

## Part 1: Application Process

---

### 1.1 Overview and Funding Priorities

The purpose of this HOME Investment Partnership Program (HOME) Homebuyer Program is to provide subsidies in the form of grants and loans to selected applicants for the acquisition, rehabilitation and/or new construction of housing for purchase to serve low income beneficiaries. Through this program, the Indiana Housing and Community Development Authority (IHCD) seeks to improve the quality of existing housing stock in Indiana.

This program is designed to allocate HOME funds to be used for the rehabilitation and/or new construction of single-family homebuyer housing among selected applicants having developments that meet the requirements of the program and IHCD's goals for the program.

1. Demonstrate they are meeting the needs of their specific community;
2. Serve low-income households (at or below 80% of area median income);
3. Proceed with the activity upon receipt of the award and begin construction within 12 months of receipt of the award;
4. Link the project to the revitalization of existing neighborhoods, preferably through a comprehensive approach (i.e. as part of a published and approved community revitalization plan).
5. Propose projects that are energy-efficient and are of the highest quality attainable within a reasonable cost structure; and
6. Propose the use of state certified Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Federal Disadvantaged Business Enterprise (DBE) Participation, Veteran-Owned Small Business (VOSB), and/or Service Disabled Veteran Owned Small Business (SDVOSB) contractors, employees, and products when applicants are planning and undertaking their housing activities.

### 1.2 HOME Application Forms and HOME Policy Discrepancies

In the event of a conflict or inconsistency between the HOME Homebuyer Policy and the HOME Application Form and/or Appendices, the procedures described in the HOME Homebuyer Application Policy will prevail.

### 1.3 Funding Round Timeline

For Program Year 2021, IHCD is accepting applications under the Homebuyer Policy on a rolling basis until funds are expended. If no funds are expended, the funding will be made available for eligible rental projects.

### 1.4 Technical Assistance

The applicant may schedule a technical assistance meeting with the Director of Real Estate Strategic Initiatives and Engagement to discuss both the proposed development and IHCD's application process. Technical assistance may be required at IHCD's discretion if the recipient does not have experience with IHCD awards or if the applicant's past performance was poor. Applicants are urged to contact IHCD early in the planning process to obtain guidance and technical assistance.

### 1.5 Application Submission

- Via IHCD's OneDrive site (Please ensure notary seals are visible on any scanned documents):
  - CHDO Application Workbook and supporting documentation (if applying for CHDO Certification)

- One completed copy of the HOME application form.
- All supporting documents required in the tabs. Please submit this information as separate, labeled PDF documents under the required labeled tabs. **Do not send one PDF containing all of the supporting documentation.**
- Signed Environmental Review Record (May be submitted as a PDF)

The application fee of \$250 must be submitted via the IHCDA Online Payment Portal located [here](#).

Faxed applications will not be accepted.

Applicants encountering technical issues with application forms, supporting documentation, or the submittal process should contact their IHCDA Real Estate Production Analyst as soon as possible. If informed of the problem in a timely manner, IHCDA staff may be able to correct the issue and/or provide additional guidance for specific non-Federal requirements on a case-by-case basis. However, assistance cannot be provided for applicants that do not notify IHCDA of an issue prior to the application deadline.

Instructions on how to utilize OneDrive will be explained during the application webinar. Please note:

- **Applicants may NOT set up folders in OneDrive themselves.**
- **Applicants must contact the Real Estate Department Coordinator to request the creation of a folder.**
- **The Real Estate Department Coordinator will then share that folder with the applicant and the applicant may then upload the application form and all other required documents to the created folder.**

All applicants must retain a copy of this application package. Applicants that receive funding will be bound by the information contained herein.

IHCDA will send an email confirmation to the applicant contact within one week of submission notifying the applicant that the application was received by IHCDA. Please notify the Real Estate Department Coordinator if the applicant would like to add an additional contact person for communications regarding its application.

**1.6 Application Review**

Each application must address only one development or phase. Applications are reviewed in a two step process:

- Step One - Completeness      On or before the application deadline, the applicant must provide all required documents, signatures and attachments.
- Step Two - Threshold              The application must meet each of the applicable threshold criteria. After initial threshold review, IHCDA staff may contact an applicant to request clarification of threshold information contained in the pending application. The applicant will have the opportunity to respond on or before the due date provided by IHCDA. If the applicant does not respond to the threshold clarification letter and therefore threshold item(s) are still in question, the application will

be disqualified. Points will be awarded to those applications where no clarifications are required.

### Step Three - Scoring

Applications that pass the completeness and threshold reviews are then scored according to IHCDA's published scoring criteria. After initial score review, IHCDA staff may contact the applicant for further clarification of a scoring item. Failure to respond to the requested scoring clarification items by the due date and in the manner requested may result in application denial. Supporting documentation for scoring categories will not have the opportunity to be submitted after the initial application submission.

Applications proposing homebuyer activities will be scored separately from, and will not compete with, applications proposing rental activities. An amount of funding, determined at the discretion of IHCDA, will be set aside for homebuyer projects each year. If additional funds are available after this round that were originally reserved for homebuyer activities (either due to lack of sufficient number of homebuyer applications in general or lack of homebuyer applications meeting threshold requirements), these funds will be redirected and used for rental development.

Funded applications will be announced at the published IHCDA board meeting date. Confirmation letters will be uploaded to the OneDrive site by the close of business on the day of the board meeting. Applications that are not funded will be notified by IHCDA via denial letters and final score sheets being uploaded to the FTP site by the close of business on the day of the board meeting.

#### **1.7 Past HOME Awards**

Before an Applicant can apply for a new HOME award, any other HOME awards that the applicant has received from IHCDA must be drawn by a minimum of 25% of the award's total funding amount. HOME funds awarded within the last six months (from the last day signed on the contract agreement), or those which have not received Release of Funds are exempt from this requirement.

#### **1.8 Minimum Score Requirement**

An application must score at least 48 points to be considered for funding.

**1.9 IHCDA CDBG, HOME & HTF Program Manual**

The IHCDA CDBG, HOME and HTF Program Manual outlines the requirements for administering IHCDA's CDBG, HOME and HTF awards. A complete copy of the Program Manual and all exhibits is available on IHCDA's website at <https://www.in.gov/ihcda/4273.htm>.

**1.10 Environmental Review Record and Section 106 Historic Review User's Guide**

The Environmental Review Record (ERR) and Section 106 Historic Review User's Guide and the ERR Workbook provides additional background information about the federally required processes including why the review is necessary, how to perform the review, and other resource information to help you complete the ERR Workbook. These documents can be found on IHCDA's website [here](#). Please note that no choice limiting actions can take place until the Release of Funds has been issued by the U.S. Department of Housing and Urban Development.

**1.11. IHCDA Waiver Policy**

IHCDA will not accept waivers on underwriting, or federal regulations. IHCDA may consider waivers to subsidy layering on a case-by-case basis.

**1.12 Development Fund**

Applicants may apply for the Development Fund with their HOME application; however, Development Fund may not be available for supplemental funding at IHCDA's discretion. Applicants must provide documentation and explanation on an alternative source of finding if the Development Fund application is denied, or if Development Fund is not available.

More information on the Development Fund may be found in Part 10.

### **2.3 Ineligible Applicants**

IHEDA reserves the right to disqualify from funding any application that has an applicant, sub-recipient, administrator, preparer, or related party of any of the aforementioned, with a history of disregarding the policies, procedures, or staff directives associated with administering any IHEDA program or program administered by any other State, Federal, or affordable housing entity. This includes, but is not limited to, the Indiana Office of Community and Rural Affairs, the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Agriculture - Rural Development, or the Federal Home Loan Bank.

Additionally, any entity currently on IHEDA's suspension or debarment list is ineligible to submit an application. IHEDA's Suspension and Debarment Policy can be found in the Program Manual Chapter 17.

