PART 1

SCOPE OF THIS REQUEST

1. PURPOSE OF THIS REQUEST FOR PROPOSALS (“RFP”)

The Indiana Housing and Community Development Authority seeks to contract with an individual or entity to develop and implement a training and technical assistance curriculum for the Continuum of Care Domestic Violence Bonus fund program as described in the Scope of Services section of this RFP.

2. ABOUT THE INDIANA HOUSING AND COMMUNITY DEVELOPMENT AUTHORITY

MISSION STATEMENT

The Indiana Housing and Community Development Authority (“IHCDA”) creates housing opportunities, generates and preserves assets, and revitalizes neighborhoods by facilitating the collaboration of multiple stakeholders, investing financial and technical resources in development efforts, and helping build capacity of qualified partners throughout Indiana.

VISION

At IHCDA, we believe that growing Indiana's economy starts at home. Everyone can agree that all Hoosiers should have the opportunity to live in safe, affordable, good-quality housing in economically stable communities. That's the heart of IHCDA's mission. Our charge is to help communities build upon their assets to create places with ready access to opportunities, goods, and services. We also promote, finance, and support a broad range of housing solutions, from temporary shelters to homeownership.

IHCDA's work is done in partnership with developers, lenders, investors, and nonprofit organizations that use our financing to serve low and moderate-income Hoosiers. We leverage government and private funds to invest in financially sound, well-designed projects that will benefit communities for many years to come. And our investments bear outstanding returns. The activities that we finance help families become more stable, put down roots, and climb the economic ladder. In turn, communities grow and prosper, broadening their tax base, creating new jobs, and maximizing local resources. IHCDA's work is truly a vehicle for economic growth, and it all starts at home.

OVERVIEW (for more information visit <http://www.in.gov/ihcda/>)

IHCDA was created in 1978 by the Indiana General Assembly and is a quasi-public financially self-sufficient statewide government agency. IHCDA's programs are successful in large part because of the growing network of partnerships IHCDA has established with local, state, and federal governments, for-profit businesses and not-for-profit organizations. For-profit partners include investment banks, mortgage lenders, commercial banks, corporate investment managers and syndicators, apartment developers, investors, homebuilders, and realtors. Not-for-profit partners include community development corporations, community action agencies, and not-for-profit developers.

3. SCOPE OF SERVICES

The U.S. Department of Housing and Urban Development (“HUD”) Continuum of Care (“CoC”) Program (24 CFR part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, states, and local governments to quickly rehouse homeless individuals, families, persons fleeing domestic violence,

dating violence, sexual assault, and stalking, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless individuals and families; and to optimize self-sufficiency among those experiencing homelessness. The CoC Program is authorized by subtitle C of title IV of the McKinney-Vento Homeless Assistance Act, (42 U.S.C. 11381–11389) (the Act), and the CoC Program rule found in 24 CFR part 578 (the Rule).

Each year, the Indiana Balance of State (BoS) CoC competes with other CoCs across the country to secure federal funds to help end homelessness through the U.S. Department of Housing and Urban Development's (HUD) CoC program. In addition to the typical funding awarded through this process, HUD made additional resources available to fund Domestic Violence Bonus projects (DV Bonus). In FY2019, the IN BoS CoC received over \$1.3 million in Domestic Violence (DV) Bonus funding for Rapid Rehousing (RRH) and over \$540,000 in Joint Transitional Housing-Rapid Rehousing (TH-RRH).

The purpose of this RFP is to solicit proposals for an individual or entity to create and implement a structured training and technical assistance program for the CoC DV Bonus Funds sub-recipients. Training/TA providers will be awarded funding as a contractor with IHCDA. Applicants should have a strong background in training and technical assistance around housing, trauma informed care, capacity building, coordinated entry, supporting domestic violence survivors, and other DV Bonus fund specific topics. The contractor will work closely with IHCDA to develop said trainings and technical assistance with a goal of providing additional, subject matter expert, support to IHCDA's sub-recipients as they implement and grow their projects.

Applicants will submit a yearlong curriculum and plan for implementation in their proposal. This will include, but is not limited to:

- Monthly trainings with new sub-recipients,
- quarterly trainings with all projects, and
- structured, individualized, technical assistance to sub-recipients as appropriate.

Eligible applicants:

Eligible contract awardees are nonprofit organizations, States, local governments, and instrumentalities of State and local governments, and public housing agencies. Proposals shall only be considered from applicants in good standing with HUD, which means that the applicant does not have any open monitoring or audit findings, history of slow expenditure of grant funds, outstanding obligation to the US Government that is in arrears or for which a payment schedule has not been agreed upon, or history of serving ineligible program participants, expending funds on ineligible costs, or failing to expend funds within statutorily established timeframes.

The Respondent, if selected through this RFQ, should be prepared to undertake the following activities when the contract commences:

A. Prep work:

- a. Review materials including sub-recipient project grant agreements, review new project application, Homeless Management Information System (“HMIS”) data, and current federal strategies and initiatives to end homelessness (i.e. Opening Doors).
- b. Meet with the IHCDA Community Services team to set expectations and milestone dates.
- c. Update proposed training/TA curriculums based on IHCDA staff feedback.

- d. Create and submit for review, calendar of training and technical assistance dates to IHCDA prior to implementation.

B. Training/Technical Assistance

- a. Attend monthly calls with new sub-recipients in order to build their capacity by discussing IHCDA-approved topics and using the training curriculum calendar.
- b. Provide intensive technical assistance with new sub-recipients to help develop their housing programs for domestic violence survivors. The technical assistance curriculum will cover 6 months of prep work and 6 months of housing implementation.
- c. Hold quarterly trainings with all IHCDA DV Bonus sub-recipients centered around best practices, overcoming common challenges in project implementation, and national trends.
- d. One training for all IHCDA sub-recipients with a goal of educating sub-recipients on how to assist domestic violence survivor clients.
- e. Individual technical assistance process describing how organizations would request such assistance, length of TA, and list of possible topics.

C. Other

- a. Create mechanism to provide continuous feedback to IHCDA related to conversations with sub-recipients.
- b. Create mechanism to collect and share best practices throughout project period.

These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

These three programs include the [Supportive Housing Program](#), the [Shelter Plus Care Program](#), and the [Moderate Rehabilitation/Single Room Occupancy \(SRO\) Program](#). The HEARTH Act also codifies into law the Continuum of Care planning process, a longstanding part of HUD’s application process to assist homeless persons by providing greater coordination in responding to their needs. The HEARTH Act directs HUD to promulgate regulations for these new programs and processes. The regulatory implementation of the CoC Program is achieved through the [CoC Program interim rule](#).
