INSTRUCTIONS

For Completing Title Annual Statement Blank

FOREWORD

Line titles and columnar headings of the various statement items and lines are in general self-explanatory and as such constitute instructions. Specific instructions are prescribed for items and lines about which there might be questions as to content. Make any entry for which no specific instruction appears in accordance with sound insurance accounting principles and in a manner consistent with related items and lines covered by specific instructions. The NAIC *Accounting Practices and Procedures Manual* is one reference for guidance concerning statutory accounting principles.

For U.S. branches of non-U.S. insurers:

In completing the annual statement blank, report all business done by the U.S. branch in the United States. The difference between the amounts reported on the Asset page, Line 28, Net Admitted Assets column and the Liability page, Line 23, Total Liabilities shall be reported on the Liability page, Line 30.

The format of the annual statement facilitates data capture. Therefore, do not change the captions for pre-printed items, lines, or columns and do not insert write-ins between pre-printed items, lines or columns (however, these requirements do not apply to the signature lines on the Jurat Page). An entry for which no specific pre-printed line title appears (for example, Deferred Option Income) should be included in the appropriate write-in line for each schedule or applicable page. Include an identifying title with each entry. Report write-in lines in descending order. The statement provides a limited number of lines for write-ins in each applicable section. Do not modify these pre-printed write-in detail schedules. If there is not sufficient room in a write-in detail schedule to accommodate all write-ins to be reported therein, report the write-in detail overflow on pages sequentially numbered beginning with Page 47 (Overflow page), followed by 47.1, 47.2, etc. In such instances, carry the summary of write-in overflow lines from this page to the prescribed line in the write-in detail schedule.

Each overflow write-in section should adhere to the following example:

Page 2

<u>ASSETS</u>		
<u>DETAILS OF WRITE-INS AGGREGATED IN LINE 25 FOR OTHER-THAN-INVESTED-ASSETS</u>		
2501.	Write-in caption aaaa	\$ 500,000
2502.	Write-in caption bbbb	350,000
2503.	Write-in caption cccc	250,000
2598.	Summary of remaining write-ins for Line 25 from Overflow page	300,000
2599.	TOTAL (Lines 2501 through 2503 plus 2598) (Page 2, Line 25)	\$ 1,400,000

<u>Overflow Page</u>		
<u>Page 2 – Continuation</u>		
<u>Assets</u>		
<u>Remainder of Write-ins Aggregated in Line 25</u>		
2504.	Write-in caption dddd	\$ 100,000
2505.	Write-in caption eeee	75,000
2506.	Write-in caption ffff	50,000
2507.	Write-in caption gggg	50,000
2508.	Write-in caption hhhh	20,000
2509.	Write-in caption iiiii	5,000
2597.	Summary of remaining write-ins for Line 25 (Lines 2504 through 2596) (Page 2, Line 2598)	\$ 300,000

More than one detail overflow section may appear on one page. However, the items should remain in page number order. Notwithstanding the prohibition against changing the captions of pre-printed items or columns and against inserting write-ins between pre-printed lines or columns, certain portions of the annual statement may require more lines than are provided. When additional lines are required within any of these statement areas, companies shall continue the sequence of either the pre-printed line number range, or the line number range described in the appropriate instruction area.

When the use of such additional lines requires more room than exists on the pre-printed page, the continuation should be presented on a page, inserted immediately following the pre-printed page, designated as page n.1, n.2, etc. For instance, if Schedule BA, Part 1, Other Long-Term Invested Assets requires more lines, the continuation would be presented on Page E07.1, E07.2, etc. Adequately caption all such additional pages to enable ready identification.

Pre-printed subtotal, total, and grand total lines have specific line numbers assigned. The prescribed subtotal line numbers are set forth in the instructions for the respective annual statement page or part thereof, to which they pertain.

In most instances, the information appearing in the various sections of the statement will be sufficient to meet examination needs. However, each company must maintain adequate records and work papers to support the total of all accounting transactions, enabling verification of the year-end statement values. Company management should perform a periodic review to determine that these records are accurate, sufficiently detailed, and retained in orderly, safe storage with appropriate retention periods.

INDEX

The annual statement shall contain an alphabetized index on the last page of the hardcopy statement, which references the title and page number of all of the pages that are required to be included in that filing. The NAIC shall maintain, and place on its Website at www.naic.org/cmte_e_app_blanks.htm, the alphabetized index for all statement types that is required to be included in the hardcopy of the statement. The above is only required on the March 1 filing, and specifically excludes any supplements.

GENERAL

Complete the annual statement in accordance with the NAIC *Annual Statement Instructions and Accounting Practices and Procedures Manual* except to the extent that: (1) state law may differ, or (2) state rules or regulations require differences in reporting. If guidance is not available from those sources, consult the domiciliary state's insurance regulatory authority.

1. Companies are required to file the quarterly statement 45 days after the end of the quarter and the annual statement on or before March 1 for the preceding calendar year, unless otherwise required.
2. The reporting date and the legal name of the company must be plainly written or stamped at the top of all pages, exhibits and schedules (and duplicate schedules) and also upon all inserted schedules and loose sheets. Where permitted, the assumed name can accompany the legal name.
3. It is the responsibility of the company to prepare and utilize the barcodes correctly. See the Appendix within these instructions for use of specific barcodes.
4. Printed statements or copies produced by some duplicating process on the actual blanks required by this Department, will be accepted if:
 - a. Bound in covers similar in color to the blanks required by this Department.
 - b. Printed or duplicated by a process resulting in permanent black characters on a good grade of paper of light color.
 - c. Such statements and all supporting schedules contain all the information required, with the same headings and footnotes, and are of the same size and arrangement, page for page, column for column, and line for line, as in the blanks required by this Department, unless the company is otherwise instructed.

State insurance departments, other than the state of domicile, must choose to receive certain detailed investment schedules (as listed below) in hardcopy. The state filing instructions will serve as notice regarding the requirements. However, even if the detailed investment schedules are required by a state other than where the reporting entity is domiciled, those detailed schedules must be included in a separate bound statement, provided some reference to the fact is included with the regular filing and in the location where those pages would be included.

The following schedules are to be filed in paper copy with the state of domicile only, unless specifically requested by other admitted states. The state filing checklist and instructions will serve as notice regarding the paper filing requirements.

Schedule A
Schedule B
Schedule BA
Schedule D, Parts 1 – 6 (excluding Part 1A)
Schedule DA, Part 1
Schedule DB, Parts A-E
Schedule DL, Parts 1 and 2
Schedule E, Parts 1, 2 and 3

If the reporting entity is filing with the NAIC, that filing shall be via the Internet only.

Photocopied or faxed pages are not acceptable.

Printing Standards

- a. Commercial printers must be furnished with original laser printer output generated at appropriate laser settings to give the highest print quality (no photocopied or faxed pages).
- b. No font smaller than 8-point type for the annual statement or 6-point type for all investment schedules may be used. Ornate fonts may not be used.
- c. Present numbers in non-bold, non-italic type.
- d. Numbers must be non-proportionally spaced.
- e. The annual and quarterly statements must be printed at 9 lines per inch.
- f. Unobtrusive dotted leader lines shall be printed across the page to guide the eye to the reported figures. They should not touch the reported figures.
- g. Slashed zeros (0) shall not be used.
- h. The number of detail write-in lines printed in any detail write-in section shall be three (3). Remaining detail write-in lines, if any, shall be reported on the overflow page.

These rules do not apply to pre-printed line captions, column headings, or footnotes.

If a reporting entity utilizes a software package other than the annual statement vendors' package for producing variable line schedules, the reporting entity is responsible for ensuring that such package(s) meet all of the aforementioned printing standards.

All annual and quarterly statements and all filing forms associated with the annual and quarterly statement filings are to be 8 1/2" x 14" unless otherwise specified by state(s).

5. Blank schedules will not be considered properly filed. If no entries are to be made, write "None" or "Nothing" across the schedule in question or complete the appropriate interrogatory of the Supplemental Exhibits and Schedules Interrogatories page of the annual statement blank. If a reporting entity chooses not to file allowable investment schedule detail, the schedule must be stamped, "Details filed with the state of domicile, state of commercial domicile and the NAIC." Companies should account for every page of the annual statement in consecutive page number order. If several consecutive pages are "None", (or in the case of some investment schedules that are not filed in hard copy in all states,) the appropriate page numbers with exhibit or schedule headings may be listed on one page. Insert that page in the appropriate location in the annual statement.
6. If additional supporting statements or schedules are added in connection with answering interrogatories or providing information on the financial statement, the additions should be properly keyed to the item being answered.
7. Any item that cannot be readily classified under one of the printed items must be reported with an identifying title (for example, Deferred option income) in the appropriate write-in section for each applicable page, or section thereof. The statement provides a limited number of lines for write-ins, but companies may add as many lines as necessary.
8. The "include" and "exclude" are examples only and are not intended to be all-inclusive.
9. If this report does not contain the information asked for in the blanks or is not prepared in accordance with these instructions, they will not be considered filed.
10. Report all amounts in whole dollars only, except for designated schedules where 000's are omitted. Companies may elect to report the amounts to the nearest dollar or may truncate digits below a dollar. (Examples: \$602,543.52 may be reported as \$602,544 by rounding or as \$602,543 by truncation.) It is expected that the failure of items to add to the summary totals will reflect this treatment.

11. Report all amounts in U.S. dollars only, except for nominal information included in description fields that may be expressed in a foreign currency. Refer to *SSAP No. 23—Foreign Currency Transactions and Translations* for accounting guidance.
12. Effective 01/01/2001, all dates must be reported in the format of MM/DD/YYYY. For investments purchased prior to 01/01/2001 (or where complete dates are not available for activities prior to 01/01/2001), and the company does not have sufficient information to report month or day, 01/01 should be used.
13. The company should not change the page numbers designated in the association blank. If extra pages are needed, for other than sections entitled “Details of Write-Ins” use decimals after the page number, like 37.1, 37.2, etc. For example, General Interrogatories, Part 1 – Common Interrogatories 14, 14.1, 14.2 etc., and Part 2 – Title Interrogatories 15, 15.1, 15.2, etc.

If pages are doubled up, double up the page numbers also. For example, if Pages 37, 38 and 39 are shown on the same page, show all three page numbers at the bottom of the page like 37, 38 and 39 or 37-39.

14. While there are instances where the filing of an amended annual statement may be necessary (in which case all related filings including electronic filing are resubmitted), the restatement of prior years’ results is generally prohibited. The reporting entity should submit such changes with a new Jurat Page completed in all respects, along with an amended annual statement.
15. Assets and liabilities shall be offset and reported net only when a valid right of setoff exists and if it is not prohibited by specific statements of statutory accounting principles. Refer to *SSAP No. 64—Offsetting and Netting of Assets and Liabilities* for accounting guidance.
16. Unless otherwise specified, report all alphabetic code and YES/NO responses to interrogatories, exhibits and schedules in solid capital letters.
17. Except in situations where a merger has occurred, amounts reported for assets, liabilities, surplus, revenues, and expenses for prior years in the current year’s annual statement must be identical to the amounts that were reported in the annual statement of the prior year. However, amounts reported in prior years may need to be adjusted in the current year as a result of the following:

Changes in accounting principles or practices or changes in the methods of applying accounting principles or practices.

Changes in accounting estimates as a result of new events or new information.

Corrections of error in previously filed information.

A merger

If changes are required for amounts reported in prior years, such changes are included in the amounts reported for the current year. Report the effects of such changes as follows, unless these instructions or the NAIC *Accounting Practices and Procedures Manual* specifically provide for a different treatment:

- A. The cumulative effect of a change in accounting principles or practices or a change in the method of applying accounting principles or practices should be reported on Page 4, Line 25 Cumulative Effect of Changes in Accounting Principles. The cumulative effect of changing to a new accounting principle is the difference between the amount of net worth at the beginning of the year and the amount of net worth that would have been reported at that date, if the new accounting principle had been applied retroactively for all prior periods. An example of a change in accounting principles would be a change in the method of accounting for pensions or other post-employment benefits.
- B. The effects of changes in accounting estimates are included in income and expenses in the Statement of Revenue, Expenses and Capital & Surplus for the current year. For example, a change in the estimate of loss reserves for losses related to prior years are included in the Statement of Revenue, Expenses and Capital & Surplus in losses incurred for the current year.

- C. The effects of changes resulting from corrections of errors in previously filed information (for example, mathematical mistakes, misapplication of accounting principles, or oversight or misuse of facts) should be reported as an adjustment to surplus in the current year. Report such adjustments to surplus with an appropriate identifying title as a write-in item for the Aggregate Write-ins for Gains or (Losses) in Surplus line.
- D. In the case of a merger, prior year's amounts reported for assets, liabilities, surplus, revenues and expenses and those amounts reflected in supporting annual statement schedules, are reported on a merged basis consistent with the current year's post-merger reporting basis.
- E. Changes that do not affect assets, liabilities, revenues, expenses, or surplus but that materially affect historical information in the financial statement supplemental schedules (e.g., Schedule P) shall be reflected in the current year's schedules with appropriate notations made in the Notes to Financial Statements.
18. Related parties are defined in *SSAP No. 25—Affiliates and Other Related Parties* as entities that have common interests as a result of ownership, control, affiliation or by contract. Refer to *SSAP No. 25—Affiliates and Other Related Parties* for accounting guidance.
19. A person is an individual, corporation, partnership, joint venture or any other legal entity. A "parent" is any person that, directly or indirectly, owns or controls the reporting entity. A "subsidiary" is any person that is, directly or indirectly, owned or controlled by the reporting entity. An "affiliate" is any person that is, directly or indirectly, owned or controlled by the same person or by the same group of persons that, directly or indirectly, own or control the reporting entity. The term "affiliate" includes parent and subsidiaries. Control shall be presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote or holds proxies, representing 10% or more of the voting securities of any other person.
20. All reported amounts less than zero shall be represented by the use of parentheses. Parentheses shall also be used to denote those instances in which the reported figure is contrary to what normally would be expected.
21. The Notes to Financial Statements are provided to disclose pertinent information, including comments on items or transactions that are unusual or not self-explanatory or that might otherwise be misunderstood.

ACTUARIAL OPINION

1. There is to be included with or attached to Page 1 of the Annual Statement, the statement of a Qualified Actuary, entitled "Statement of Actuarial Opinion" (Actuarial Opinion) setting forth his or her opinion relating to reserves specified in the SCOPE paragraph. The Actuarial Opinion, both the narrative and **required** exhibits, shall be in the format of and contain the information required by this section of the *Annual Statement Instructions – Title*.

The Qualified Actuary must be appointed by the Board of Directors or its equivalent, or by a committee of the Board, by December 31 of the calendar year for which the opinion is rendered. Upon initial appointment (or "retention"), the Company shall notify the domiciliary commissioner within five business days of the appointment with the following information:

- a. Name and title (and, in the case of a consulting actuary, the name of the firm).
- b. Manner of appointment of the Appointed Actuary (e.g., who made the appointment and when).
- c. A statement that the person meets the requirements of a Qualified Actuary.

Once this notification is furnished, no further notice is required with respect to this person unless the actuary ceases to be appointed or retained or ceases to meet the requirements of a Qualified Actuary.

If an actuary who was the Appointed Actuary for the immediately preceding year's Actuarial Opinion is replaced by an action of the Board of Directors, the Insurer shall within five (5) business days notify the Insurance Department of the state of domicile of this event. The Insurer shall also furnish the domiciliary commissioner with a separate letter within ten (10) business days of the above notification stating whether in the twenty-four (24) months preceding such event there were any disagreements with the former Appointed Actuary regarding the content of the opinion on matters of the risk of material adverse deviation, required disclosures, scope, procedures, type of opinion issued, substantive wording of the opinion or data quality. The disagreements required to be reported in response to this paragraph include both those resolved to the former actuary's satisfaction and those not resolved to the former actuary's satisfaction. The letter should include a description of the disagreements and the nature of its resolution (or that it was not resolved). The Insurer shall also request in writing such former actuary to furnish a letter addressed to the Insurer stating whether the actuary agrees with the statements contained in Insurer's letter and, if not, stating the reasons for which he or she does not agree; and the Insurer shall furnish such responsive letter from the former actuary to the domiciliary commissioner together with its own.

The Appointed Actuary must report to the Board of Directors or the Audit Committee each year on the items within the scope of the Actuarial Opinion. The Actuarial Opinion and the Actuarial Report must be made available to the Board of Directors. The minutes of the Board of Directors should indicate that the Appointed Actuary has presented such information to the Board of Directors or the Audit Committee and that the Actuarial Opinion and the Actuarial Report were made available. A separate Actuarial Opinion is required for each company filing an Annual Statement. When there is an affiliated company pooling arrangement, one Actuarial Report for the aggregate pool is sufficient, but there must be addendums to the Actuarial Report to cover non-pooled reserves for individual companies.

The Actuarial Opinion and the supporting Actuarial Report and workpapers, should be consistent with the appropriate Actuarial Standards of Practice (ASOPs), including but not limited to ASOP No. 23, ASOP No. 36, ASOP No. 41 and ASOP No. 43, as promulgated by the Actuarial Standards Board, and Statements of Principles adopted by the Casualty Actuarial Society.

1A. Definitions

"Qualified Actuary" is a person who is either:

- (i) A member in good standing of the Casualty Actuarial Society; or
- (ii) A member in good standing of the American Academy of Actuaries who has been approved as qualified for signing casualty loss reserve opinions by the Casualty Practice Council of the American Academy of Actuaries.

"Insurer" or "Company" means a reporting entity authorized to write title insurance under the laws of any state and who files on the Title Blank.

"Actuarial Report" means a document or other presentation, prepared as a formal means of conveying to the state regulatory authority and the Board of Directors, or its equivalent, the actuary's professional conclusions and recommendations, of recording and communicating the methods and procedures, of assuring that the parties addressed are aware of the significance of the actuary's opinion or findings, and of documenting the analysis underlying the opinion. The expected content of the Actuarial Report is further described in paragraph 7. (Note that the inclusion of the Board of Directors as part of the intended audience for the Actuarial Report does not change the content of the Actuarial Report as described in paragraph 7. The Appointed Actuary should present findings to the Board of Directors in a manner deemed suitable for such audience.)

1B. Exemptions

An insurer who intends to file for one of the exemptions under this section must submit a letter of intent to its domiciliary commissioner no later than December 1 of the calendar year for which the exemption is to be claimed. The commissioner may deny the exemption prior to December 31 of the same year if the exemption is deemed inappropriate.

A copy of the approved exemption must be filed with the Annual Statement in all jurisdictions in which the company is authorized.

Exemption for Small Companies

An insurer that has less than \$1,000,000 total direct plus assumed written premiums during a calendar year, and less than \$1,000,000 total direct plus assumed loss and loss adjustment expense reserves at year-end, in lieu of the Actuarial Opinion required for the calendar year, may submit an affidavit under oath of an officer of the insurer that specifies the amounts of direct plus assumed written premiums and direct plus assumed loss and loss adjustment reserves.