### **2.4 Religious and Faith-Based Organizations**

- *Equal treatment of program participants and program beneficiaries.* (1) *Program participants.* Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the HOME program. Neither the Federal Government nor a State or local government receiving funds under the HOME program shall discriminate against an organization on the basis of the organization's religious character or affiliation. Recipients and subrecipients of program funds shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.
- *Beneficiaries.* In providing services supported in whole or in part with federal financial assistance, and in their outreach activities related to such services, program participants shall not discriminate against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.
- *Separation of explicitly religious activities.* Recipients and subrecipients of HOME program funds that engage in explicitly religious activities, including activities that involve overt religious content such as worship, religious instruction, or proselytization, must perform such activities and offer such services outside of programs that are supported with federal financial assistance separately, in time or location, from the programs or services funded under this part, and participation in any such explicitly religious activities must be voluntary for the program beneficiaries of the HUD-funded programs or services.
- *Religious identity.* A faith-based organization that is a recipient or subrecipient of HOME program funds is eligible to use such funds as provided under the regulations of this part without impairing its independence, autonomy, expression of religious beliefs, or religious character. Such organization will retain its independence from Federal, State, and local government, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct program

funds to support or engage in any explicitly religious activities, including activities that involve overt religious content, such as worship, religious instruction, or proselytization, or any manner prohibited by law. Among other things, faith-based organizations may use space in their facilities to provide program-funded services, without removing or altering religious art, icons, scriptures, or other religious symbols. In addition, a HOME program-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

- *Alternative provider.* If a program participant or prospective program participant of the HOME program supported by HUD objects to the religious character of an organization that provides services under the program, that organization shall, within a reasonably prompt time after the objection, undertake reasonable efforts to identify and refer the program participant to an alternative provider to which the prospective program participant has no objection. Except for services provided by telephone, the Internet, or similar means, the referral must be to an alternate provider in reasonable geographic proximity to the organization making the referral. In making the referral, the organization shall comply with applicable privacy laws and regulations. Recipients and subrecipients shall document any objections from program participants and prospective program participants and any efforts to refer such participants to alternative providers in accordance with the requirements of §92.508(a)(2)(xiii). Recipients shall ensure that all subrecipient agreements make organizations receiving program funds aware of these requirements.
- *Structures.* Program funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for explicitly religious activities. Program funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. When a structure is used for both eligible and explicitly religious activities, program funds may not exceed the cost of those portions of the acquisition, new construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to the HOME program. Sanctuaries, chapels, or other rooms that a HOME program-funded religious congregation uses as its principal place of worship, however, are ineligible for HOME program-funded improvements. Disposition of real property after the term of the grant, or any change in the use of the property during the term of the grant, is subject to government wide regulations governing real property disposition (see 24 CFR parts 84 and 85).
- *Supplemental funds.* If a State or local government voluntarily contributes its own funds to supplement federally funded activities, the State or local government has the option to segregate the federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

- Recipients must comply with all regulatory requirements listed in [24 CFR Part 92](#).

Applicants should familiarize themselves with IHCDA's CDBG, HOME & HTF Program Manual. Requirements include, though are not limited to the following

- **Policy Requirements:**
  - Homebuyer activities must assist households at or below 80% of the Area Median Income for the county, as published by HUD and distributed by IHCDA. Households must also meet the definition of "low-income families" at 24 CFR 92.2 which limits occupancy based on certain student status rules.
- **Lead Based Paint:**
  - Each recipient of a HOME award is subject to the HUD requirements of addressing lead-based paint hazards pursuant to 24 CFR Part 35. If a risk assessment is required, then all lead-based paint issues must be addressed.
  - Anyone who conducts lead-based paint activities in the State of Indiana must be licensed. Licenses are issued only after an applicant has successfully completed course certification by an accredited training facility and has passed the licensing examination administered by the ISDH. A separate license is required for each of the authorized lead disciplines. All licenses must be renewed every three years by successfully completing refresher training approved by the ISDH. Activities requiring licensing include:
    - Inspection for lead-based paint
    - Risk assessment for lead hazards

- Clearance examination following lead abatement
  - Abatement of lead-based paint
  - Project design, supervision, and work in abatement projects

  - To become a certified renovator, a person must complete a renovator training course accredited by EPA or an EPA authorized program which will teach them how to work lead safe.
  - All remaining individuals must also be trained. They can either be certified renovators (meaning they successfully completed the accredited training) or they can have been trained on the job by a certified renovator (such training must be documented and the documents must be retained).
- **Section 504:**
  - Housing must meet the accessibility requirements of 24 CFR Part 8 which implements Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and covers multifamily dwellings, as defined in 24 CFR Part 100.201. - **Uniform Relocation Act:**
  - Each recipient of a HOME award is subject to the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA). See IHCDA's [Program Manual](#) Chapter 4 for guidance on the regulatory requirements of the URA, as amended, the Federal regulations at 49 CFR Part 24, and the requirements of Section 104(d) of Title I of the Housing and Community Development Act of 1974, as amended.

  - Any recipient receiving an aggregate amount of \$200,000 or more from one (1) or more of the HUD CPD programs (i.e. CDBG, HOME, NSP, HOPWA, ESG, etc.) in a program year must comply with the Section 3 requirements. Section 3 provides preference to low- and very-low-income residents of the local community (regardless of race or gender) and the businesses that substantially employ these persons, for new employment, training, and contracting opportunities resulting from HUD-funded projects.
- **Income Verification:**

- An income verification is valid for a period of six months. If more than six months pass between income verification and contract execution/purchase agreement, then a new income verification must be completed.
- **Procurement Procedures:**
  - Each recipient of a HOME award will be required to provide proof of adequate builder's risk insurance, property insurance, and/or contractor liability insurance during construction and property insurance following construction for the assisted property throughout the affordability period of the award.
  - If the recipient of the HOME award is a Local Unit of Government, or a non-profit not acting as a developer, the recipient must follow competitive procurement procedures when procuring all materials, supplies, equipment, and construction or professional services related to the HOME award. Please note that public non-for-profits (ie Housing or Redevelopment Authorities, and public agencies may not act as Developers and must competitively procure.
  - If the non-for-profit recipient is acting as a developer, competitive procurement standards are not required. To be considered a non-for-profit developer, the non-profit must meet the following criteria:
    - Must have site control (either through ownership or a lease) of the property;
    - Must be in sole charge of the development processes - and not just acting as a contractor, which includes:
      - Obtaining zoning and other approvals;

  - To complete the forms and the Release of Funds process, refer to the ERR Guidebook found at IHCDA's ERR webpage.
  - As part of the Section 106 Historic Review process, IHCDA is required to submit all new construction projects to the Indiana Department of Natural Resources' State Historic Preservation Office (SHPO) for archaeology review. SHPO is statutorily required to complete this review within 30 days. Please plan your project timeline accordingly.
  - The applicant will receive their fully executed HOME award documents and will be allowed to draw funds only after the applicant has been allowed to publish a public notice and when the Release of Funds process is complete. Applicants may not purchase any property to be assisted with HOME funds, sign contracts, or begin rehab/construction until the ERR/Release of Funds process has been completed and approved.
  - IHCDA will not fund projects that are located in a floodway or that have any portion of the project site in a 100-year flood plain. If the project site has any area that is designated as any variation of Zone A or as a floodway, then the project is ineligible for

IHCDA funding. Re-platting and/or re-parceling a site out of any variation of Zone A will not be allowed. Instead, the applicant must consult with and follow FEMA procedures to change the flood designation; this process should be completed prior to submitting a funding application to IHCDA.

- For sites within the shaded Zone X or sites outside of Zone A but without a Base Flood Elevation (BFE; this information will be indicated on the FEMA map), then the potential adverse impacts of being directly adjacent to a flood prone area must be minimized. Therefore, the applicant must demonstrate to IHCDA that the following design modifications are included in the project scope. The information must be submitted with the ERR Workbook upon funding application to IHCDA. These requirements can also be found in the ERR Workbook
  - Flood minimization techniques like permeable surfaces, storm water capture and reuse, and/or green roofs.
  - New construction and substantial improvement projects must be elevated at or above the 100-year floodplain.
  - The inclusion of early warning systems and emergency evacuation plans.
- If your project involves new construction and has either mapped wetlands or potential wetlands, the project is not eligible for IHCDA funding. If your project involves site excavation, installation of wells or septic systems, grading, placement of fill, draining, dredging, channelizing, filling, diking, impounding, and any related activities, and has either mapped wetlands or potential wetlands, you must consider project alternatives, including a new site
- **Construction Standards:**
  - All IHCDA-assisted units must be inspected twice during the award period. The first inspection will occur when 50% of funds are drawn for single site projects, or when half the units are complete for scattered site projects. The second inspection will be conducted upon completion of construction for the award. Site visits during construction may be conducted to monitor progress of all projects. The IHCDA Inspector or IHCDA's third-party Inspector will conduct the physical inspections. Failure to comply with these inspection requirements may result in the loss of points in future applications and/or findings during IHCDA post-award compliance monitoring.
- **Match:**
  - The match requirement for the HOME program is 25% of the total amount of HOME funds requested except HOME funds used for environmental review costs (pursuant to §92.206(d)(8)), planning costs (pursuant to §92.207); CHDO operating expenses (pursuant to §92.208); capacity building (pursuant to §92.300(b)) of CHDOs; and predevelopment or seed money loans to CHDOs (pursuant to §92.301) when IHCDA waives repayment under the provisions of §92.301(a)(3) or §92.301(b)(3).
  - Labor, property, funds, or other sources of match contribution donated by the applicant to itself, or by a principal or investor in the development, are not eligible for match as defined in §92.220(b)(4).
  - If utilizing banked match, the applicant must have sufficient unencumbered banked match available at time of application.
  - A listing of all eligible match sources may be found in the IHCDA CDBG, HOME & HTF Program Manual and within the match workbook.
  - All required match must be committed by the time closeout documentation is submitted.

