State of Indiana HUD CAPER PY2019

Indiana Housing & Community Development Authority

PREPARED FOR:

Office of Community and Rural Affairs ingov/ocra Indiana Housing and Community Development Agency ingov/ihcda DRAFT

FINAL 01/29/2021

Introduction

The Consolidated Annual Performance and Evaluation Report, or CAPER, is a HUD-required document that reports the State of Indiana's progress in allocating federal housing and community development block grant funds.

The CAPER reports performance for the following federal housing and community development block grants:

- Community Development Block Grant (CDBG),
- HOME Investment Partnerships Program (HOME),
- National Housing Trust Fund (NHTF),
- Emergency Solutions Grant (ESG),
- Housing Opportunities for Persons with HIV/AIDS (HOPWA).

The CAPER is typically filed in September of each year, due 60-days after the end of block grant program years. In 2020, the CAPER filing was extended due to the COVID-19 pandemic. The CAPER is made available for public review for 15 days prior to HUD submittal.

This CAPER covers the program year 2019 (PY19), which runs from July 1, 2019 through June 30, 2020. The Action Plan for the PY19 was amended several times during 2020 to incorporate funds from the federal CARES Act, which included an expansion of CDBG, ESG, and, much less so, HOPWA to address community and economic development and homeless prevention needs related to the COVID-19 pandemic.

The CAPER follows a template prescribed by HUD. Content and structure include:

- An introduction that compares the amount of funds allocated by block grant and program activity to the funds expended during the program year;
- A HUD matrix that tracks progress toward 5-year and annual goals;
- A discussion of how well the state fulfilled its goals, including program changes that will be made to improve deployment of funds;
- Demographic characteristics of program beneficiaries;
- Leveraging of block grant funds;
- Other actions the state took during the program year to address needs; and
- Monitoring procedures to ensure fund compliance.
- Appendices to the CAPER include the public notice for draft review and supplement reports detailing block grant expenditures.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and

executed throughout the program year.

The planned allocation, commitment, and disbursements of funds during PY19 is summarized below and in the goals and outcomes matrix:

CDBG:

Public infrastructure:

- Water/sewer improvements—\$11.5 million allocated with \$15,214,891 disbursed;
- Stormwater improvements—\$4 million allocated with \$2,564,720 disbursed;

Revitalization and economic development activity disbursements (allocated as \$1.5 million for the Main Street program and \$1 million for blight clearance):

- Real property acquisition—\$523,900 for acquisition of real property and \$807,856 for clearance and demolition;
- Commercial/industrial rehabilitation--\$1,062,040;
- Sidewalk improvements—\$842,544;
- Building Acquisition, Construction, Rehabilitation—\$10,912;
- Total disbursements of \$2,439,396.

Housing activities/owner-occupied rehabilitation: \$3 million allocated with—\$1,923,234 disbursed.

Public facilities and improvements (allocated \$3 million). Disbursed to:

- Senior Centers—\$533,352;
- Neighborhood Facilities—\$1,768,853;
- Parks, Recreational Facilities—\$2,337,818;
- Child Care Centers—\$478,916;
- Fire Station/Equipment--\$1,748,097;
- Abused and Neglected Children Facilities—\$156,698;
- Non-Residential Historic Preservation—\$186,084; and
- Other Public Improvements not listed above—\$767,769;
- Total disbursements of \$7,977,587.

Public services—non allocated and \$62,778 disbursed; Technical assistance--\$280,000 allocated and \$105,283 disbursed; planning and administration \$1.6 million for planning and \$640,000 for administration with \$2,507,404 disbursed.

The state continued to make progress in expending prior year disaster recovery funds during PY19; CDBG funds were drawn on for past obligations; no new obligations were made. As of December 2019, the latest progress report on DR funding at the time this CAPER was developed, the state had \$4.4 million remaining to deploy (of \$68 million) of the first appropriation and \$9 million to deploy (of \$382 million) of the second appropriation. Deployment of the second round of funding increased from 2018 due to program income received.

IHCDA disbursed \$4,777,552 in funds during PY19 to the Indiana Community Action Association for continued home rehabilitation activities related to past natural disasters.

HOME:*

- Rental projects planned allocation of \$9.87 million fully committed with:
 - \$7,019,750 million committed to new construction and \$3,318,342 disbursed;
 - \$936,000 to acquisition rehab with \$931,000 disbursed;
 - \$666,000 to acquisition and new construction with \$661,000 disbursed; and
 - \$2,016,000 million in rental rehab with \$1,419,876 disbursed.
- New owner occupied housing \$474,642 committed with \$77,135 disbursed;
- Owner rehabilitation projects committed at \$1 million with \$308,612 disbursed, for an average cost per unit of \$6,709;
- Tenant Based Rental Assistance (TBRA) at \$600,000 with \$335,554 committed and \$201,562 disbursed;
- Capacity building and funding grants at \$382,968, with \$341,000 disbursed to CHDOs for operating funds.

NHTF:

• Construction of affordable rental projects—\$3.3 million allocated with \$2,507,404 million committed and \$.5 million disbursed during program year. This includes \$253,619 for IHCDA administration.

ESG:

- Homeless prevention—\$175,548 expended;
- Rapid re-housing—\$1,014,165 expended;
- Emergency shelter—\$1,969,822 expended;
- Street outreach—\$89,500 expended, and
- Grant administration, \$218,023.

ESG-CV:

- Homeless prevention—\$626,592.49, and
- Grant administration--\$53,680.46.

HOPWA funding was awarded and the budgets were as follows:

- \$636,831on tenant-based rental assistance;
- \$30,000 on Permanent Housing Facilities;
- \$30,000 on transitional/short-term facilities;
- \$274,722 on short-term rent, mortgage, and utility assistance;
- \$68,815 on permanent housing placement services;
- \$239,099 on housing information services;
- \$12,000 on supportive services;
- \$71,850 was awarded to sponsors for program administration, and
- \$37,518 was awarded to IHCDA for grant administration.

*Please note that these are the amounts drawn using prior year funds or 2019 funds combined. These funds were expended from July 1, 2019-June 30, 2020 and IHCDA holds 1-2 HOME rounds each year. Each contract for HOME construction is a two year long contract, so expenditures may not occur in the year in which they are awarded funds.

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The CDBG beneficiary data are from the IDIS CDBG Summary of Accomplishments report for PY19 and are limited. The table above excludes multi-racial households, which totaled 122 households.

OCRA continues to take steps to improve the monitoring of the racial and ethnic composition of families assisted with CDBG. OCRA's new Grants Management System (GMS), which began implementation in 2019, allows the state to collect more data on beneficiaries and will be expanded to include racial and ethnic composition.

HOME beneficiaries include represent new rental construction and TBRA. The table excludes multi-racial households, which totaled 2 households.

The table excludes 15 multi-race and 31 unidentified race/ethnicity ESG-CV beneficiaries.

The table excludes 36 multi-racial households who were assisted with HOPWA.

The NHTF allocation subsidizes new construction and rehabilitation of affordable housing. During PY19, funds were deployed for new construction and those projects will be completed in future program years. As such, the racial and ethnic composition of families assisted by the NHTF in the current program year is unknown.

Narrative

For HOME: A total of \$926,668 was drawn on PY19 program income; \$843,532 on PY18 program income; and \$1.481 million on PY17 program income. IHCDA's 2019 HOME Rental Round was opened in December of 2018 with applications due in March of 2020. IHCDA's Board of Directors approved those projects in May of 2020. Funded projects then undergo the Environmental Review (ERR); once that has been completed and the project has Release of Funds (ROF), IHCDA executes the HOME contracts, and commits funds in IDIS. IHCDA is in the process of finalizing the FY2019 ERR and will continue to commit funds once projects have ROF.

Through this round, IHCDA funded 13 projects (10 CHDO and 3 non-CHDO projects), culminating in an anticipated 215 units across nine counties.

IHCDA has continued to accept applications to the HOME Homebuyer program on a rolling basis; contracts also follow the same approval process. IHCDA awarded three recipients funds under this program- one CHDO and two non-CHDO projects, culminating in an anticipated 13 units.

In addition, IHCDA used HOME as supplemental funding in conjunction with its LIHTC program; applications were due in July 2019, with funding approved by IHCDA Board of Directors in November of 2019. IHCDA funded 2 HOME -CHDO projects and 1 NHTF project through this round. Each was still undergoing ERR and Section 106 review at the end of PY19.

