Indiana Gaming Commission

Executive Director's Annual Report

Sara Gonso Tait
Executive Director

In addition to its regular duties, the Indiana Gaming Commission navigated many interesting challenges in FY 16, including new statutory responsibilities and novel casino restructuring proposals.

Revenues

With a total state-wide win of \$2,228,651,671, a \$7.5 million increase from FY 15, casino revenues remained virtually unchanged. Both admissions and wagering taxes declined, however, primarily due to statutory changes. Admissions declined by 1.3 million visits or 8%. The decline is partially attributable to legislation exempting the casino in French Lick from admissions taxes. Wagering taxes declined by 1.6%, as casinos took advantage of a statutory revision allowing a deduction for certain marketing expenses.

Wagering and admissions taxes combined totaled \$604,587,923 in FY 16. Included in this total is \$2.5 million paid by French Lick Casino pursuant to IC 4-33-13-15(d), which requires the payment if a casino takes a credit for adjusted gross receipts below \$75,000,000 in one year, then achieves revenue above that amount in the subsequent year.

Commissioner and Staff Update

The Commission welcomed a new commissioner, Richard McClain of Logansport. Commissioner McClain was appointed by the Governor in November.

This year, the Commission had a number of trusted staff members receive career enhancing opportunities and they were replaced with promising new team members. The biggest staffing change at the Commission was the filling of the long-time vacant Superintendent of Law Enforcement position. Superintendent Robert Townsend oversees all of our law enforcement officers within the Enforcement Division and the Gaming Control Division. With over 25 years of law enforcement experience and proven success in management and leadership, the Commission was pleased to recruit Superintendent Townsend for this role.

Legislation

With the passage of Senate Enrolled Act 339-2016, the legislature provided basic consumer protections and created a lawful and secure environment for Hoosiers to play paid fantasy sports. Indiana was just the second state to pass legislation officially recognizing this as a legal activity. Additionally, the bill clarifies

that paid fantasy sports contests are not considered gambling and are exempt from the Indiana Criminal Code. The Commission has been tasked with creating regulation and licensing procedures to implement the consumer protections created in the bill.

The short 2016 session also enacted House Enrolled Act 1136-2016 which requires the casinos, racinos and operating agent to pay the Commission a Special Workers Compensation Fee of \$12,000 per year in exchange for the removal of the requirement to reimburse Workers Compensation costs incurred by the Gaming Enforcement Agents and support staff.

Paid Fantasy Sports

The new Paid Fantasy Sports Division is responsible for administering and regulating paid fantasy sports in Indiana. This division and these activities were established by Senate Enrolled Act 339-2016 and are contained within IC 4-33-24. Commission staff is dedicated to creating a fair and transparent process for licensing fantasy sports operators and is focused on constructing a common sense regulatory framework that includes appropriate consumer protections and allows contestants to participate in paid fantasy sports in a lawful and safe manner.

Tribal Gaming

In May of 2012, the Pokagon Band of the Potawatomi Indians submitted to the Bureau of Indian Affairs a fee-to-trust application to take 165 acres of land in South Bend into trust. The proposed development includes a Class III casino-style, gaming facility. The Band intends to have a tribal village, including housing, a hotel, meeting space, and a parking garage. The Secretary of the Interior may take the land into trust as early as August 21, 2016.

Once the land is in trust, the Band can begin Class II gaming immediately, specifically bingo and non-banking card games. In order for the Band to conduct Class III gaming, there must be a Compact. The most common avenue to a Compact is through good-faith negotiations between the State and the Band and then subsequent ratification by the General Assembly. The negotiated Compact will outline aspects relating to revenue sharing with the State, criminal and civil laws and regulation, standards for operation, maintenance of the facility, oversight, and other subjects directly related to the operation of gaming activities.