- The match requirements for the 2020 and 2001 HOME rounds, including the Homebuyer Round are waived, effective April 21, 2020. Applicants may still submit eligible sources of match for purposes of accruing banked match.
- **Davis Bacon:**
  - Each recipient of a HOME award must follow the Davis Bacon requirements found in 29 CFR Parts 1, 3 and 5 to ensure workers receive no less than the prevailing wages being paid for similar work for the following type of projects:
    - Rehabilitation or new construction of a residential property containing twelve (12) or more HOME-assisted units; and
    - Affordable housing containing twelve (12) or more units assisted with HOME funding regardless of whether HOME funding is used for construction or non-construction activities.
    - Such properties may be one (1) building or multiple buildings owned and operated as a single development.
- **Other HOME Required Construction Standards:**
  - Units must, at a minimum, meet the stricter of the local rehabilitation standards or the Indiana State Building Code.
  - Any units utilizing gas appliances must provide carbon monoxide detectors in addition to standard smoke detectors.
  - Recipients of HOME funds must meet additional energy efficiency standards for new construction as required under Chapter 11, and the applicable amendments to the 2020 Indiana Residential Code.
- **Housing Counseling:**
  - The recipient of HOME funds must ensure that every HOME-assisted homebuyer receives housing counseling before purchasing a home. Information on the requirements may be found in Section 6 of this policy.
- **Selling unit to eligible buyer:**
  - Any HOME-assisted homeownership unit that has not been sold by the recipient to an eligible homebuyer within **nine months** of completion must be converted to a HOME-assisted rental unit.
  - In accordance with CPD Notice 12-003, the recipient must also execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.). The recipient will be required to use IHCDA's form of Homebuyer Recapture Agreement.
- **Meaningful Access for Limited English Proficient Persons**
  - Persons who, as a result of national origin, do not speak English as their primary language and who have limited ability to speak, read, write, or understand English ("limited English proficient persons" or "LEP") may be entitled to language assistance under Title VI in order to receive a particular service, benefit, or encounter. In accordance with Title VI of the Civil Rights Act of 1964 (Title VI) and its implementing regulations, the recipient must agree to take reasonable steps to ensure meaningful access to activities funded by federal funds by LEP persons. Any of the following actions could constitute "reasonable steps", depending on the circumstances: acquiring translators to translate vital documents, advertisements, or notices, acquiring interpreters for face to face interviews with LEP persons, placing advertisements and

notices in newspapers that serve LEP persons, partnering with other organizations that serve LEP populations to provide interpretation, translation, or dissemination of

information regarding the development, hiring bilingual employees or volunteers for outreach and intake activities, contracting with a telephone line interpreter service, etc.

- **VAWA**
  - Recipient must follow the non-discrimination requirements of the Fair Housing Act, the Violence Against Women Reauthorization Act of 2013, and the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity rule.

**3.4 Affordability Requirements**

HOME subsidized activities must be secured throughout the affordability period by a recorded lien and restrictive covenant agreement created by IHCDA. The affordability period begins after development completion. The affordability period begins on the date the activity is completed in IDIS. To be completed in IDIS, the project must be completed, completion and close out documents submitted and approved, final monitoring is completed and, when any findings or concerns are resolved, all of the funds are drawn and/or de-obligated. For more information, see IHCDA [Program Manual](#), Lien and Restrictive Covenants & Affordability Requirements Chapter 15.

The following affordability periods apply to all HOME homebuyer activities:

Amount of HOME subsidy per unit:	Affordability Period
Under \$15,000	5 years
\$15,000 - \$40,000	10 years
Over \$40,000 or any rehabilitation/refinance combination activity	15 years

**Annual Certification of Compliance:**

In order to ensure compliance with the Affordability Period and principal place of residency requirements of the HOME Program for HOME-assisted homebuyer units, the recipient must submit a “Homebuyer Activity Annual Certification of Compliance” annually throughout the Affordability Period. The Certification confirms the owner is using the property as his or her principal place of residence. Verification of income is not required as part of this certification.

Confirmation that the buyer is using the property as his or her principal residence can often be accomplished by verifying that the buyer’s name appears on utility company records and/or insurance company records for the home. In addition, postcards or letters mailed with “do not forward” instructions can demonstrate whether the buyer is receiving mail at the home.

This will require the recipient to certify compliance to IHCDA annually, under penalties of perjury, for each year of the Affordability Period. The recipient must certify that each home/homeowner assisted with HOME funds under this Award meets the affordability requirements. This will require the recipient to request each homeowner to sign the “Exhibit A: Principal Place of Residency Certification.”

The “Homebuyer Activity Annual Certification of Compliance” is due on or before January 31<sup>st</sup> of each year and will certify information for the preceding twelve (12) month period. The first annual owner

certification is due by January 31<sup>st</sup> of the year following closeout date (i.e. the first year of the affordability period) of this Award.

A complete submission includes the Certification, Exhibit A, and Exhibit B. The “Homebuyer Activity Annual Certification of Compliance” and related exhibit forms are made available on the compliance and asset management page of IHCDA’s website at <http://www.in.gov/myihcda/2342.htm>. IHCDA will not send these forms to the recipient annually. Rather, it is the responsibility of the recipient to download the necessary forms and to contact IHCDA if there are any questions or concerns.

Repeated failure to submit reports or to comply with requests for reports could result in repayment of HOME funds associated with these home-assisted homebuyer units or suspension or debarment of the recipient. For more information on IHCDA’s suspension and debarment policy, refer to Chapter 17 of IHCDA’s [Program Manual](#).

### **3.4 Homebuyer Recapture Guidelines**

The recipient must implement recapture restrictions for any homebuyer property purchased, in whole or in part, by a homebuyer that received a direct buyer subsidy from the recipient in an amount greater than or equal to One Thousand and 01/100 Dollars (\$1,001) from HOME funds. A homebuyer subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidizes the purchase (e.g., down-payment or closing cost assistance, subordinate financing). Developers, other than CHDO’s, are not allowed to provide down-payment or closing cost assistance; however a developer may provide a direct subsidy by reducing the purchase price from fair market value to an affordable price. Please note that the buyer subsidy cannot exceed \$40,000/unit.

There are two different consequences that may be associated with a recapture provision: (1) the recapture provision can be triggered (as described just below) or (2) an event of non-compliance can occur (as described further below).

The recapture provisions are triggered if any of the following occur during the Affordability Period:

1. The homebuyer transfers or conveys the property by deed, land contract, or otherwise;
2. Foreclosure proceedings are commenced against the property;
3. The property is transferred by an instrument in lieu of foreclosure; or,
4. The title to the property is transferred from the homebuyer through any other involuntary means.

The amount of the homebuyer subsidy shall be reduced by multiplying the homebuyer subsidy by the Forgiven Ratio (“defined below”) in order to determine the amount that will be forgiven. The amount to be recaptured and shall be limited to the Net Proceeds of the sale. “Net Proceeds” is defined as the sales price minus superior loan repayment (other than HOME funds) and closing costs. If there are no Net Proceeds, the amount to be recaptured will be zero and the HOME loan is considered satisfied. In the event there is significant market appreciation, once the HOME obligation is recaptured, the homebuyer can retain any appreciation. The amount recaptured cannot exceed the Net Proceeds, if

any. “Forgiven Ratio” means a ratio that calculates the amount of the Direct Subsidy that is forgiven. This ratio shall be calculated by dividing the number of full months that owner occupies the property as its principal residence by the total of number of months in the Affordability Period.

The recipient will be required to ensure that a lien and restrictive covenant agreement, drafted by IHCDA has been executed and recorded on any HOME-assisted property.

