Nature of Business Relationship with Agency:

BMV currently maintains a business relationship with ITI for automated knowledge testing services and self-service kiosks.

Why acceptance is in the Public Interest:

BMV personnel will be attending the American Association of Motor Vehicle Administrators ("AAMVA") Workshop and Law Institute ("Conference") in Orlando, Florida from March 23 – March 24, 2022. The Conference is a gathering of all members of AAMVA jurisdictions for government motor vehicle administrators to discuss current industry trends and topics. Educational opportunities are offered via group discussions, individual presentations, and networking opportunities.

ITI will be hosting a Dinner ("Dinner") during the Conference on March 23, 2022. Food and drink are the only items of value covered by this waiver. During the Dinner, motor vehicle agency representatives will be in attendance from multiple jurisdictions and the Dinner will include continued knowledge sharing, which will benefit BMV personnel in its current operations and long-range planning. The approximate value of the Dinner is \$50 per attendee.

The purpose of the Dinner is not to negotiate or secure any new contracts or amend those already in place, but rather to discuss current and future initiatives affecting the BMV. Accordingly, it is my opinion that it is consistent with the public interest for BMV personnel to partake in the the meal and drinks that are provided.