Exemption for Insurers under Supervision or Conservatorship

Unless ordered by the domiciliary commissioner, an insurer that is under supervision or conservatorship pursuant to statutory provision is exempt from the filing requirements contained herein.

Exemption for Nature of Business

An insurer otherwise subject to the requirement and not eligible for an exemption as enumerated above may apply to its domiciliary commissioner for an exemption based on the nature of business written.

Financial Hardship Exemption

An insurer otherwise subject to this requirement and not eligible for an exemption as enumerated above may apply to the commissioner for a financial hardship exemption.

Financial hardship is presumed to exist if the projected reasonable cost of the opinion would exceed the lesser of:

- (i) One percent (1%) of the insurer's capital and surplus reflected in the insurer's latest quarterly statement for the calendar year for which the exemption is sought; or
 - (ii) Three percent (3%) of the insurer's direct plus assumed premiums written during the calendar year for which the exemption is sought as projected from the insurer's latest quarterly statements filed with its domiciliary commissioner.
2. The Statement of Actuarial Opinion must consist of an IDENTIFICATION paragraph identifying the Appointed Actuary; a SCOPE paragraph identifying the subjects on which an opinion is to be expressed and describing the scope of the actuary's work; an OPINION paragraph expressing his or her opinion with respect to such subjects and one or more additional RELEVANT COMMENTS paragraphs. These four sections must be clearly designated.
 3. The IDENTIFICATION paragraph should indicate the Appointed Actuary's relationship to the Company, qualifications for acting as Appointed Actuary, and date of appointment and specify that the appointment was made by the Board of Directors (or its equivalent) or by a committee of the Board.

A member of the American Academy of Actuaries qualifying under paragraph 1A(ii) must attach, each year, a copy of the approval letter from the Academy.

These instructions require that a Qualified Actuary prepare the Actuarial Opinion. If a person who does not meet the definition of a Qualified Actuary has been approved by the insurance regulatory official of the domiciliary state, the Company must attach, each year, a letter from that official stating that the individual meets the state's requirements for rendering the Actuarial Opinion.

4. The SCOPE paragraph should contain a sentence such as the following:

"I have examined the actuarial assumptions and methods used in determining reserves listed in Exhibit A, as shown in the Annual Statement of the Company as prepared for filing with state regulatory officials, as of December 31, 20__, and reviewed information provided to me through XXX date."

Exhibit A should list those items and amounts with respect to which the Appointed Actuary is expressing an opinion.

The Appointed Actuary should state that the items in the SCOPE paragraph, on which he or she is expressing an opinion, reflect the Disclosure items (8 through 14) in Exhibit B.

The SCOPE paragraph should include a paragraph such as the following regarding the data used by the Appointed Actuary in forming the opinion:

"In forming my opinion on the loss and loss adjustment expense reserves, I relied upon data prepared by (name, affiliation and relation to Company). I evaluated that data for reasonableness and consistency. I also reconciled that data to Schedule P, Parts 1 and 2 of the Company's current Annual Statement. In other respects, my examination included such review of the actuarial assumptions and methods used and such tests of the calculations as I considered necessary."

5. The OPINION paragraph should include a sentence that at least covers the points listed in the following illustration:

"In my opinion, the amounts carried in Exhibit A on account of the items identified:

- A. Meet the requirements of the insurance laws of (state of domicile).
- B. Are computed in accordance with accepted actuarial standards and principles.
- C. Make a reasonable provision for all unpaid loss and loss adjustment expense obligations of the Company under the terms of its contracts and agreements."

If there is any aggregation or combination of items in Exhibit A, the opinion language should clearly identify the combined items.

Insurance laws and regulations shall at all times take precedence over the actuarial standards and principles.

If the actuary has made use of the work of another actuary (such as for pools and associations, for a subsidiary or for special lines of business) for a material portion of the reserves, the other actuary must be identified by name and affiliation within the OPINION paragraph.

A Statement of Actuarial Opinion should be made in accordance with one of the following sections (a through e). The actuary must explicitly identify in Exhibit B which type applies.

- a. **Determination of Reasonable Provision.** When the carried reserve amount is within the actuary's range of reasonable reserve estimates, the actuary should issue a Statement of Actuarial Opinion that the carried reserve amount makes a reasonable provision for the liabilities associated with the specified reserves.
- b. **Determination of Deficient or Inadequate Provision.** When the carried reserve amount is less than the minimum amount that the actuary believes is reasonable, the actuary should issue a statement of actuarial opinion that the carried reserve amount does not make a reasonable provision for the liabilities associated with the specified reserves. In addition, the actuary should disclose the minimum amount that the actuary believes is reasonable.
- c. **Determination of Redundant or Excessive Provision.** When the carried reserve amount is greater than the maximum amount that the actuary believes is reasonable, the actuary should issue a Statement of Actuarial Opinion that the carried reserve amount does not make a reasonable provision for the liabilities associated with the specified reserves. In addition, the actuary should disclose the maximum amount that the actuary believes is reasonable.
- d. **Qualified Opinion.** When, in the actuary's opinion, the reserves for a certain item or items are in question because they cannot be reasonably estimated or the actuary is unable to render an opinion on those items, the actuary should issue a qualified Statement of Actuarial Opinion. The actuary should disclose the item (or items) to which the qualification relates, the reasons for the qualification, and the amount for such item(s), if disclosed by the Company. Such a qualified opinion should state whether the stated reserve amount makes a reasonable provision for the liabilities associated with the specified reserves, *except for* the item (or items) to which the qualification relates. The actuary is not required to issue a qualified opinion if the actuary reasonably believes that the item (or items) in question are not likely to be material.
- e. **No Opinion.** The actuary's ability to give an opinion is dependent upon data, analyses, assumptions, and related information that are sufficient to support a conclusion. If the actuary cannot reach a conclusion due to deficiencies or limitations in the data, analyses, assumptions, or related information, then the actuary may issue a statement of no opinion. A statement of no opinion should include a description of the reasons why no opinion could be given.

6. The Appointed Actuary must provide RELEVANT COMMENT paragraphs to address the following topics of regulatory importance.
- a. Risk of Material Adverse Deviation.

The Appointed Actuary must provide specific RELEVANT COMMENT paragraphs to address the risk of material adverse deviation. The Appointed Actuary must identify the materiality standard and the basis for establishing this standard with respect to the relevant characteristics of the Company. The materiality standard must also be disclosed in U.S. dollars in Exhibit B: Disclosures. The Appointed Actuary should include an explanatory paragraph to describe the major factors, combination of factors or particular conditions underlying the risks and uncertainties the actuary considers relevant. The explanatory paragraph should not include general, broad statements about risks and uncertainties due to economic changes, judicial decisions, regulatory actions, political or social forces, etc., nor is the Appointed Actuary required to include an exhaustive list of all potential sources of risks and uncertainties. The Appointed Actuary should explicitly state whether or not he or she reasonably believes that there are significant risks and uncertainties that could result in material adverse deviation. This determination is also to be disclosed in Exhibit B.

- b. Other Disclosures in Exhibit B

RELEVANT COMMENT paragraphs should describe the significance of each of the remaining Disclosure items (8 through 14) in Exhibit B. The Appointed Actuary should address the items individually and in combination when commenting on a material impact.

If the Company's reserves will cause the ratio of One-Year or Two-Year Known Claims Reserve Development (shown in Schedule P, Part 3) to the respective prior year's Policyholders' Surplus to be greater than 20%, the Appointed Actuary must include RELEVANT COMMENT on the factors that led to the exceptional reserve development.

- c. Reinsurance

RELEVANT COMMENT paragraphs should address reinsurance collectability, retroactive reinsurance and financial reinsurance.

The Appointed Actuary's comments on reinsurance collectability should address any uncertainty associated with including potentially-uncollectable amounts in the estimate of ceded reserves. Before commenting on reinsurance collectability, the Appointed Actuary should solicit information from management on any actual collectability problems, review ratings given to reinsurers by a recognized rating service, and examine Schedule F for the current year for indications of regulatory action or reinsurance coverage on paid losses over ninety (90) days past due. The comment should also reflect any other information the actuary has received from management or that is publicly available about the capability or willingness of reinsurers to pay claims. The Appointed Actuary's comments do not imply an opinion on the financial condition of any reinsurer.

Retroactive reinsurance refers to agreements referenced in *SSAP No. 62R—Property and Casualty Reinsurance of the Accounting Practices and Procedures Manual*.

Financial reinsurance refers to contracts referenced in *SSAP No. 62R—Property and Casualty Reinsurance of the Accounting Practices and Procedures Manual* in which credit is not allowed for the ceding insurer because the arrangements do not include a transfer of both timing and underwriting risk that the reinsurer undertakes in fact to indemnify the ceding insurer against loss or liability by reason of the original insurance.

- d. Reserve Development

If the Company's reserves will cause the ratio of One-Year or Two-Year Reserve Development (shown in Schedule P, Part 2) to the respective prior year's Policyholders' Surplus to be greater than 20%, the Appointed actuary must include RELEVANT COMMENT on the factors that led to the exceptional reserve development.

c. Methods and Assumptions

If there has been any significant change in the actuarial assumptions and/or methods from those previously employed, that change should be described in a RELEVANT COMMENT paragraph. If the Appointed Actuary is newly-appointed and does not review the work of the prior Appointed Actuary, then the Appointed Actuary should disclose this.

7. The Actuarial Opinion must include assurance that an Actuarial Report and underlying actuarial workpapers supporting the Actuarial Opinion will be maintained at the Company and available for examination for seven years. The Actuarial Report contains significant proprietary information. It is expected that the Actuarial Report be held confidential and not be intended for public inspection. The Actuarial Report must be available by May 1 of the year following the year-end for which the Opinion was rendered or within two (2) weeks after a request from an individual state commissioner.

The Actuarial Report should be consistent with the documentation and disclosure requirements of ASOP No. 41, Actuarial Communications. The Actuarial Report must contain both narrative and technical components. The narrative component should provide sufficient detail to clearly explain to company management, the Board of Directors, the regulator, or other authority the findings, recommendations and conclusions, as well as their significance. The technical component should provide sufficient documentation and disclosure for another actuary practicing in the same field to evaluate the work. This technical component must show the analysis from the basic data (e.g., loss triangles) to the conclusions.

The Actuarial Report must also include:

- A description of the Appointed Actuary's relationship to the Company, with clear presentation of the Appointed Actuary's role in advising the Board and/or management regarding the carried reserves. The Actuarial Report should identify how and when the Appointed Actuary presents the analysis to the Board and, where applicable, to the officer(s) of the Company responsible for determining the carried reserves.
- An exhibit that ties to the Annual Statement and compares the Appointed Actuary's conclusions to the carried amounts consistent with the segmentation of exposure or liability groupings used in the analysis. The Appointed Actuary's conclusions include the Appointed Actuary's point estimate(s), range(s) of reasonable estimates or both.
- An exhibit that reconciles and maps the data used by the Appointed Actuary, consistent with the segmentation of exposure or liability groupings used in the Appointed Actuary's analysis, to the Annual Statement Schedule P.
- An exhibit or appendix showing the change in the Appointed Actuary's estimates from the prior Actuarial Report, including an extended discussion of factors underlying any material changes. If the Appointed Actuary is newly-appointed and does not review the work of the prior Appointed Actuary, then the Appointed Actuary should disclose this.
- Extended comments on trends that indicate the presence or absence of risks and uncertainties that could result in material adverse deviation.
- Extended comments on factors that led to exceptional reserve development, as defined in 6C and 6D, and how those factors were addressed in prior and current analyses.

8. The statement should conclude with the signature of the Appointed Actuary responsible for providing the Actuarial Opinion and the date when the Opinion was rendered. The signature and date should appear in the following format:

Signature of Appointed Actuary
Printed name of Appointed actuary
Employer's name
Address of Appointed Actuary
Telephone number of Appointed Actuary
Email address of Appointed Actuary
Date opinion was rendered

9. The Insurer required to furnish an Actuarial Opinion shall require its Appointed Actuary to notify its Board of Directors or its audit committee in writing within five (5) business days after any determination by the Appointed Actuary that the Opinion submitted to the domiciliary commissioner was in error as a result of reliance on data or other information (other than assumptions) that, as of the balance sheet date, was factually incorrect. The Opinion shall be considered to be in error if the Opinion would have not been issued or should have been materially altered had the correct data or other information been used. The Opinion shall not be considered to be in error if it would have been materially altered or not issued solely because of data or information concerning events subsequent to the balance sheet date or because actual results differ from those projected.

Notification shall be required for any such determination made between the issuance of the Actuarial Opinion and the balance sheet date for which the next Actuarial Opinion will be issued. The notification should include a summary of such findings and an amended Actuarial Opinion.

An Insurer who is notified pursuant to the preceding paragraph shall forward a copy of the summary and the amended Actuarial Opinion to the domiciliary commissioner within five (5) business days of receipt of such and shall provide the Appointed Actuary making the notification with a copy of the summary and amended Actuarial Opinion being furnished to the domiciliary commissioner. If the Appointed Actuary fails to receive such copy within the five (5) business day period referred to in the previous sentence, the Appointed Actuary shall notify the domiciliary commissioner within the next five (5) business days that the submitted Actuarial Opinion should no longer be relied upon or such other notification recommended by the actuary's attorney.

If the Appointed Actuary learns that the data or other information relied upon was factually incorrect, but cannot immediately determine what, if any, changes are needed in the Actuarial Opinion, the actuary and the Company should undertake as quickly as is reasonably practical those procedures necessary for the Appointed Actuary to make the determination discussed above. If the Insurer does not provide the necessary data corrections and other support (including financial support) within ten (10) business days, the actuary should proceed with the notification discussed above.

No Appointed Actuary shall be liable in any manner to any person for any statement made in connection with the above paragraphs if such statement is made in a good faith effort to comply with the above paragraphs.

ANNUAL AUDITED FINANCIAL REPORTS

All states have a statute or regulation that requires an annual audit of their insurance companies by an independent certified public accountant based on the NAIC *Annual Financial Reporting Model Regulation (#205)*. For guidance regarding this model, see Appendix G of the NAIC *Accounting Practices and Procedures Manual*.

The reporting entity shall require the independent certified public accountant to subject the current Schedule P - Part 1 (excluding those amounts related to bulk and IBNR reserves and claim counts) to the auditing procedures applied in the audit of the current statutory financial statements to determine whether Schedule P - Part 1 is fairly stated in all material respects in relation to the basic statutory financial statements taken as a whole. It is expected that the auditing procedures applied by the independent CPA to the claim loss and loss adjustment expense data from which Schedule P - Part 1 is prepared would be applied to activity that occurred in the current calendar year (e.g., tests of payments on claims for all accident years that were paid during the current calendar year). [Refer to American Institute of Certified Public Accountants statement of position 92-8.]

The reporting entity shall also require the independent certified public accountant to subject the data used by the appointed actuary to testing procedures. The auditor is required to determine what historical data and methods have been used by management in developing the loss reserve estimate and whether the auditor will rely on the same data or other statistical data in evaluating the reasonableness of the loss reserve estimate. After identifying the relevant data, the auditor should obtain an understanding of the controls related to the completeness, accuracy, and classification of loss data and perform testing as the auditor deems appropriate. Through inquiry of the Appointed Actuary, the auditor should obtain an understanding of the data identified by the Appointed Actuary as significant. It is recognized that there will be instances when data identified by the Appointed Actuary as significant to his or her reserve projections would not otherwise have been tested as part of the audit, and separate testing would be required. Unless otherwise agreed among the Appointed Actuary, management and the auditor, the scope of the work performed by the auditor in testing the loss data in the course of the audit would be sufficient to determine whether the data tested is fairly stated in all material respects in relation to the statutory financial statement taken as a whole. The auditing procedures should be applied to the loss and allocated expense data used by the Appointed Actuary and would be applied to activity that occurred in the current calendar year (e.g., tests of payments on losses paid during the current calendar year).

MANAGEMENT'S DISCUSSION AND ANALYSIS¹

Reporting entities are required to file a supplement to the annual statement titled "Management's Discussion and Analysis" (MD&A) by April 1 each year.

MD&A Requirements:

Discuss the reporting entity's financial condition, changes in financial condition and results of operations. The discussion shall provide information as specified in paragraphs that follow and also shall provide such other information that the reporting entity believes to be necessary for an understanding of its financial condition, changes in financial condition and results of operations. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated.

Introduction

1. The MD&A requirements are intended to provide, in one section, material historical and prospective textual disclosure enabling regulators to assess the financial condition and results of operations of the reporting entity. There is a need for a narrative explanation of the financial statements, because a numerical presentation and brief accompanying footnotes alone may be insufficient for regulators to judge the quality of earnings and the likelihood that past performance is indicative of future performance. The MD&A is intended to give the regulator an opportunity to look at the reporting entity through the eyes of management, providing both a short-term and long-term analysis of the business of the reporting entity.
2. The MD&A shall be of the financial statements and of other statistical data that the reporting entity believes will enhance a regulator's understanding of its financial condition, changes in financial condition and results of operations. Generally, the discussion shall cover the two-year period covered by the financial statements and shall use year-to-year comparisons or any other formats that in the reporting entity's judgment enhance a regulator's understanding. However, where trend information is relevant, reference to the five year selected financial data schedule may be necessary.
3. The purpose of the MD&A shall be to provide regulators with information relevant to an assessment of the financial condition and results of operations of the reporting entity as determined by evaluating the amounts and certainty of cash flows from operations and from outside sources. The information provided pursuant to this MD&A need only include that which is available to the reporting entity without undue effort or expense and which does not clearly appear in the reporting entity's financial statements.
4. Management should ensure that disclosure in MD&A is balanced and fully responsive. To enhance regulator understanding of the financial statements, entities are encouraged to explain in the MD&A the effects of the critical accounting policies applied, the judgments made in their application, and any subsequent changes in assumptions or conditions which would have resulted in materially different reported results. Analytical discussion of significant accounting policies in the MD&A should not include information already reported in the significant accounting policies section of the notes to the financial statement.
5. The discussion and analysis shall focus specifically on material events and uncertainties known to management that would cause reported financial information not to be necessarily indicative of future operating results or of future financial condition. This would include descriptions and amounts of (a) matters that would have an impact on future operations and have not had an impact in the past, and (b) matters that have had an impact on reported operations and are expected to have an impact upon future operations.

¹ These requirements have been developed, in part, based upon the requirements set forth in Title 17—Commodity and Securities Exchanges, Chapter II—Securities and Exchange Commission (SEC), Part 229—Standard Instructions for Filing Forms Under Securities Act of 1933, Securities Exchange Act of 1934 and Energy Policy and Conservation Act of 1975, Regulation S-K, Section 229.303 (Item 303) Management's Discussion and Analysis of Financial Condition and Results of Operations. These requirements have also incorporated certain interpretative guidance as set forth in Release No. 33-6835, *SEC Interpretation: Management's Discussion and Analysis of Financial Condition and Results of Operations; Certain Investment Company Disclosures* (issued May 18, 1989), Release No. 33-8040, *Cautionary Advice Regarding Disclosure About Critical Accounting Policies* (issued December 12, 2001) and Release No. 33-8056, *Commission Statement about Management's Discussion and Analysis of Financial Condition and Results of Operations* (issued January 22, 2002).