In accordance with CPD Notice 12-003, the recipient must also execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.). The recipient will be required to use IHCDA’s form of Homebuyer Recapture Agreement.

If there is both a development subsidy and a direct homebuyer subsidy or just a direct homebuyer subsidy, a recapture provision must be implemented. In cases where a direct homebuyer subsidy was not provided and there is only a development subsidy, resale restrictions must be executed on the property.

Under recapture guidelines the Affordability Period is based upon the total amount of the direct homebuyer subsidy that the homebuyer received in HOME funds. A direct homebuyer subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidizes the purchase (e.g., down-payment or closing cost assistance, subordinate financing).

Non-Compliance - Occurs during the Affordability Period when any of the following occur: 1) the original homebuyer no longer occupies the unit as his or her principal residence (i.e., unit is rented or vacant), or 2) the home was sold during the Affordability Period and the recapture provisions were not enforced. In the event of noncompliance, the recipient must repay the entire amount of the HOME funds invested in the property. Net Proceeds (“as defined above”) and the Forgiven Ratio (“as defined above”) are not applicable when there is a non-compliance.

### **3.5 Homebuyer Resale Provisions**

Applicants are encouraged to structure homebuyer projects to include a direct subsidy which can be achieved by reducing the sales price below the fair market value of the property. IHCDA does not recommend the use of resale provisions due to the risks associated with foreclosure, non-compliance and the administrative burdens associated with ensuring a fair return.

When a homebuyer property is constructed, redeveloped, rehabilitated, or acquired, in whole or in part, with HOME funds and the HOME funds are provided to the homebuyer property in the form of a development subsidy and there is no homebuyer subsidy the recipient must implement resale requirements. A direct homebuyer subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidizes the purchase (“homebuyer subsidy”). The development subsidy consists of the difference between the cost of producing the unit and the market value of the property.

There are two different consequences that may be associated with a resale provisions (1) the resale provision can be triggered and its requirements must be met (as described below) or (2) an event of non-compliance can occur (as described further below).

The resale provisions are triggered if any of the following occur during the Affordability Period:

1. The homebuyer transfers or conveys the property by deed, land contract, or otherwise;
2. Foreclosure proceedings are commenced against the property;
3. The property is transferred by an instrument in lieu of foreclosure; or
4. The title to the property is transferred from the homebuyer through any other involuntary means.

The resale provision requires that the property:

1. Be marketed to families at or below 80% AMI;
2. Be resold to another individual or family whose income is at or below 80% of the area median income;
3. Be occupied by that individual or family as its primary residence for the remainder of the Affordability Period;
4. Be resold at a price that does not exceed 29% of the reasonable range of low income buyer's income towards the principal, interest, taxes and insurance for the property on a monthly basis ("Affordable Price"); and
5. Be affordable for a reasonable range of low income families between 50% and 80% of the median area income for the geographic area published annually by HUD.

The homebuyer is entitled to a fair return on its investment (as described below) upon the sale of the property. The fair return will be based on the percentage change in the Consumer Price Index for All Urban Consumers Owners' Equivalent Rent of Primary Residence category in Table I of the CPI Detailed Report (the "CPI Index") during the period of the homebuyer's ownership of the property. Accordingly, the CPI Index during the month the residence was completed (the month during which the completion reports were received by and approved by IHCDA) will be compared to the CPI Index during the month the homebuyer sells the residence to determine the percentage of the return. This percentage will be multiplied by the homebuyer's investment. Here is an example:

Original sales price = \$100,000

Initial homebuyer investment = \$5,000

Capital investment = \$9,000

Percentage change in CPI = 3.5%

$(\$5,000 + \$9,000) \times 3.5\% = \$490$  fair return

$\$5,000 + \$9,000 + \$490 = \$14,490$  total return to original homebuyer at sale

$\$100,000 + \$14,490 =$  maximum allowable subsequent sales price.

The homebuyer's investment will include any down payment, plus any capital improvements. A capital improvement is any property enhancement that increases the overall value of the property, adapts it to new uses, or extends its life such as: adding windows, insulation, a new drive way, a new furnace, a garage, bedroom, new roof, remodeling kitchen, etc. Any capital improvement will be valued based on actual cost as documented by the homebuyer's receipts submitted to, and approved by IHCDA.

Generally, replacing worn or dated components such as appliances or carpet would not be considered an improvement that adds value or adapts it to new uses. In certain circumstances, such as a declining housing market where home values are depreciating, the homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price and a loss on investment may constitute a fair return.

IHCDA will provide HOME assistance to the subsequent homebuyer to ensure that the original homebuyer received a fair return and that the unit is affordable to the defined low-income population.

The recipient will be required to ensure that a lien and restrictive covenant agreement, drafted by IHCDA has been executed and recorded on any HOME-assisted property. In accordance with CPD Notice 12-003, the recipient must also execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.). The recipient will be required to use IHCDA's form of Homebuyer Resale Agreement.

Non-Compliance - Occurs during the Affordability Period when an owner (1) vacates the unit or rents the unit to another household, (2) sells the unit to a buyer that is not income-eligible, (3) sells the unit to a buyer that will not agree to use the property as its principle residence for the remainder of the Affordability Period (will not sign a lien and restrictive covenant agreement), or (4) does not sell it to the buyer at a reasonable price. In the event of noncompliance, the recipient must repay the entire amount of HOME funds invested in the housing.

Under resale guidelines the Affordability Period is based upon the total amount of HOME funds invested into the property and this is the amount that would need to be repaid by the recipient in the event of non-compliance or foreclosure that occurs during the affordability period.

Applicants are encouraged to structure homebuyer projects to include a direct subsidy which can be achieved by reducing the sales price below the fair market value of the property. IHCDA does not recommend the use of resale provisions due to the risks associated with foreclosure, non-compliance and the administrative burdens associated with ensuring a fair return.

## Part 4: Community Housing Development Organizations (CHDOs)

---

### 4.1 IHCDA CHDO Set-Aside

IHCDA must allocate at least 15% of its HOME funds for CHDO developments.

### 4.2 CHDO Eligible Activities

For this round, single-family homebuyer housing is considered a CHDO-eligible activity for purposes of the CHDO set-aside as long as the activity takes place within the CHDO's state-certified service area and the CHDO develop the homeownership activity. As Developer, the CHDO must solely own the property in fee simple during the development period. The CHDO must further arrange financing for the development and be in sole charge of construction.

### 4.3 CHDO Program Requirements

CHDOs must adhere to all HOME requirements listed in this Application Package and the additional CHDO specific program requirements:

- Applicants that would like to apply as a CHDO must apply for CHDO certification at the time of submitting a HOME application. The CHDO application can be found as a separate document on the IHCDA website here: <http://www.in.gov/myihcda/2541.htm>. The CHDO application must be submitted at the same time as submittal of the HOME application.
- Treatment of Program Income by a CHDO:
  - CHDOs receiving loan repayments back from homebuyers during the affordability period may retain these funds. The funds must be utilized for housing activities that benefit low-income families as provided in 24 CFR 92.300(a)(2). However, if at any time during the affordability period, the CHDO becomes decertified or no longer has a mission of providing affordable housing then all CHDO proceeds must immediately be remitted to IHCDA. Additionally, funds recaptured because housing no longer meets affordability requirements are not considered CHDO proceeds and are subject to the requirements of 24 CFR 92.503(b) and must be returned to IHCDA. Please contact your Compliance Monitor for further assistance in this area.
- An application for a CHDO eligible undertaking must demonstrate the following:
  - Low- and moderate-income persons have had the opportunity to advise the CHDO in its decision regarding the design, site, development, and management of the affordable housing undertaking.
  - Certify that the organization continues to meet the definition of a CHDO by being a certified CHDO by IHCDA.
  - Complete the CHDO related sections in the Application Forms.
- Homebuyer provision for CHDO-eligible activities: HOME funds may be provided as a homebuyer deferred payment or forgivable loan and must carry a 0% interest rate and the term must not exceed the affordability period.

### 4.4 CHDO Operating Supplement

CHDOs may apply for supplemental funds in the HOME application forms. A CHDO may not receive CHDO operating supplement funds in an amount to exceed \$50,000 within one program year.

