State Why Acceptance is in the Public Interest:

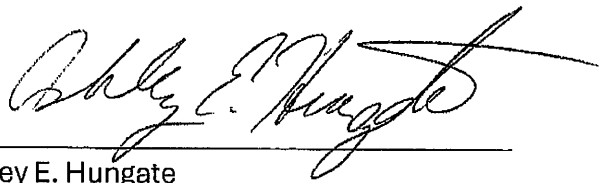

Scott's attendance is in the best interest of the State because a large number of other State and Local Government Data/IT leaders will be in attendance, and multiple workshops will focus on ways that states can work together to collaborate on solutions to common problems, or focus on sharing insights between states regarding vendors, their solutions, and other shared experiences states have. In addition to those meetings, there will be many AI specific workshops focused on state government use cases that are relevant to our roadmap and future priorities as it pertains to efficient and effective use of AI across the State of Indiana. Under Executive Director Miller's supervision, Scott is leading the State's implementation of AI solutions.
