Re: **Access Indiana Account for Online Application Login**

IHCDA is releasing an online application that applicants must use when applying for Tax Credits in the July 2025 competitive rounds, as well as noncompetitive bond applications moving forward. IHCDA is requesting that developers and consultants who wish to have access to the application create an Access Indiana Identity Account that will tie back to the Tax Credit Application. IHCDA will begin creating user accounts so that applicants can access the Online Application once it goes live before the end of June.

The following link can be used to set up an Access Indiana account:

<https://www.in.gov/access/getting-started/>

It is recommended to use a business email when creating your account, although it is not required. Once you have created your account, please notify IHCDA of account creation and which email was used to set up the account. Please send which email was used and confirmation of account creation to Hayden Wiesinger at hwiesinger@ihcda.in.gov.

IHCDA will release a separate RED Notice providing detailed instructions and questions related to the online application submission process.
