Project **DELTA**

Hey! Did you know…

Training for DELTA has begun and is mandatory for all staff.
Please check SuccessFactors for your in-person **or** virtual training assignment(s). If you have questions, **please reach out to your Facility's Regional Dean** – which can be found on the Project DELTA Intranet site!

What Instructors are saying about **DELTA:**

"DELTA is definitely a paradigm shift from what we are used to, as far as no longer having to navigate through multiple systems [to complete a task].

Being able to print out the Sentence Worksheet will help to answer a lot of the offenders' questions. This is more information on one screen than we're able to currently get from a screen in OIS."

Brian Newman, Sentencing

"I think the elimination of the data siloes is probably the most exciting piece of this for me. All the information is finally going to be available in one spot… People won't have to remember a lot of different logins, and they'll always have access to the information they need. It sets people up what they need to do their job."

Kurt Bensheimer, Gang Management

Project **DELTA** - Module Spotlights

Each month we will **highlight the positive impacts the** DELTA system will bring to each module and in turn the benefits that staff will experience when using it.
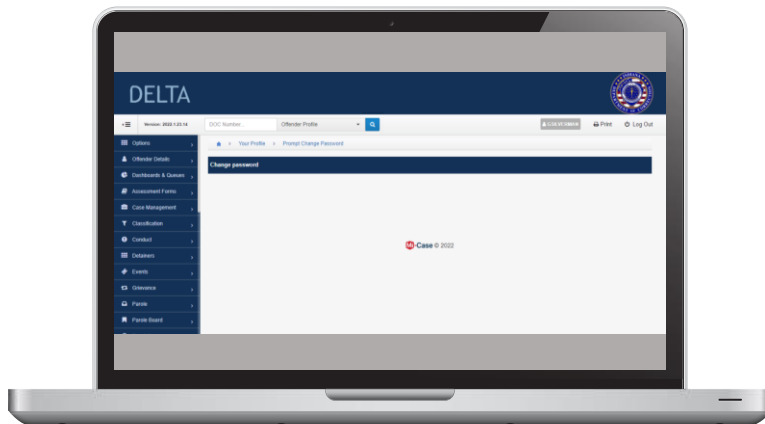

DELTA's Modules:

Project **DELTA** – Module Spotlight: Visitation– *Part 1*

What benefits is DELTA bringing in the Visitation Module?

The **Visit Registration Screen is an all-in-one place to view the visitor list**, visiting privileges, suspension reasons, and whether visitors have been denied multiple times.

Visitation Officers **will have access to computers** with DELTA and will be able to retrieve all necessary information.

Project DELTA Intranet Site: https://www.in.gov/idoc/home/project-delta/

Project **DELTA** – Module Spotlight: Visitation– *Part 2*

What benefits is DELTA bringing in the Visitation Module?

DELTA will **include emergency visits** as a special visit type and will track approvals within the system.

The Visitation Administration screen will show a **history of visitors who have been removed** from visiting privileges and who removed them.