IHCDA also released a competitive Request for Proposal in January of 2019 as part of the HOME Innovative round, open to non-profit developers to apply for HOME funding to support development of HOME-assisted units for HOME-ownership. Three non-profits were selected for this initiative, and underwent a five month training on HOME regulations and best practices in affordable housing development. As of the publication of this CAPER, each team is working on their final concept and IHCDA anticipates construction application requests in FY2020. IHCDA also opened a HOME-TBRA program, with a focus in FY2019 to help

income qualified households pay for housing costs including rent, security deposits, and utility deposits. IHCDA focuses its TBRA program on providing rental assistance for formerly incarcerated individuals, defined as (1) persons exiting the correction system and at risk of homelessness due to a lack of stable housing, or (2) individuals currently experiencing homelessness who were formerly incarcerated. IHCDA funded three sub-recipients in the program to provide this assistance.

According to the HTF Activity Status Report (PR100), NHTF funds committed during PY19 focused on new construction, with \$2,453,060 of funds committed to three new projects in Plymouth, Kokomo, and Indianapolis. A total of \$400,000 of the committed funds were disbursed during the program year.

IHCDA held one CDBG OOR round in FY2019, outside of its Stellar awardees. Applications were due December of 2019, with funding approved in February 2020. IHCDA awarded nine recipients through this round. IHCDA also awarded one Stellar OOR project this year.

Through the Indiana Permanent Supportive Housing Institute, three teams successfully graduated during FY2019 and will be eligible to apply for a set-aside of HOME and NHTF. Three LIHCDA/NHTF applications were received and approved by IHCDA's Board of Directors. The NHTF awards have been committed in IDIS. An additional project is currently under review by IHCDA staff and the last project is anticipated to be submitted for review in FY 2019. An additional project was awarded NHTF funds in conjunction with RHTC in 2019 and committed in IDIS.

On April 10, 2020, the U.S. Department of Housing and Urban Development (HUD) released a memo providing guidance on statutory suspensions and regulatory waivers meant to enable participating jurisdictions affected by the COVID-19 pandemic to use HOME funds to address immediate housing needs and to help prevent spread of the virus. This guidance increased the amount of CHDO Operating a Participating Jurisdiction may set aside from 5% to 10% of its annual allocation, and waived the \$50,000 CHDO Operating Supplement funding limit and the requirement that CHDO Operating Supplement funds be awarded in conjunction with a HOME project under the 2019 Annual Action Plan.

IHCDA held a public hearing on the proposed changes to its HOME Method of Distribution on May 20, 2020 and accepted public comments between May 15, 2020-May 22, 2020. IHCDA received no public comments. IHCDA amended the 2019 Annual Action Plan HOME Method of Distribution to increase the amount of set-aside funding for CHDO Operating Supplement.

On June 29, 2020, IHCDA began accepting supplemental funding applications for eligible CHDOs to request up to \$50,000 in CHDO Operating Supplement. The deadline for applications was August 2020. Organizations who had previously been certified as CHDOs through IHCDA's 2019 HOME Rental or Homebuyer rounds were required to submit an affidavit to certify the organization continued to meet all the CHDO requirements that had been reviewed and verified at the time of their initial application in the 2019 rounds. Non-profit organizations that had not been certified in the 2019 HOME Rental or Homebuyer rounds were required to submit the CHDO application and all required supplemental documentation. Documentation was reviewed by staff to determine if the non-profit met all federal CHDO requirements.

IHCDA received a total of eleven applications all of which have been approved for awards by IHCDA's Board of Directors. IHCDA is in the process of executing those contracts and committing those 2019 CHDO Operating Funds in IDIS.

Identify the geographic distribution and location of investments

Table 4 – Identify the geographic distribution and location of investments

Narrative

The State of Indiana does not prioritize the allocation of CDBG, HOME or ESG geographically. Instead, the state identifies the greatest needs for the state and nonentitlement areas overall and this information is used to guide the funding priorities for each program year. For local needs, the state relies on the information presented in block grant program funding applications.

OCRA CDBG scoring criteria consider community distress factors; communities with higher levels of stress as measured by several indicators will score higher on applications (factors include poverty level, vacant units, unemployment rate, labor force participation, and home values). IHCDA includes a preference for applications that attempt to reach low- and very low-income levels of area median income.

IHCDA's competitive HOME Rental Round and rolling HOME Buyer Round are open for projects located within non-participating jurisdictions. NHTF may be used throughout the state; HOME requested with NHTF to development supportive housing and associated with the PSH Institute may be used in Participating Jurisdictions.

ESG allocates emergency shelter and rapid re-housing activities statewide; homeless prevention and outreach activities are more targeted geographically. IHCDA has created caps for each of these categories to focus funding on housing individuals. ESG sub-recipients are selected through a Request for Proposals process each year. Submitted applicants are scored based on capacity, compliance, and proposed activities. These are then reviewed by IHCDA staff and the CoC BoS board for recommendations to the IHCDA board.

The HOPWA grant does rely on a geographic allocation. Within the State of Indiana there are 12 HIV Care Coordination Regions as established by the Indiana State Department of Health (ISDH). IHCDA currently provides funding to seven organization who have consistently applied for funding each year. The application is open to all organization established as a Care Coordination Site.

Each HOPWA sponsor is selected by a Request for Qualifications process that solicited applications from the Indiana Department of Health care coordination sites. HOPWA awards were then determined by

meeting required thresholds and then based on their proposed budget needs, proposed activities, current housing needs and the ISDH-published HIV/AIDS epidemiology reports from the previous year.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

HOME requires a match of 25 percent of the total match received less environmental review costs. IHCDA only counts match however on project which have been closed out in the given PY. For PY19, IHCDA received \$2,259,801.03 in match which is detailed in the following table.

HOPWA leverage totaled \$5.4 million, the same level as in PY18. Primary leverage sources included:

- Ryan White Housing Assistance funds of \$170,662,
- Ryan White Other funds of \$1,192,796,
- Continuum of Care funds of \$52,020,
- Emergency Solutions Grant funds of \$21,000,
- Other public subsidies of \$2,290,539,
- Private funds of \$426,184,
- Grantee/Project Sponsor agency cash of \$37,500, and
- Resident rent payments by client to private landlords of \$1,193,325.

Public land was not used to address needs, except for HOME.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Challenges deploying funding for affordable housing projects were largely related to the COVID-19 pandemic. Construction is a very cyclical industry, with a narrow window of productive activity. The pandemic occurred during some of the most productive months for construction, delaying completion time. Supply chains were also affected by the pandemic, further complicating construction schedules. Some operators experienced increases in construction costs as a result of the pandemic which required revised budgets and funding requests.

On the administrative side, converting staff to a work-from-home environment delayed training and complicated compliance and monitoring of projects, many of which are required to be done onsite.

Finally, the limited capacity of CHDOs, particularly in rural areas, delayed deployment of funds as existing CHDOs had little capacity to take on new projects to address growing affordable housing needs.

Discuss how these outcomes will impact future annual action plans.

As state staff have focused on deploying CARES Act/CV funds, regular block grant funding rounds have been delayed. Due to the prioritization of CARES Act/CV funds, the limited capacity of providers, and delays in construction, non-CV funds will take longer to deploy and will carry forward into future program years.

IHCDA recognizes that additional funds are needed to support CHDO operations and plans to address this need in future Annual Action Plans. IHCDA is also evaluating the longer-term impacts of increased costs of construction and growing needs for affordable housing as the economic impacts of COVID-19 become more significant.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

According to the CDBG Financial Summary Report (PR26), which reports compliance with national objectives, \$28,066,505 of PY19 CDBG funding was disbursed for non-housing community development low and moderate income activities. The report-calculated "percent low/mod credit" is 90.26 percent. The balance was disbursed for planning and administration (8.18%) and public services (less than 2%).

The source of the CDBG LMI households served is the CDBG Summary of Accomplishments report. OCRA does not currently collect detailed information on beneficiaries by income for CDBG-funded activities other than Owner Occupied Rehabilitation (OOR), which is shown above and is administered by IHCDA.

The source of the HOME LMI households served is the HOME Summary of Accomplishments report and includes activity from rental construction projects and TBRA.

The IHCDA Board approved projects for PY2019 were targeted toward assisting low income households: 38 percent are expected to serve households below 30 percent AMI once complete; 44 percent, 31-51 percent AMI households; and the remaining 18 percent, 51-60 percent AMI households. These developments will provide housing for 68 senior households; 17 households with special needs residents; and 146 family households.

To date, IHCDA has awarded 13 NHTF projects, committing \$9,602,620 in HTF (not including funds setaside for administration). Of that commitment, \$4,724,000 has been drawn. The total amount of HTF received by the state is \$17.55 million, for a commitment rate of 56 percent and an expenditure rate of 27 percent—both improved from PY18.