Eligible costs include:

- Accounting Services/Audit
- Communication Costs
- Education/Training
- Equipment/Software
- Insurance
- Lead-Based Paint Equipment
- Legal Fees
- Postage
- Professional Dues/Subscriptions
- Rent
- Staff Salary/Fringe
- Taxes
- Travel
- Utilities

CHDOs can be eligible for a second year of CHDO Operating Support. CHDOs funded within the past 12-24 months for a HOME project can apply for additional supplemental operating support of up to \$25,000, if they have met the following criteria:

- Have begun construction within the first 12 months of the executed agreement with IHCDA;
- Have drawn a minimum of 25% of the IHCDA housing development award;
- Have drawn 100% of the original CHDO Operating Support award.

CHDO Operating Support cannot exceed to greater of \$50,000 within one program year. The HOME program year is July 1<sup>st</sup> through June 30<sup>th</sup>.

**4.5 CHDO Predevelopment and Seed Money Loans**

CHDOs are eligible for development specific predevelopment or seed money loans. Applicants may request up to \$30,000 in loans for special project-specific pre-development expenses. All loans may not exceed customary and reasonable project preparation costs and must be repaid from construction loan proceeds or other program income. The CHDO must apply for the predevelopment or seed money through a separate application process.

The following limitations apply to CHDOs requesting Predevelopment Loans:

- The CHDO may not have more than five currently open or pending CHDO Predevelopment Loans, including the loan being submitted.
- All claims under the CHDO Loan must be submitted and approved by IHCDA prior to claiming on the Homebuyer award.

Please contact your Real Estate Production Analyst for more details.

## Part 5: Subsidy Limitations & Eligible Activity Costs

---

### 5.1 Subsidy & Budget Limitations

The maximum request amount per application is \$500,000 for homebuyer activities. Under this policy, the applicant must provide construction costs estimates and a per-unit pro-forma to support the amount of HOME funding requested per unit. Cost must be determined to be reasonable. Please note that acquisition alone is not an eligible expense under this policy.

Minimum amount of HOME funds to be used for rehabilitation or new construction is \$1,001 per unit.

#### *Budget Limitations*

- All subsidies must be secured throughout the affordability period by a written, legally binding, recorded restrictive covenant.
- HOME funds budgeted for developer's fee cannot exceed 15% of the HOME award.
- A minimum of \$1,000 of the HOME funding must be used as the buyer subsidy. This cost may also not exceed \$40,000/unit.

### 5.2 Form of Assistance

HOME funds will be awarded to the recipient in the form of a grant or loan. Award documents must be executed in order to access funds and may include, but are not limited to: award agreement, resolution, and a lien and restrictive covenant agreement.

The applicant may then provide the HOME award as a forgivable, amortized, or deferred loan to as many other entities as they choose, known as subgrantees (beneficiaries if a homebuyer award). However, subgrantees must be identified in the application and approved by IHCD.

A title company is required to be used for all loans that occur between the IHCD recipient and the beneficiary or subgrantee of the program. For example, an IHCD recipient providing funds for a homebuyer activity must use a title company when the loan is made to the homeowner. Another example is when an IHCD recipient is assisting a property that it does not own. When the loan is made from the IHCD recipient to the subgrantee, a title company must be used.

The IHCD recipient must execute a promissory note, mortgage, lien and restrictive covenant agreement, security agreement, UCC Financing Statement(s), and other documents as directed by IHCD in order to secure IHCD's investment in the assisted property. The recipient is required to deliver these documents to the county recorder's office for recording. These documents will be reviewed during monitoring visits.

The homebuyer must execute a lien and restrictive covenant agreement and in accordance with CPD Notice 12-003, the recipient must execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.), and assists the recipient in enforcing those requirements.

For additional information on relocation and displacement, please refer to the information provided in the IHCDA's [Program Manual](#) Chapter 4.

**RETAINAGE POLICY** - IHCDA will hold the final \$10,000 of an award until all match documentation, closeout documentation, and completion reports are received and approved. However, funds recaptured because housing no longer meets affordability requirements are not considered CHDO proceeds, are subject to the requirements of 24 CFR 92.503(b) and must be returned to IHCDA.

Additionally, all legal documents, such as mortgages, security agreements, UCC financing statements, and liens executed by the IHCDA recipient, beneficiary, or subrecipient receiving assistance, must be recorded at the county recorder’s office. These documents must be submitted to IHCDA at closeout along with the IHCDA recipient’s completion reports and will be reviewed during monitoring visits conducted by IHCDA staff.

## **Part 6 : Homebuyer Requirements**

---

### **6.1 Eligible Beneficiaries**

Each household must have an annual income equal to or less than 80% of the area median family income (adjusted for household size) at the time the contract to purchase the home is signed. The Part 5 definition of household income applies. See the CDBG, HOME and HTF Program Manual for instructions on calculating and verifying household income. Households must also meet the definition of “low-income families” at 24 CFR 92.2 which limits occupancy based on certain student status rules.

To be eligible for homebuyer activities, the prospective purchaser beneficiary must be low-income and must occupy the property as a principal residence upon purchase.

The purchasing household must be low-income at either:

- In the case of a contract to purchase existing housing, at the time of purchase; or
- In the case of a contract to purchase housing to be constructed, at the time the contract is signed.

Recipients are required to identify and qualify homebuyers for the program; however, HOME-assisted units are not considered completed until the unit has been sold to an income eligible homebuyer, all closeout documentation and the final claim for the entire contract has been submitted and approved by IHCDA. IHCDA will hold 25% of the Developer Fee per unit; the full developer fee cannot be claimed until the unit is occupied by an eligible applicant, and the paperwork is submitted and approved by IHCDA staff.

Any HOME-assisted homeownership unit that has not been sold by the recipient to an eligible homebuyer within nine months of completion of construction or rehabilitation (meaning all necessary title transfer requirements and construction work has been performed and the housing unit complies with the property standards as evidenced by a final inspection) must be converted to a HOME-assisted rental unit subject to all compliance requirements of HOME-assisted rental housing in accordance with 24 CFR 92.252

### **6.2 Homebuyer New Construction Provisions**

All new construction homebuyer units must meet the “visitability” standard (see below). In addition, all units shall be made accessible upon the request of the prospective buyer.

Visitability is defined as design concepts that allow persons with mobility impairments to enter and stay, but not necessarily live, in a residence. There are three specific design elements that must be incorporated to satisfy the visitability mandate:

- Each unit must contain at least one zero-step entrance on an accessible route. This can be any entrance to the unit;
- All main floor interior doors (including bathroom doors and walk-in closets) in each unit must provide at least at least 31 ¾ inches of clear opening width; and
- Each unit must contain at least one half or full bathroom on the main level that is accessible per ICC A117.1.Section 1004.11.

### **6.3 Homebuyer Rehabilitation Provisions**

Applicants also performing rehabilitation on the housing in this activity must purchase:

- Homebuyer residential units, or
- Rental units that have been vacant for three or more months.

See the IHCDA's [Program Manual](#) for further guidance.

### **6.4 Underwriting Standards – Commitment & Financial Resources**

Applicants must evaluate housing debt and overall debt of the family, the appropriateness of the HOME assistance, the monthly expenses of the family, the assets available to acquire the housing and the financial resources to sustain ownership.

The applicant must submit the HOME Homebuyer Pro-forma, with the Commitment Tab completed upon application to IHCDA. The applicant must submit the Pro-forma for each unit. Applicants must resubmit an updated tool to IHCDA if there are changes in the targeted household.

Under the **Development Budget**, the applicant will identify the total cost by activity for the unit and identify the amount of HOME funding requested by activity. Please note that free-standing accessory structures, landscaping and seller's closing costs are not eligible for reimbursement under the HOME program.

Under **Buyer's Analysis**, the applicant will estimate the amount of "buyer subsidy" projected for the proposed unit.

- *Closing costs/prepays*: The applicant must identify the estimated closing costs or pre-paid funds for the unit.
- *Allowable LTV*: The applicant must also identify the Loan-to-Value (LTV). IHCDA does not have an allowable LTV, but recommends no higher than 95%. (Note: this should be entered in as a percentage).
- *Interest Rate*: Applicants should estimate the interest rate for the first mortgage.
- *Mortgage Insurance Premium Rate*: The applicant should identify the MIP/PMI, if applicable.
- *Term (years)*: This analysis must be based on the borrower's payment for a minimum of a 20 year mortgage; please note this may not exceed a 30 year mortgage.
- *Total Monthly Escrow (Taxes, Insurance and Associate Fees)*: The applicant should estimate annual taxes, insurance and associate fees (if applicable) for the proposed unit. If the activity is for new construction, at least \$50 per month must be budgeted for property taxes, unless documentation is provided that indicates that taxes will be lower than this amount.

