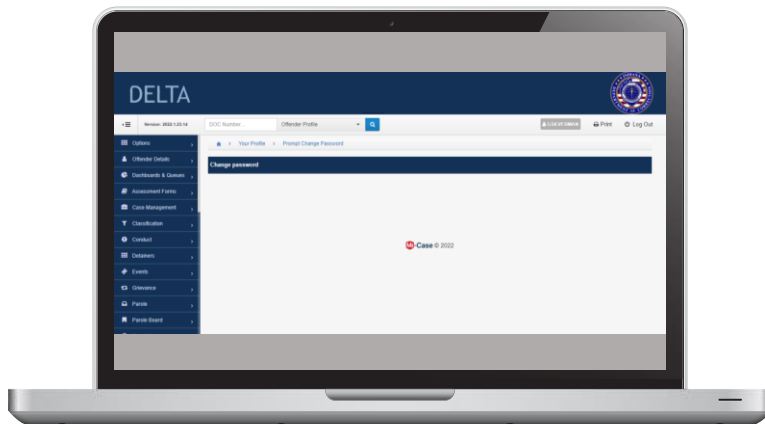

Witnesses added to DELTA will receive an **automatic request for them to upload their testimony**. Witnesses can upload a document or write it in a comment box.

**The Screening Officer can postpone the hearing date** on the Screening Report and provide a reason for doing so.

# Project DELTA – Module Spotlight: Conduct– *Part 2*

What benefits is DELTA bringing in the Conduct Module?

The Fiscal Team will be able to see all conduct violations that result in a financial sanction, so sending **requests to the Fiscal Team** will no longer be needed.

**Signatures** will be captured and tracked in **DELTA** instead of on paper. If signature pads can't be used, the form will be printed, signed, and uploaded.