6. Reporting entities are required to prepare the MD&A on a non-consolidated basis, unless the following conditions are met:
 - a. The entity is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the entity's reserves and such entity ceded substantially all of its direct and assumed business to the pool. An entity is deemed to have ceded substantially all of its direct and assumed business to a pool if the entity has less than \$1,000,000 total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than 5% of the company's capital and surplus.

Or

 - b. The entity's state of domicile permits audited consolidated financial statements.

If a group of insurance companies prepares the MD&A on a consolidated basis, the discussion should identify and discuss significant differences between reporting entities (e.g., investment mix, leverage, liquidity, etc.).

Results of Operations

7. Reporting entities should describe any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported net income or other gains/losses in surplus and, in each case, indicate the extent to which net income or surplus was so affected. In addition, describe any other significant components of income that, in the reporting entity's judgment, should be described in order to understand the reporting entity's results of operations.
8. Reporting entities should describe any known trends or uncertainties that have had or are reasonably probable to have a material favorable or unfavorable impact on premium, net income or other gains/losses in surplus. If the reporting entity knows of events that will cause a material change in the relationship between expenses and premium, the change in the relationship shall be disclosed.
9. To the extent that the financial statements disclose material increases in premium, reporting entities should provide a narrative discussion of the extent to which such increases are attributable to increases in prices or to increases in the volume or amount of existing products being sold or to the introduction of new products.

Prospective Information

10. Reporting entities are encouraged to supply forward-looking information. The MD&A may include discussions of "known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the reporting entity's liquidity increasing or decreasing in any material way." Further, descriptions of known material trends, the reporting entity's capital resources and expected changes in the mix and cost of such resources should be included. Disclosure of known trends or uncertainties that the reporting entity reasonably expects will have a material impact on premium, net income or other gains/losses in surplus is also encouraged.
11. In the event that a reporting entity does supply forward-looking information, the reporting entity may disclaim any responsibility for the accuracy of such information and condition the delivery of such information upon a waiver of any claim under any theory of law based on the inaccuracy of such information; provided that the reporting entity supplied such information in good faith.

Material Changes

12. Reporting entities are required to provide adequate disclosure of the reasons for material year-to-year changes in line items, or discussion and quantification of the contribution of two or more factors to such material changes. An analysis of changes in line items is required where material and where the changes diverge from changes in related line items of the financial statements, where identification and quantification of the extent of contribution of each of two or more factors is necessary to an understanding of a material change, or where there are material increases or decreases in net premium.

13. Repetition and line-by-line analysis is not required or generally appropriate when the causes for a change in one line item also relate to other line items. The discussion need not recite amounts of changes readily computable from the financial statements and shall not merely repeat numerical data contained in such statements. However, quantification should otherwise be as precise, including use of dollar amounts or percentages, as reasonably practicable.

Liquidity, Asset/Liability Matching and Capital Resources

14. The term "liquidity" as used in this MD&A refers to the ability of the reporting entity to generate adequate amounts of cash to meet the reporting entity's needs for cash. Except where it is otherwise clear from the discussion, the reporting entity shall indicate those balance sheet conditions or income or cash flow items, which the reporting entity believes, may be indicators of its liquidity condition. Liquidity generally shall be discussed on both a long-term and short-term basis. The issue of liquidity shall be discussed in the context of the reporting entity's own business or businesses.
15. The discussion of liquidity shall include a discussion of the nature and extent of restrictions on the ability of subsidiaries to transfer funds to the reporting entity in the form of cash dividends, loans, advances and the impact such restrictions may, if any, have on the ability of the reporting entity to meet its cash obligations.
16. Generally, short-term liquidity and short-term capital resources cover cash needs up to 12 months into the future. These cash needs and the sources of funds to meet such needs relate to the day-to-day operating expenses of the reporting entity and material commitments coming due during that 12-month period.
17. The discussion of long-term liquidity and long-term capital resources must address material expenditures, significant balloon payments or other payments due on long-term obligations, and other demands or commitments, including any off-balance sheet items, to be incurred beyond the next 12 months, as well as the proposed sources of funding required to satisfy such obligations.
18. Reporting entities should identify any known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the reporting entity's liquidity increasing or decreasing in any material way. If a material decline in liquidity is identified, indicate the course of action that the reporting entity has taken or proposes to take to remedy the decline. Also identify and separately describe internal and external sources of liquidity, and briefly discuss any material unused sources of liquid assets.
19. Reporting entities should describe any known material trends, favorable or unfavorable, in the reporting entity's capital resources. Indicate any expected material changes in the mix and relative cost of such resources. The discussion shall consider changes between equity, debt and any off-balance sheet financing arrangements.
20. Reporting entities are expected to use the statement of cash flows, and other appropriate indicators, in analyzing their liquidity, and to present a detailed discussion dealing with cash flows from investing and financing activities as well as from operations. This discussion should address those matters that have materially affected the most recent period presented but are not expected to have short-term or long-term implications, and those matters that have not materially affected the most recent period presented but are expected materially to affect future periods. Examples of such matters include:
 - a. Discretionary operating expenses such as expenses relating to advertising;
 - b. Debt refinancings or redemptions;
 - c. Dividend requirements to the reporting entity's parent to fund the parent's operations or debt service; or
 - d. Future potential sources of capital, such as a parent entity's planned investment in the reporting entity, and the form of that investment.

21. MD&A disclosures should not be overly general. For example, disclosure that the reporting entity has sufficient short-term funding to meet its liquidity needs for the next year provides little useful information. Instead, reporting entities should consider describing the sources of short-term funding and the circumstances that are reasonably likely to affect those sources of liquidity. The discussion should be limited to material risks, and, as with the MD&A generally, should be sufficiently detailed and tailored to the entity's individual circumstances, rather than "boilerplate."
22. If the reporting entity's liquidity is dependent on the use of off-balance sheet financing arrangements, such as securitization of receivables or obtaining access to assets through special purpose entities, the reporting entity should consider disclosure of the factors that are reasonably likely to affect its ability to continue using those off-balance sheet financing arrangements. Reporting entities also should make informative disclosures about matters that could affect the extent of funds required within management's short- and long-term planning horizon.
23. Reporting entities are reminded that identification of circumstances that could materially affect liquidity is necessary if they are "reasonably likely" to occur. This disclosure threshold is lower than "more likely than not." (See guidance provided in *SSAP No. 5R—Liabilities, Contingencies and Impairments of Assets*.) Market price changes, economic downturns, defaults on guarantees, or contractions of operations that have material consequences for the reporting entity's financial position or operating results can be reasonably likely to occur under some conditions. Material effects on liquidity as a result of any reasonably likely changes should be disclosed.
24. To identify trends, demands, commitments, events and uncertainties that require disclosure, management should consider the following:
 - a. Provisions in financial guarantees or commitments, debt agreements or other arrangements that could trigger a requirement for an early payment, additional collateral support, changes in terms, acceleration of maturity, or the creation of an additional financial obligation, such as adverse changes in the reporting entity's credit rating, financial ratios, earnings, cash flows, stock price or changes in the value of underlying, linked or indexed assets;
 - b. Circumstances that could impair the reporting entity's ability to continue to engage in transactions that have been integral to historical operations or are financially or operationally essential, or that could render that activity commercially impracticable, such as the inability to maintain a specified claims paying ability or investment grade credit rating, level of earnings, earnings per share, financial ratios, or collateral; and
 - c. Factors specific to the reporting entity and its markets that the reporting entity expects to be given significant weight in the determination of the reporting entity's credit rating or will otherwise affect the reporting entity's ability to raise short-term and long-term financing.

Loss Reserves (Property & Casualty Companies Only)

25. The MD&A should include a discussion of those items that affect the reporting entity's volatility of loss reserves, including a description of the risks that contribute to the volatility.

Off-Balance Sheet Arrangements

26. Reporting entities should consider the need to provide disclosures concerning transactions, arrangements and other relationships with entities or other persons that are reasonably likely to affect materially liquidity or the availability of or requirements for capital resources. Specific disclosure may be necessary regarding relationships with entities that are contractually limited to narrow activities that facilitate the reporting entity's transfer of or access to assets. These entities are often referred to as structured finance or special purpose entities. These entities may be in the form of corporations, partnerships or limited liability companies, or trusts.

27. Material sources of liquidity and financing, including off-balance sheet arrangements and transactions with limited purpose entities should be discussed. The extent of the reporting entity's reliance on off-balance sheet arrangements should be described fully and clearly where those entities provide financing, liquidity, or market or credit risk support for the reporting entity; engage in leasing or hedging services with the reporting entity; or expose the reporting entity to liability that is not reflected on the face of the financial statements. Where contingencies inherent in the arrangements are reasonably likely to affect the continued availability of a material historical source of liquidity and finance, reporting entities must disclose those uncertainties and their effects.
28. Reporting entities should consider the need to include information about the off-balance sheet arrangements such as: their business purposes and activities; their economic substance; the key terms and conditions of any commitments; the initial and ongoing relationships with the reporting entity and its affiliates; and the reporting entity's potential risk exposures resulting from its contractual or other commitments involving the off-balance sheet arrangements.
29. For example, a reporting entity may be economically or legally required or reasonably likely to fund losses of a limited purpose entity, provide it with additional funding, issue securities pursuant to a call option held by that entity, purchase the entity's capital stock or assets, or the reporting entity otherwise may be financially affected by the performance or non-performance of an entity or counterparty to a transaction or arrangement. In those circumstances, the reporting entity may need to include information about the arrangements and exposures resulting from contractual or other commitments to provide investors with a clear understanding of the reporting entity's business activities, financial arrangements, and financial statements. Other disclosures that reporting entities should consider to explain the effects and risks of off-balance sheet arrangements include:
- Total amount of assets and obligations of the off-balance sheet entity, with a description of the nature of its assets and obligations, and identification of the class and amount of any debt or equity securities issued by the reporting entity;
 - The effects of the entity's termination if it has a finite life or it is reasonably likely that the reporting entity's arrangements with the entity may be discontinued in the foreseeable future;
 - Amounts receivable or payable, and revenues, expenses, and cash flows resulting from the arrangements;
 - Extended payment terms of receivables, loans, and debt securities resulting from the arrangements, and any uncertainties as to realization, including repayment that is contingent upon the future operations or performance of any party;
 - The amounts and key terms and conditions of purchase and sale agreements between the reporting entity and the counterparties in any such arrangements; and
 - The amounts of any guarantees, lines of credit, standby letters of credit or commitments or take or pay contracts or other similar types of arrangements, including tolling, capacity, or leasing arrangements, that could require the reporting entity to provide funding of any obligations under the arrangements, including guarantees of repayment of obligors of parties to the arrangements, make whole agreements, or value guarantees.
30. Although disclosures regarding similar arrangements can be aggregated, important distinctions in terms and effects should not be lost in that process. The relative significance to the reporting entity's financial position and results of the arrangements with unconsolidated, non-independent, limited purpose entities should be clear from the disclosures to the extent material. While legal opinions regarding "true sale" issues or other issues relating to whether a reporting entity has contingent, residual or other liability can play an important role in transactions involving such entities, they do not obviate the need for the reporting entity to consider whether disclosure is required. In addition, disclosure of these matters should be clear and individually tailored to describe the risks to the reporting entity, and should not consist merely of recitation of the transactions' legal terms or the relationships between the parties or similar boilerplate.

Participation in High Yield Financings, Highly Leveraged Transactions or Non-Investment Grade Loans and Investments

31. A reporting entity, consistent with its domiciliary state's law, may participate in several ways, directly or indirectly, in high yield financings, or highly leveraged transactions or make non-investment grade loans or investments relating to corporate restructurings such as leveraged buyouts, recapitalizations including significant stock buybacks and cash dividends, and acquisitions or mergers. A reporting entity may participate in the financing of such a transaction either as originator, syndicator, lender, purchaser of secured senior debt, or as an investor in other debt instruments (often unsecured or subordinated), redeemable preferred stock or other equity securities. Participation in high yield or highly leveraged transactions, as well as investment in non-investment grade securities, generally involves greater returns, in the form of higher fees and higher average yields or potential market gains. Participation in such transactions may involve greater risks, often related to credit worthiness, solvency, relative liquidity of the secondary trading market, potential market losses, and vulnerability to rising interest rates and economic downturns.
32. In view of these potentially greater returns and potentially greater risks, disclosure of the nature and extent of a reporting entity's involvement with high yield or highly leveraged transactions and non-investment grade loans and investments may be required, if such participation or involvement has had or is reasonably likely to have a material effect on financial condition or results of operations. For each such participation or involvement or grouping thereof, there shall be identification, consistent with the Annual Statement schedules or detail, description of the risks added to the reporting entity; associated fees recognized or deferred; amount, if any, of loss recognized; the reporting entity's judgment whether there has been material negative effect on the entity's financial condition; and the reporting entity's judgment whether there will be material negative effect on the entity's financial condition in subsequent reporting periods.

Preliminary Merger/Acquisition Negotiations

33. While the MD&A requirements could be read to impose a duty to disclose otherwise nondisclosed preliminary merger or acquisition negotiations, as known events or uncertainties reasonably likely to have material effects on future financial condition or results of operations, the NAIC does not intend to apply the MD&A in this manner. Where disclosure is not otherwise required, and has not otherwise been made, the MD&A need not contain a discussion of the impact of preliminary merger negotiations. Where, in the reporting entity's view, inclusion of such information would jeopardize completion of the transaction. Where disclosure is otherwise required or has otherwise been made by or on behalf of the reporting entity, the interests in avoiding premature disclosure no longer exist. In such case, the negotiations would be subject to the same disclosure standards under the MD&A as any other known trend, demand, commitment, event or uncertainty. These policy determinations also would extend to preliminary negotiations for the acquisition or disposition of assets not in the ordinary course of business.

Conclusion

34. In preparing the MD&A disclosure, reporting entities should be guided by the general purpose of the MD&A requirements: to give regulators an opportunity to look at the reporting entity through the eyes of management by providing a historical and prospective analysis of the reporting entity's financial condition and results of operations, with particular emphasis on the reporting entity's prospects for the future. The MD&A requirements are intentionally flexible and general. Because no two reporting entities are identical, good MD&A disclosure for one reporting entity is not necessarily good MD&A disclosure for another. The same is true for MD&A disclosure of the same reporting entity in different years. The flexibility of MD&A creates a framework for providing regulators with appropriate information concerning the reporting entity's financial condition, changes in financial condition and results of operations.

Telephone and fax number should include area code and extension.

Officers, Directors, Trustees

The state of domicile regulatory authority may dictate the required officers, directors, trustees and any other positions to be listed on the Jurat Page. Show full name (initials not acceptable) and title (indicate by number sign (#) those officers and directors who did not occupy the indicated position in the prior annual statement). Additional lines may be required to identify officers, directors, trustees and any other positions in primary policy-making or managerial roles. Examples of titles are 1) President, Chief Executive Officer or Chief Operating Officer; 2) Secretary, or Corporate Secretary; 3) Treasurer or Chief Financial Officer; and, 4) Actuary. When identifying officers, if the Treasurer does not have charge of the accounts of the reporting entity, enter the name of the individual who does and indicate the appropriate title.

Statement of Deposition

Those states that have adopted the NAIC blank require that the blank be completed in accordance with the *Annual Statement Instructions and Accounting Practices and Procedures Manual* except to the extent that state law may differ. If the reporting entity deviates from any of these rules, disclose deviations in Note 1 of the Notes to Financial Statements, to the extent that there is an impact to the financial information contained in the annual statement.

Signatures

Complete the Jurat signature requirements in accordance with the requirements of the domiciliary state. Direct any questions concerning signature requirements to the state. At least one statement filed with the domiciliary state must have original signatures and must be manually signed by the appropriate corporate officers, have the corporate seal affixed thereon where appropriate, and be properly notarized. For statements filed in non-domestic states, facsimile signatures or reproductions of original signatures may be used except where otherwise mandated. If the appropriate corporate officers are incapacitated or otherwise not available due to a personal emergency, the reporting entity should contact the domiciliary state for direction as to who may sign the statement.

NOTE: If the United States Manager of a U.S. Branch or the Attorney-in-Fact of a Reciprocal Exchange or Lloyds Underwriters is a corporation, the affidavit should be signed by two (or three) principal officers of the corporation, or, if a partnership, by two (or three) of the principal members of the partnership.

For domiciliary jurisdictions that require the reporting entity to submit signatures on the Jurat page as part of the PDF filed with the NAIC see the instructions for submitting a signed Jurat in the General Electronic Filing Directive. The link to that directive can be found at the following Web address:

www.naic.org/cmte_e_app_blanks.htm

If this is an amendment, change or modification of previously filed information, state the amendment number (each amendment made by a reporting entity should be sequentially numbered), the date this amendment is being filed, and the number of annual statement pages being changed by this amendment.

ASSETS

The value for real estate, bonds, stocks, and the amount loaned on mortgages must, in all cases, prove with corresponding values and admitted assets supported by the corresponding schedules.

Refer to the *Accounting Practices and Procedures Manual* for accounting guidance on these topics.

Companies should refer to the *Purposes and Procedures Manual of the NAIC Investment Analysis Office* to determine the filing requirements and the procedures for valuation of bonds and stocks owned or held as collateral for loans.

The Notes to Financial Statements are an integral part of this statement. Certain Notes are required regarding the valuation of invested assets. See instructions herein for Notes to Financial Statements.

Assets owned at the end of the current period that were not under the exclusive control of the reporting entity, including assets loaned to others as shown in the General Interrogatories, are to be individually identified in the investment schedules by placing the codes found in the Investment Schedules General Instructions in the Code Column of the appropriate investment schedule.

For statements with Separate Accounts, Segregated Accounts or Protected Cell Accounts: Exclude receivables from the Separate Accounts Statement, Segregated Accounts or Protected Cell Accounts from the assets of the General Account Statement. This eliminates the need for consolidating adjustments. Report such receivables as a negative liability and net the receivables against payables to the appropriate account as required elsewhere in these instructions.

The development of admitted assets is illustrated in two columns.

Column 1	–	Assets	
			Record the amount by category, from the reporting entity's financial records, less any valuation allowance.
Column 2	–	Nonadmitted Assets	
			Include: Amounts for which the state does not allow the reporting entity to take credit.
			Refer to the Annual Statement Instructions, Exhibit of Nonadmitted Assets.
Column 3	–	Net Admitted Assets	
			The amount in Column 3 equals Column 1 minus Column 2. The amounts reported in Column 3 should agree to the appropriate schedules.
Column 4	–	Prior Year Net Admitted Assets	
			Amounts contained in Column 3 of the prior year Annual Statement.
Inside amount	–	Report net admitted assets amounts.	
Line 1	–	Bonds	
			Report all bonds with maturity dates greater than one year from the acquisition date. Bonds are valued and reported in accordance with guidance set forth in <i>SSAP No. 26R—Bonds</i> and <i>SSAP No. 43R—Loan-Backed and Structured Securities</i> .
			Record bond acquisitions or disposals on the trade date, not the settlement date. Record private placements on the funding date.
			Exclude: Interest due and accrued.

