

INSPECTOR GENERAL ARRA REPORT

2010-12-0308

December 2, 2010

ARRA REVIEW OF SOUTH WALNUT STREET, MONROE COUNTY, INDIANA RESURFACING

Indiana Inspector General David O. Thomas, after an inspection and review by Special Agent Chuck Coffin, reports as follows:

This report addresses an inspection and evaluation by Special Agent Chuck Coffin regarding the progress of a project funded by money from the American Recovery and Reinvestment Act (ARRA).¹ The ARRA intends to provide a stimulus to the United States economy by providing \$787 billion in program funding and tax credits.² Indiana is to receive over \$4 billion in ARRA funding.

The purpose of this report is to document a physical inspection of a project funded in whole or in part by ARRA funds.

The OIG's enabling statute provides that the OIG is responsible for addressing fraud, waste, abuse and wrongdoing in agencies. IC 4-2-7-2(b). The

¹ American Recovery and Reinvestment Act of 2009, P.L. No. 111-5, 123 Stat. 115 (2009).

² See: <http://www.recovery.gov>.

OIG is also to review and recommend policies and carry out other activities designed to deter, detect, and eradicate fraud, waste, abuse, mismanagement, and misconduct in state government. IC 4-2-7-3(2).

Based upon these authorities, random ARRA projects were selected from the Invest Indiana website map (<http://www.in.gov/gov/countyarra.htm>). This website specifies ARRA projects by county.

A physical inspection was then made of the selected project. The inspection was limited to a visual review of the work that had occurred.

In this case, Contract SRS-32649-A was inspected. This was an asphalt resurfacing on South Walnut Street from Wylie to Country Club Road in Bloomington, Monroe County, IN.

The contract on this project was let on December 9, 2009. The location of this project began on South Walnut Street from Wylie to Country Club Road in Bloomington, Monroe County, IN. This project was completed.

In addition to a visual inspection, a photograph was taken of the area and is included in Exhibit A, attached hereto.

As the inspection revealed that the location and type of work to be performed was completed, this case will be closed.

Dated this 2nd day of December, 2010.