HOPWA dollars benefitted 267 extremely low income households, 84 very low income households, and 33 moderate income households.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The state relies on its partners to conduct outreach to persons who are homeless, assess their needs and communicate these needs to the state. To that end, during the program year, the state:

- Required all HUD McKinney Vento Funded programs to utilize HMIS for all shelter or transitional housing or permanent supportive housing programs serving homeless individuals and families.
- Required all HUD McKinney Vento Funded programs to participate in the annual, statewide homeless Point-in-Time Count in late January and timely submission of this data to IHCDA.
- Required all HUD McKinney Vento Funded programs subrecipients actively participate in their Regional Planning Council on the Homeless meetings regularly (minimum 75% attendance).
- Required all HUD McKinney Vento Funded programs to participate in the Coordinated Access in their Region as it is implemented in their area.

These requirements will continue into current and future program years.

Addressing the emergency shelter and transitional housing needs of homeless persons

The state relies on data and its partners to address the emergency shelter needs. In PY19, there were six street outreach programs funded with ESG; 50 emergency shelter programs funded; and 12 rapid rehousing projects funded. No transitional housing projects were funded. These organizations were all required to participate in the Point In Time (PIT) count and Housing Inventory Chart (HIC) process. The HIC in particular helped the state understand the need for sheltering homeless persons. The involvement in this data collection ensures the needs of individuals served by these funds are counted. IHCDA then uses the results of the PIT and HIC to consider strategy on future funding opportunities.

In addition to the allocation of ESG funds, homeless, emergency shelter, and transitional housing needs were addressed through the ESG funded organization's participation in their local Regional Planning Council on Homeless in their Region. This communication allows for on the ground information to be shared in real time and for organizations who address these needs to work together. In addition, the CoC Board committees have been updated and ESG is part of the work of each committee in some way or another.

IHCDA partners closely with the IHCDA board around their ESG funds and sub-recipient results. The strategies of that board help inform IHCDA's work with ESG funding. The strategic objectives of the CoC Board are:

- Decrease shelter stays by increasing rapid rehousing to stable housing.
- Reduce recidivism of households experiencing homelessness.
- Decrease the number of Veterans experiencing homelessness.
- Decrease the number of persons experiencing Chronic Homelessness.
- Create new permanent supportive housing beds for chronically homeless persons.
- Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 86 percent or more.
- Decrease the number of homeless households with children.
- Increase the number of rental assistance programs and services.
- Increase the percentage of participants in ESG-funded rental assistance programs that move into permanent housing to 82 percent or more.
- Increase the percentage of participants in all CoC funded transitional housing that move into permanent housing to 70 percent or more.
- Increase the percentage of participants in CoC funded projects that are employed at exit to 38 percent or higher.
- Increase persons experiencing homelessness access to mainstream resources.
- Collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services.
- Improve homeless outreach and coordinated access to housing and services.
- Improve HMIS data quality and coverage, and use data to develop strategies and policies to end homelessness.
- Develop effective discharge plans and programs for individuals leaving State Operated Facilities at risk of homelessness.

These actions and strategies will continue into the future. The CoC Board and IHCDA staff are currently working on updating their strategic plan in the spring of 2021. This update will create clear metrics and goals to communicate how the State will further focus and address the needs of individuals and families currently and potentially experiencing homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The state has worked to assist extremely low income individuals and families avoid homelessness. One of the key strategies continued this past year was to expand previous and new partnerships through additional outreach. A continued benefit is a limited/one-time financial assistance to prevent the loss of housing as well receive connection to mainstream resources intended to build the household's safety net for future support needs. The state does not necessarily give preferences for homeless prevention,

but all agencies that received prevention funds serve address housing and social service needs. Other outreach efforts have been made to expand additional resources and benefits. State partnerships include Indiana Department of Workforce Development, Family Social Services Authority, Indiana Commission for Higher Education, the Department of Corrections (DoC), and the Indiana State Department of Health. One way these partnerships are formalized are through CoC board member recruitment. In 2020, the CoC board added board members who represent FSSA and ICHE. One lessformal partnership example is with DoC. The Director of Community Services coordinated with that agency to begin a plan for those transitioning out of incarceration. She educated DoC on the Coordinated Entry and Regional Chair leads in the CoC as key points of contacts. She also introduced them to the HIC to help them understand the type of beds and where they are available. Additionally, the COVID-19 pandemic meant IHCDA had to become creative in assisting those on the verge of homelessness. Through CARES act funding, IHCDA created a rental assistance portal to assist those on the verge of eviction. They also strengthened a relationship with FSSA to offer isolation shelter to individuals/families experiencing homelessness who needed a place to quarantine after a positive COVID-19 test. Lastly, they created a relationship with ISDH to educate that agency on the needs of individuals experiencing homelessness during a pandemic. ISDH also helped educate regional chairs and funded organizations on best practices to keep their clients safe and housed.

Additional partnerships are planned with organizations that work with foster youth, children aging out of the foster care system, the Indiana Department of Corrections, and other institutions that might help prevent individuals moving into homelessness. The CoC BoS board added a board member for the 2021 calendar year who represents Foster Success, a nonprofit organization that assists individuals aging out of the foster care system. Lastly, the state and CoC are currently working together to better coordinate how funding and resources are utilized for prevention needs. This includes a data integration project that could provide data that helps shape how the state should best keep families from becoming homeless especially those with health related/disabilities.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The state has several avenues to address helping homeless persons make the transition to permanent house including shortening the time families and individuals experience homelessness. They do so through funding and partnership opportunities to assist those serving the homeless population on the ground. These were strengthened in the last year and will continue to grow in the future through the revamped strategic plan.

To decrease the amount of time individuals and families experience homelessness, the state has several funding sources to assist in that area. The state provides TANF block grant dollars as well as ESG funds to

rapidly rehouse individuals and families with the TANF funds specifically targeting families. Rapid rehousing activities include housing relocation and stabilization services and financial assistance with rent, utilities, arrears, and deposits. The function of these funds is to provide short-term assistance to individuals and families. The state offers shelters a version of RRH that did not include rental assistance, and instead covers one time assistance to support a direct connection from shelter to permanent housing including housing relocation and stabilization services, utilities, arrears, and deposits. Subrecipients that receive RRHP funds are required to create a Memorandum of Understanding (MOU) with shelters in their region to further strengthen the connection from emergency housing to permanent options including rentals with short/medium term subsidy. IHCDA continued to improve knowledge of sub-recipients in implementing Rapid Re-housing and Prevention services in their communities through an all-day training symposium on RRH and HMIS training about the new data elements to collect and analyze.

To move individuals towards more permanent housing and independent living, the state has funding and resources to provide to organizations. The state offers a permanent support housing institute that builds PSH units across the state. In addition, it offers Housing Choice Vouchers that have a homelessness preference. They also are the collaborative applicant for the CoC PSH funds that are awarded to organizations across the balance of state. The state works across its division and in conjunction with the CoC board to create strategy for moving individuals and families out of homelessness. In addition, resources have been built and will continue to be built to provide individuals and families the resources they need to move on from homelessness. A persistent barrier to the transition to permanent housing is lack of employment. This remains especially difficult in rural areas. Lack of affordable housing availability continues to be a key factor in extended lengths of stay in shelter while the housing search is in process. The state has built resources with other state agencies like the Department of Workforce Development and the Indiana Commission for Higher Education recently to help understand what benefits can combat these issues. Another issue is housing stock to match individuals off the Coordinated Entry list. This challenge and others communicated above will be included in the 2021 CoC Board strategic plan. A major goal will be to match funding to areas where housing stock is low.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

IHCDA is a Section 8 public housing authority (PHA) and serves Housing Choice Voucher holders in many of the state's rural areas. IHCDA is a high performing PHA. IHCDA does not maintain public housing developments and, as such, its public housing needs are unlike a PHA that maintains an inventory of housing units.

Per 24 CFR 92.214 (a)(4), HOME funds may not be invested in public housing projects. HOME dollars can be used by nonprofits that partner with PHAs, and rental tax credits can be awarded to PHAs. However, IHCDA does not currently give PHAs preferences in rental tax credit awards.