Line 2 – Stocks

The amount reported in Column 3 for common stocks and preferred stocks is the value in accordance with guidance set forth in *SSAP No. 30R—Unaffiliated Common Stock*; *SSAP No. 32—Preferred Stock*; and *SSAP No. 97—Investments in Subsidiary, Controlled, and Affiliated Entities*.

Line 3 – Mortgage Loans on Real Estate

Include: Foreclosed liens subject to redemption.

Exclude: Interest due and accrued.

The amount reported in Column 3 is the Book Value/Recorded Investment reduced by any valuation allowance and nonadmitted amounts. Mortgage loans are valued and reported in accordance with the guidance set forth in *SSAP No. 37—Mortgage Loans*.

Line 4 – Real Estate

Refer to *SSAP No. 40R—Real Estate Investments*, *SSAP No. 4—Capitalization of Interest* and *SSAP No. 90—Impairment or Disposal of Real Estate Investments* for accounting guidance.

The amount reported in Column 3 for properties owned by the reporting entity (home office real estate), properties held for production of income and properties held for sale must not exceed actual cost, plus capitalized improvements, less normal depreciation. This formula shall apply whether the reporting entity holds the property directly or indirectly.

Report amounts net of encumbrances. The sum of all encumbrances reported in the inset lines should agree with the total of Schedule A, Part 1, Column 6.

Exclude: Income due and accrued.

Line 5 – Cash, Cash Equivalents and Short-Term Investments

Include: All cash, including petty cash, other undeposited funds, certificates of deposit in banks or other similar financial institutions with maturity dates of one year or less from the acquisition date and other instruments defined as cash and cash equivalents in accordance with *SSAP No. 2R—Cash, Cash Equivalents, Drafts, and Short-Term Investments*.

Include in Column 2, the excess of deposits in suspended depositories over the estimated amount recoverable.

The amount in Column 1 should agree with the sum of Schedule E, Part 1, Column 6, Schedule E, Part 2, Column 7 and Schedule DA, Part 1, Column 7. The amount in Column 1 should agree with Cash Flow, line 19.2. The prior year's Column 1 amount should agree with Cash Flow, line 19.1.

Line 6 – Contract Loans

Report loans at their unpaid balance in accordance with *SSAP No. 49—Policy Loans* (applicable to Life and Accident and Health) and reduced by the proportionate share of loans under any coinsurance arrangements.

Include: In Column 1, contract loans assumed under coinsurance arrangements.

In Column 2, premium notes, contract loans, and other policy assets in excess of net value and of other policy liabilities on individual policies.

Exclude: Interest due and accrued, less than 90 days past due. Refer to *SSAP No. 49—Policy Loans* for accounting guidance.

Premium extension agreements.

Line 7 – Derivatives

Derivative asset amounts shown as debit balances. Should equal Schedule DB, Part D, Section 1, Column 5, Footnote Question 2. The gross amounts from Schedule DB shall be adjusted to reflect netting from the valid right to offset in accordance with *SSAP No. 10—Offsetting and Netting of Assets and Liabilities*.

Line 8 – Other Invested Assets (Schedule BA Assets)

Report admitted investments reported on Schedule BA and not included under another classification.

Include: Loans.

Certain affiliated securities, such as joint ventures, partnerships and limited liability companies. (*SSAP No. 48—Joint Ventures, Partnerships and Limited Liability Companies*).

Low Income Housing Tax Credit Property Investments (*SSAP No. 93—Low Income Housing Tax Credit Property Investments*).

Line 9 – Receivables for Securities

Refer to *SSAP No. 21R—Other Admitted Asset* for accounting guidance.

Include: Amounts received within 15 days of the settlement date that are due from brokers when a security has been sold but the proceeds have not yet been received.

Exclude: Receivables for securities not received within 15 days of the settlement date. These receivables are classified as other-than-invested-assets and nonadmitted per *SSAP No. 21R—Other Admitted Assets*.

Line 10 – Securities Lending Reinvested Collateral Assets

Include reinvested collateral assets from securities lending programs where the program is administered by the reporting entity's unaffiliated agent or the reporting entity's affiliated agent if the reporting entity chooses not to report in the investment schedules.

- Line 11 – Aggregate Write-ins for Invested Assets
- Enter the total of the write-ins listed in schedule Details of Write-ins Aggregated at Line 11 for Invested Assets.
- Line 13 – Title Plants (Applies to Title Insurers Only)
- Refer to *SSAP No. 57—Title Insurance* for accounting guidance.
- Column 1 should equal Schedule II – Verification Between Years, Line 8.
- Line 14 – Investment Income Due and Accrued
- Refer to *SSAP No 34—Investment Income Due and Accrued*, for accounting guidance.
- Include: Income earned on investments but not yet received.
- Line 15 – Premiums and Considerations
- Include: Amounts for premium transactions conducted directly with the insured.
- Amounts due from agents resulting from various insurance transactions.
- Premiums receivable for government insured plans, including fixed one-time premium payments (such as for Medicaid low birth weight neonates and Medicaid maternity delivery).
- Refer to *SSAP No. 6—Uncollected Premium Balances, Bills Receivable for Premiums, and Amounts Due From Agents and Brokers*, *SSAP No. 5—Title Insurance* and *SSAP No. 53—Property Casualty Contracts – Premiums*. Refer to *SSAP No. 6R—Property and Casualty Reinsurance*, and *SSAP No. 6IR—Life, Deposit-Type Reinsurance, and Health Reinsurance* for accounting guidance pertaining to reinsurance transactions.
- Line 15.1 – Uncollected Premiums and Agents' Balances in Course of Collection
- Include: Direct and group billed uncollected premiums.
- Amounts collected but not yet remitted to home office.
- Accident and health premiums due and unpaid.
- Life insurance premiums and annuity considerations uncollected on in force business (less premiums on reinsurance ceded and less loading).
- Title insurance premiums and fees receivable.
- Do not deduct: **For Property/Casualty and Title companies:**
- Ceded reinsurance balances payable.
- Exclude: Receivables relating to uninsured accident and health plans and the uninsured portion of partially insured accident and health plans.

Line 15.2 – Deferred Premiums, Agents' Balances and Installments Booked but Deferred and Not Yet Due

Include: Receivable amounts not yet due.

Life insurance premiums and annuity considerations deferred on in force business (less premiums on reinsurance ceded and less loading).

For Property/Casualty companies:

Earned but unbilled premiums.

Deduct: **For Property/Casualty companies:**

Reinsurance assumed premiums received after the effective date of the contract but prior to the contractual due date. Refer to *SSAP No. 62R—Property and Casualty Reinsurance* for accounting guidance.

Exclude: Ceded reinsurance balances payable.

Line 15.3 – Accrued Retrospective Premiums (\$____) and contracts subject to redetermination (\$____)

Include: Accrued retrospective premiums on insurance contracts.

Receivables for all contracts subject to redetermination, including risk adjustment for Medicare Advantage and Medicare Part D and Affordable Care Act risk adjustment. See *SSAP No. 54R—Individual and Group Accident and Health Contracts*.

Refer to *SSAP No. 66—Retrospectively Rated Contracts* for accounting guidance and nonadmission criteria.

Direct Accrued Retrospective Premiums:

For Property/Casualty companies:

If retrospective premiums are estimated by reviewing each retrospectively rated risk, report on Line 15.3 the gross additional retrospective premiums included in the total reserve for unearned premiums.

If retrospective premiums are estimated through the use of actuarially accepted methods applied to aggregations of multiple retrospectively rated risks in accordance with filed and approved retrospective rating plans and the result of such estimation is net additional retrospective premiums, report on Line 15.3 the net additional retrospective premiums included in the total reserve for unearned premiums.

Line 16.1 – Amount Recoverable from Reinsurers

Property/Casualty and Title companies should refer to *SSAP No. 62R—Property and Casualty Reinsurance* for accounting guidance.

Include: Amounts recoverable on paid losses/claims and loss/claim adjustment expenses.

Reinsurance recoverables on unpaid losses are treated as a deduction from the reserve liability.

Line 16.2 – Funds Held by or Deposited with Reinsured Companies

Property/Casualty and Title companies should refer to *SSAP No. 62R—Property and Casualty Reinsurance* for accounting guidance.

Include: Reinsurance premiums withheld by the ceding entity as specified in the reinsurance contract (for example, funds withheld equal to the unearned premiums and loss reserves), or advances from the reinsurer to the ceding entity for the payment of losses before an accounting is made by the ceding entity.

Line 16.3 – Other Amounts Receivable Under Reinsurance Contracts

For **Life companies**, include commissions and expense allowances due and experience rating and other refunds due. Include the amounts for FEGLI/SEGLI pools and any other amounts not reported in Lines 16.1 or 16.2.

Property/Casualty companies should refer to *SSAP No. 62R—Property and Casualty Reinsurance* for accounting guidance.

Line 17 – Amounts Receivable Relating to Uninsured Plans

The term “uninsured plans” includes the uninsured portion of partially insured plans.

Include: Amounts receivable from uninsured plans for (a) claims and other costs paid by the administrator on behalf of the third party at risk and (b) fees related to services provided by the administrator of the plan.

Pharmaceutical rebates relating to uninsured plans that represent an administrative fee and that are retained by the reporting entity and are earned in excess of the amounts to be credited to the uninsured plan.

Refer to *SSAP No. 84—Health Care and Government Insured Plan Receivables* for accounting guidance.

Exclude: Pharmaceutical rebates of insured plans. These amounts should be reported on Line 16.2.

Refer to *SSAP No. 47—Uninsured Plans* for accounting guidance.

Line 18.1 – Current Federal and Foreign Income Tax Recoverable and Interest Thereon

This line is not applicable to Fraternal Benefit Societies.

Exclude: Deferred tax assets.

Refer to *SSAP No. 101—Income Taxes* for accounting guidance.

Reporting entities may recognize intercompany transactions arising from income tax allocations among companies participating in a consolidated tax return, provided the following conditions are met:

1. There is a written agreement describing the method of allocation and the manner in which intercompany balances will be settled; and
2. Such an agreement requires that any intercompany balance will be settled within a reasonable time following the filing of the consolidated tax return; and
3. Such agreement complies with regulations promulgated by the Internal Revenue Service; and
4. Any receivables arising out of such allocation meet the criteria for admitted assets as prescribed by the domiciliary state of the reporting entity; and
5. Other companies participating in the consolidated return have established liabilities that offset the related intercompany receivables.

Line 18.2 – Net Deferred Tax Asset

Refer to *SSAP No. 101—Income Taxes* for accounting guidance.

Line 19 – Guaranty Funds Receivable or on Deposit

This line is not applicable to Fraternal Benefit Societies.

Include: Any amount paid in advance or amounts receivable from state guaranty funds to offset against premium taxes in future periods.

Line 20 – Electronic Data Processing Equipment and Software

Include: Electronic data processing equipment, operating and non-operating systems software (net of accumulated depreciation).

Refer to *SSAP No. 16R—Electronic Data Processing Equipment and Software* for accounting guidance. Non-operating systems software must be nonadmitted. Admitted asset is limited to three percent of capital and surplus for the most recently filed statement adjusted to exclude any EDP equipment and operating system software, net deferred tax asset, and net positive goodwill.

Line 21 – Furniture and Equipment, Including Health Care Delivery Assets

Include: Health care delivery assets reported in the Furniture and Equipment Exhibit.
All leasehold improvements.

Refer to *SSAP No. 19—Furniture, Fixtures, Equipment and Leasehold Improvements*, *SSAP No. 44—Capitalization of Interest* and *SSAP No. 2—Health Care Delivery Assets and Leasehold Improvements in Health Care Facilities* for accounting guidance.

Line 22 – Net Adjustment in Assets and Liabilities Due to Foreign Exchange Rates

Include: The appreciation exchange differential applied to the excess, if any, of foreign currency Canadian Insurance Operations assets over foreign currency Canadian Insurance Operations liabilities. This method can be used if the Canadian Insurance Operations result in less than 10% of the reporting entity's assets, liabilities and premium. The difference, if an asset, is recorded on Page 2, Line 22, Net Adjustment in Assets and Liabilities Due To Foreign Exchange Rates; or, if a liability, on Page 3, Net Adjustment in Assets and Liabilities Due To Foreign Exchange Rates. Refer to *SSAP No. 23—Foreign Currency Transactions and Translations* for accounting guidance.

Line 23 – Receivable from Parent, Subsidiaries and Affiliates

Include: Unsecured current accounts receivable from parent, subsidiaries and affiliates.

Include: Amounts owed due to intercompany tax sharing agreements.

Amounts related to intercompany reinsurance transactions. Report reinsurance between affiliated companies through the appropriate reinsurance accounts.

Loans to affiliates and other related parties that are reported in the appropriate category of Schedule BA.

Affiliated securities which are reported in the appropriate investment schedules (Schedule D or DA).

Refer to *SSAP No. 25—Affiliates and Other Related Parties* for accounting guidance.

Line 24 – Health Care and Other Amounts Receivable

Include: Bills Receivable – Report any unsecured amounts due from outside sources or receivables secured by assets that do not qualify as investments.

Amounts due resulting from advances to agents or brokers – Refer to *SSAP No. 6—Uncollected Premium Balances, Bills Receivable for Premiums, and Amounts Due From Agents and Brokers* for accounting guidance.

Health Care Receivables – Include pharmaceutical rebate receivables, claim overpayment receivables, loans and advances to providers, capitation arrangement receivables and risk sharing receivables from affiliated and non-affiliated entities. Refer to *SSAP No. 84—Health Care and Government Insured Plan Receivables* for accounting guidance.

Other amounts receivable that originate from the government under government insured plans, including **undisputed** amounts over 90 days due that qualify as accident and health contracts are admitted assets. Refer to *SSAP No. 84—Health Care and Government Insured Plans Receivables* and *SSAP No. 50—Classifications of Insurance or Managed Care Contracts* for accounting guidance.

Exclude: Pharmaceutical rebates relating to uninsured plans that represent an administrative fee and that are retained by the reporting entity and earned in excess of the amounts to be remitted to the uninsured plan. These amounts should be reported on Line 1.

Premiums receivable for government insured plans reported on Lines 15.1, 15.2 or 15.3.

Line 25 – Aggregate Write-ins for Other Than Invested-Assets

Enter the total of the write-ins listed in schedule Details of Write-ins Aggregated at Line 25 for Other-Than-Invested-Assets.

Details of Write-ins Aggregated at Line 11 for Invested Assets

Not for Distribution

CASH FLOW

The Statement of Cash Flow is prepared using the direct method consistent with the Statement of Income, excluding the effect of current and prior year accruals. All revenue, expenditures, purchases and sale transactions involving cash should be entered gross. Pursuant to SSAP No. 69—*Statement of Cash Flow* for purposes of the Cash Flow Statement, cash is defined to include cash, cash equivalents and short-term investments. Refer to SSAP No. 69 for accounting guidance regarding the disclosure of non-cash operating, investing and financing transactions.

The following worksheets are provided to facilitate completion of the Cash Flow Statement. The format reflects common reporting practices. Reporting entities may need to make adjustments to various lines consistent with their operations. For example, changes in the asset for foreign exchange rates is typically associated with the investment portfolio and shown as an adjustment to investment income. Alternatively, the adjustment could be made to insurance operations, if appropriate. The Worksheets exclude certain non-cash activities; (e.g., change in nonadmitted assets and change in Asset Valuation Reserve for life and fraternal companies), since the offset is to surplus and has no effect on cash, but adjustments are needed to remove other non-cash transactions. While the worksheets do not take into account the cumulative effect of changes in accounting principles, the appropriate lines of the Cash Flow Statement need to be adjusted for this change. Note that the Worksheets are designed to take into account all lines of the Assets and Liabilities, Surplus and Other Funds pages, as well as the Statement of Income.

Amounts generally described as restricted cash or restricted cash equivalents shall be included in the beginning and ending balance in the cash flow statement beginning with 12/31/2019 reporting. Early adoption is allowed. Transfers between cash, cash equivalents, amounts generally described as restricted cash or restricted cash equivalents, and short-term investments are not part of the entity's operating, investing and financing activities, and details of those transfers are not reported as cash flow activities in the statement of cash flows.

Cash from Investments Worksheet

The following section provides a reconciliation of investment activity. Although non-cash items are included for reconciliation purposes, the Statement of Cash Flow shall only include transactions involving cash. In addition to excluding the lines that are explicitly non-cash items (e.g., change in admitted assets) from what is reported in the Statement of Cash Flow, adjustments are necessary to remove non-cash acquisitions or disposals. Cash proceeds from investments sold, matured or repaid shall be included in Line 12. Cash remitted for acquired long-term investments is included in Line 13.

Supplemental Disclosure of Non-cash Transactions

Report the amount of non-cash operating, investing and financing transactions consistent with the classifications contained on the Assets and Liabilities, Surplus and Other Funds (all except Health) Liabilities, Capital and Surplus (Health) page of the financial statement, excluding amounts associated with policy or contract loans. Refer to *SSAP No. 69—Statement of Cash Flow* for accounting guidance.

Examples of non-cash investing and financing transactions include:

- Receiving non-cash financial assets from parent as a capital contribution.
- Settling reinsurance transactions with exchange of non-cash financial assets.
- Converting debt to equity.
- Acquiring assets by assuming directly related liabilities, such as purchasing a building by incurring a mortgage to the seller.
- Exchanging non-cash assets or liabilities for other non-cash assets or liabilities.

PART 1A – SUMMARY OF TITLE INSURANCE PREMIUMS WRITTEN AND RELATED REVENUES

This schedule reports revenue from direct and agency operations. Record premium revenue written on policies issued and record fee and revenues earned for orders produced directly. Record miscellaneous income (like closing protection letter fees) related to policies issued by the company. Income on orders not produced by the company should not be reported in Part 1A, but in Part 4, Column 5. Affiliated agents are those that meet the affiliation standards defined by *SSAP No. 25—Affiliates and Other Related Parties*.

Column 1 – Direct Operations

The amounts shown in this column represent the company's direct operations. No items from agency operations (even wholly-owned agencies) are to be included in this column; only home office and branch office operations of the company are to be included in this column.

Exclude: Income on orders not produced by the company (report this income in Part 4, Column 5).

Column 2 – Non-affiliated Agency Operations

The amounts shown in this column represent the company's non-affiliated agency operations. This column should include all agency operations other than those that are reported in Column 3. Record title insurance premiums and miscellaneous fees and service charges (like closing protection letter fees) related to policies issued by the company.

Exclude: Income on orders not produced by the company (report this income in Part 4, Column 5).

Column 3 – Affiliated Agency Operations

The amounts shown in this column represent the company's affiliated agency operations. Wholly owned agencies should be included in the amounts shown in this column. Record title insurance premiums and miscellaneous fees and service charges (like closing protection letter fees) related to policies issued by the company. An agency operation is affiliated if the agency is an affiliate as defined by *SSAP No. 25—Affiliates and Other Related Parties*.