Pinnacle Real Estate Investment Trust (REIT) Transaction

Staff was tasked with reviewing and analyzing the REIT transaction involving Gaming and Leisure Properties, Inc. (GLPI) and Pinnacle Entertainment, which was approved by our Commissioners in February. Similar to a previous transaction involving Penn National Gaming and GLPI, Pinnacle sold its real estate assets to GLPI while retaining control of gaming operations. Enhanced reporting requirements were imposed in order to assist the Commission in monitoring both the activities of Pinnacle and GLPI under the approved structure.

Caesars Bankruptcy

As was referenced in last year's report, Caesars Entertainment filed for bankruptcy protection in January 2015. With Caesars contributing approximately one-third of all gaming taxes paid to the State through its operations in Hammond and Harrison County, the outcome of this process is being closely monitored by the Commission. The bankruptcy process has proven to be complex, contentious and protracted, and the Commission has continued to benefit from the advice of Mr. Mike Hile, who is guiding us through this process. It is now anticipated that a post-bankruptcy operating structure and financing plan will be submitted to Commission staff and under review during FY 17, with confirmation occurring perhaps as early as January of 2017.

Rulemaking

The Commission adopted final rules concerning limited mobile gaming. Additionally, pursuant to the Cut Red Tape Initiative, the Commission adopted final rules removing obsolete language concerning tokens. Our second project for the initiative involves a rulemaking which amends several sections, removing duplicative language related to ethics, disciplinary actions, excursions, and deviation from provisions. This rule is making its way through the promulgation process and it is anticipated that it will be in effect in late 2016.

FY 2017

The Commission again embraces an aggressive agenda in FY 17, with many considerable projects that may come before us. We have two new endeavors to implement, the Problem Gambling Program and Paid Fantasy Sports Division. In FY 15 the legislature enacted HEA 1540 for which the Commission annually receives \$ 250,000 in problem gambling fees. The Commission's Problem Gambling Program focuses outreach specifically targeted for the compulsive gamblers who are customers of the casino, racino and operating agent licensees. The Commission will continue to thoughtfully develop an application and regulatory framework concerning paid fantasy sports, likely through the summer of 2017.

Also, Commission staff will be busy monitoring the Pokagon Band's tribal gaming facility, Caesars bankruptcy, and the replacement of the Evansville riverboat with a new land based gaming complex. The Tropicana expansion project includes 45,000 square feet of new gaming space, a yet-to-be-named upscale restaurant and bar, a deli, and a combination lounge and entertainment venue. The new facility is expected to open in December of 2017.

Serving as Executive Director of the Commission is an honor. It is very rewarding to deliver strong, fair and innovative regulatory oversight to the gaming industry on behalf of the citizens of Indiana. With the continued assistance of the experienced and dedicated staff of the Commission, I look forward to maintaining a regulatory environment requiring the highest level of integrity while also supporting economic development and timely addressing industry needs in the year ahead.

Respectfully submitted,

Sara Gonso Tait

MBE/WBE UTILIZATION

Disparity Study

Statute requires the IGC to establish annual goals for the use of minority and women-owned enterprises (M/WBE). These goals must be derived from a statistical analysis of utilization study of casino contracting and purchases. Such an analysis, also called a disparity study, must be updated every five years.

In keeping with its statutory mandate, an update of the IGC’s study was completed in November 2012. The Indiana University Public Policy Institute completed the study on our behalf, examining the contracting and purchasing practices of Indiana’s casinos from 2009 through 2011. Based upon actual purchase data provided by the casinos and audited by IGC staff, the study period reviewed over \$1.2 billion in spending on goods and services.

In addition to a review of purchasing, also called utilization, a disparity study must also seek to establish capacity, which is a measure of all firms ready, willing and able to provide goods and services to Indiana’s river-boat casinos. The capacity estimate derived from the study is below.

<u>Capacity Estimates</u>	<u>MBE</u>	<u>WBE</u>
Construction	10.4%	9.9%
Procurement of Supplies	1.6%	2.9%
Professional Services	6.9%	10.4%
Other Services	5.7%	11.4%

The IGC adopted the study at its November meeting in Resolution 2012-149 and will continue to monitor M/WBE utilization annually. The full disparity study is available at www.in.gov/igc.

