

Crisis Intervention Team

T R A I N I N G

1 in 5 Americans have a mental health diagnosis, which equates to approximately 66 Million people - it is imperative that public safety officials have the necessary tools (education) on how to treat these sensitive calls for service. During the course of this training you will not only hear from mental health professionals, but also those who have a mental health diagnosis and how they successfully live their lives each day. Topics covered also include, trauma based responses, suicide prevention, traumatic brain injuries, PTSD for veterans, so much more.