IHCDA has provided capital funding through bond issuances and the 4% RHTC program for Public Housing properties around the state that underwent a RAD conversion and required capital investment to preserve the asset. IHCDA's mission includes maintaining affordability for Hoosiers and IHCDA will continue to support Public Housing that is scheduled for RAD conversion and requires capital investment.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

N/A; the state does not own or operate public housing developments, nor does IHCDA have a practice of providing assistance to troubled PHAs. Per 24 CFR 92.214 (a)(4), HOME funds may not be invested in public housing projects. HOME dollars can be used by nonprofits that partner with PHAs, and rental tax credits can be awarded to PHAs. However, IHCDA does not currently give PHAs preferences in rental tax credit awards.

Within the HCV program IHCDA partners with local community action programs around the state to offer services to HCV participants that help build skills and assets to promote self-sufficiency.

Actions taken to provide assistance to troubled PHAs

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The state consistently evaluates barriers to affordable housing development—including public policies, land use and zoning regulations, and program delivery.

OCRA. Since 2018, OCRA has conducting stakeholder outreach about how its programs can best respond to the most pressing needs of nonentitlement communities. Before the pandemic, and to inform funding and programs for its new five-year Consolidated Plan, OCRA held two webinars and three focus groups with stakeholders to discuss: 1) Modifying the Main Street program to maximize impact through density and organizational capacity; 2) Merging the Wastewater Drinking Water Program and Stormwater Improvement Programs and modifying the point system for awards; and 3) Creating a new Needs Response fund. Following that round of input, and as the effects of the COVID-19 pandemic became clear, OCRA modified its proposed allocation to address business and economic recovery needs.

These discussions raised few concerns about public policies and land use or zoning regulations. Barriers that have been identified by stakeholders concern private practices such as tenant screening requirements (which adversely affect persons with disabilities, voucher holders, residents with criminal histories or substance abuse challenges, and people of color); lack of fair housing knowledge among small landlords; and predatory lending products that are disproportionately targeted to persons of color.

IHCDA. In Spring of 2020, IHCDA held 22 sets of weekly or bi-weekly listening sessions to identify partners' challenges and opportunities through the COVID-19 pandemic. Following the shutdown, IHCDA worked with the Purdue Center for Regional Development (PCRD) to reach out to stakeholders with a detailed survey building upon the six themes that emerged from the listening sessions. These themes are: homelessness; rental assistance; rental construction; homeownership and foreclosure prevention; serving Hoosier families; and partner concerns.

The survey invited IHCDA partner agencies to rank their concerns as "immediate," "within six months," or "in one to two years." More than 100 partner agencies responded, yielding 26 pages of commentary. PCRD analyzed these rankings and partner suggestions, matching them with agency resources and opportunities., IHCDA studied information gathered through other channels, including interviews and public comments submitted on various agency programs.

The combined input from a variety of important stakeholders provide the basis for delineating the priorities and action plans outlined for the state's Roadmap to Rural Recovery. Those priorities included: increasing rental assistance during COVID-19; support safe, affordable housing; provide resources for homeowners at risk of foreclosure; offer assistance to non-profits that provide direct services to Hoosiers; and facilitate strategies to address non-housing impacts due to COVID-19.

IHCDA and Purdue then did targeted interviews and focus groups in August of 2020 on these identified priorities.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The state has primarily addressed underserved needs by focusing on getting money into local communities faster. The pandemic has elevated the importance of this strategy.

OCRA has streamlined the grant application process to move CDBG more quickly into communities and make the grants more impactful. These changes include:

- Changing the information OCRA requests when a community applies for funding, helping to define the scope of a proposed project and the technical assistance needed, which allows communities to make adjustments and increase their application's competitiveness;
- Implementing a new GMS to better assess data and process applications;
- Quickly pivoting with the pandemic to meet the needs related to the response; and
- Reallocating funds to ensure obligation and expenditure rates.

IHCDA has also made several changes to its policy to streamline the application process. For CDBG OOR, IHCDA no longer requires matching funds, which had made it difficult for more rural communities with high need to apply for funding. IHCDA also eliminated the lien requirement for low/moderate income households after determining that interested households in need of owner-occupied repair would not enter into the program due to the lien and the concern of having to pay back funds.

To address limited capacity to respond to affordable housing needs in nonentitlement areas—which is made more severe in the pandemic—IHCDA has recently implemented several efforts to support local affordable housing development.

IHCDA has also continued to allow for HOME awards of up to \$1 million for non-CHDO projects and has increased the subsidy/unit limits to allow for more applications that would not be financially feasible otherwise. For non-profit partners certifying as CHDOs, IHCDA has changed the policy to allow for those entities to do a "pre-qualification." If the entity meets the CHDO requirement, they may apply for up to \$1.5 million of HOME. IHCDA has been able to award more CHDO projects through this effort.

Per the HUD memo on statutory suspensions and regulatory waivers, IHCDA increased the amount of CHDO operating funding under its 2019 Action Plan from 5 percent to 10 percent.

Non-profits and CHDOs interviewed in August 2020 as part of the Rural Road to Recovery Plan discussed the need for additional administration funding to assist with changes in how their services were conducted due to COVID-19. IHCDA amended the 2019 Annual Action Plan HOME Method of Distribution to increase the amount of set-aside funding for CHDO Operating Supplement.

On June 29, 2020, IHCDA began accepting supplemental funding applications for eligible CHDOs to

request up to \$50,000 in CHDO Operating Supplement. The deadline for applications was August 10, 2020. IHCDA certified 11 CHDOs across the state, and is currently in the process of executing those agreements under the 2019 Action Plan.

Before the pandemic, IHCDA had established the CHDO Working Group—a group of eight CHDO across the State of Indiana to discuss successes and challenges with the HOME Program, and to provide peer-to-peer support on non-profit capacity building. IHCDA temporarily suspended the in-persons meetings of the CHDO Working Group in March of 2020; in lieu of these meetings, IHCDA held bi-weekly listening sessions for all HOME Administrators and CHDOs to better understand and discuss the needs of partners through COVID.

IHCDA has also continued its relationship with CSH to provide its 11th iteration of the Supportive Housing Institute.

For ESG, six outreach programs were funded. In the regions in which these programs operate, a concerted and consistent effort is made to reach the most vulnerable and underserved persons experiencing homelessness. Also, IHCDA continues to work with the state-wide PATH projects for additional street outreach to reach those underserved and hardest to serve.

For HOPWA, each of the seven subrecipients provides Housing information to reach those who might not know about HOPWA funding.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Actions taken to reduce exposure to lead-based paint have been led by IHCDA and have taken the form of increasing capacity to identify and mitigate lead paint hazards and providing funding for abatement activities.

IHCDA has used HOME funds for 8-hour RRP EPA lead training in collaboration with the Indiana Builders Association. Attendees successfully passed the course exam and hands-on training to become certified as a renovator by the U.S. EPA to supervise and perform renovation, repair, and painting activities in target housing and child-occupied facilities.

IHCDA created a contractor reimbursement policy designed to increase the number of licensed lead abatement professionals throughout the state who can perform lead abatement activities and participate in its LHRD program and other lead abatement programs. IHCDA will reimburse eligible firms or organizations for eligible training costs related to lead abatement courses for which their employee(s) register, complete, pass (from an approved Indiana State Health Department (ISDH)-accredited training facility), and receive a license.

IHCDA, in conjunction with the Indiana State Health Department, created the Lead Protection Program (LPP). The Lead Protection Program's mission is to collaborate and effectively administer state efforts of

three lead programs operating simultaneously throughout the State of Indiana. Other members include the Indiana Community Action Association and the Environmental Management Institute.

IHCDA staff joined the Healthy Homes Alliance and Lead Advisory Council to discuss lead programs and offer guidance to these working groups seeking to make a positive impact on elimination of lead-based paint poisoning.

IHCDA conducted two technical assistance webinars for CDBG award administrators.

IHCDA also developed a webpage dedicated to providing information on three lead programs operating throughout the State of Indiana.

IHCDA partnered with the Indiana Community Action Association (INCAA) to administer the Lead Community Action Program. Using CDBG-D funds, this program is specific to rural communities throughout Indiana and pre-1978 owner occupied housing with lead-based paint hazards. Eligible households must have an income at or below 80 percent AMI; the home must be constructed prior to January 1, 1978; or a child under the age of six that must reside or frequently visits the home. Households with a child under the age of six with a confirmed elevated blood lead level is the highest priority. INCAA has contracted with five sub-recipients who administer the program in 18 counties throughout the State of Indiana.

IHCDA continued the administration through four subrecipients and sought other local-units of government or non-profits within the State of Indiana as part of the Lead Hazard Reduction Demonstration Grant (LHRD).

