Commercial and Office Space: IHCDA Rental Housing financing resources cannot be used to finance commercial space within a Development. Income generated and expenses incurred from this space, though, must be factored into IHCDA's underwriting for the Development as a whole when reviewing the application. If the Development development of commercial space, the applicant will need to provide separate annual operating expense information and a separate 15-year proforma for the commercial space. Be sure to label which forms are for the housing and which ones are for the commercial space. Also separate out all development costs associated with the commercial space on line M of the Development Costs chart.

a. If Multi-family Tax Exempt Bonds are requested, list percent such bonds represent of the aggregate basis of the building and land of the development:
If this percentage is 50% or more, a formal allocation of credits from IHCDA is not necessary (although the development must satisfy and comply with all requirements for an allocation under this Allocation Plan and Section 42 of the Code. The Issuer of the bonds must determine the maximum amount of credits available to the development which, just as for developments which do need allocation, is limited to the amount of credits necessary to make the development financially feasible). AT THE TIME OF SUBMITTING THIS APPLICATION, YOU MUST PROVIDE IHCDA WITH AN OPINION OF COUNSEL, SATISFACTORY TO IHCDA, THAT YOU ARE NOT REQUIRED TO OBTAIN AN ALLOCATION OF TAX CREDITS FROM IHCDA AND THAT THE DEVELOPMENT MEETS THE REQUIREMENTS OF THE ALLOCATION PLAN AND CODE.

Note: The actual amount of credit for the Development is determined by IHCDA. If the Development is eligible for Historic Tax Credit, include a complete breakdown of the determination of eligible basis for the Historic Credit with the Application. If the Development's basis has been adjusted because it is in a high cost area or qualified census tract, the actual deduction for the Historic Cost items must be adjusted by multiplying the amount by 130%. This does not apply to Historic Tax Credits.

2. Determination of Reservation Amount Needed

The following calculation of the amount of credits needed is substantially the same as the calculation which will be made by IHCDA to determine, as required by the IRS, the maximum amount of credits which may be reserved for the Development. However, IHCDA at all times retains the right to substitute such information and assumptions as are determined by IHCDA to be reasonable for the information and assumptions provided herein as to costs (including development fees, profits, etc.) sources of funding, expected equity, ect. Accordingly, if the development is selected by IHCDA for a reservation of credits, the amount of such reservation may differ significantly from the amount that is computed below.

	1	Type	of Ac	quisition:
				N/A - The proposed development involves no acquisition. (skip to question #2)
				 Voluntary Acquisition Before entering into an offer to purchase, the purchaser must inform the seller: That it does not have (or will not use) the power of eminent domain should negotiations fail to result in an amicable agreement. Of its estimate of the fair market value of the property. An appraisal is not required, but the files must include an explanation of the basis for the estimate. That the seller is not eligible for a replacement housing payment or moving expenses (a sample letter is available from IHCDA). What was the date of the letter informing the seller? Attach a copy in Tab G.
				Involuntary Acquisition Contact your Real Estate Production Analyst for further guidance. In general, the purchaser must: Notify owner of the purchaser's intentions. Conduct an appraisal of the property to determine its fair market value. Offer just compensation for the property being acquired. Make every reasonable effort to complete the property transaction expeditiously. What was the date of the letter informing the seller? Attach a copy in Tab G.

W. Alternative Sources of Funding In recent years, requests for HOME and Development Fund funds has greatly exceeded the allocation of said funds. As a result of this high demand, the Authority anticipates some developments will score high enough to be recommended for Rental Housing Tax Credits but due to funding constraints will not be eligible for HOME or Development Fund funds. To ensure the Authority consistently reviews all of the applicants' options, IHCDA requests you select one of the following: Option 1: Identify alternative source(s) of funding that will replace IHCDA HOME/Development Fund funds. (Identify alternative source(s) in chart below) Option 2: The development team has exhausted all options to identify an alternative source of funds without success. To that regard, we understand that without IHCDA HOME/Development Fund funding your development will not be financially feasible. Thus, it will not meet Additional Threshold item E.2(e)(4). Option 1 - Required Documentation: All sources of financing identified below must be supported with appropriate documentation satisfactory to the Authority as identified in the latest version of the QAP. Attach required documentation to this form. **Construction Financing:** Date of Date of Contact Person (Name and Source of Funds Application **Commitment** Amount of Funds Telephone Number or Email) 1 Additional construction debt 7/29/2024 \$500,000 Julia Surak 317-848-5111 N/A **Total Amount of Funds** \$500,000 **Permanent Financing:**

Comments:

The project is currently underwritten to a 1.20 DCR, but IHCDA guidelines and our lender letter indicate we may go to a 1.15 DCR, which at the offered interest rate would allow another \$80,000 in permanent loan. The City of Rochester has verbally committed to waiving all tap fees should the project be funded, which is budgeted at \$50,000. Taking these two items plus an additional \$500,000 in DDF in lieu of Development Fund would still leave the development with sufficient paid developer fee to meet IHCDA underwriting requirements.