2015 Expenditures

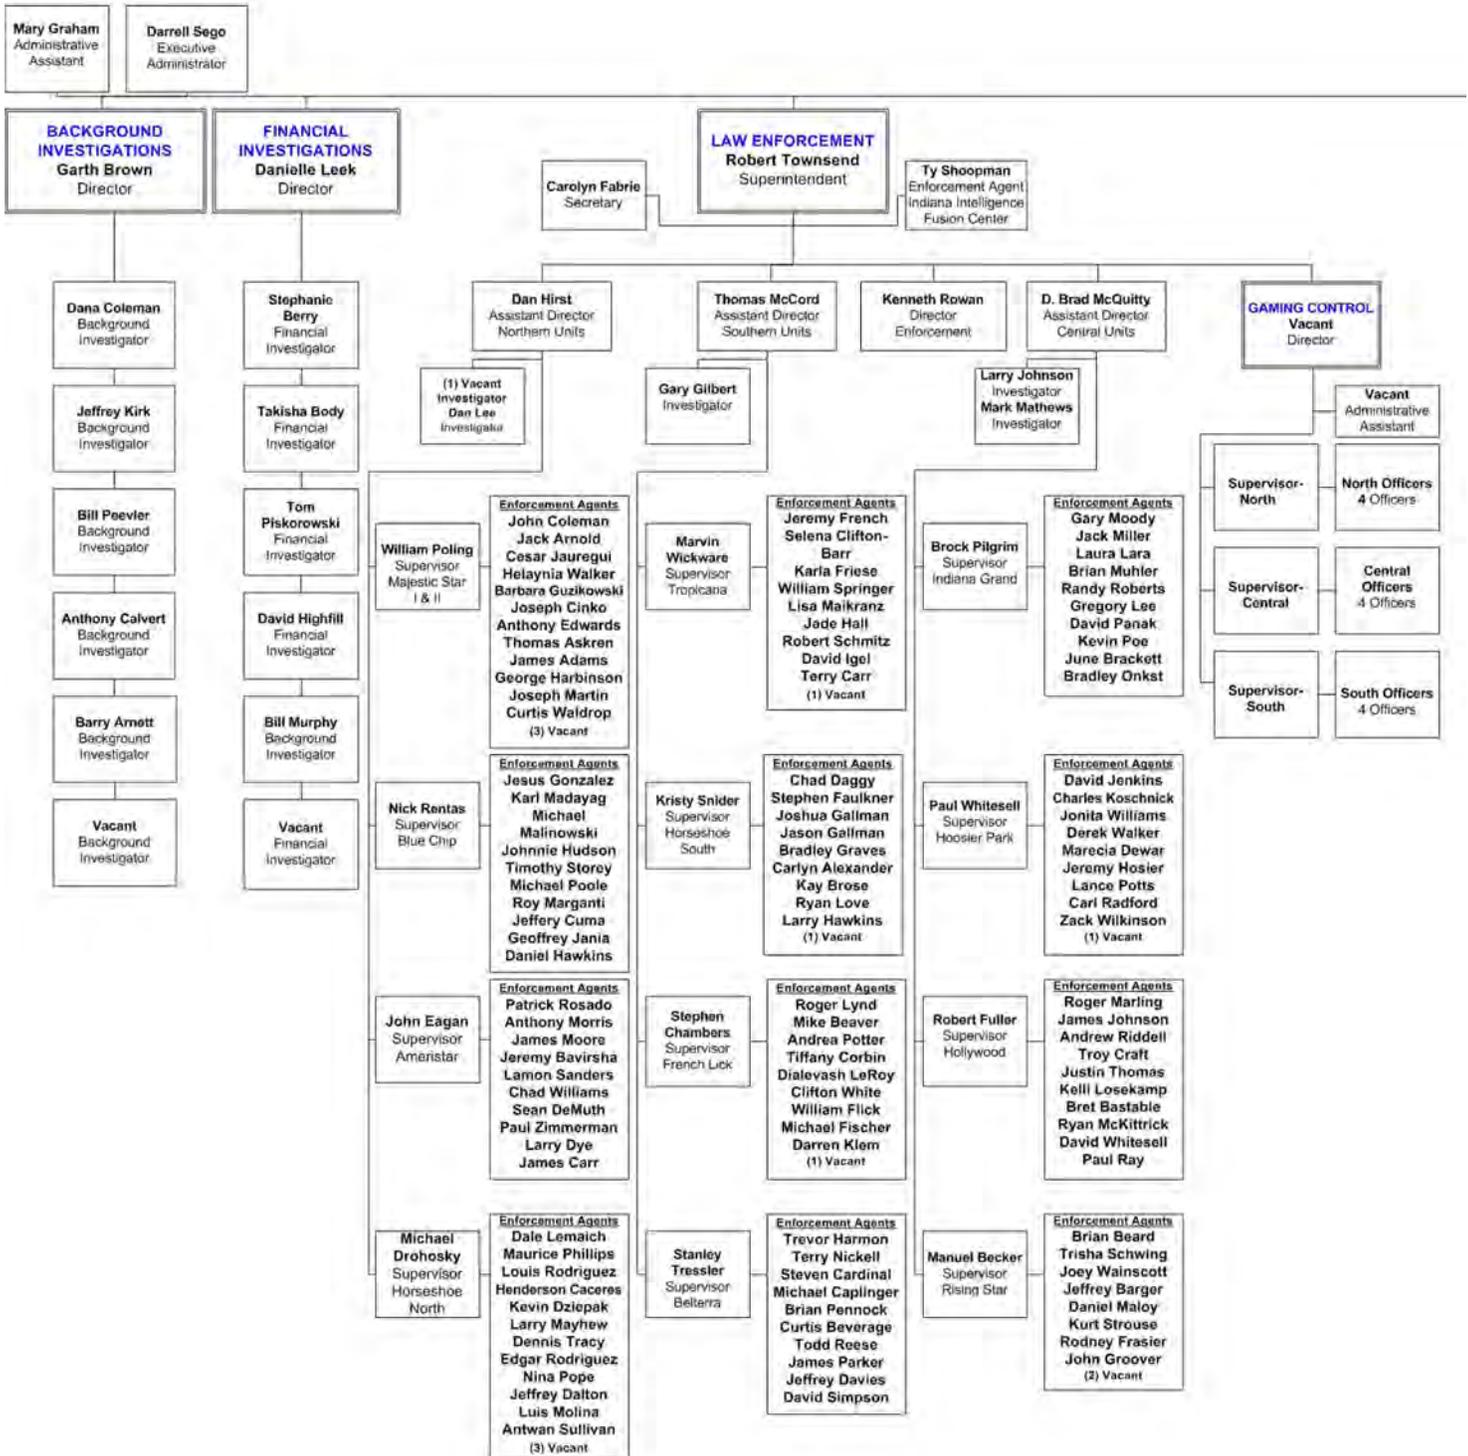

As the table below indicates, casinos exceeded the capacity estimates for spending in each category in CY 2015. Not reflected in the chart, but of importance to note, is that casinos spent \$118.2 million with Indiana firms, including non-M/WBE, during this period.

<u>Purchase Type</u>	<u>Amount</u>	<u>MBE Spend</u>	<u>WBE Spend</u>
Construction	\$25,233,876.90	12.95%	11.29%
Procurement	\$224,070,805.50	8.55%	8.07%
Professional Services	\$27,732,962.18	14.44%	12.29%
Non-Professional Services	\$48,767,035.05	14.63%	11.56%
<u>TOTAL</u>	\$325,453,627.18