The Buyer Analysis will calculate a total monthly payment, and the minimum income for an unassisted buyer required to purchase the home. This analysis includes an affordable payment (principal, interest, taxes, insurance,) with a front-end ratio of 29% or lower of gross income.

- *Projected Buyer Cash:* IHCDA requires the Homebuyer contribute a minimum of \$250 toward the purchase price of the home. This amount should be included under “projected buyer cash”.
- *Maximum Total Buyer Assistance available:* The applicant should estimate the maximum total buyer assistance which may be provided through either the HOME Buyer Subsidy, and/or other sources of funding. Please note this may not exceed the “Assistance needed for DPA/Closing” amount. This amount should not exceed \$40,000.

The applicant may not provide a uniform amount of assistance to each homebuyer irrespective of income, assets or other circumstances. Each household must be independently evaluated. IHCDA must finalize an approval of an eligible household purchasing a HOME unit prior to the signing of the ratified sales contract.

- *50% AMI Limit for 4-person household:* The applicant should identify the 50% AMI limit for a 4-person household for their respective County. This information may be found through IHCDA’s RED notice.

The pro-forma will calculate the minimum income needed to purchase the unit based on the front-end ratio, and the approximate AMI limits by household.

IHCDA may consider waivers to the homebuyer underwriting on a case-by-case basis on the front end ratio, back end ratio, reoccurring monthly expenses and cash reserves.

Under **Development Sources**, the applicant should identify other sources of funding for the construction/rehabilitation of the unit.

- *Other Grants (applied to Dev. Subsidy):* The applicant should identify the amount of other grant applied to the Development Subsidy, if applicable. Volunteer labor, if providing a cost savings, should be included in this line-item.
- *Equity (repayable from proceeds):* The applicant should identify any equity that is repayable from proceeds. This may include cash provided by the applicant.
- *Construction loan (repayable from proceeds):* The applicant should identify the amount of any construction loan (repayable from proceeds).

The **Total HOME Investment Needed** will identify the amount of Development Subsidy, the amount of Buyer Assistance and the total public invested needed. The amount of HOME funding requested under the **Development Budget** must not exceed this amount.

Under the **Financial Resources Tab**, the applicant will identify the specific amounts from other resources. Please provide letters of commitment for each identified resource.

### **6.5 Underwriting Standards – Closing**

Prior to closing, the HOME Administrator must re-submit the HOME Homebuyer Pro-forma, with the Closing Tab Completed.

**Sales Prices at Appraised/Market Value:** The HOME administrator should identify the final Sales Price at Appraised/Market Value.

Under the **Development Budget**, the HOME administrator will identify the total final cost by activity for the unit Please note this includes the total cost, not just the amount provided under the HOME funding.

Under **Buyer’s Analysis - Closing**, the administrator will calculate the amount of “buyer subsidy” for the unit; this amount will be reflected in the Restrictive Recapture Covenant and will be subject to the Recapture Provisions.

- *Closing costs/prepays:* The HOME administrator must identify the final closing costs or pre-pays funds for the unit. The total cash needed for the transaction will be calculated.
- *Buyer’s cash investment (deposit + cash at closing):* IHCD requires the Homebuyer contribute a minimum of \$250 toward the purchase price of the home.
- *Buyer’s Investment for “paid outside closing items”:* if the buyer had any additional items in which lowered the mortgage, please enter that amount in the cell. This may include sweat equity.
- *Buyer’s Mortgage:* Please put the amount of the first mortgage.
- *Other Assistance:* The HOME administrator should identify the amount of other downpayment or closing cost assistance the buyer may have received to purchase the unit.
- *Interest Rate:* Please include the annual interest rate for the first mortgage.
- *Mortgage Insurance Premium Rate:* The HOME administrator should identify the MIP/PMI, if applicable. The yellow cell should be the rate; the orange cell should include the annual payment.
- *Term (years):* This analysis must be based on the borrower’s payment for a minimum of a 20 year mortgage; please note this may not exceed a 30 year mortgage.
- *Total Monthly Escrow (Taxes, Insurance and Associate Fees):* The HOME administrator should include annual taxes, insurance and associate fees (if applicable) for the unit. If the activity is for new construction, at least \$50 per month must be budgeted for property taxes, unless documentation is provided that indicates that taxes will be lower than this amount.
- *Annual Income:* The HOME Administrator must calculate the annual income of the buyer. **Please note that this process is different than the Part 5 income qualification, which must be**

**calculated first to determine initial eligibility.** To underwrite those who have an ownership interest the following adjustments must occur:

- The income of adults who will not have an ownership interest in the property will be excluded. For example, in a circumstance where an elderly parent is part of the household but is neither being listed on title to the property nor included on the loan documents, that individual's income will not be included in calculations of the income available to make the mortgage payment.
  - However, this exclusion for "non-purchasing" adults is not intended to artificially exclude the income of a household member with marginal credit. In the case of married couples, the income of both spouses will always be included for underwriting purposes.
  - Significant sources of income such as social security benefits, child support payments, or the like that will not continue for three (3) years will be excluded. For example, while child support received for a 16 ½ year old is included in the Part 5 definition of income because it will continue over the upcoming 12 months, the source of income will cease in about a year and a half when the child turns 18 and should not be counted on in sizing the buyer's mortgage.
  - Any imputed income from assets will be excluded for these underwriting purposes.
- *Existing Non-housing Consumer Debt – Monthly:* In accordance with 92.254(f)(l), homebuyers recurring monthly expenses must be evaluated. The HOME Administrator is required to assess the effect of other substantial monthly living expenses on the buyer's ability to repay a mortgage.
    - For example, fixed monthly living expense such as utilizes and costs for transportation to work are essential expenses that reduce the amount of income available to the homebuyer for the payment of the mortgage and other associated housing costs.
    - This analysis may include car loans, student loans and credit cards if those payments are expected to occur throughout the period of affordability.
  - *Housing Ratio:* This cell will automatically fill. IHCDA will require a 41% back end ratio (or lower), which is calculated through an analysis of the principal and interest payment, mortgage insurance, escrow, and existing non-housing consumer debt.
  - *Buyer's starting liquid assets :* The homeowner must have adequate cash reserves to pay for unanticipated emergencies. IHCDA requires two-four months of cash reserves. These reserves may be from savings, checking, money market or other non-retirement accounts, which that after closing there are financial resources of at least two times the total monthly housing expense, including principal, interest, taxes, and insurance (**Total Pmt**). The HOME Administrator should identify the Buyer's starting liquid assets (prior to sale); the remaining assets/monthly payment should be at least double the amount under Total Payment.

The applicant may not provide a uniform amount of assistance to each homebuyer irrespective of income, assets or other circumstances. Each household must be independently evaluated. IHCDA must finalize an approval of an eligible household purchasing a HOME unit prior to the signing of the ratified sales contract.

IHCDA may consider waivers to the homebuyer underwriting on a case-by-case basis on the front end ratio, back end ratio, reoccurring monthly expenses and cash reserves.

### **6.6 Lending Standards**

HOME assisted homebuyers must be protected from risky mortgage features that may threaten the long-term sustainability of the mortgage. IHCDA is required to review each primary mortgage to secure the loan is sustainable to the low-income population to be served. Those features include:

- The mortgage cannot exceed a 30 year term, and must require periodic payments without risky features and terms such as negative amortization, interest-only periods and balloon payments.
- Lender fees and points are restricted to a percentage of the loan amounts.
- The Consumer Financial Protection Bureau’s Qualified Mortgage standards defined “higher priced” loans as first mortgages with interest rates more than 1.5% above the “average prime offer rate” reported by the Federal Financial Institutions Examinations Council.
- Adjustable rate mortgage productions are not allowed under this policy, buyers may only obtain fixed rate loans.
- The purchaser must be qualified by their lender to spend at least 20% of their monthly gross income on housing. Lenders often qualify borrowers to spend between 28-33% of monthly gross income, so buyers qualifying only at payment levels below 20% of income usually have high consumer debt which increases both subsidy costs and the likelihood for foreclosure later.
  - Note, this criterion is not intended to eliminate buyers whose loan is limited by the lender’s loan-to-value ratio resulting in a monthly payment less than 20% of income.

The primary mortgage, and final underwriting must be submitted to IHCDA for final approval prior to closing. IHCDA recommends grantees submit this information at least 14 days prior to closing to their Real Estate Production Analyst.

