Re: Ranked Project Applications and Funding Recommendations

Pursuant to federal and state regulations, the Indiana Balance of State Continuum of Care Board of Directors, in conjunction with the Indiana Housing and Community Development Authority (IHCDA) as the Collaborative Applicant has completed its review and scoring of all project applications received for the U.S. Department of Housing and Urban Development (HUD) FY 2026 Continuum of Care Competition and Youth Homelessness Demonstration Program Grants Notice of Funding Opportunity (CPD-2600-DC-0025).

Applications were evaluated and scored by an independent review committee based on the criteria outlined in the Notice of Funding Availability (NOFA) published on June 1, 2026. Project Application Criteria included: experience with federal funds, compliance and utilization of funds, data quality or capacity to collect data, and supportive services provided including those that increase household benefit and employment income.

The projects have been ranked in order of their final evaluation scores and will be submitted to HUD through the IN BoS CoC FY2026 Collaborative Application. The ranking and prioritization list can be found on the IN BoS CoC's [Internal Competition](#) webpage.

Final submission to HUD of the FY 2026 Collaborative Application will be September 30, 2026.