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

During PY19, the state shifted from an economic development focus for poverty-reduction to emphasize resident and business stability and then long-term recovery. To stabilize families at-risk of falling into poverty due to the COVID-19 pandemic, OCRA developed its COVID-19 Response program. During Phase 1 of the program, launched on April 1, 2020, OCRA received 108 letter of interest from local communities, totaling \$23 million in funding requests. Funding was allocated to:

- Provide grants and loans for small businesses to keep LMI workers employed;
- Create Wi-Fi hotspots to facilitate e-learning, submit unemployment assistance applications, and submit job applications; and
- Distribute of essential supplies and food for residents in need.

Phase 2 was entirely dedicated to grants and loans to retain LMI jobs with eligible activities of working capital, continuing operations, and supporting remote work.

ESG funds shifted to emphasize housing stability through tenant based rental programs.

IHCDA continued to include several program adjustments to more directly target funds to benefit poverty-level families:

- IHCDA has added an Opportunity Index to incentive the construction of HOME projects in areas with public transit, low unemployment, high job growth, low poverty rate, and higher household income.
- IHCDA utilized a scoring category on Health and Quality of Life Factors to incentive HOME developments near primary care physicians, fresh produce, and proximity to positive land uses.
- IHCDA has eliminated the lien requirement for the CDBG program, to allow more persons to be interested in the program. IHCDA has also eliminated the CDBG OOR match requirements so communities who may not have the match resources can still apply for the program.
- As part of the allowed COVID waivers through HUD, IHCDA has also waived match requirements for HOME projects.

The state also continued to utilize the Section 3 requirement which applies to employment opportunities generated (jobs created) as a result of projects receiving CDBG or HOME funding through ORCA or IHCD--whether those opportunities are generated by the award recipient, a subrecipient, and/or a contractor. The requirements of Section 3 apply to all projects or activities associated with CDBG or HOME funding, regardless of whether the Section 3 project is fully or partially funded with CDBG/HOME. A detailed description of Section 3 requirements is included in OCRA/IHCDA's award manual. A notice of Section 3 requirements is included in bid solicitations and is covered during the award trainings.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

OCRA paused its Regional Capacity Building workshops during the pandemic to focus on small business assistance and job retention activities. These workshops focus on providing an understanding of regionalism, creating your narrative, and transforming individual communities into high capacity regions, and will be reinstated when the Stellar Regional program is back in operation.

IHCDA held and sponsored a wide variety of in-person and online trainings through PY19. COVID did impact the in-persons trainings originally scheduled for March through July 2020; many of these trainings were moved to an online format, or temporarily postponed. As mentioned earlier, IHCDA has also established the CHDO working group and, has help develop a non-profit assessment tool and CHDO Survey, launched the CHDO Marketing Campaign and collected CHDO Success Stories for IHCDA's quarterly magazine, and researched best practices on CHDO applications, making adjustments to IHCDA's CHDO application..

IHCDA sponsored a variety of trainings on the HOME program. IHCDA held a three-day training on the HOME fundaments. This three-day course held in February of 2020 provided an overview of the HOME Investment Partnerships Program, including key requirements for each eligible activity type— homebuyer, homeowner rehabilitation, rental, and tenant-based rental assistance. The course also provided a framework for rules on a program, project, and assisted-unit basis as well as explaining the

roles and responsibilities applicable to property owners, developers, CHDOs, and low-income beneficiaries.

IHCDA also held an interactive webinar-based training in October 2019 focused on qualifying households for the HOME; focused on owners, onsite property management, compliance staff, and any other individuals responsible for qualifying households. Topics for this webinar include definition of household, household count, what income to include, income calculations, asset calculations, acceptable documentation, student status, and a module on recertification of income for current tenants, as well as steps to remain in compliance when tenants are over-income.

IHCDA also sponsored a training focused on Cross-Cutting Federal Regulations for the HOME Program in December of 2019 for recipients of HOME funding, owners, and compliance staff. This webinar covered Davis Bacon and its Related Acts (DBRA), Uniform Relocation Assistance for Real Property Acquisition Policies Act of 1970 (URA), Section 3, and Minority Business Enterprise (MBE)/ Women Business Enterprise (MBE).

IHCDA again sponsored the CHDO Executive Track in partnership with TDA Consulting (HUD's HOME TA provider); this track is an intensive 17 week in-person and online course to provide non-profit partners with HOME training and best practices for non-profits.

IHCDA held a specialized training for participants selected for the HOME Innovative Round; due to COVID, the latter half of the training was moved to an online format.

IHCDA held trainings on Fair Housing and Reasonable Accommodations geared toward Property Managers of assisted rental properties. Information on these trainings can be found in the narrative on Fair Housing.

IHCDA also entered into a contract with the Indiana Builder's Association to provide four trainings across the state. These training were conducted in FY2019 and include trainings on Lead Based Paint, Certified Green Professional Certification, Certified Aging in Place Training, and Universal Design.

In addition, IHCDA also held its fourth annual CHDO track at the Indiana Housing Conference.

IHCDA has also continued to partner with the National Development Council to provide affordable housing development training, with scholarships available to IHCDA partners. Due to COVID, IHCDA and NDC were unable to host these trainings in FY2019, but will be moving the trainings to an online format.

IHCDA continued to bolster training and technical assistance of potential and current subrecipients through its support of the Indiana Permanent Supportive Housing Institute through its longstanding partnership with CSH. Focusing on smaller developments, the 2019 Institute provided targeted training, technical assistance, and the opportunity to apply for pre-development financing for both new and experienced development teams. Teams received over 80 hours of training, including individualized technical assistance and resources to assist in completing their projects. Industry experts provided insight on property management, financing, and building design. IHCDA also used its weekly RED notices to announce training and grant opportunities.

IHCDA was unable to hold its annual "Regional Meetings" across the state; IHCDA instead held one interactive webinar to provide updates on IHCDA programs and policies.

ESG subrecipients continued to be required to create MOUs with all shelter providers, housing agencies, supportive service, and health care providers, and to provide a coordinated access point for housing and service delivery.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

For the first part of the program year, the state continued its successful workshops, community exchanges, and public and private organizational training. Most of these were canceled after the pandemic hit; some were moved to a virtual format.

OCRA community liaisons, located throughout the state, were instrumental in helping OCRA design and direct its COVID-19 Response program. Community liaisons conversed with local officials, state and federal agencies, and nonprofit agencies and service providers, and communicated local needs to program administrators to ensure an effective and timely Response program.

Workshops, exchanges, and trainings that the state hopes to reinstate once the pandemic clears include:

- Regional workshops are led by community liaisons to facilitate coordination between public and private partners. These focus on best practices, new OCRA programming, and the opportunity to provide feedback to the agency. Topics include best practices for competitive grant applications, discussion on community vitality indicators, rural health initiatives, overview of the historic renovation grant program, and a listening session.
- The Main Street Community Exchanges are designed to bring Main Street communities from across the state to various locations to learn about best practices, new initiatives, and gain insight into other communities' unique approach to implementing Main Street. The exchanges feature learning opportunities, lunches, networking, and tours. Each exchange focuses on topics based on one of the National Main Street Four Point Approaches[™] which include Promotion, Economic Vitality, Design, Organization, and 4 Point Refresh. Each exchange is completed with a listening session on ways to better serve communities.
- Each fall, OCRA supports local Downtown Development Weeks in communities throughout the state. OCRA sponsors events, activities, festivals, parades, business promotions, restaurant deals, or a combination of a few activities to highlight the best of local downtowns.

IHCDA's programs have focused in building institutional structure and are summarized above. IHCDA has also established a strong relationship with the Family and Social Services Administration (FSSA) to coordinate affordable assisted living rental housing production and housing for persons with intellectual or developmental disabilities, or persons who have a chemical addiction.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

During the first part of the program year, IHCDA partnered with the Fair Housing Center of Central Indiana to provide 10 free fair housing training from July-October 2019 across the state. These training sessions covered a basic overview of fair housing laws (rental focus), advertising pitfalls, and disability specific regulations.