Column 4 – Current Year Total

The amounts reported in this column are the total of Columns 1, 2 and 3.

Column 5 – Prior Year Total

The amounts reported in this column are the amounts reported in Column 4 for the prior year.

Line 1 – Direct Premiums Written

The amounts reported on this line represent premiums derived from the policies issued directly by the company. The amounts shown on this line for Columns 1, 2 and 3 should agree to the amounts reported on Line 59 of Schedule T, Columns 3, 4, and 5, respectively.

Exclude Closing Protection Letters (“CPL”) or Insured Closing Letters (“ICL”) fees or charges not considered premiums according to the state jurisdiction wherein the CPL or ICL was issued.

Line 2 – Escrow and Settlement Service Charges

The amounts reported on this line represent income reported by the company for escrow and settlement services charges. Only the amounts for direct operations need to be reported for this line; no reporting is required for agency operations.

Line 3 – Title Examinations

The amounts reported on this line are the fees received on title examinations.

Line 4 – Searches and Abstracts

The amounts reported on this line are the fees received on title searches and abstracts.

Line 5 – Surveys

The amounts reported on this line are fees received for surveys of real property.

Line 6 – Aggregate Write-ins for Service Charges

Enter the total of the write-ins listed in schedule Details of Write-ins Aggregated at Line 6 for Service Charges.

Line 7 – Total

The amounts shown on this line for Column 4 should agree to the amounts reported on Line 59 of Schedule T, the total of columns 3 to 6.

Details of Write-ins Aggregated (Line 6 for Service Charges)

List separately each category of Service Charges for which there is no pre-printed line in Part 1A.

Include Closing Protection Letters (“CPL”) or Insured Closing Letters (“ICL”) fees or charges not considered Premiums according to the state jurisdiction wherein the CPL or ICL was issued. CPLs or ICLs that are considered premiums should be included in Line 1 of the Operations and Investment Exhibit Part 1A.

PART 1B – PREMIUMS EARNED EXHIBIT

- Line 1.1 – Direct Title Premiums Written
- This line represents direct title premiums written for the year. It includes direct operations, non-affiliated agency operations, and agency operations. The amounts reported on this line should agree to the amounts reported on the Operations and Investment Exhibit, Part 1A, Line 1, Column 4.
- Line 1.2 – Assumed Title Premiums Written
- The amount represents title premiums written under agreements of reinsurance assumed. This can be done through reinsurance assumed treaties, facultative reinsurance assumed agreements, or under transfer and assumption agreements.
- Line 1.3 – Ceded Title Premiums Written
- The amount represents title premiums written under agreements of reinsurance ceded. This can be done through reinsurance ceded treaties, facultative reinsurance assumed agreements, or under transfer and assumption agreements.
- Line 2.1 – Statutory Premium Reserve - Balance at December 31, Prior Year
- The amounts reported on this line are the statutory premium reserve for the prior year. The amounts should agree with the amounts shown on Page 3, Line 2 for the prior year.
- Line 2.2 – Aggregate Write-ins for Book Adjustments to Line 2.1
- Enter the total of the write-ins listed in schedule Details of Write-ins Aggregated at Line 2.2 for Book Adjustments to Line 2.1.
- Line 2.3 – Additions during the Current Year
- This amount represents additions to the Statutory Premium Reserve during the current year. This is normally the premium written for the current year multiplied by the applicable statutory reserve accumulation factor.
- Line 2.4 – Withdrawals during the Current Year
- The amounts reported on this line are withdrawals from the Statutory Premium Reserve permitted under statute. This is normally the Statutory Premium Reserve amortization amount.
- Line 2.5 – Aggregate Write-ins for Other Adjustments Not Effecting Earned Premiums
- Enter the total of the write-ins listed in schedule Details of Write-ins Aggregated at Line 2.5 for Other Adjustments Not Effecting Earned Premiums.
- Line 2.6 – Balance at December 31, Current Year
- The amounts reported on this line represent the Statutory Premium Reserve at December 31 of the current year. The amounts reported on this line should agree with the amounts reported by the company on Page 3, Line 2, Column 1. The amounts reported on this line should agree to the amounts reported on Line 2.1 plus the amounts reported on Line 2.2, plus the amounts reported on Line 2.3 less the amounts reported on Line 2.4, plus the amounts reported on Line 2.5.

Line 3 – Net Title Premiums Earned During Year

This is Line 1.4 plus Line 2.1, plus Line 2.5, minus Line 2.6 and should balance to Schedule T, Line 59, Column 7.

Details of Write-ins Aggregated at Line 2.2 for Book Adjustments to Line 2.1

The amounts reported on this line are any accounting adjustments to the prior year's Statutory Premium Reserve (SPR). For example, adjustments may be needed to reflect a merger or to correct errors. Add amounts that increase the SPR and subtract amounts that decrease the SPR.

Details of Write-ins Aggregated at Line 2.5 for Other Adjustments Not Effecting Earned Premiums

The amounts reported on this line are any adjustments to the SPR other than those reported on Lines 2.3 or 2.4. Add amounts that increase (shown as positive amounts) the SPR and subtract amounts that decrease (shown as negative amounts) the SPR.

PART 3 – EXPENSES

A company that pays management fees to an affiliate (including a managing general agent) shall allocate these costs to the appropriate expense classification item (salaries, rent, postage, etc.) as if these costs had been borne directly by the company. Management (or similar) fees should not be reported as a one-line expense. It is appropriate for the company to estimate these expense allocations based on a formula or other reasonable basis.

The total management fees and the method(s) used for allocation shall be disclosed in the Notes to Financial Statements. The company shall use the same allocation method(s) on a consistent basis. Refer to *SSAP No. 70—Allocation of Expenses* for accounting guidance.

Exclude from investment expenses brokerage and other related fees, to the extent they are included in the actual cost of a bond upon acquisition. Refer to *SSAP No. 26R—Bonds* for accounting guidance.

Include all other internal costs or costs paid to an affiliated company related to origination, purchase or commitment to purchase bonds.

Column 1 – Title and Escrow Operating Expenses - Direct Operations

The amounts shown in this column represent expenses related to the company's title and escrow operations. It does not include losses, loss adjustment expenses (allocated or unallocated) or investment expenses. The expenses include only amounts incurred directly by the company, and do not include expenses incurred by any agents (regardless of ownership interest).

Exclude: Expenses on orders not produced by the company (report this in Column 6, Other Operations).

Column 2 – Title and Escrow Operating Expenses - Non-affiliated Agency Operations

The amounts shown in this column represent expenses related to the company's title and escrow non-affiliated agency operations. It does not include losses, loss adjustment expenses (allocated or unallocated) or investment expenses. The expenses include only amounts incurred directly by the company and do not include expenses incurred by any agency (regardless of ownership interest).

Exclude: Expenses on orders not produced by the company (report this in Column 6, Other Operations).

Column 3 – Title and Escrow Operating Expenses - Affiliated Agency Operations

The amount shown in this column represent expenses related to the company's title and escrow affiliated agency operations. It does not include losses, loss adjustment expenses (allocated or unallocated) or investment expenses. The expenses include only amounts incurred directly by the company and do not include expenses incurred by any agency (regardless of ownership interest).

Exclude: Expenses on orders not produced by the company (report this in Column 6, Other Operations).

Details of Write-ins Aggregated at Line 23 for Other Expenses

List separately each category of other expense for which there is no pre-printed line in Part 3.

Expenses not listed as includable in other operating expense classifications, and not analogous thereto, shall be included in "Other." Specifically, the following shall be included:

Include: Donations to organized charities.

Cost of tabulating service when such service is rendered by outside organizations.

Amounts received and handled in accordance with the Instruction "Income from Special Services."

Differences between actual amounts paid, and amounts apportioned in accordance with the Instruction "Joint Expenses."

GENERAL INSTRUCTIONS IN CONNECTION WITH OPERATING EXPENSE CLASSIFICATIONS

A. Joint Expense

Whenever personnel or facilities are used in common by two or more companies, or whenever the personnel or facilities of one company are used in the activities of two or more companies, the expenses involved shall be apportioned in accordance with the instructions relating to Joint Expenses, and such apportioned expenses shall be allocated by each company to the same operating expense classifications as if the expenses had been borne wholly. Any difference between the actual amount paid, and the amount of such apportioned expenses, shall be included in the operating expense classification "Miscellaneous."

This instruction does not apply to the following, which are covered by separate instructions herein:

Reinsurance commission and allowance (see Commission and Brokerage – Reinsured, Assumed and Ceded)

Commission and brokerage paid to managers and agents (see Commission and Brokerage – Direct)

Allowances to managers and agents (see Allowances to Manager and Agents)

Expenses allocable in accordance with the instruction "Income from Special Services"

B. Expenses for Account of Another

Whenever expenses are paid by one company for account of another, the payments shall not appear among the expenses reported by the former, and shall be included by the latter in the same expense classification as if originally paid by it.

C. Income from Special Services

Whenever an insurance company receives compensation for sales or services, such as loss adjustment or inspection not related to policies written by the company, and such compensation is not calculated as a joint expense reimbursement, the amount thereof shall be included in the operating expense classification "Miscellaneous." Where an insurance company pays the compensation, allocation shall be made to the expense classification dictated by the nature of the expense.

Reinsurance commission and allowances (See Commission and Brokerage – Reinsurance Assumed and Ceded).

Expenses incurred for the benefit of companies in the same group or fleet are covered by the instruction "Joint Expenses."

D. Analogous Items

The list of expenses includible in the operating expense classifications is representative and do not exclude analogous items that are omitted from the lists.

OPERATIONS AND INVESTMENT EXHIBIT

PART 4 – NET OPERATING GAIN/LOSS EXHIBIT

EXHIBIT OF NET INVESTMENT INCOME

Include the amount of investment income collected and earned by each type of invested asset. Interest on encumbrances should be deducted by type of invested asset that is encumbered. Investment income should be assessed for collectibility. If uncollectible, the amount should be written off and charged against investment income. Refer to *SSAP No. 34—Investment Income Due and Accrued* for accounting guidance.

Include the income from securities that the company no longer owns in the appropriate line of the Exhibit of Net Investment Income.

Report in Column 2 amounts needed to adjust income from a spot rate to a periodic rate. Refer to *SSAP No. 23—Foreign Currency Transactions and Translations* for accounting guidance.

Column 1 – Collected During Year

Subtract amounts paid for accrued interest on purchases from this amount.

Column 2 – Earned During Year

Earned investment income reported here should be on an accrual basis.

Lines 1, 1.1,
1.2 and 1.3 – Bonds

Report interest earned on bonds.

Include: Accrual of discount.

Amortization of origination fees intended to compensate the reporting entity for interest rate risk (e.g., points).

Amortization of commitment fees (if such qualify for amortization).

Prepayment penalty or acceleration fees where the investment is liquidated prior to the scheduled termination date on mortgage-backed/loan-backed and structured securities.

Commitment fees, if the loan or bond is not granted or if the commitment is not exercised.

Nonrefundable fees other than points.

Exclude: Interest due and accrued on bonds in default as to principal or interest. The market value of such bonds includes such interest.

Deduct: Amortization of premium during the year.

Line 1.1 – Bonds Exempt from U.S. Tax

This line is applicable to Property/Casualty entities only.

Lines 2.1, 2.11,
2.2 and 2.21

– Stocks

Include: Accrual of discount for redeemable preferred stocks.
Dividends on stocks declared to be ex-dividend on or prior to December 31.

Deduct: Amortization of premium for redeemable preferred stocks.

Line 3 – Mortgage Loans

Refer to *SSAP No. 34—Investment Income Due and Accrued* for accounting guidance.

Include: Income from property for which the transfer of legal title is awaiting expiration of redemption or moratorium period.
Accrual of discount.
Amortization of mortgage interest points.
Amortization of commitment fees. If such qualify for amortization under *SSAP No. 37—Mortgage Loans*.
Prepayment penalty or acceleration fee.
Commitment fees, if the loan or bond is not granted or if the commitment is not exercised.
Nonrefundable fees other than points.

Deduct: Outgo on such property, unless capitalized or shown in:
Exhibit 2 or 3 for **life and fraternal companies**
Underwriting and Investment Exhibit, Part 3 for **property and health companies**
Operations and Investment Exhibit, Part 3 for **title companies**
Servicing fees paid to correspondents and others unless included in:
Exhibit 2 for **life and fraternal companies**
Underwriting and Investment Exhibit, Part 3 for **property and health companies**
Operations and Investment Exhibit, Part 3 for **title companies**
Amortization of premium.

Line 4	–	Real Estate	
		Include:	Income from ownership of Schedule A properties. Adequate rent for the reporting entity's occupancy, in whole or in part, of its own buildings, and for space therein occupied by agencies.
		Exclude:	Reimbursements of amounts previously capitalized; such amounts should normally be credited to the item to which the expenditure was charged originally.
		Deduct:	Interest on encumbrances.
Line 6	–	Cash, Cash Equivalents and Short-term Investments	
		Include:	Earned investment income on investments for which maturities (or repurchase dates) at the time of acquisition were one year or less.
Line 7	–	Derivative Instruments	
		Include:	Amount of investment income from Schedule D3.
Line 8	–	Other Invested Assets	
		Include:	Earned investment income for any class of investments includable in Schedule BA.
Line 9	–	Aggregate Write-ins for Investment Income

Enter the total of the write-ins listed in schedule Details of Write-ins Aggregated at Line 15 for Deductions from Investment Income.

Details of Write-ins Aggregated at Line 9 for Investment Income

List separately each category of investment income for which there is no pre-printed line in the Exhibit of Net Investment Income.

Include: Amortization for the period of the difference between original proceeds received and the strike price obligation for asset transfers with put options accounted for as financing. Also include an amount equal to the hypothecated income for these transactions reported in Column 1. Any paid interest items included in this line should be enclosed in parentheses.

Investment fees relating to uninsured accident and health plans and the uninsured portion of partially insured accident and health plans.

Fees received by the transferor for the loaning of securities, net of direct expenses. (NOTE: Interest income on loaned securities that is unrelated to securities lending is reported in the annual statement categories and exhibits that are consistent with the income earned on similar investment categories, e.g., bonds.)

Amortization of servicing assets or liabilities as described in *SSAP No. 103R—Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*.

Details of Write-ins Aggregated at Line 15 for Deductions from Investment Income

List separately each category of deduction from investment income for which there is no pre-printed line in the Exhibit of Net Investment Income.

Include: Accrued interest on borrowed money, with appropriate designation. Report investment income credited to uninsured accident and health plans and the uninsured portion of partially insured accident and health plans.

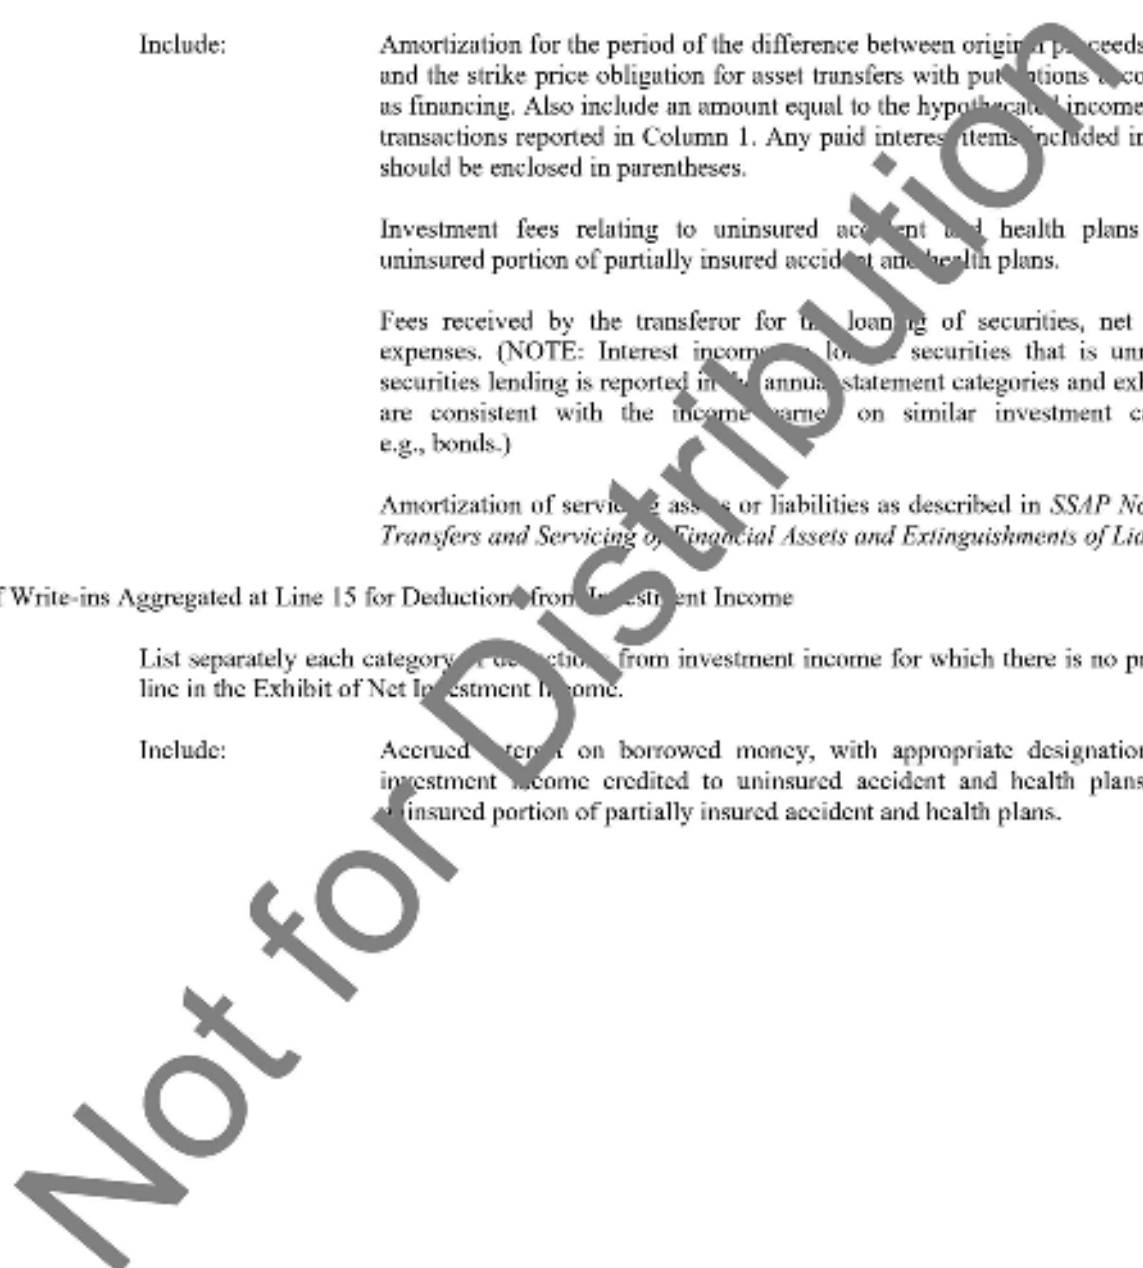

EXHIBIT OF CAPITAL GAINS (LOSSES)

Gains and losses may be offset against each other only where they apply to the same bond issue, property, etc. Only gains/losses pertaining to invested assets are to be included in this exhibit. Amounts in this exhibit shall be presented before federal and foreign income taxes.

