

With the renewal of the Healthy Indiana Plan through the year 2020, the Indiana Family and Social Services Administration is busy updating several helpful communications tools for you and our members.

- We recently added this [navigator checklist for member enrollment](#) to www.HIP.in.gov to help navigators work with members more efficiently through the entire application and enrollment process. We encourage you to download and print copies of this tool and refer to it when counseling members and potential new enrollees.
- We are also finalizing two brochures for members and potential members as well as colorful new posters for you to post in your public areas. We will send you these free of charge, but we need to know how many to send. If you are interested in receiving these materials, contact us to indicate the quantities desired and your mailing information. If you have more than one location where you would like materials sent, please complete the survey for each location.

As always, you can submit any questions you have to hip2.0@fssa.in.gov.
