Re: LIHTC Compliance Essentials – Qualifying Households Training #2 – Registration Open

IHCDA is happy to announce that we are once again partnering US Housing Consultants to bring back our LIHTC Compliance Essentials - Qualifying Households Training. This is the second of two identical courses offered this year. This in-person training has been updated with all the applicable housing guidance and any state or federal regulation updates you need to know to qualify a tax credit household, and we will be doing an interactive case study throughout the training using IHCDA mandatory forms and some sample forms. A workbook with the interactive case study full of references to key program guidance and other useful documents is provided as part of the training.

This training is free but requires registration. Click [HERE](#) to register. There are only 60 spaces for this training to register as soon as possible.