These trainings included:

July 11, 2019 - *Fair Housing Basics* - Bedford, IN July 16, 2019) - *Fair Housing Basics* -Kendallville, IN July 24, 2019 *Fair Housing Basics* - Fort Wayne, IN August 6, 2019– *Fair Housing Disability* - Greencastle, IN August 8, 2019– *Fair Housing Basics* - Morristown, IN August 15, 2019– *Fair Housing Disability* - Fishers, IN August 21, 2019– *Fair Housing Basics* - Elkhart, IN September 4, 2019– *Fair Housing Disability* - Portage, IN September 17, 2019– *Fair Housing Disability* - Indianapolis, IN October 1, 2019– *Fair Housing Basics* - Winamac, IN

IHCDA also partnered with the Indiana Civil Rights Commission to conduct paired testing at HOMEfunded rental projects across the state to determine if there were any fair housing violations. In addition to the paired testing, ICRC does intake and reports any constituent complaints regarding potential fair housing violations at any IHCDA funded projects (RHTC and CDBG). If there are complaints, ICRC will work with IHCDA to ensure we follow up with Property Owners and that recipients of IHCDA funding have a good understanding of fair housing laws. These complaints are also documented in an annual report that is submitted to IHCDA. Any property where there are verified concerns will be placed on a list to retest to ensure there are no further acts of discrimination.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

CDBG Monitoring. OCRA conducts a monitoring of every grant project receiving HUD funds. Two basic types of monitoring are used: off-site or "desk" monitoring and on-site monitoring. Desk monitoring is conducted by staff for non-construction projects. On-site monitoring is a structured review conducted by OCRA staff at the locations where project activities are being carried out or project records are being maintained.

OCRA evaluates recipients' and subrecipients' employment practices in order to determine whether or not EEOC guidelines are followed in advertising vacancies. The state's field monitors review recipients' civil rights files to determine if there have been any EEO complaints filed against a recipient within five years. The field monitors also review records of complaints and responses regarding alleged discrimination in the provision of program benefits.

IHCDA Monitoring. IHCDA conducts at least one monitoring of every grant project receiving CDBG and HOME funds. The recipient must ensure that all records relating to the award are available at IHCDA's monitoring. For those projects determined to need special attention, IHCDA may conduct one or more monitoring visits while award activities are in full progress. Two basic types of monitoring are used: on-site monitoring and desk-top monitoring.

ESG uses a combination of reports from HMIS and onsite visits. Annually, subrecipients outcomes are evaluated. Outcomes include: ESG rental assistance program sub-recipients-- at discharge from program, 70 percent of persons assisted will still be permanently housing. Sixty percent of persons will increase or maintain their income. Emergency shelter operations, essential services and financial assistance: 56 percent of persons will discharge to permanent housing, 55 percent of persons' income will increase or maintain their income. Transitional Housing preparations, essential services and financial assistance--75 percent will discharge to permanent housing, 60 percent will increase or maintain their income to permanent housing, 60 percent will increase or maintain their income to permanent housing, 60 percent will increase or maintain their income of identified caseload will exit to a positive housing solution and 40 percent of identified caseload will increase their income.

HOPWA. Consistent with HUD requirements, 50 percent of IHCDA's HOPWA programs are monitored annually. If there are any findings or concerns from the monitoring, the subrecipient has 30 days from monitoring date to respond with corrections or action plans.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to

comment on performance reports.

The state took advantage of the Flexibilities/Waivers granted by the CARES Act to extend its submission of the CAPER.

Public notices about the comment period of the Draft CAPER were posted November 20, 2020 on agency websites and circulated through e-newsletters. A copy of the notice announcing the availability of the CAPER for public review is appended to this section. The notice contained both English and Spanish.

The CAPER was available for public inspection and members of the public, including low and moderate income persons, were encouraged to review the CAPER online at www.in.gov/ocra from Monday, December 7 through Sunday, December 20, 2020. Residents were able to mail, email or verbally (via a toll-free number) communicate comments on the CAPER. No comments were received.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

OCRA began PY19 with a full evaluation of all programs. In February 2020, OCRA held two webinars and three focus groups with stakeholders to discuss: 1) Modifying the Main Street program to maximize impact through density and organizational capacity; 2) Merging the Wastewater Drinking Water Program and Stormwater Improvement Programs and modifying the point system for awards; and 3) Creating a new Needs Response fund.

Following that round of input, and as the effects of the COVID-19 pandemic became clear, OCRA modified its proposed allocation to address business and economic recovery needs. That included a reallocation of regular CDBG funds (\$4.5 million) and programming of new CDBG-CV1 funds (\$18.6 million). In Phase 1 of the COVID-19 Response, communities could apply for up to \$250,000 in CDBG funds on a first-come, first-served basis for eligible activities that met national objectives. Activities included: converting buildings to COVID-19 testing, diagnosis, or treatment facilities; providing testing services; purchasing supplies for testing and/or establishing a delivery service for supplies; increasing the capacity of local health services; and providing grants and loans for working capital, operating support, and remote work conversions for businesses to retain LMI jobs. The reallocated funds were moved from all programs. The planning and blight clearance programs had the largest proportional decreases; planning funds were used to bolster technical assistance for deploying CV funds.

The next phase of the response has been focused on business recovery and job retention.

At the time this CAPER was prepared, the pandemic was active, with COVID-19 cases surging. It is too early to determine the long-term effects of the pandemic on Indiana's nonentitlement areas, but it is likely that businesses will need continued assistance beyond PY2020. OCRA will evaluate its programs in early 2021 through stakeholder outreach as it develops the PY2021 Action Plan in the context of pandemic-related and broader economic needs.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants? No.

[BEDI grantees] Describe accomplishments and program outcomes during the last year. N/A

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations. Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

During PY19, 122 inspections were conducted, covering 501 HOME-funded units. Of those inspections, 33 failed the inspection due to condition issues; these represented 130 units. The most common issues included inoperable garbage disposals and exhaust fans; inoperable outlets; electrical problems with outlets; and expired fire extinguishers. The most severe problems included mildew; missing pipes in water heaters; no power in electrical outlets; an exterior door that would not lock; and a blocked HVAC vent. The detailed results of the inspections are appended to this CAPER.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

IHCDA reviews the Affirmative Marketing plans to ensure compliance as applications are submitted and reviewed. IHCDA also reviews the Fair Housing Market Plans during closeout of awards. IHCDA had no findings in FY2019. According to the HOME Performance Report (PR23), one-third of HOME units completed were occupied by minority households, which exceeds the overall proportion in the state.

Recipients of our funding were welcomed to attend any of the nine Fair Housing trainings that were hosted by IHCDA and the Fair Housing Center of Central Indiana. Recipients, property managers, maintenance staff, and the general public were invited to attend this training which covered fair housing laws, what to do to avoid fair housing discrimination, and how to develop a marketing plan that ensures fair housing policies have been met.

IHCDA also partnered with the Indiana Civil Rights Commission to conduct paired testing at our rental HOME funded projects across the state to determine if there were any potential violations of fair housing discrimination. ICRC determines if a formal Executive Initiated Compliant will be filed or if education about fair housing laws is required. In addition to the paired testing, ICRC provides a report any constituent complaints regarding potential fair housing violations at IHCDA funded projects (RHTC, HOME, and CDBG specifically). If there are complaints, ICRC will work with IHCDA to ensure we follow up with Property Owners and recipients of IHCDA funding have a good understanding of fair housing laws. These complaints are also documented in an annual report that is submitted to IHCDA. Any property where there are verified concerns will be placed on a list to retest to ensure there are no further acts of discrimination.

All HOME and CDBG award recipients with rental or homebuyer projects containing five or more

associated units must certify compliance with IHCDA affirmative marketing procedures per the award agreement. Additionally, the recipient must create an Affirmative Fair Housing Marketing Plan by using the HUD form 935.2A. The plan must be updated at least once every five years or more frequently when there are significant changes in the demographics of the local housing market area as described in the instructions for Part 9 on form. The recipient must identify the population(s) least likely to apply for housing and the outreach/marketing efforts that will be utilized to reach that population.

