Footnotes:

[1] A community must submit a complete Preliminary Engineering Report by April 1, 2026 to the CWSRF Loan Program in order for the project to be scored and ranked on the Project Priority List (PPL).

[2] Additional subsidization may be provided to participants who have a low Median Household Income (MHI) and/or high post-project user rates, as outlined in the Intended Use Plan (IUP). The amount of the additional subsidization shall be determined and set forth in the financial assistance agreement.

[3] EE = Energy Efficiency, EI = Environmentally Innovative, GI = Green Infrastructure, WE = Water Efficiency, CR = Climate Resiliency.

[4] SRF's Affordability Criteria is defined as a loan participant "below 80% of the State MHI and opens consideration to projects that positively impact smaller areas of disadvantage within a wider community." See SRF's Clean Water Intended Use Plan for additional information.

[5] Subsidized Rates may be applied to more than $25 Million if otherwise agreed upon

* The SFY 2027 Project Priority List Draft was published on June 1, 2026 for a 3-week public comment period.
