28-29	NOV	122nd Fighter Wing at Checkered Flag SecWar at Indiana Defense Summit
30-31	DEC	Indy Wreath Laying Tradition D.C. Safe and Beautiful Training
32	ECONOMIC IMPACT	

A NOTE FROM THE COMMAND STAFF

In 2025, the Indiana National Guard led the way in modernization and in enhancing warfighter readiness, reaffirming our commitment to serving our communities, state, and nation. Our Soldiers and Airmen consistently answered the call, whether at home or abroad. We strengthened critical partnerships, honed our warfighting capabilities, and continued our proud tradition of community service.

This year, our partnership with law enforcement agencies has been a cornerstone of our domestic operations. In a significant demonstration of this collaboration, approximately 300 of our Soldiers deployed to Washington in December to support the "DC Safe and Beautiful" mission.

Our commitment to our Kentucky neighbors was also on display during devastating floods in February. Four of our aviation Soldiers earned the Indiana Distinguished Service Cross for their heroic actions, successfully evacuating 24 civilians and six canines in a single day. Their rapid response underscores our readiness and compassion.

We continued our long and proud tradition of community engagement, most visibly through our decades-long involvement with the Indianapolis 500 in May. This year's event was particularly special as we celebrated the Army's 250th birthday, hosted the Sergeant Major of the Army, and had over 300 troops participating in prerace ceremonies.

The Indiana National Guard's global presence is a cornerstone of our mission, demonstrated by our three distinct and strategic state partnerships. Our celebrated 30-year alliance with Slovakia, our growing relationship with Niger, and our new trilateral security cooperation with the Kingdom of Saudi Arabia are all testaments to the trust and respect the Indiana National Guard has earned on the world stage.

Also in 2025, the Kingdom of Saudi Arabia signed a landmark defense agreement including a deal worth nearly \$142 billion, the largest in U.S. history. This agreement will enhance our collective readiness and foster greater interoperability as we share expertise in areas vital to our mutual security interests, such as cybersecurity and disaster response.

As the 122nd Fighter Wing converted to F-16s, so too did our Slovak allies, aligning our future capabilities and highlighting our collective synergy. This deep bond was symbolized when an Indiana Guardsman co-piloted the delivery of the first F-16 to the Slovak Air Force, a historic moment that powerfully affirms our enduring and strengthening alliance.

At the heart of our mission is the relentless pursuit of readiness to fight and win our nation's wars. In August, we proudly welcomed home our 38th Infantry Division Soldiers after their nearly yearlong deployment supporting Operation Spartan Shield in the Middle East. While deployed, they provided critical command and control of combat forces and strengthened our defense relationships in numerous joint exercises.

The consistent support of our state and federal legislative leaders contributes to the success of the Indiana National Guard. The D.C. deployment, authorized by Gov. Mike Braun, is a clear example of the trust placed in our organization to carry out sensitive and important missions.

Because service creates a lifelong bond, we have strengthened our connection with those who formerly served through the Indiana National Guard Alumni Relations Program. This initiative ensures that after retirement or separation, our veterans remain a valued part of the Guard family. Through newsletters and events, we are dedicated to keeping our alumni connected to the organization they helped build.

As we look back on this year of significant accomplishments, we are grateful for the unwavering support of our elected officials, our communities, and our families. Because of these relationships, we opened two new modern facilities in Martinsville and Hamilton County, and broke ground on a new small arms range at the 181st Intelligence Wing. We supported HEA 1111, which benefits Soldiers, Airmen, and their families, and modernized military recognition in our state, expanding eligibility requirements and opportunities for those who have served.

To our Soldiers and Airmen, your service and sacrifice continue to make the Indiana National Guard a source of pride for all Hoosiers.

JANUARY 2025

Inauguration of Governor Mike Braun

Indiana National Guard soldiers with the 38th Infantry Division Band perform at the Indiana Gubernatorial Inauguration in Indianapolis, Jan. 13. Gov. Mike Braun became the Hoosier State's 52nd governor during the ceremony. (Photo by Master Sgt. Jeff Lowry)

Indiana National Guard soldiers and airmen march with the state and national colors during the Indiana Gubernatorial Inauguration at Hilbert Circle Theatre in Indianapolis, Monday, Jan. 13. Gov.-elect Mike Braun, from Jasper, took the oath of office during the ceremony, and as governor he will serve as the state commander in chief for the Indiana National Guard. (Photo by Master Sgt. Jeff Lowry)