### **6.7 Homebuyer Counseling**

The HOME regulations at 92.254(a)(3) require all homebuyers who receive HOME assistance or purchase units development with HOME funds must receive housing counseling. In a final rule published by HUD’s Office of Housing Counseling, HUD established housing counseling certification requirements provided in connection with a HUD program. All adult household members who will hold title and be a party to the senior loan are required to complete homebuyer counseling.

Under the rule, all homebuyers assisted under the HOME program must receiving housing counseling that is performed by a certified housing counselor who has passed the HUD certification examination **and** is employed by a HUD-approved housing counseling agency.

The Housing Counseling must be independent, expert advice customized to the need of the consumer to address the consumer’s housing barriers and to help achieve their housing goals and must, at a minimum include the following process:

- Intake
- Financial and housing affordability analysis

- An Action Plan
- Reasonable effort to have following up communication with the client when possible.

The content and process of housing counseling must meet the standards outlined in 24 CFR part 214. The counseling **must be individualized** to the specific potential homebuyer. The counseling must address all homeownership topics relevant to the client, including:

- The decision to purchase a home;
  - The selection and purchase of a home;
  - Issues arising during and affecting the period of ownership of a home (including financial, refinancing, default, and foreclosure and other financial decisions);
  - The sale or other disposition of a home.
- In addition, the counselor must communicate on the importance of obtaining an independent home inspection using the materials available. All homebuyers must be given the two HUD brochures referenced below about the importance of home inspections. The recipient must ensure that each homebuyer signs a receipt acknowledging they were given these items. Both items may be accessed here: <https://www.hudexchange.info/resource/4747/for-your-protection-get-a-home-inspection/>

Eligible housing counseling is not services that provide only housing information, placement or referral services, routine administrative activities (such as intake), case management that provides housing series as incidental to a larger case management and does not fund housing counseling, fair housing advice and advocacy (such as filing claims), or group education without individualized services.

IHCDA requires both pre-purchase and post-purchase counseling as eligible under this policy. The delivery method may be flexible (in-person, phone or the internet), but the counseling must be specific to the homebuyer. The counselor at a minimum must provide eight (8) hours of training; at least six must be pre-purchase. The certificate is valid for one year after completion of the training. The applicant, prior to entering into the sales contract, must submit documentation of the training to IHCDA for approval. If the pre-purchase training was not conducted, or approved by IHCDA at time of the signed sales contract, the grantee will be required to repay HOME funds to IHCDA.

The recipient may not charge servicing, origination, processing, inspection, or other fees for the costs of providing homeownership program assistance.

#### **6.7 After Rehab/Construction Value, Appraisals and Purchase Price**

Recipients will be required to provide an “after rehab” or “construction value” appraisal; whichever is appropriate, from a licensed appraiser for all property assisted with the award with the first draw that includes hard costs. If the applicant is acquiring property, an “as-is” appraisal is required with the first draw request for acquisition reimbursement. See IHCDA’s [Program Manual](#) for details.

According to 24 CFR 92.254(a)(2) in the case of acquisition of newly constructed housing or standard housing, the property must have a purchase price that does not exceed the Homeownership Values as [determined by HUD](#).

For newly constructed housing, the value limits are 95% of the median purchase price for the area based on the Federal Housing Administration (FHA) single family mortgage program data for newly

constructed housing. HUD has established a minimum limit, or floor, based on the 95% of the U.S. median purchase price for new construction.

For existing housing, the value limits are 95% of the median purchase price for the area based on Federal FHA single family mortgage program data for existing housing and other appropriate data that is available. HUD has established a minimum limit, or floor based on 95% of the state-wide nonmetropolitan area median purchase price for existing housing.

HUD released both sets of limits effective April 1, 2020.. Please contact your regional analyst if you have questions regarding the limit or are unable to access the limits. The limits by be accessed from HUD here: <https://www.hudexchange.info/resource/2312/home-maximum-purchase-price-after-rehab-value/>

It is important to note that while these are the maximum limits, the amount may not be affordable to a potential HOME-buyer. IHCDA, through its underwriting as defined in the earlier section, may deny the final sales contract if the purchase price (the mortgaged amount), even reduced, is determined to be higher than the homebuyer may safely afford.

The HOME-assisted housing unit must be occupied as the homebuyer's principal residence throughout the affordability period.

#### **6.8 Affordability Periods and Resale/Recapture Requirements**

All homebuyer developments are subject to an affordability period as defined in Part 3.4 of this document.

The recipient must implement resale or recapture provisions through a recorded lien and restrictive covenant agreement as described in Parts 3.5 and 3.6 of this document.

#### **6.9 Market Assessment Guidelines for Homebuyer Projects**

The following market assessment guidelines must be followed for any homebuyer development. The numbers submitted should accurately reflect the market feasibility of the proposed activity.

**COMMUNITY CONDITIONS** – Evaluate general demographic, economic and housing conditions in the community.

**MARKET AREA** – Describe the market area from which the majority of the development's homebuyers are likely to come and provide a map with a scale. Describe how the market area was determined to be appropriate for the development.

**SOCIOECONOMIC PROFILE AND TRENDS** – Describe the trends in population and households by age and income and estimate the number of eligible homebuyers for the development.

**POOL OF ELIGIBLE BUYERS** - Quantify the pool of eligible buyers in terms of household size, age, income, tenure (homeowner or rental) and other relevant factors.

**CAPTURE RATE AND ABSORPTION PERIOD** – Provide an estimate of the capture rate for the development (project's units divided by the number of eligible homebuyers from the market area), and

estimate the absorption period to ensure the sale of all units within nine months of construction completion.

**HOUSING OPPORTUNITIES** – Analyze the competition by evaluating other housing opportunities with an emphasis on other affordable sales opportunities in the market area, including those financed through either the HOME program or other federal programs. Describe the demand for the units to be developed.

**DEVELOPMENT SITE DESCRIPTION** – Explain how the site is adequate in size, exposure, and contour to accommodate the number and type of units proposed. In addition, describe whether there are adequate utilities (water, sewer, gas, and electricity) to accommodate the development.

**Part 7: Completeness & Threshold Requirements**

Each proposed development must satisfy the Federal requirements of the HOME program and any additional requirements established by IHCDA. To be considered for funding, an applicant must meet all of the completeness and threshold requirements listed below.

## **Part 9: Glossary of Terms**

---

Below are definitions for commonly used terminology found throughout the IHCD HOME application policy and forms and applicable to the IHCD HOME program.

*Administrator:* A procured entity that will assist carrying out the HOME award.

*Beneficiary:* The household or unit that received homeowner repair work as a result of the HOME award.

*CHDO:* A Community Housing Development Organization. A non-profit, community-based organization with the capacity to develop affordable housing for the community it serves, as defined in the HOME rule and as certified by IHCD. Participating Jurisdictions (IHCD) must set aside a minimum of 15% of their HOME allocations for activities in which CHDOs are the owners, developers, and/or sponsors of the housing.

*Clarification:* A clarification is any question or concern IHCD may have regarding an applicant, proposed development, or other issue that does not meet the definition of a technical correction, as defined below. The number of clarifications an applicant receives will not impact its score.

*Comprehensive Community Development:* Every community strives to be a place where people choose to live, work, and play. Comprehensive development means that a community's potential lies in the identification and creation of a shared vision, planned by local leadership, and carried out by an array of partners. When successful, it yields results beyond what can be achieved by individual organizations or disparate programs because of the unique synergy they generate. A thriving community is a community with job opportunities, strong schools, safe neighborhoods, a full range of housing choices, and a vibrant culture. Comprehensive development marshals resources and deploys coordinated strategies in a concentrated area to create opportunities for others in the community to take prudent risks and reap the rewards. The demolition of blighted structures, the rehabilitation of long-vacant housing and the creation of new community amenities and retail opportunities serve as a tipping point for future development through market forces.

*Development:* The HOME activity proposed in the application.

*HOME:* The Home Investment Partnerships Program as created by the National Affordable Housing Act of 1990.

*IHCD:* Indiana Housing and Community Development Authority

*Income Limits:* Maximum incomes as published by HUD for developments giving the maximum Income Limits per unit for beneficiary (30%, 40%, 50%, 60% and 80% of median) units.

*Large City:* For purposes of this policy, a large city is defined as a city with a population of 75,000 or more. To qualify as being located within a large city, the development must be located within one mile of the zoning jurisdiction and/or use city utility services (water and sewer).

**Median Income:** A determination made through statistical methods establishing a middle point for determining income limits. Median is the amount that divides the distribution into two equal groups, one group having income above the median and one group having income below the median.

**MOU:** A Memorandum of Understanding (MOU) is a document describing a bilateral or multilateral agreement between two or more parties.

