

## Answers to questions submitted during the Q&A process of the Quantitative Services Advisor for Annual Rating Agency Consolidated Cash Flow Projections

Q. Is IHEDA considering hiring a Financial Advisor?

A. No. Not at this time.

Q. Under Part 2 "RFP Process", Section 4 "Responsible Respondent Requirements" there are nine points listed including one (#8) regarding registration with the State of Indiana that must be fulfilled before IHEDA awards a contract. Does a respondent need to complete the State of Indiana registration prior to the submission of a proposal to be considered a responsible respondent, or can that registration be deferred until after a possible award but prior to the signing of any contract?

A. No, you do not have to be registered with the State of Indiana prior to the submission of a proposal pursuant to this RFP. Registration simply must be completed prior to the execution of a contract with IHEDA.
