Project DELTA - Module Spotlights

Each month we will **highlight the positive impacts** the DELTA system will bring to each module and in turn the benefits that staff will experience when using it.

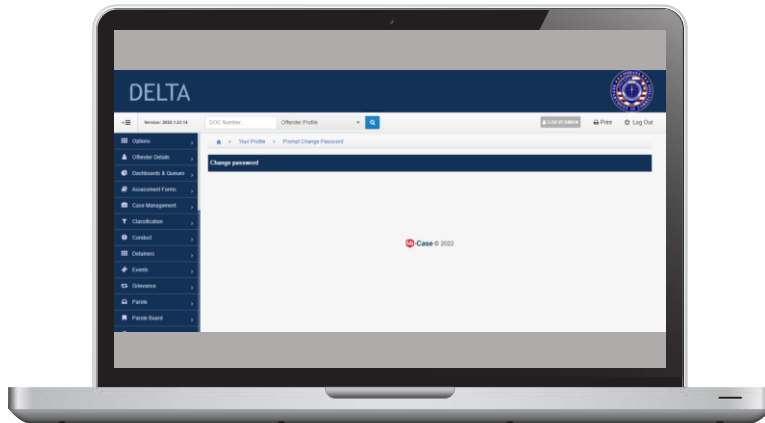

DELTA's Modules:

Investigations & Intelligence	Programs & Work	Gang Management
Religious Services	Conduct	Classification
Detainers & Holds	Sentencing	Intake
Offender Grievances	Warrants	Movement
Parole Board	Visitation	Release
	PREA	Parole
	Property	Scheduling

This month, let's take a closer look at the **Gang Management** Module!

Project DELTA – Module Spotlight: Gang Management – *Part 1*

What benefits is DELTA bringing in the Gang Management Module?

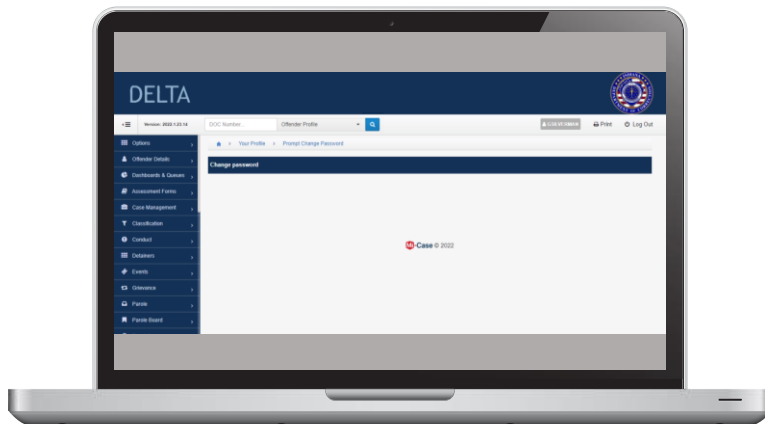

The STG profiles in DELTA will consolidate all **STG-related data into one area.**

All documents related to **STG evidence** will be **uploaded and stored in DELTA**, instead of simply being listed.

Project DELTA – Module Spotlight: Gang Management – *Part 2*

What benefits is DELTA bringing in the Gang Management Module?

Monikers for all offenders can be stored in DELTA on the Offender Data Screen, instead of only STG offenders.

Signatures for STG-related processes will be automatically routed to the appropriate people using action queues.