Column 1	–	Realized Gain (Loss) on Sales or Maturity
		Exclude: Realized foreign exchange gain or loss.

Column 4	–	Change in Unrealized Capital Gain (Loss)
		Include: Any unrealized valuation changes reported in the investment schedules. The change in any valuation allowance between the current period and previous year-end amount.
		Exclude: Other-than-temporary impairment write-downs. Amounts reported in the Unrealized Foreign Exchange Change in Book/Adjusted Carrying Value column in the detailed investment schedules.
Column 5	–	Change in Unrealized Foreign Exchange Capital Gain (Loss)
		Include: Amounts reported in the foreign exchange change in book/adjusted carrying value column in the detailed investment schedules.
Lines 1, 1.1, 1.2 and 1.3	–	Bonds
		Include: Amounts from Schedule D, Part 1 and Part 4 that represent either realized or unrealized adjustments on bonds. In Column 2, the decline in the fair value of a bond that is other-than-temporary.
Line 1.1	–	Bonds exempt from U.S. Tax
		Applicable to Property/Casualty entities only.
Lines 2.1, 2.11, 2.2, and 2.21	–	Stocks
		Include: Amounts from Schedule D, Part 2 and Part 4 that represent either realized or unrealized adjustments on stocks.
		Exclude: Proceeds from sale of rights, etc. (Reduce the stock asset accordingly.)

Line 3	–	Mortgage Loans	
		Include:	Amounts from Schedule B that represent either realized or unrealized adjustments.
			Amounts from Schedule B that represent adjustments to statement value for recognizing an impairment of a mortgage loan by creating a valuation allowance or by adjusting an existing valuation allowance for an impaired loan.
Line 4	–	Real Estate	
		Include:	Amounts from Schedule A that represent either realized or unrealized adjustments.
Line 5	–	Contract Loans	
		Include:	Any realized or unrealized adjustments on contract loans.
Line 6	–	Cash, Cash Equivalents and Short-term Investments	
		Include:	Gains or (losses) arising from the transfer of funds to or from other countries. Also include in Column 4, the net change in deduction for deposits in suspended depositories.
Line 7	–	Derivative Instruments	
		Include:	Amounts from Schedule DB that represent either realized or unrealized adjustments.
Line 8	–	Other Invested Assets	
		Include:	Amounts from Schedule BA that represent either realized or unrealized adjustments.

Line 10 – Total Capital Gains (Losses)

Column 3 total should agree with reported net realized capital gains (losses) before the tax effects.

Column 3, Line 10 should equal:

[Page 4, Line 10, Col 1 + Page 4, Line 10 inset amount for the PC statement]

[Page 4, Line 34, Col 1 + Page 4, Line 34, inset amount #1 + Page 28 IMR, Line 2, Col 1 + Page 28 IMR, Line 2, inset amount #2 for the Life and Fraternal statement]

[Page 4, Line 26, Col 2 + Page 4, Line 26 inset amount for the Health statement]

[Page 4, Line 10, Col 1 + Page 4, Line 10 inset amount for the Title statement]

Column 4 total should agree with the change in unrealized capital gains (losses) before taxes.

Column 4, Line 10 should equal:

[Page 4, Line 24, Col 1 + Page 4, Line 24, inset amount for the PC statement]

[Page 4, Line 38, Col 1 + Page 4, Line 38, inset amount for the Life and Fraternal statement]

[Page 5, Line 36, Col 1, + Page 5, Line 36, inset amount for the Health statement]

[Page 4, Line 18, Col 1 + Page 4, Line 18 inset amount for the Title statement]

Details of Write-ins Aggregated at Line 9 for Capital Gains (Losses)

List separately each category of capital gains (losses) for which there is no pre-printed line in the Exhibit of Capital Gains (Losses).

Include: Capital gains from investments previously charged off.

For Clearly Defined Hedging Strategies qualifying for and applying the provisions of SSAP No. 108 include total current year amortization of SSAP No. 108 deferred liabilities and deferred assets as realized capital gains (losses).

For hedging strategies no longer identified as highly effective within the scope of SSAP No. 108 or which the reporting entity has elected to terminate include total current year amortization of deferred liabilities and deferred assets as unrealized capital gains (losses).

Include: Capital gains and losses on extinguishment of debt related to employee stock option plans.

EXHIBIT OF NONADMITTED ASSETS

This schedule should include the nonadmitted (both group and individual) amounts for both invested assets and other-than-invested assets.

The lines in this schedule are identical to those included in the Assets Page. The Column 1 amount should equal the amount reported in the same specific line in the Nonadmitted Assets column of the Assets Page (Page 2, Column 2, Line 28).

Column 1 – Current Year Total Nonadmitted Assets

- Include:
- Nonadmitted goodwill as prescribed in *SSAP No. 68—Business Combinations and Goodwill*.
 - Nonadmitted invested assets due to state aggregate investment limitations.
 - Nonadmitted amounts due to specific surplus notes.
 - Nonadmitted invested asset amounts due to designation restrictions by the state (e.g., designation 6 securities must be partially or wholly nonadmitted).
 - Non-operating systems software.
 - Electronic data processing (EDP) equipment and operating software in excess of 3% of capital and surplus for the most recently filed statement adjusted to exclude any EDP equipment and operating system software, net deferred tax assets and net positive goodwill.
 - Prepaid expense (*SSAP No. 25—Prepaid Expenses*).

Column 2 – Prior Year Total Nonadmitted Assets

This column should contain the total (sum of group and individual) nonadmitted amounts from the prior year annual statement.

Column 3 – Change in Total Nonadmitted Assets

This column should equal Column 2 minus Column 1. The amount reported in the total line of this column should equal the amount reported in the “Change in Nonadmitted Assets” line of the Capital and Surplus Account calculation.

NOTES TO FINANCIAL STATEMENTS

Notes to the Annual Statement are to be filed on March 1.

These instructions include guidance for the annual statement. These instructions provide specific examples that illustrate the disclosures required by the *Accounting Practices and Procedures Manual* and depict the application of certain Statements of Statutory Accounting Principles (SSAP). UNLESS OTHERWISE INDICATED, the format and level of detail in the illustrations are not requirements. The NAIC encourages a format that provides the information in the most understandable manner in the specific circumstances. Entities are not required to display the disclosure information contained herein in the specific manner illustrated, except where indicated in the illustrations provided for specific notes.

To facilitate comparison to the electronic notes database, the following data-captured disclosures should be presented in whole dollars in the same format and level of detail in the specific manner shown in the illustration. When the disclosure for a particular illustration is not applicable or the reporting entity has nothing to report, the reporting entity is not required to present the disclosure in the illustrated format with zero amounts except for the reconciliation table illustrated in Note 1A, which must be provided regardless of whether the reporting entity has any state prescribed or permitted practices. It will still be acceptable to indicate "none" or "not applicable" for the whole disclosure or specific parts of the disclosure, as appropriate, as long as the numbering format of the disclosure is preserved. Following the presentation of the illustration is not meant to preclude reporting entities from providing additional clarification before or after the illustration to enable users to better understand the disclosure.

27	Δ

The following disclosures are applicable to the annual statement filed March 1. In the annual statement filed on March 1, a) a disclosure or response must be provided for every item (indicate "none" or "not applicable" if appropriate), and b) the reporting entity must not alter the number scheme of the notes. Notes are to be presented in numerical order including those notes that will be noted as "none." Users should note the NAIC would utilize Note 21, Other Items, to include information required by recently adopted SSAPs.

1. Summary of Significant Accounting Policies and Going Concern

Instruction:

Refer to *SSAP No. 1—Accounting Policies, Risks & Uncertainties, and Other Disclosures* for accounting guidance regarding disclosure requirements. The major disclosure requirements are as follows:

- A. This note (**including a table reconciling income and surplus between the state basis and SAP basis**) is required to be completed, even if there are no prescribed practices or permitted practices to report.

Indicate that the statement has been completed in accordance with the *Accounting Practices and Procedures Manual*. If a reporting entity employs accounting practices that depart from the *Accounting Practices and Procedures Manual*, including different practices required by state law, disclose the following information about those accounting practices.

Include:

- A description of the accounting practice;
- A statement that the accounting practice differs from NAIC statutory accounting practices and procedures (NAIC SAP) identifying whether the practice is a departure from NAIC SAP or from a state prescribed practice and include the financial statement reporting lines predominantly impacted by the permitted or prescribed practice. (Although most practices impact net income or surplus, direct reference to those lines should be avoided. The intent is to capture the financial statement lines reflecting the practice which ultimately impacts net income or statutory surplus.)
- The monetary effect on net income and statutory surplus of using an accounting practice that differs from NAIC statutory accounting practices and procedures; and
- If an insurance enterprise's risk-based capital would have triggered a regulatory event had it not used a prescribed or permitted practice, that fact should be disclosed in the financial statements.

In addition, disclose the following information about accounting practices when NAIC statutory accounting practices and procedures do not address the accounting for the transaction:

- A description of the transaction and of the accounting practice used; and
- A statement that the NAIC statutory accounting practices and procedures do not address the accounting for the transaction.

A table reconciling income and surplus between the state basis and NAIC SAP basis for the current reporting period and the prior year-end shall be provided. The reconciliation table is required even if the reporting entity does not have any permitted or prescribed practices to report.

The reconciliation shall include:

Brief description of the prescribed or permitted practice;

SSAP # Enter the SSAP numbers to which the permitted or prescribed practice primarily pertains.

For example, use "43R" for SSAP No. 43R or "19" for SSAP No. 19. If multiple SSAPs are needed for the prescribed or permitted practice, separate with a comma (19,43R).

For permitted practices from state regulations, use "00".

If multiple SSAPs are needed for the prescribed or permitted practice, separate with a comma (19,43R,00).

Financial statement pages (F/S pages) primarily impacted by the permitted or prescribed practice.

Only the following pages should be referenced.

2 – Assets

3 – Liabilities, Surplus and Other Funds

4 – Statement of Income

5 – Cash Flow

Use "N/A" for permitted or prescribed practices that do not impact the financial statements pages above.

If multiple pages are needed for the prescribed or permitted practice, separate with a comma (3,4).

Financial statement reporting lines (F/S lines) of the key financial statement page primarily impacted by the permitted or prescribed practice.

(References to the financial statement reporting line for net income or statutory surplus should be avoided. The intent is to capture the financial statement line reflecting the practice which ultimately impacts net income or statutory surplus.)

If "N/A" was used for the F/S page, use "N/A" for the F/S line.

If multiple lines are needed for the prescribed or permitted practice, separate with a comma (1,8).

Below are examples of permitted and prescribed practices the reporting entity may or may not be using which could be disclosed. The reporting entity may have others not shown below.

Differences in the accounting and reporting of:

- Goodwill
- Admission of Fixed Assets
- Value of Home Office Property

NOTE: Amounts reported in other notes to the financial statements shall reference Note 1 if impacted by prescribed or permitted practices. The following is an example of inserting a statement within applicable notes:

Example Illustration: Note 3. Business Combinations and Goodwill

Illustration:

A. Statutory Purchase Method

The Company purchased 100% interest of XYZ Insurance Company on 6/30/____. XYZ Insurance Company is licensed in 49 states and sells workers' compensation products exclusively.

The transaction was accounted for as a statutory purchase and reflects the following:

1 Purchased entity	2 Acquisition date	3 Cost of acquired entity	4 Original amount of admitted goodwill	5 Adjusted goodwill as of reporting date	6 Amount of goodwill amortized during the reporting period	7 Admitted goodwill as a % of SCA, BACV, gross of admitted goodwill
.....	\$	\$	\$	\$%
.....	\$	\$	\$	\$%
.....	\$	\$	\$	\$%
.....	\$	\$	\$	\$%

* For Columns 5 and 6, these amounts reflect prescribed or permitted practices that depart from the *NAIC Accounting Practices and Procedures Manual*, See Note 1, Summary of Significant Accounting Policies for additional information.

- B. Include an explanation that the preparation of financial statements is in conformity with the *Annual Statement Instructions* and *Accounting Practices and Procedures Manual* requires the use of management's estimates.
- C. Disclose all accounting policies that materially affect the assets, liabilities, capital and surplus or results of operations.

Include:

- (1) Basis at which the short-term investments are stated.
 - (2) Basis at which the bonds, mandatory convertible securities and SVO-Identified investments identified in SSAP No. 26R are stated, and the amortization method.
- amortization method for bonds and mandatory convertible securities, and if elected by the reporting entity, the approach for determining the systematic value for SVO-Identified securities per SSAP No. 26R. If utilizing the systematic value measurement method approach for SVO-Identified investments, the reporting entity must include the following information:
- Whether the reporting entity consistently utilizes the same measurement method for all SVO-Identified investments (e.g., fair value or systematic value). If different measurement methods are used, information on why the reporting entity has elected to use fair value for some SVO-Identified investments and systematic value for others.
 - Whether SVO-Identified investments are being reported at a different measurement method from what was used in an earlier current-year interim and/or in a prior annual statement. (For example, if reported at systematic value prior to the sale, and then reacquired and reported at fair value.) This disclosure is required in all interim reporting periods and in the year-end financial statements for the year in which an SVO-Identified investment has been reacquired and reported using a different measurement method from what was previously used for the investment. (This disclosure is required regardless of the length of time between the sale/reacquisition of the investments, but is only required in the year in which the investment is reacquired.)

- Identification of securities still held that no longer qualify for the systematic value method. This should separately identify those securities that are still within scope of SSAP No. 26R and those that are being reported under a different SSAP.
- (3) Basis at which the common stocks are stated.
 - (4) Basis at which the preferred stocks are stated.
 - (5) Description of the valuation basis of the mortgage loans.
 - (6) Basis at which the loan-backed securities are stated and the adjustment methodology used for each type of security (prospective or retrospective).
 - (7) The accounting policies of the reporting entity with respect to investments in subsidiaries, controlled and affiliated entities.
 - (8) The accounting policies of the reporting entity with respect to investments in joint ventures, partnerships and limited liability companies.
 - (9) A description of the accounting policy for derivatives.
 - (10) Whether or not the reporting entity utilizes anticipated investment income as a factor in the premium deficiency calculation.
 - (11) A summary of management's policies and methodologies for estimating the liabilities for losses and loss/claim adjustment expenses, including discussion of claims for toxic waste cleanup, asbestos-related illnesses or other environmental remediation exposures.
 - (12) If the capitalization policy and the resultant predefined thresholds changed from the prior period, the reason for the change.
 - (13) The method used to estimate pharmaceutical rebate receivables.

D. Going Concern

The reporting entity shall provide the following going concern disclosures after management's evaluation of the reporting entity's ability to continue as a going concern and consideration of management's plans to alleviate any substantial doubt about the entity's ability to continue as a going concern.

- (1) If after considering management's plans, substantial doubt about an entity's ability to continue as a going concern is alleviated, the reporting entity shall disclose in the notes to the financial statements the following information:
 - a. Principal conditions and events that raised substantial doubt about the entity's ability to continue as a going concern (before consideration of management's plans).
 - b. Management's evaluation of the significance of those conditions or events in relation to the entity's ability to meet its obligations.
 - c. Management's plans that alleviated substantial doubt about the entity's ability to continue as a going concern.
- (2) If after considering management's plans, substantial doubt about an entity's ability to continue as a going concern is not alleviated, the entity shall include a statement in the notes to the financial statements indicating that there is substantial doubt about the entity's ability to continue as a going concern within one year after the date that the financial statements are issued. Additionally, the reporting entity shall disclose the information in paragraphs 1D(1)a and 1D(1)b, as well as the management plans that are intended to mitigate the conditions or events that raise substantial doubt about the entity's ability to continue as a going concern.

- (3) The going concern evaluation and going concern disclosures discussed in *SSAP No. 1—Accounting Policies, Risks & Uncertainties, and Other Disclosures* are required for both interim and annual financial statements. If substantial doubt was determined, and the conditions or events continue to raise substantial doubt about an entity's ability to continue as a going concern in subsequent annual or interim reporting periods, the entity shall continue to provide the disclosures in each subsequent reporting period. In these subsequent periods, the disclosures should become more extensive as additional information becomes available about the relevant conditions or events and about management's plans. The entity shall provide appropriate context and continuity in explaining how conditions or events have changed between reporting periods.
- (4) For the period in which substantial doubt no longer exists (before or after consideration of management plans), an entity shall disclose how the relevant conditions or events that raised substantial doubt were resolved.

A. Accounting Practices

The financial statements of XYZ Company are presented on the basis of accounting practices prescribed or permitted by the ABC Insurance Department.

The ABC Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of ABC for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the ABC Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of ABC. The state has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, 1) goodwill arising from the purchase of a subsidiary, controlled or affiliated entity is written off directly to surplus in the year it originates by ABC domiciled companies. In NAIC SAP, goodwill in amounts not to exceed 10% of a reporting entity's capital and surplus may be capitalized and all amounts of goodwill are amortized to unrealized gains and losses on investments over periods not to exceed 10 years, and, 2) 100% of all fixed assets are admitted by ABC domiciled companies. In NAIC SAP, fixed assets are not admitted. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices.

The Company, with the explicit permission of the Commissioner of Insurance of the State of ABC, records the value of its home office building at fair value instead of at depreciated cost required by the NAIC SAP. If the home office building were carried at depreciated cost, home office property and statutory surplus would be decreased by \$_____ and \$_____ as of December 31, 20__ and 20__, respectively. Additionally, net income would be increased by \$_____ and \$_____ respectively, for the years then ended. Finally, if the Company had not been permitted to record the value of its home office building at fair value, the Company's risk-based capital would have triggered a regulatory event.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of ABC is shown below:

THIS EXACT FORMAT MUST BE USED IN THE PREPARATION OF THIS NOTE FOR THE TABLE BELOW. REPORTING ENTITIES ARE NOT PRECLUDED FROM PROVIDING CLARIFYING DISCLOSURE BEFORE OR AFTER THIS ILLUSTRATION.

B. Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding entities for reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the interest method.

The company holds three (3) SVO-Identified bond ETFs reported on Schedule D-1. Two of these ETFs are reported at fair value, and the company has made an irrevocable decision to hold one of the ETFs at systematic value. The company has elected to utilize different measurement methods for the SVO-Identified bond ETFs for the following reasons:

The company previously utilized systematic value for the reporting of an SVO-Identified bond ETF reported on Schedule D-1. On June 1, XX, the company sold all interests in the SVO-Identified bond ETF (entire CUSIP). On October 30, XX, the reporting entity reacquired the SVO-Identified bond ETF (same CUSIP) and did not elect to utilize the systematic value for this SVO-Identified bond ETF. Pursuant to the guidance in SSAP No. 26R, a different measurement method is permitted as the reacquisition occurred 90 days after the sale of the SVO-Identified investment.

