Undercover Drug Investigations

This training teaches Officers the entire undercover process from signing up a new confidential informant to courtroom testimony.

Officers will learn how to:

- Effectively organize safe undercover and controlled drug buys
- Control situations while maintaining an undercover identity
- Safely plan and execute search warrants and buy busts
- Maximize the productivity of confidential informants
- Turn minor arrests into major drug seizures
- Properly document undercover actions in reports
- Testify effectively in court
- Preserve physical and mental well-being.