**Narrative:** A written description by the applicant that describes the application question and generally supports the need of the development.

**Rural:** A development is considered to be rural if it meets one of the following criteria:

- a. The development is located within the corporate limits of a city or town with a population of 14,999 or less; or
- b. The development is located in an unincorporated area of a county that does not contain a city or town that meets the definition of large city or small city as set forth in this glossary; or
- c. The development is located in an unincorporated area of a county whereas;
  - i. The development is outside the 2-mile jurisdiction of either a large city or small city as defined in this glossary; and
  - ii. The development does not have access to public water or public sewer from either the large city or small city as defined in this glossary.

**Small City:** For purposes of this policy, a small city is defined as a city with a population of between 15,000 and 74,999. To qualify as being located within a small city, the development must be located within one mile of the zoning jurisdiction and/or use city utility services (water and sewer).

**Technical Correction:** A technical correction occurs when an applicant does not provide sufficient information or documentation to meet the IHCD HOME program threshold requirements as defined in section 7.2 of this policy. Technical Corrections may occur when the required information or documentation is not submitted or is vague or incomplete. IHCD reserves the right to classify other application errors or omissions as technical corrections at its own discretion. Applicants that receive two or less technical corrections may receive bonus points as defined in the Bonus scoring section of this policy.

**Veteran:** A person who served in the active military, naval, or air service.

**Visitability:** Visitability is defined as design concepts that allow persons with mobility impairments to enter and stay, but not necessarily live, in a residence. There are three (3) specific design elements that must be incorporated to satisfy the visitability mandate:

- Each unit must contain at least one (1) zero-step entrance on an accessible route. This can be any entrance to the unit;

- All main floor interior doors (including bathroom doors and walk-in closets) in each unit must provide at least at least 31  $\frac{3}{4}$  inches of clear opening width; and
- Each unit must contain at least one (1) half or full bathroom on the main level that is accessible per ICC A117.1.Section 1004.11.

## Part 10: Development Fund

---

### 10.1 Overview

The Indiana Affordable Housing and Community Development Fund (“Development Fund”) was established in 1989 to provide financing options for the creation of safe, decent, and affordable housing and for economic development projects in Indiana communities. Development Fund regulations may be found in Indiana Code 5-20-4. Developments also involving federal funding (e.g. HOME Investment Partnership Program or Community Development Block Grant), tax-exempt bonds, or Low-Income Housing Tax Credits (“LIHTC”) must comply with the requirements of those programs.

The Development Fund provides a loan of up to \$500,000 (or a grant in limited special circumstances) for eligible activities as defined within this policy.

For more detailed information on the Development Fund program please consult the [Development Fund Manual](#).

### 10.02 How to Apply

Development Fund awards are approved through the IHCD Development Fund Application or in conjunction with LIHTC applications through the Qualified Allocation Plan (“QAP”), HOME applications through the HOME funding round, or with CDBG applications through the CDBG funding round.

Development Fund requests in conjunction with other funding sources must be submitted in accordance with the application procedures and deadlines for those programs.

### 10.03 Eligible Applicants

Applicants eligible to apply in conjunction with a HOME application include nonprofit corporations and local units of government. IHCD must allocate at least 50% of the fund to recognized nonprofit corporations under Section 501(c)(3) of the U.S. Internal Revenue Code.

Awardees with current Development Fund awards are eligible to apply for additional funding. All outstanding awards must be current (if loans), in compliance with all program requirements, and otherwise in good standing in order to be considered for additional awards. However, no individual project sponsor or its affiliates may hold more than 20% of the Development Fund’s total portfolio at any one time.

Individuals or organizations currently on IHCD’s suspension or debarment list are not eligible to apply for Development Fund awards.

### 10.04 Eligible Beneficiaries

The Development Fund can be used to finance assisted units for occupancy by households earning up to 80% of the area median income, as published annually by HUD. Indiana Code governing the Development Fund requires at least 50% of the dollars allocated to be used to serve “very low-income

households” (households earning less than 50% of the area median income). **Therefore, at least 50% of the Development Fund assisted units must be designated for households at or below 50% AMI, and the remaining Development Fund assisted units must be designated for households at or below 80% AMI.**

#### **10.05 Eligible Residential Activities**

Eligible HOME activities include, but are not limited to, acquisition, new construction, and/or rehabilitation of homes for sale, permanent rental units, and permanent supportive housing projects that have successfully completed the Indiana Supportive Housing Institute.

#### **10.06 Eligible Activity Costs**

For more information on eligible and ineligible activity costs please see §1.8 and §1.9 of the [Development Fund Manual](#). Questions about eligible vs. ineligible soft costs under the Development Fund program can be directed to the IHCDA Underwriting and Closing Manager.

#### **10.07 Match Requirements**

Applicants for Development Fund must be able to document a local match in an amount of at least 10%. Acceptable match sources include in-kind donations, donated land, owner equity, building materials, loans, cash grants, or any combination of both in-kind and cash. Other sources of match may also qualify, **except for funds administered by IHCDA.**

#### **10.08 Development Fund Activity Provisions**

The Development Fund may provide loans or grants up to \$500,000 per development. Development Fund grants will only be made in conjunction with special IHCDA initiatives as announced by IHCDA. Except for these special initiatives, IHCDA will only accept Development Fund applications for loans.

The Development Fund may be used for the following types of loans:

- Pre-development: to pay project pre-development expenses;
- Acquisition: to pay for purchase and closing costs for property acquisition;
- Construction: to pay for hard and soft costs of new construction and rehab projects;
- Permanent: to provide permanent financing to the project; and/or
- Bridge: financing to bridge the timing gap between project or program costs and cash from committed sources not yet available (equity).

Homebuyer projects are not eligible for permanent or bridge financing.

#### **10.09 Loan Terms**

The base interest rate for loans is 3%. The interest rate offered by IHCDA will be determined during underwriting. **Underwriting will start at 3% and make a final determination based on financial capacity. The final interest rate will not be less than 3%, but may exceed 3% based on capacity.**

### 10.10 Underwriting Guidelines

For more information on underwriting guidelines please see §2.4 of the [Development Fund Manual](#). Questions about these guidelines can be directed to the IHCD Underwriting and Closing Manager.

### 10.11 Affordability Period/Lien and Restrictive Covenants

Rental developments will be subject to a Lien and Restrictive Covenant Agreement that must be executed against every residential property constructed, rehabilitated, or acquired, in whole or in part, with Development Fund funds. If the award is made in conjunction with HOME or CDBG funding, the development will be subject to the applicable program affordability period.

Upon occurrence of any of the following events during the affordability period, the entire sum secured by the lien, without interest, shall be due and payable by developer and/or owner upon demand. Repayment may be demanded upon: (1) transfer or conveyance of the real estate by deed, land contract, lease, or otherwise, during the affordability period; (2) commencement of foreclosure proceedings by any mortgagee (or deed in lieu of foreclosure), within the affordability period; or (3) determination that units are not being used as a residence by a qualifying tenant or not leased according to the program affordability requirements. The award recipient will be responsible for repaying IHCD. At the end of the affordability period, if the borrower/recipient has met all conditions, the lien will be released.

### 10.12 Income and Rent Restrictions/Ongoing Compliance

All Development Fund-assisted units in residential developments must be income and rent restricted. If the award is made in conjunction with HOME funding or is Development Fund only, then the HOME program income and rent limits will apply. Developments with Development Fund combined with another program must follow the recertification requirements of that program.

When Development Fund is combined with other funding sources, the audit/inspection cycle will occur based on the cycle and frequency prescribed by that program.

### 10.13 Modifications

IHCD may consider requests for changes to the characteristics of a development. **A modification fee of \$500 will be imposed if loan documentation has been finalized. Additionally, a \$1,500 fee will be required if any legal documents, such as the recorded Lien and Restrictive Covenant, need to be amended as a result of the request.**

Approval of modification requests is at the sole discretion of IHCD. IHCD must evaluate each request to see how the change would have affected original funding and underwriting of the development as well as to ensure that the proposed change will not cause noncompliance.

When submitting a modification request, please provide the following:

- a. Formal written request from the Owner/Developer detailing the specific request and the reason the request is needed
- b. The impact to the project in the event the modification request is not approved

- c. Modification fee of \$500.00 if loan documentation has been finalized
- d. Updated HOME application pages that reflect changes to the original application based on the current closing projections and/or proposed modification

At its discretion, IHCDA may request additional supporting documentation.