The Company previously utilized systematic value for the reporting of an SVO-Identified bond ETF reported on Schedule D-1. As of Dec. 31, XX, the SVO-Identified bond ETF was no longer included on the SVO listing an SVO-Identified bond ETF. Therefore, this ETF was no longer captured within the scope of SSAP No. 26R and permitted to be reported on Schedule D-1. Pursuant to the statutory accounting guidance, this ETF is now captured within the scope of SSAP No. 30R and is reported at fair value on Schedule D-2-2.

The company previously utilized systematic value for the reporting of an SVO-Identified bond ETF reported on Schedule D-1. As of Dec. 31, XX, the SVO-Identified bond ETF had an NAIC designation of 3. Pursuant to the guidance in SSAP No. 26R, a non-AVR reporting entity is only permitted to utilize systematic value for SVO-Identified bond ETFs with an NAIC designation of 1 or 2. As this ETF no longer qualifies for systematic value, but is still on the SVO-Identified list, it is captured within scope of SSAP No. 26R, reported on Schedule D-1, but is now reported at fair value.

- (3) Common Stocks are stated at market except that investments in stocks of uncombined subsidiaries and affiliates in which the Company has an interest of 20% or more are carried on the equity basis.
- (4) Preferred stocks are stated in accordance with the guidance provided in SSAP No. 32.
- (5) Mortgage loans on real estate are stated at the aggregate carrying value less accrued interest.
- (6) Loan-backed securities are stated at either amortized cost or the lower of amortized cost or fair value. The retrospective adjustment method is used to value all securities except for interest only securities or securities where the yield had become negative, that are valued using the prospective method.
- (7) The Company carries ABC Non-insurance company at GAAP equity plus the remaining Goodwill balance of \$ _____.
- (8) The company has minor ownership interests in joint ventures. The company carries these interests based on the underlying audited GAAP equity of the investee.
- (9) All derivatives are stated at fair value.
- (10) The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53—*Property-Casualty Contract – Premiums*.

- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior period.

2. Accounting Changes and Corrections of Errors

Instruction:

Describe material changes in accounting principles and/or correction of errors. Include:

- A brief description of the change, encompassing a general disclosure of the reason and justification for the change or correction.
- The impact of the change or correction on net income, surplus, total assets and total liabilities for the two years presented in the financial statements (i.e., the balance sheet and statement of income).
- The effect on net income of the current period for a change in estimate that affects several future periods, such as a change in the service lives of depreciable assets or actuarial assumptions affecting pensions costs. Disclosure of the effect on those income statement amounts is not necessary for estimates made each period in the ordinary course of accounts for items such as uncollectible accounts. However, disclosure is recommended if the effect of a change in the estimate is material.
- When subsequent financial statements are issued containing comparative restated results as a result of the filing of an amended financial statement, the reporting entity shall disclose that the prior period has been restated and the nature and amount of such restatement.

Illustration:

During the current year's financial statement preparation, the Company discovered an error in the compiling and reporting of investment income from an affiliate for the prior year. In the prior year, common stocks (Assets Page, Line ___) and investment income earned from affiliates (included in Statement of Income, Line ___) were understated by \$_____. Line ___ on the Assets Page and Line ___ on the Gains and Losses section of the Statement of Income have been adjusted in the current year to correct for this error.

3. Business Combinations and Goodwill

Instruction:

A. Statutory Purchase Method

For business combinations accounted for under the statutory purchase method, disclose the following for as much amortized goodwill is reported as a component of the investment:

• The name and brief description of the acquired entity.

- That the method of accounting is the statutory purchase method.
- Acquisition date, cost of the acquired entity and the original amount of admitted goodwill.
- The amount of amortization of goodwill recorded for the period, the admitted goodwill as of the reporting date and admitted goodwill as a percentage of the SCA's book adjusted carrying value (gross of admitted goodwill).

B. Statutory Merger

For business combinations taking the form of a statutory merger, disclose:

- (1) The names and brief description of the combined entities.
- (2) Method of accounting, that is, the statutory merger method.
- (3) Description of the shares of stock issued in the transaction.
- (4) Details of the results of operations of the previously separate entities for the period before the combination is consummated that are included in the current combined net income, including revenue, net income, and other changes in surplus.
- (5) A description of any adjustments recorded directly to surplus for any entity that previously did not prepare statutory statements.

C. Impairment Loss

If an impairment loss was recognized, disclose the following in the period of the impairment write-down:

- (1) A description of the impaired assets and the facts and circumstances leading to the impairment, and
- (2) The amount of the impairment charged to realized capital gains and losses and how fair value was determined.

4. Discontinued Operations

Instruction:

A. Discontinued Operation Disposed of or Classified as Held for Sale

The following shall be disclosed in the period in which a discontinued operation either has been disposed of or is classified as held for sale under *SSAP No. 24—Discontinued Operations and Unusual or Infrequent Items*:

- (1) The reporting entity shall assign a unique number for each discontinued operation and provide in a table the unique number assigned with a brief description of the discontinued operation.

NOTE: The unique number assigned for each discontinued operation will be used to identify the discontinued operation when referencing the discontinued operation in other parts of the disclosure.

- (2) Description of the facts and circumstances leading to the disposal or expected disposal and a description of the expected manner and timing of that disposal.
- (3) The loss recognized on the discontinued operation. The recognized loss shall be reported for the reporting period, and as a cumulative total since classified as held for sale.
- (4) The carrying amount immediately prior to the classification as held for sale, and the current fair value less costs to sell, including the balance sheet lines where the item is reported. Also report income received from the discontinued operation prior to the disposal transaction.

B. Change in Plan of Sale of Discontinued Operation

If the entity decides to change its plan of sale for the discontinued operation, disclose a description of the facts and circumstances leading to the decision to change the plan and the effect on the assets reported in the financial statements.

Adjustments to amounts reported related to discontinued operations as a result of:

- The resolution of contingencies that arise pursuant to the terms of the disposal transaction, such as the resolution of purchase price contingencies and indemnification issues with the purchaser.
- The resolution of contingencies that arise from and are directly related to the disposal of a discontinued operation or the component in a period prior to its disposal, such as environmental and product warranty obligations retained by the seller.
- The settlement of employee benefit plan obligations (pension, postemployment benefits other than postretirement benefits, and other postemployment benefits), provided the settlement is directly related to the disposal transaction. (A settlement is directly related to the disposal transaction if there is a demonstrated direct cause-and-effect relationship and the settlement occurs no later than one year following the disposal transaction, unless it is delayed by events or circumstances beyond an entity's control.)

C. Nature of Any Significant Continuing Involvement with Discontinued Operations After Disposal

If the entity will retain significant continuing involvement with a discontinued operation after the disposal transaction, the entity shall complete the disclosures for the bullet items shown below. Examples of significant continuing involvement include a supply and distribution arrangement, a financial guarantee, an option to repurchase and an equity method investment in the discontinued operation.

- Description of the activities that give rise to the continuing involvement.
- The period of time the involvement is expected to continue.
- The expected cash inflows/outflows as a result of continuing involvement.

D. Equity Interest Retained in the Discontinued Operation After Disposal

If the entity will retain an equity interest in the discontinued operation after the disposal date, disclose the ownership interest before and after the disposal transaction and the entity's share of the income or loss of the investee as of the year-end reporting date after the disposal transaction.

5. Investments

Instruction:

A. Mortgage Loans, including Mezzanine Real Estate Loans

For mortgage loans, disclose the following information:

- (1) The minimum and maximum rates of interest received for new loans made by category.
- (2) The maximum percentage of any one loan to the value of security at the time of the loan.
- (3) Taxes, assessments and any amounts advanced and not included in mortgage loan total.
- (4) Age analysis of mortgage loans and identification of mortgage loans in which the insurer is a participant or co-lender in a mortgage loan agreement.

An age analysis of mortgage loans, aggregated by type (Farm, Residential Insured, Residential All Other, Commercial Insured, Commercial All Other, Mezzanine), capturing:

- Recorded investment of current mortgage loans
- Recorded investment of mortgage loans past due classified as:
 - ❖ 30-59 days past due
 - ❖ 60-89 days past due
 - ❖ 90-179 days past due
 - ❖ 180+ days past due
- Recorded investment of mortgage loans past due still accruing interest:
 - ❖ 90-179 days past due
 - ❖ 180+ past due days
- Interest accrued for mortgage loans past due:
 - ❖ 90-179 days past due
 - ❖ 180+ past due days
- Interest reduced:
 - ❖ Recorded investment
 - ❖ Number of loans
 - ❖ Percent Reduced (weighted-average % of the aggregated reduced recorded investments).
- Identification of mortgage loans in which the insurer is a participant or co-lender in a mortgage loan agreement.

- (5) Disclose for investment in impaired loans aggregated by type (Farm, Residential Insured, Residential All Other, Commercial Insured, Commercial All Other, Mezzanine) the following:

- The amount for which there is a related allowance for credit losses determined in accordance with this *SSAP No. 37—Mortgage Loans*.
- The amount for which there is no related allowance for credit losses determined in accordance with this *SSAP No. 37—Mortgage Loans*.
- The total recorded investment in impaired loans subject to a participant or co-lender mortgage loan agreement for which the reporting entity is restricted from unilaterally foreclosing on the mortgage loan.

- (6) For impaired loans disclose the amounts, aggregated by type (Farm, Residential Insured, Residential All Other, Commercial Insured, Commercial All Other, Mezzanine), related to the following:
- Average recorded investment
 - Interest income recognized
 - Recorded investments on nonaccrual status pursuant to *SSAP No. 34—Investment Income Due and Accrued*
 - Unless not practicable, the amount of interest income recognized using a cash-basis method of accounting during the time within that period that the loans were impaired.
- (7) For each period for which results of operations are presented, the activity in the allowance for credit losses account, including:
- a. The balance in the allowance for credit losses account at the beginning of each period.
 - b. Additions charged to operations.
 - c. Direct write-downs charged against the allowance.
 - d. Recoveries of amounts previously charged off.
 - e. The balance in the allowance for credit losses account at the end of each period.
- (8) For mortgage loans derecognized as a result of foreclosure, provide the following:
- a. Aggregate amount of mortgage loans derecognized as a result of foreclosure.
 - b. Real estate collateral recognized.
 - c. Other collateral recognized.
 - d. Receivables recognized from a government guarantee of the foreclosed mortgage loan.
- (9) The policy for recognizing interest income on impaired loans, including the method for recording cash receipts.

B. Debt Restructuring

For restructured debt in which the reporting entity is a creditor, disclose the following:

- (1) The recorded investment in the loans for which impairment has been recognized in accordance with *SSAP No. 36—Troubled Debt Restructuring*.
- (2) Any related realized capital loss.
- (3) The amount of commitments, if any, to lend additional funds to debtors owing receivables whose terms have been modified in troubled debt restructuring.
- (4) The creditor's income recognition policy for interest income on an impaired loan.

C. Reverse Mortgages

For reverse mortgages, disclose the following:

- (1) A description of the reporting entity's accounting policies and methods, including the statistical methods and assumptions used in calculating the reserve.
- (2) General information regarding the reporting entity's commitment under the agreement.
- (3) The reserve amount that is netted against the asset.
- (4) Investment income or loss recognized in the period as a result of the re-estimated cash flows.

D. Loan-Backed Securities

For loan-backed securities, disclose the following:

- (1) Descriptions of sources used to determine prepayment assumptions.
- (2) All securities within the scope of *SSAP No. 43R—Loan-Backed and Structured Securities* with a recognized other-than-temporary impairment, disclosed in the aggregate, classified on the basis for the other-than-temporary impairment:
 - Intent to sell.
 - Inability or lack of intent to retain the investment in the security for a period of time sufficient to recover the amortized cost basis.
- (3) For each security, by CUSIP, with an other-than-temporary impairment, recognized in the current reporting period by the reporting entity, as the present value of cash flows expected to be collected is less than the amortized cost basis of the securities:
 - The amortized cost basis, prior to any current-period other-than-temporary impairment.
 - The other-than-temporary impairment recognized in earnings as a realized loss.
 - The fair value of the security.
 - The amortized cost basis after the current-period other-than-temporary impairment.
- (4) All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest-related impairment remains):
 - a. The aggregate amount of unrealized losses (that is, the amount by which cost or amortized cost exceeds fair value) and
 - b. The aggregate related fair value of securities with unrealized losses.

The disclosures in (a) and (b) above should be segregated by those securities that have been in a continuous realized loss position for less than 12 months and those that have been in a continuous unrealized loss position for 12 months or longer using fair values determined in accordance with *SSAP No. 100R—Fair Value*.
- (5) Additional information should be included describing the general categories of information that the investor considered in reaching the conclusion that the impairments are not other-than-temporary.

E. Dealer Repurchase Agreements and/or Securities Lending Transactions

- (1) For securities lending transactions, disclose the policy for requiring collateral or other security as required in *SSAP No. 103R—Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. This would also apply to separate accounts.

- (2) If the entity has pledged any of its assets as collateral that are not reclassified and separately reported in the statement of financial position pursuant to *SSAP No. 103R—Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*, disclose the carrying amount and classification of both those assets and associated liabilities as of the date of the latest statement of financial position presented, including qualitative information about the relationship(s) between those assets and associated liabilities. For example, if assets are restricted solely to satisfy a specific obligation, the carrying amounts of those assets and associated liabilities, including a description of the nature of restrictions placed on the assets, shall be disclosed.
- (3) If the entity or its agent has accepted collateral that it is permitted by contract or custom to sell or repledge, disclose the following information by type of program (securities lending or dollar repurchase agreement) as of the date of each statement of financial position:
- The aggregate amount of contractually obligated open collateral positions (aggregate amount of securities at current fair value or cash received for which the borrower may request the return of on demand) and the aggregate amount of contractually obligated collateral positions under 30-day, 60-day, 90-day, and greater than 90-day terms.
 - The fair value as of the date of each statement of financial position presented of that collateral and of the portion of that collateral that it has sold or repledged, and
 - Information about the sources and uses of the collateral.
- (4) For securities lending transactions administered by an affiliated agent in which “one-line” reporting of the reinvested collateral is optional, at the discretion of the reporting entity, disclose the aggregate value of the reinvested collateral which is “one-line” reported and the aggregate reinvested collateral which is reported in the investment schedules. Identify the rationale between the items which are one-line reported and those that are investment schedule reported and if the treatment has changed from the prior period.
- (5) The reporting entity shall provide the following information by type of program (securities lending or dollar repurchase agreement) with respect to the reinvestment of the cash collateral and any securities that it or its agent receives as collateral that can be sold or repledged.
- The aggregate amount of the reinvested cash collateral (amortized cost and fair value). Reinvested cash collateral should be broken down by the maturity date of the invested asset – under 30-day, 60-day, 90-day, 120-day, 180-day, less than 1 year, 1-2 years, 2-3 years and greater than 3 years.
 - To the extent that the maturity dates of the liability (collateral to be returned) does not match the invested assets, the reporting entity should explain the additional sources of liquidity to manage those mismatches.
- (6) If the entity has accepted collateral that it is not permitted by contract or custom to sell or repledge, provide detail on these transactions, including the terms of the contract, and the current fair value of the collateral.
- (7) For all securities lending transactions, disclose collateral for transactions that extend beyond one year from the reporting date.

NOTE: The paragraph below pertains to completion of the disclosures for repurchase/reverse repurchase accounted for as a sale or secured borrowing in Notes 5F through 5I.

Reporting entities should complete the disclosures that are relevant to the repurchase/reverse repurchase activity they engaged within the annual and interim reporting periods. For example, if the reporting entity only participated in repurchase transactions accounted for as secured borrowings, only those disclosures shall be included in the financial statement. Those disclosures that are not applicable shall just be noted as “none.” (The use of the “sale” accounting method to account for repurchase/reverse repurchase agreements is anticipated to be very limited. Therefore, those disclosures are not anticipated to be applicable to most reporting entities.)

The disclosure shall build each quarterly reporting period. This disclosure is required in all reporting periods (interim and annual) for all reporting entities that participate in repurchase or reverse repurchase transactions. A reporting entity that discontinues repurchase/reverse repurchase transactions during the year shall continue the disclosure (showing zero balances) in the reporting periods after discontinuing activity (retaining the quarterly detail that occurred prior to discontinuing the activity) through the annual reporting period. A reporting entity that begins participating in repurchase/reverse repurchase activity shall include the full disclosure in the quarterly reporting period for which activities began (noting zero activity in the quarters prior to engaging in the activity).

F. Repurchase Agreements Transactions Accounted for as Secured Borrowing

If the entity has entered into repurchase agreements, accounted for as secured borrowing transactions, disclose the following:

- (1) Information regarding the company policy or strategies for engaging in repo programs, policy for requiring collateral.

Also include a discussion of the credit risks associated with the agreements and related collateral received, including the impact of arising changes in the fair value of the collateral received and/or the provided security and how those risks are managed.

To the extent that the maturity dates of the liability (collateral to be returned) do not match the invested assets, the reporting entity shall explain the additional sources of liquidity to manage those mismatches.

The maximum amount and end balance as of each reporting period (quarterly and annual) should be provided for 3 through 5, and is below.

- (2) Whether repo agreements are bilateral and/or tri-party trades.

If the reporting entity answers “Yes” for any of the quarters for 5F(2)a or 5F(2)b, then it is expected the detail for the remaining disclosures for 5F below will be provided. If the repo activity has ended at year-end then at a minimum the maximum amount data would be provided.

- (3) Maturity time frame divided by the following categories: open or continuous term contracts for which no maturity date is specified, overnight, 2 days to 1 week, from 1 week to 1 month, greater than 1 month to 3 months, greater than 3 months to 1 year, and greater than 1 year.

- (4) Aggregate narrative disclosure of fair value of securities sold and/or acquired that resulted in default. (This disclosure is not intended to capture “failed trades,” which are defined as instances in which the trade did not occur as a result of an error and was timely corrected. Rather, this shall capture situations in which the non-defaulting party exercised their right to terminate after the defaulting party failed to execute.)

- (5) Fair value of securities sold in the aggregate, with identification of nonadmitted assets. (Book adjusted carrying value shall be provided as an end balance only.)