All CDBG and HOME award recipients are required to post the Fair Housing Opportunity poster at public buildings as evidence of the award recipient's fair housing policy. Also, if a subrecipient is associated with an IHCDA award, the subrecipient must also post the poster in its offices. Finally, if the project involves a public facility or a building with a common area, such as a leasing office, the fair housing poster must be hung conspicuously at those locations as well. Copies of this poster may be obtained from your IHCDA Real Estate Production Analyst or Compliance Auditor. Award recipients must also include the Fair Housing logo on all client correspondence (confirmation letters, brochures, leases, etc.) This logo is available at the following HUD website:

http://portal.hud.gov/hudportal/HUD?src=/library/bookshelf11/hudgraphics/fheologo

Award recipients must provide all beneficiaries the HUD brochure entitled "You May Be A Victim Of..." Documentation of the client's receipt of the brochure must be maintained in the client's file. Therefore, the award recipient is responsible for creating a receipt form for the beneficiary to sign as receipt of the Fair Housing brochure.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

As allowed under the HOME program, PI is no longer receipted as it is received. It is held in the PI account and will be used in for rental projects, including TBRA.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

In an effort to streamline the multifamily application process, IHCDA allows developers applying for Rental Housing Tax Credits (RHTCs) or Multifamily Private Activity Tax-Exempt Bonds (Bonds) to simultaneously request funds from the HOME Investment Partnerships Program (HOME). If a developer applies for RHTCs or Bonds for any development and wants to also access HOME funds, the developer completes the HOME Section of the "Multi-Family Housing Finance Application" and submit all necessary HOME attachments. HOME attachments (i.e., Historic Review, Environmental Review, Davis Bacon, Match, URA) must be submitted on or before the application deadline. Outside of this process, applications for HOME financing for a RHTC or Bond development will only be considered in accordance with IHCDA's HOME application criteria. HOME funds cannot be committed to a development until all necessary financing has been secured. In the event that an application is competitive for RHTCs or Bonds but either (1) the application fails the HOME threshold review; or (2) HOME funds are not available to award, IHCDA will allow the applicant to submit additional information to identify other ways to fill the development's financing gap. Upon timely receipt of requested information, these applications will continue to be allowed to compete for an allocation of RHTCs or Bonds. If the potential development has an open HOME, Community Development Block Grant (CDBG), or Development Fund award, the applicant may request funding through the QAP; however, applicants must request approval at least 30 days prior to the application deadline and IHCDA must approve this action. Requests will be reviewed and underwritten on a case-by-case basis.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

NHTF expenditures continue to be focused on deploying prior year funding not reported in the tables in this CAPER, in addition to committing PY19 funds—those commitments are reported here.

Per the HTF Activity Status Report(PR100), NHTF funds committed during PY19 focused on new construction, with \$2,453,060 of funds committed to three new projects in Plymouth, Kokomo, and Indianapolis. A total of \$400,000 of the committed funds were disbursed during the program year.

Through the Indiana Permanent Supportive Housing Institute, three teams successfully graduated during FY2019 and will be eligible to apply for a set-aside of HOME and NHTF. Three LIHCDA/NHTF applications were received and approved by IHCDA's Board of Directors. The NHTF awards have been committed in IDIS. An additional project is currently under review by IHCDA staff and the last project is anticipated to be submitted for review in FY 2019. An additional project was awarded NHTF funds in conjunction with RHTC in 2019 and committed in IDIS.

IHCDA has closed its second HTF awards and is currently working toward closing out five more awards. IHCDA staff will be able to refocus on closing out these five projects in 2021 after completion of its COVID-programming. IHCDA has assisted 34 HTF units.

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

The Balance of State C of C has established the following performance standards for ESG grantees.

- ESG program sub-recipients that are emergency shelters are funded for operations, essential services and financial assistance: 50 percent of persons will discharge to permanent housing, 25 percent will increase their income.
- ESG program sub-recipients that are Transitional Housing programs that have activities: operations, essential services and financial assistance: 69 percent will discharge to permanent housing, 50 percent will increase their income.
- ESG rental assistance program sub-recipients: At discharge from program, 82 percent persons assisted will still be permanently housed. 65 percent of persons will increase their income.
- ESG program sub-recipients that have outreach component: 50 percent of identified caseload will be permanently housed; 50 percent identified caseload will increase their income.

Based on the Sage report for all subrecipients of ESG in PY2019, 47 percent of residents exiting the program had positive housing destinations—slightly less than the performance standard. Of those:

- 35 percent were living in rental units without public subsidies;
- 25 percent were renting with an ongoing public subsidy;
- 20 percent were living with family with permanent tenure;
- 8 percent were living with friends with permanent tenure;
- 3 percent were living in public housing;
- 3 percent were living in homes they own;
- The balance were living in housing with other subsidies.

Households without positive housing destinations were most likely to living in temporary situations with family or friends or had unknown outcomes.

Incomes were also improved: 58 percent of participants had no income at the beginning of the program and this had declined to 49 percent by the time the program ended.

For HOPWA, all of the program year goals were met.

funding. The Consolidated Plan combines into a single document the planning and application requirements for Community Development Block Grant, HOME Investment Partnerships Program, Emergency Shelter Grant, and Housing Opportunities for People with AIDS funding. The U.S. Department of Housing and Urban Development requires states and local communities to prepare a Consolidated Plan in order to receive federal housing and community development

The purpose of the Consolidated Plan is:

- To identify the state's housing and community development needs, priorities, goals, and strategies
- To stipulate how funds will be allocated to housing and community development organizations and local governments.

APPENDIX C.

HOPWA CAPER

Housing Opportunities for Persons With AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 01/31/2021)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors,, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

Table of Contents

PART 1: Grantee Executive Summary

- 1. Grantee Information
- 2. Project Sponsor Information
- 5. Grantee Narrative and Performance Assessment a. Grantee and Community Overview
 - b. Annual Performance under the Action Plan
 - c. Barriers or Trends Overview

PART 2: Sources of Leveraging and Program Income

- 1. Sources of Leveraging
- 2. Program Income and Resident Rent Payments
- PART 3: Accomplishment Data: Planned Goals and Actual Outputs PART 4: Summary of Performance Outcomes
- 1. Housing Stability: Permanent Housing and Related Facilities
- 2. Prevention of Homelessness: Short-Term Housing Payments
- 3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

PART 5: Worksheet - Determining Housing Stability Outcomes PART 6: Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units (Only)

PART 7: Summary Overview of Grant Activities

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of <u>HOPWA-funded homeless</u> <u>assistance projects</u>. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and Tcell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signed release of information from the client.

Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

Final Assembly of Report. After the entire report is assembled, number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

| Н | OPWA Housing Subsidy Assistance | [1] Outputs: Number of Households |
|-----|---|---|
| 1. | Tenant-Based Rental Assistance | 147 |
| 2a. | Permanent Housing Facilities: Received Operating Subsidies/Leased units | 7 |
| 2b. | Transitional/Short-term Facilities: Received Operating Subsidies | 7 |
| 3a. | Permanent Housing Facilities: Capital Development Projects placed in service during the operating year | |
| 3b. | Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year | |
| 4. | Short-term Rent, Mortgage, and Utility Assistance | 235 |
| 5. | Adjustment for duplication (subtract) | 53 |
| 6. | TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5) | 343 |

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and nonbeneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and wellbeing of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. *See t24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.*

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 2 CFR 200.307.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable.*

The following HOPWA activities were funded: long-term rental assistance, long term program delivery, short-term rental assistance, mortgage assistance, utility assistance (STRUM), short term program delivery, facility-based operations, permanent housing placement, housing information services, supportive services and program administration.

The ISDH HIV Care Coordination Regions are as follows:

REGION 1

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

IN 2020 HOPWA sponsors accomplished the following:

- Assisted 396 individual households with housing subsidy assistance;
 - 147 received Tenant-based rental assistance (TBRA),
 - o 235 received short-term rental, mortgage and utility assistance,
 - o 7 received support through operating subsidies for transitional/short-term facilities,
 - o 7 received support through operating subsidies for permanent housing facilities,
 - 72 received Permanent Housing Placement Services.
- 298 households received housing information services.

HOPWA funding was awarded and the budgets were as follows:

- \$636,831 on tenant-based rental assistance;
- \$30,000 on Permanent Housing Facilities;
- \$30,000 on transitional/short-term facilities;
- \$274,722 on short-term rent, mortgage, and utility assistance;
- \$68,815 on permanent housing placement services;
- \$239,099 on housing information services;
- \$12,000 on supportive services;
- \$71,850 was awarded to sponsors for program administration, and
- \$37,518 was awarded to IHCDA for grant administration.

Geographically, Region 2 received the largest proportional allocation of HOPWA funds, with four sponsors covering at least part of that region. Region 7 did not benefit from state HOPWA funds; this region includes Marion County, which is covered by the Indianapolis HOPWA grant. Region 2 includes counties in the northern part of the state that have also been afflicted by rising intravenous drug use, which is correlated with the spread of HIV/AIDS.

