Is Licensing Required

Authorization to conduct an allowable activity is always required. However, there may be times when a license is not required and the activity can be conducted using the Exempt Activity Notification, Form CG-EN. IC 4-32.3-4-3

The Exempt Activity Notification allows an organization to conduct charity gaming activities where the total fair market value of all prizes (cash, purchased or donated) does not exceed \$2,500 for any one event or \$7,500 per calendar year. For Example: an organization could conduct 15 events with a maximum payout of \$500 each. Operators are to be listed on the form and must be members of the organization for at least 60 days prior to the event date. Workers must be members of the organization for at least 30 days prior to the event date.

Exempt Activity Notifications do not require a license fee, or a separate and segregated checking account. Completed forms can be emailed or faxed using the information at the bottom of the form. The Exempt Activity Notification form will be signed by a charity gaming representative and emailed back to the organization as authorization of the event. Processing time is approximately 14 business days.

An Email address is **required** for the organization and/or contact person.

Exempt Activity Notifications, form CG-EN, can be submitted for each event date, time, location and expected prize payout or one form can be submitted for multiple event dates if all needed information is received (date, time, location and expected prize payout). The location address for each activity does not have to be the same for each event.