- (6) Fair value of securities sold by type of security and categorized by NAIC designation, with identification of nonadmitted assets. (Book adjusted carrying value shall be provided as an end balance only.) Although legally sold as a secured borrowing, these assets are still reported by the insurer and shall be coded as restricted pursuant to the annual statement instructions, disclosed in accordance with SSAP No. 1—*Accounting Policies, Risks & Uncertainties, and Other Disclosures* (SSAP No. 1), reported in the general interrogatories, and included in any other statutory schedules or disclosure requirements requesting information for restricted assets.
 - (7) Cash collateral and the fair value of security collateral (if any) received in the aggregate.
 - (8) Cash collateral and the fair value of security collateral received by type of security and categorized by NAIC designation with identification of collateral securities received that do not qualify as admitted assets.
 - (9) For collateral received, aggregate allocation of the collateral by the remaining contractual maturity of the repurchase agreements (gross): overnight and continuous, 0 to 30 days, 30-90 days and greater than 90 days.
 - (10) For cash collateral received that has been reinvested, the total invested cash and the aggregate amortized cost and fair value of the invested asset acquired with the cash collateral. This disclosure shall be reported by the maturity date of the invested asset: under 30 days, 60 days, 90 days, 120 days, 180 days, less than 1 year, 1-2 years, 2-3 years and greater than 3 years.
 - (11) Liability recognized to return cash collateral and the liability recognized to return securities received as collateral as required pursuant to the terms of the secured borrowing transaction.
- G. Reverse Repurchase Agreements Transactions Accounted for as Secured Borrowing

If the entity has entered into repurchase agreements, accounted for as secured borrowing transactions, disclose the following:

- (1) Information regarding the company policy or strategies for engaging in repo programs, policy for requiring collateral.

Include the terms of reverse repurchase agreements whose amounts are included in borrowing money.

Also include a discussion of the potential risks associated with the agreements and related collateral received, including the impact of arising changes in the fair value of the collateral received, and the provided security and how those risks are managed.

The maximum amount and the end balance as of each reporting period (quarterly and annual) should be provided for 3 through 5, 7, 9 and 10 below.

- (2) Whether repo agreements are bilateral and/or tri-party trades.

If the reporting entity answers "Yes" for any of the quarters for 5G(2)a or 5G(2)b, then it is expected the detail for the remaining disclosures for 5G below will be provided. If the repo activity has ended at year-end then at a minimum the maximum amount data would be provided.
- (3) Maturity time frame divided by the following categories: open or continuous term contracts for which no maturity date is specified, overnight, 2 days to 1 week, from 1 week to 1 month, greater than 1 month to 3 months, greater than 3 months to 1 year, and greater than 1 year.
- (4) Aggregate narrative disclosure of fair value of securities sold and/or acquired that resulted in default. (This disclosure is not intended to capture "failed trades," which are defined as instances in which the trade did not occur as a result of an error and was timely corrected. Rather, this shall capture situations in which the non-defaulting party exercised their right to terminate after the defaulting party failed to execute.)

- (5) Fair value of securities acquired in the aggregate.
- (6) Fair value of securities acquired by type of security and categorized by NAIC designation, with identification of whether acquired assets would not qualify as admitted assets.
- (7) Cash collateral and the fair value of security collateral (if any) provided. (If security collateral was provided, book adjusted carrying value shall be provided as an end balance only.) Disclosure shall identify the book adjusted carrying value of any nonadmitted securities provided as collateral.
- (8) For collateral pledged, the aggregate allocation of the collateral by the remaining contractual maturity of the repurchase agreements (gross): overnight and continuous, up to 30 days, 30-90 days and greater than 90 days.
- (9) Recognized receivable for the return of collateral. (Generally cash collateral, but including securities provided as collateral as applicable under the terms of the secured borrowing transaction. Receivables are not recognized for securities provided as collateral if those securities are still reported as assets of the reporting entity.)
- (10) Liability recognized to return cash collateral and the liability recognized to return securities received as collateral as required pursuant to the terms of the secured borrowing transaction.

H. Repurchase Agreements Transactions Accounted for as a Sale

If the entity has entered into repurchase agreements accounted for as sale transactions, disclose the following:

- (1) Disclose information regarding the company policy or strategies for engaging in repo programs, policy for requiring collateral.

The maximum amount and the end balance as of each reporting period (quarterly and annual) should be provided for 3 through 5, 7 and 91 days.

- (2) Whether repo agreements are bilateral and/or tri-party trades.

If the reporting entity answers "Yes" for any of the quarters for 5H(2)a or 5H(2)b, then it is expected the detail for the remaining disclosures for 5H below will be provided. If the repo activity has ended at year-end then at a minimum the maximum amount data would be provided.

- (3) Maturity time frame divided by the following categories: open or continuous term contracts for which no maturity date is specified, overnight, 2 days to 1 week, from 1 week to 1 month, greater than 1 month to 3 months, greater than 3 months to 1 year, and greater than 1 year.
- (4) Aggregate narrative disclosure of fair value of securities sold and/or acquired that resulted in default. (This disclosure is not intended to capture "failed trades," which are defined as instances in which the trade did not occur as a result of an error and was timely corrected. Rather, this shall capture situations in which the non-defaulting party exercised their right to terminate after the defaulting party failed to execute.)
- (5) Fair value of securities sold (derecognized from the financial statements) in the aggregate, with information on the book adjusted carrying value of nonadmitted assets sold. (Book adjusted carrying value shall be provided as an end balance only reflecting the amount derecognized from the sale transaction.)
- (6) Fair value and book adjusted carrying value of securities sold (derecognized from the financial statements) by type of security and categorized by NAIC designation, with identification of nonadmitted assets, with information on the book adjusted carrying value of nonadmitted assets sold.

- (7) Cash collateral and the fair value of security collateral (if any) received as proceeds and recognized in the financial statements in the aggregate with identification of received assets nonadmitted.
- (8) Cash collateral and the fair value of security collateral (if any) received as proceeds and recognized in the financial statements by type of security and categorized by NAIC designation with identification of received assets nonadmitted. All securities received shall be coded as restricted pursuant to the annual statement instructions, disclosed in accordance with SSAP No. 1, reported in the general interrogatories, and included in any other statutory schedules or disclosure requirements requesting information for restricted assets.
- (9) The forward repurchase commitment recognized to return the cash or securities received. Amount reported shall reflect the stated repurchase price under the repurchase transaction.

I. Reverse Repurchase Agreements Transactions Accounted for as a Sale

If the entity has entered into repurchase agreements, accounted for as sale transactions, disclose the following:

- (1) Disclose information regarding the company policy or strategy for engaging in repo programs, policy for requiring collateral.

The maximum amount and the end balance as of each reporting period (quarterly and annual) should be provided for 3 through 5, 7 and 8 below.

- (2) Whether repo agreements are bilateral and/or tri-party trades.

If the reporting entity answers "no" for any of the quarters for 5I(2)a or 5I(2)b, then it is expected the detail for the remaining disclosures for 5I below will be provided. If the repo activity has ended at year end then as a minimum the maximum amount data would be provided.
- (3) Maturity time frame divided by the following categories: open or continuous term contracts for which no maturity date is specified, overnight, 2 days to 1 week, from 1 week to 1 month, greater than 1 month to 3 months, greater than 3 months to 1 year, and greater than 1 year.
- (4) Aggregate narrative disclosure of fair value of securities sold and/or acquired that resulted in default. (This disclosure is not intended to capture "failed trades," which are defined as instances in which the trade did not occur as a result of an error and was timely corrected. Rather, this shall capture situations in which the non-defaulting party exercised their right to terminate after the defaulting party failed to execute.)
- (5) Fair value of securities acquired and recognized on the financial statements in the aggregate. (Book adjusted carrying value shall be provided as an end balance only.) The disclosure also requires the book adjusted carrying value of nonadmitted assets acquired.
- (6) Fair value of securities acquired and recognized on the financial statements by type of security and categorized by NAIC designation. (Book adjusted carrying value shall be provided.) The disclosure also requires the book adjusted carrying value of nonadmitted assets acquired.
- (7) Cash collateral and the fair value of security collateral (if any) provided. (If security collateral was provided, book adjusted carrying value shall be provided as an end balance only.) Disclosure shall also identify whether any nonadmitted assets were provided as collateral (derecognized from the financial statements).
- (8) The forward repurchase commitment recognized to return the cash or securities received. Amount reported shall reflect the stated repurchase price under the repurchase transaction.

J. Real Estate

For investments in real estate, disclose the following information:

- (1) If an entity recognizes an impairment loss, the entity shall disclose all of the following in financial statements that include the period of the impairment write-down:
 - a. A description of the impaired assets and the facts and circumstances leading to the impairment;
 - b. The amount of the impairment loss and how fair value was determined; and
 - c. The caption in the statement of operations in which the impairment loss is aggregated.
- (2) If an entity has sold or classified real estate investments as held for sale, the entity shall disclose the following in the notes to the financial statements covering the period in which the sale was completed or the assets were classified as held for sale:
 - a. A description of the facts and circumstances leading to the expected disposal, the expected manner and timing of that disposal; and
 - b. If applicable, the gain or loss recognized and, if not separately presented on the face of the summary of operations, the caption in the summary of operations that includes that gain or loss.
- (3) If an entity has experienced changes to a plan of sale for an investment in real estate, the entity shall disclose a description of the facts and circumstances leading to the decision to change the plan to sell the asset including the period the decision was made; and its effect on the results of operations for the period and any prior periods presented.
- (4) If an entity engages in real estate sales operations, the entity shall disclose the following:
 - a. Maturities of accounts receivables for each of the five years following the date of the financial statements;
 - b. Delinquent accounts receivable and the method(s) for determining delinquency;
 - c. The weighted average and range of stated interest rate of receivables;
 - d. Estimated total costs and estimated dates of expenditures for improvement for major areas from which sales are being made over each year of the five years following the date of the financial statements; and
 - e. Recorded obligations for improvements.
- (5) If an entity holds real estate investments with participating mortgage loan features, the entity shall disclose the following:
 - a. Aggregate amount of participating mortgage obligations at the balance-sheet date, with separate disclosure of the aggregate participation liabilities and related debt discounts; and
 - b. Terms of participations by the lender in either the appreciation in the fair value of the mortgaged real estate project or the results of operations of the mortgaged real estate project, or both.

K. Low-Income Housing Tax Credits (LIHTC)

For investments in low-income housing tax credits (LIHTC), disclose the following:

- (1) The number of remaining years of unexpired tax credits and the required holding period for the LIHTC investments.
- (2) The amount of LIHTC and other tax benefits recognized during the years presented.
- (3) The balance of the investment recognized in the statement of financial position for the reporting period(s) presented.
- (4) If the LIHTC property is currently subject to any regulatory reviews and the status of such review (e.g., investigations by the housing authority).
- (5) The significance of an investment to the reporting entity's financial position and results of operations shall be considered in evaluating the extent of disclosures of the financial position and results of operations of an investment in an LIHTC. If in the aggregate the LIHTC investments exceed 10% of the total admitted assets of the reporting entity, the following disclosures shall be made.
 - a. (1) The name of each partnership or limited liability entity and percentage of ownership; (2) the accounting policies of the reporting entity with respect to investments in partnerships and limited liability entities; (3) the difference, if any, between the amount at which the investment is carried and the amount of underlying equity in net assets (i.e., nonadmitted goodwill or other nonadmitted assets); and (4) the accounting treatment of the difference.
 - b. For partnerships and limited liability entities for which a quoted fair value is available, the aggregate value of each partnership or limited liability entity investment based on the quoted fair value.
 - c. Summarized information on assets, liabilities, and results of operations for partnerships, and limited liability entities either individually or in groups.
- (6) A reporting entity that recognizes an impairment loss shall disclose the following in the financial statements that include the period of the impairment write-down:
 - a. A description of the impaired assets and the facts and circumstances leading to the impairment.
 - b. The amount of the impairment and how fair value was determined.
- (7) The amount and nature of the write-downs or reclassifications made during the year resulting from the forfeiture or ineligibility of tax credits, etc. These write-downs may be based on actual or potential foreclosure, loss of qualification due to occupancy levels, compliance issues with tax code provisions within an LIHTC investment or other issues.

L. Restricted Assets

(1) Restricted Assets (Including Pledged)

Disclose the total gross (admitted and nonadmitted) amount of restricted assets by category, with separate identification of the admitted and nonadmitted restricted assets by category and nature of any assets pledged to others as collateral or otherwise restricted (e.g., not under the exclusive control, assets subject to a put option contract, etc.) by the reporting entity. Provide the total gross amount of restricted assets (current year, prior year and the change between years), the total admitted of restricted assets and the percentage the restricted asset amount (gross and admitted) is of the reporting entity's total assets amount reported on Line 28 of the asset page (gross and admitted respectively) by the following categories:

- a. Subject to contractual obligation for which liability is not shown
- b. Collateral held under security lending agreements
- c. Subject to repurchase agreements
- d. Subject to reverse repurchase agreements
- e. Subject to dollar repurchase agreements
- f. Subject to dollar reverse repurchase agreements
- g. Placed under option contracts
- h. Letter stock or securities restricted as to sale – excluding FHLB capital stock
 - i. FHLB capital stock
- j. On deposit with states
- k. On deposit with other regulatory bodies
- l. Pledged collateral to FHLB (including assets backing funding agreements)
- m. Pledged as collateral not captured in other categories
- n. Other restricted assets

Total restricted assets

(2) Detail of Assets Pledged as Collateral Not Captured in Other Categories

For assets pledged as collateral not captured in other categories reported in aggregate in Note 5L(1) above, provide the total gross (admitted and nonadmitted) amount of restricted assets (current year, prior year and the change between years), the total admitted of restricted assets and the percentage the restricted asset amount (gross and admitted) is of the reporting entity's total assets amount reported on Line 28 of the asset page (gross and admitted, respectively) with a narrative summary of each collateral agreement included in the aggregate number in Note 5L(1) above. Contracts that share similar characteristics, such as reinsurance and derivatives, are to be reported in the aggregate. (Note: This would be the detail for what was reported as "Pledged as Collateral Not Captured in Other Categories" for 5L(1) above.)

(3) Detail of Other Restricted Assets

For other restricted assets reported in aggregate in Note 5L(1) above, provide the total gross (admitted and nonadmitted) amount of restricted assets (current year, prior year and the change between years), the total admitted of restricted assets and the percentage the restricted asset amount (gross and admitted) is of the reporting entity's total assets amount reported on Line 28 of the asset page (gross and admitted respectively) with a description of each of the other restricted assets included in the aggregate number in Note 5L(1) above. Contracts that share similar characteristics, such as reinsurance and derivatives, are to be reported in the aggregate. (Note: This would be the detail for what was reported as "Other Restricted Assets" for 5L(1) above.)

(4) Collateral Received and Reflected as Assets Within the Reporting Entity's Financial Statements

Disclose the following for the general account:

- Nature of any assets received or collateral reflected as assets within the reporting entity's financial statements
- Book/adjusted carrying value (BACV) of the collateral
- Fair value of the collateral
- The recognized liability to return these collateral assets
- The percentage the collateral asset BACV amount (gross and admitted) is of the reporting entity's total assets amount reported on Line 26 of the asset page (gross and admitted, respectively).

NOTE: The information captured within this disclosure is intended to aggregate the information reported in the Annual Statement Investment Schedules in accordance with the coding of investments that are not under the exclusive control of the reporting entity, including assets loaned to others, and the information reported in the General Interrogatories.

M. Working Capital Finance Investments

(1) Disclose the following in aggregate regarding the book/adjusted carrying value of working capital finance investments (WCFI) by NAIC designation:

- Gross assets amounts
- Nonadmitted assets amounts
- Net admitted assets amounts

NOTE: Programs designated 3 through 6 are nonadmitted.

(2) Disclose the aggregate book/adjusted carrying value maturity distribution of the underlying Working Capital Finance Programs by the following categories: maturities up to 180 days and 181 days to 365 days.

(3) Disclose any events of default of working capital finance investments during the reporting period.

N. Offsetting and Netting of Assets and Liabilities

The following quantitative information shall be disclosed (separately for assets and liabilities) when derivative, repurchase and reverse repurchase, and securities borrowing and securities lending assets and liabilities are offset and reported net in accordance with a valid right to offset per *SSAP No. 64—Offsetting and Netting of Assets and Liabilities*:

- The gross amounts of recognized assets and recognized liabilities;
- The amounts offset in accordance with a valid right to offset per *SSAP No. 64—Offsetting and Netting of Assets and Liabilities*; and
- The net amounts presented in the statement of financial positions.

Assets and liabilities that have a valid right to offset, but are not netted as they are prohibited under *SSAP No. 64—Offsetting and Netting of Assets and Liabilities* are not required to be captured in the disclosures.

O. SGI Securities

For each annual reporting period, a comparable disclosure to the prior annual reporting period of the number of SGI securities, by investment type, and the book adjusted carrying value and fair value for those securities.

P. Short Sales

For reporting entities that have sold securities short within the reporting period, provide the following disclosures:

(1) Unsettled Short Sale Transactions (Outstanding as of Reporting Date)

For Unsettled Short Sale Transactions (outstanding at reporting date) – The amount of proceeds received and the fair value of the securities to deliver, with current unrealized gains and/or losses, and the expected settlement timeframe (# of days). This disclosure shall include the fair value of current transactions that were not settled within three days and the fair value of the short sales expected to be satisfied by a securities borrowing transaction. This disclosure shall be aggregated by security type. (For example, short sales of common stock shall be aggregated and reported together.)

(2) Settled Short Sale Transactions

For Settled Short Sale Transactions (settled during the reporting period) – The aggregate amount of proceeds received and the fair value of the security as of the settlement date with recognized gains and/or losses. This disclosure shall identify the aggregated fair value of settled transactions that were not settled within three days and the fair value of transactions that were settled through a securities borrowing transaction.

Q. Prepayment Penalty and Acceleration Fees

For securities sold, redeemed or otherwise disposed as a result of a callable feature (including make whole call provisions), disclose the number of CUSIPs sold, disposed or otherwise redeemed and the aggregate amount of investment income generated as a result of a prepayment penalty and/or acceleration fee.

(4)	The Company accrues interest income on impaired loans to the extent it is deemed collectible (delinquent less than 90 days) and the loan continues to perform under its original or restructured contractual terms. Interest income on non-performing loans is generally recognized on a cash basis.		

C. Reverse Mortgages

- (1) The company accounts for its investment in reverse mortgages in accordance with *SSAP No. 39—Reverse Mortgages* that requires the individual reverse mortgages to be combined into groups for purposes of providing an actuarially and statistically credible basis for estimating life expectancy to project future cash flows. The Company included actuarial estimates of contract terminations using mortality tables published by the Office of the Actuary of the United States Bureau of Census adjusted for expected prepayments and relocations and changes in the collateral value of the residence.
- (2) Reverse mortgage loans are contracts that require the lender to make monthly advances throughout the borrower's life or until the borrower relocates, prepays or sells the home, at which time the loan becomes due and payable. Since the reverse mortgages are non recourse obligations, the loan repayments are generally limited to the sale proceeds of the borrower's residence, and the mortgage balance consists of cash advanced and interest compounded over the life of the loan and a premium that represents a portion of the shared appreciation in the home's value, if any.
- (3) At December 31, 20____, the actuarial reserve of \$_____ reduced the asset value of the group of reverse mortgages.
- (4) The Company recorded an unrealized loss of \$_____ as a result of the re-estimate of the cash flows.

D. Loan-Backed Securities

- (1) Prepayment assumptions for mortgage-backed, non-backed and structured securities were obtained from broker-dealer survey values or internal estimates.