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

All of the program year goals were exceeded in 2018. The state's project sponsors were able to serve 390 households in 2018 with Housing Subsidy Assistance, which was an increase of 74 households from the 2017 total served. These sponsors also provided housing information services to 266 households. The STRMU goals were exceeded, and carry-over funds aided sponsors in significantly exceeding permanent housing facilities goals.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

Mainstream housing and supportive service resources for 2018 came from leverage sources such as the Ryan White Program, Indiana State Department of Health (ISDH), HIV Care Coordination Program and other sources. Leveraging for the Ryan White program totaled \$1,363,458. Leveraging from ISDH was \$690,639. Grants and in-kind donations totaled \$633,684. Leveraging from ESG RRH and Continuum of Care Housing programs was \$73,020. Leveraging from HIV Care Coordination was \$1,429,900. Total leveraging was \$5,384,026.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

Continued HMIS training in data entry and generating useful reports has been requested by some of the program sponsors. Clarity on which HOPWA program forms must be used and how/when it's appropriate to complete them was also suggested.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

According to program sponsors, the main barriers include:

- Affordable housing. Most HOPWA program recipients have household incomes at or below 30% of AMI, about 79 percent. Housing affordable to these households is a primary barrier to long-term stability, as many units may be within FMR but all outside of rent reasonableness for the clients.
- Affordable housing units in depressed communities are needed. Housing units are limited for many clients due to credit and rental history, multiple diagnoses and criminal justice history. Go Section 8 updates have also made it very difficult to find units that meet the new guidelines due to client poor credit and rental histories.
- Accessing mental health services for clients due to long waits to see providers and transportation needs for clients.
- Lack of Assisted Living Facilities
- Access to Clinical Care

Geographic barriers include:

• Very rural with limited resources available, such as areas covered by Aspire Indiana.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

| HOPWA/HUD Regulations | □ Planning | ⊠ Housing Availability | \boxtimes Rent Determination and Fair Market Rents |

- The recent increase in available HIV services statewide (non-medical and medical case management, Linkage to Care programs, substance use and mental health treatment) has seen a significant number of HIV+ individuals seeking services. Staff are being pulled in many directions to meet the needs of their ever-growing caseloads.
- Aging populations are needing assisted living and other accommodations that are difficult to find.
- There has been an increase in persons becoming homeless due to drug/abuse issues.
- HIV clients don't want landlords to know they are HIV+ due to discrimination concerns.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public. $N\!/\!A$

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support. *Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.*

2. Program Income and Resident Rent Payments

In Section 2, Chart A, report the total amount of program income and resident rent payments directly generated from the use of HOPWA funds, including repayments. Include resident rent payments collected or paid directly to the HOPWA program. Do NOT include payments made directly from a client household to a private landlord.

Note: Please see report directions section for definition of <u>program income</u>. (Additional information on program income is available in the HOPWA Grantee Oversight Resource Guide).

| 3. | Total Program Income and Resident Rent Payments (Sum of Rows 1 and 2) | \$31,767 |

B. Program Income and Resident Rent Payments Expended To Assist HOPWA Households

In Chart B, report on the total program income and resident rent payments (as reported above in Chart A) expended during the operating year. Use Row 1 to report Program Income and Resident Rent Payments expended on Housing Subsidy Assistance Programs (i.e., TBRA, STRMU, PHP, Master Leased Units, and Facility-Based Housing). Use Row 2 to report on the Program Income and Resident Rent Payment expended on Supportive Services and other non-direct Housing Costs.

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households. In Row e, enter the total number of stream of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

Data Check: The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g. equal the total amount of STRMU expenditures reported in Column [2], Row a.

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1]. **Note**: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor's best assessment for stability at the end of the operating year. Information in Column [3] provides a description of housing outcomes; therefore, data is not required. At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Assessment of Households that Received STRMU Assistance

Section 3. HOPWA Outcomes on Access to Care and Support 1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did <u>NOT</u> provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

Background on HOPWA Housing Stability Codes Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

- 4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 =Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. <u>Temporary Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary <u>Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other <u>Temporary Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: <u>Stable Housing</u> is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. <u>Temporarily Stable</u>, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements. <u>Unstable Situation</u> is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

Part 7: Summary Overview of Grant Activities

A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance

a. Total HOPWA Eligible Individuals Living with HIV/AIDS

In Chart a., provide the total number of eligible (and unduplicated) <u>low-income individuals living with HIV/AIDS</u> who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

| Individuals Served with Housing Subsidy Assistance | Total |
|--|-------|
| Number of individuals with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance. | 415 |

Chart b. Prior Living Situation

In Chart b, report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a above.

| | Category | Total HOPWA Eligible Individuals Receiving Housing Subsidy Assistance |
|-----|---|--|
| 1. | Continuing to receive HOPWA support from the prior operating year | 99 |
| New | Individuals who received HOPWA Housing Subsidy Assistance support during Operating Year | |
| 2. | Place not meant for human habitation (such as a vehicle, abandoned building, bus/train/subway station/airport, or outside) | 7 |
| 3. | Emergency shelter (including hotel, motel, or campground paid for with emergency shelter voucher) | 11 |
| 4. | Transitional housing for homeless persons | 2 |
| 5. | Total number of new Eligible Individuals who received HOPWA Housing Subsidy Assistance with a Prior Living Situation that meets HUD definition of homelessness (Sum of Rows 2 – 4) | 20 |
| 6. | Permanent housing for formerly homeless persons (such as Shelter Plus Care, SHP, or SRO Mod Rehab) | 0 |

c. Homeless Individual Summary

In Chart c, indicate the number of eligible individuals reported in Chart b, Row 5 as homeless who also are homeless Veterans and/or meet the definition for Chronically Homeless (See Definition section of CAPER). The totals in Chart c do <u>not</u> need to equal the total in Chart b, Row 5.

| Category | Number of Homeless Veteran(s) | Number of Chronically Homeless |
|--|-------------------------------------|-----------------------------------|
| HOPWA eligible individuals served with HOPWA Housing Subsidy Assistance | 1 | 6 |

Section 2. Beneficiaries

In Chart a, report the total number of HOPWA eligible individuals living with HIV/AIDS who received HOPWA housing subsidy assistance (*as reported in Part 7A, Section 1, Chart a*), and all associated members of their household who benefitted from receiving HOPWA housing subsidy assistance (resided with HOPWA eligible individuals).

Note: See definition of HOPWA Eligible Individual

Note: See definition of Transgender.

Note: See definition of <u>Beneficiaries</u>.

Data Check: The sum of <u>each</u> of the Charts b & c on the following two pages equals the total number of beneficiaries served with HOPWA housing subsidy assistance as determined in Chart a, Row 4 below.

a. Total Number of Beneficiaries Served with HOPWA Housing Subsidy Assistance

| Individuals and Families Served with HOPWA Housing Subsidy Assistance | Total Number |
|--|---------------------|
| 1. Number of individuals with HIV/AIDS who qualified the household to receive HOPWA housing subsidy assistance (equals the number of HOPWA Eligible Individuals reported in Part 7A, Section 1, Chart a) | 415 |
| 2. Number of ALL other persons diagnosed as HIV positive who reside with the HOPWA eligible individuals identified in Row 1 and who benefitted from the HOPWA housing subsidy assistance | 33 |
| 3. Number of ALL other persons NOT diagnosed as HIV positive who reside with the HOPWA eligible individual identified in Row 1 and who benefited from the HOPWA housing subsidy | 173 |
| 4. TOTAL number of ALL <u>beneficiaries</u> served with Housing Subsidy Assistance (Sum of Rows 1, 2, & 3) | 621 |

b. Age and Gender

In Chart b, indicate the Age and Gender of all beneficiaries as reported in Chart a directly above. Report the Age and Gender of all HOPWA Eligible Individuals (those reported in Chart a, Row 1) using Rows 1-5 below and the Age and Gender of all other beneficiaries (those reported in Chart a, Rows 2 and 3) using Rows 6-10 below. The number of individuals reported in Row 11, Column E. equals the total number of beneficiaries reported in Part 7, Section 2, Chart a, Row 4.

Section 3. Households

Household Area Median Income

Report the income(s) for all households served with HOPWA housing subsidy assistance.

Data Check: The total number of households served with HOPWA housing subsidy assistance should equal Part 3C, Row 7, Column b and Part 7A, Section 1, Chart a. (Total HOPWA Eligible Individuals Served with HOPWA Housing Subsidy Assistance).

Note: Refer to <u>*https://www.huduser.gov/portal/datasets/il.html</u> for information on area median income in your community.*</u>

Part 7: Summary Overview of Grant Activities B. Facility-Based Housing Assistance

Complete one Part 7B for each facility developed or supported through HOPWA funds.

Do not complete this Section for programs originally developed with HOPWA funds but no longer supported with

HOPWA funds. If a facility was developed with HOPWA funds (subject to ten years of operation for acquisition, new construction and substantial rehabilitation costs of stewardship units, or three years for non-substantial rehabilitation costs), but HOPWA funds are no longer used to support the facility, the project sponsor should complete Part 6: Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY).
